

SAFE INVESTMENTS

It is the small saver, the one who has a few dollars laid by and can add to it but slowly that needs the savings bank.

Safe investments for small amounts are scarce, and unless you put your savings out of your easy reach they melt away.

We add interest to the principal twice yearly, 31st May and 30th November, and you can add to the principal a dollar at a time, if you wish.

A TURKEY FAMINE

PARASITIC DISEASE DECIMATING THE FLOCKS IN CANADA.

High Prices for the Thanksgiving Dinner—Dr. Higgins Tells How Black Head May be Cured—Starvation and Muritic Acid.

Ottawa, Oct. 19.—With the approach of the Thanksgiving day dinner a statement made to-day by the dominion biologist, Dr. Charles Higgins, of the department of agriculture, relative to the cause of the first turkey famine in Canada, is of especial interest. Dr. Higgins accounts for the soaring prices for the festive bird by the fact that a parasitic disease, commonly known as blackhead, is responsible for an alarming turkey mortality in all the provinces. The disease is manifested by a black appearance of the comb, and is due to parasitic affection of the digestive organs. Unless stringent measures are taken at once to combat the disease intelligently, says Dr. Higgins, the supply in all parts of Canada will be still further seriously depleted.

A remedy suggested is to starve the bird for forty-eight hours and then let it drink from a mixture composed of a teaspoonful of muriatic acid to a quart of water.

PERSONAL MENTION.

Movements Of The People—What They Are Saying And Doing.

W. H. MacInnes left this afternoon for Vancouver, B.C.

Archbishop Gauthier has returned home from Etobicoke.

Rev. J. Talman Pitcher returned this morning to Gannasque.

Capt. John Corley, returned from Cornwall on Tuesday night.

E. Lawrence, editor of the Railway News, is in the city on business.

Rev. Father Kelly, Smith's Falls, has returned from a visit to his old home in Ireland.

James Gordon, reeve of Pittsburg, left last week for an extensive trip through the west.

Miss Spearman, of the education department, Toronto, is cataloguing the books of the Kingston library.

Benjamin Folger, is confined to his home, through illness. He is suffering from blood-poisoning in his foot.

George Chow, who has been teaching in Kuroki, Sask., has returned to the city to resume his studies at Queen's.

Mr. and Mrs. John Hall, and daughter, Miss Bertha, Hall, returned home after spending the week end with Mrs. R. A. Long, Montreal.

The friends of Harold Marshall will be glad to hear that he has recovered from his recent illness, and is able to resume his work again.

Fredrick Villiers, the English war correspondent, will likely lecture in the Grand Opera House early in November. He is at present the guest of Lord Grey at Ottawa.

Alexander Marks, advance agent for Marks Bros' company, is here, making arrangements for his attraction at the Grand all next week, excepting Wednesday.

Thomas W. Nicholson, of Portsmouth, has been laid up a couple of weeks, as the result of a slight mishap, when he ran a nail in his foot.

His many friends hope that he will soon be able to be around again.

Miss May Hinchley left last night for Toronto to accept the position of soprano soloist in St. James' Presbyterian church. This is a distinct loss to musical circles in Kingston, and Miss Hinchley will be pleasantly remembered for her sweet singing.

TEACHERS AT TAMWORTH.

Institute of Lennox and Addington Held Convention.

Two very profitable days were spent by the teachers of Lennox and Addington at Tamworth, Ont., where the annual meeting of the Teachers' Institute was held.

President F. H. Hoffman presided. The first paper was read by A. E. McDonald, and took the form of a report of the 1910 meeting of the O. E. A. held last Easter in Toronto.

J. H. Putman, of the Ottawa Normal School, was the principal speaker at the convention. He spoke on both days at the morning and afternoon sessions, dealing with the subject of History, Literature and Supplementary Reading and "Mental Suggestion in the Schoolroom."

On the evening of the first day an open meeting was held, for which a programme of music and speeches was provided. Smith Gilmore, warden of the county, acted as chairman, and introduced Inspectors Nesbitt and Reid, W. J. Paul, M.P.P., and Revs. Dixon, Jones and Henry, all of whom spoke upon education from its various viewpoints.

The new officers elected for the ensuing year were: President, D. A. Nesbitt, I. P. S.; vice-president, Miss Elsie Barber; secretary-treasurer, Miss Etta Harrison; auditors, Morley Storms and Miss M. Forrester.

REMOVED TO KINGSTON.

James Inley Was Injured in Accident at Picton.

James Reid's ambulance was called to the outer station, Wednesday afternoon, to remove James Inley, of Picton, to the general hospital.

In an accident, which occurred at Picton, Inley had both legs broken. He was driving a load down a hill, walking along the road, when the front of it fell off against him, with the result mentioned. He is doing as well as can be expected.

French and the Census.

Toronto News.
There is one statement in the interview between Bishop Fallon and Mr. Hanna of profound interest and gravity. The bishop declared that "the politicians and the French-Canadian agitators" did not control fifteen or seventeen counties in Ontario. They had, he said, "worked for ten years under falsified or stuffed census lists in the province of Quebec, always with one end, their single aim being to secure control of church and state."

There may be no justification for Bishop Fallon's statement. It would, however, be a serious thing for a bishop to make such a grave accusation against the leaders of the French-Canadian people without some evidence to justify his utterance.

Dismissed the Charge.
S. K. Lake, a resident of Bathurst, swore out a warrant against W. W. McNamee, of the same place, charging him with using abusive and insulting language. The case was heard before J. P. Lawson, at Elginburg, on Friday last, but was adjourned in order to procure other witnesses. The case came up before Magistrate Hunter and Lawson at the court house, Wednesday morning. After hearing the evidence of S. K. Lake and Hugh Ritchie, the magistrate concluded that the plaintiff had no case, and dismissed the complaint with costs. The defendant did not give evidence.

FIRE SUFFERERS

ESTIMATED THAT \$100,000 WILL BE NEEDED.

More Soldiers Sent—Aid Will Have to be Given to 3,000 Persons.

Beauclaire, Minn., Oct. 19.—One hundred thousand dollars will be required to carry the fire sufferers at Beauclaire, Spooner and the hostesses in the back country, through the winter, according to Attorney-General Simpson, who will remain here a few days as the representative of the governor. A complete list of sufferers and refugees has not been made, but it is certain that permanent aid must be extended to fully 3,000 persons, said Mr. Simpson, to-day. These must have not only clothing, but quarters for the winter and aid in building and furnishing their homes. Many of the townspeople carried insurance and will be able to collect it and to care for themselves. The sawmills will be able to give employment for a time at least to many men now idle. The arrival of Governor Eberhart was extremely fortunate. By the exercise of his authority he was able to harmonize and systematize relief measures over which a conflict of authority between the local relief committee and volunteer workers were inevitable. All control is now centralized in the national guard and the entire machine is in excellent working order.

NAVY YARD MEN HURT.

One Trolley Car Rolled Back Upon Another.

Kittery, Maine, Oct. 19.—Eighty employees of the Portsmouth navy yard, on their way to begin their day's work, were injured, to-day, three possibly fatally, in a collision between two heavily loaded trolley cars on the Atlantic Shore Line railway, at Fort Hill. Falling leaves had made the rails slippery and the first of two cars, mounting the hill, failed to respond to its brakes and rolled back down the hill crashing into another car.

The Schools in Windsor.

A very sore point with the public school board and with Protestants closely concerned with educational affairs is the alleged aggression of the separate school powers to the hurt of public school interests.

An instance of this friction was given to the News by a member of the public school board who has lived in Windsor all his life.

"We claim," he said, "that the separate school movement has not only won a fair share of school property and taxes, but has made inroads on our high school by a well-conceived scheme in connection with St. Mary's Academy of Windsor. When the model school was closed here as in other parts of Ontario, Inspector Tilley, of the Ontario education department, was sent here to establish a non-sectarian bi-lingual model school. Strange to say, it was held at St. Mary's Academy, the attendance very quickly becoming solid Catholic.

They also received the Ontario government grant which the old model school had received. This fall, I understand, the same grant applies to the academy, and Inspector Tilley's services will also be at their disposal.

"Our chief objection, however, is that the scheme at St. Mary's Academy robbed our high school of about twenty girl students who formerly had attended with us. They are now at the academy, and under Catholic tuition.

"Separate schools were unknown in Windsor previous to the coming of Bishop McEvoy to London, about six years ago. At that time, Catholic and Protestant, attended public schools, and we dwelt in peace and quiet. Archbishop McEvoy demanded separate schools and a special act of the Ontario legislature was put through after great opposition from not only Essex Protestants but a large proportion of Catholics. The Windsor public school board was forced to cede one school building and fifteen hundred dollars. School rates were also split to support the separate institutions.

To-day, there are six public schools and four separate schools in Windsor. The proportion of school children is about sixteen hundred in the public schools to one thousand in the separate schools."

Not Without Consolation.

Edmonton Bulletin.
A traveller from the north expresses the view that a 100-acre homestead is not sufficient inducement to attract settlers to the Peace River district, owing to the difficulty and expense of getting into the country. Had the land act as introduced by the minister of the interior four years ago gone through, the Peace River settler might now have been able to get a half instead of a quarter section farm.

The opposition to it, headed by Mr. Foster and other members of parliament of known or reputed interest in western lands, was too strong and the area in which pre-emptions are procurable had to be limited. The Peace River settler, however, has the satisfaction of knowing that 100 acres in that district is intrinsically worth as much as 320 in some other parts of the world, and will bring as much money when the country is opened by railway communication.

Choked Brother at Bar.

Two brothers made things quite lively in an hotel on King street, on Wednesday morning. One had been drinking quite a lot during the morning and about noon his brother ran across him at this hotel and tried to persuade him to come home with him.

He refused, and the other brother endeavored to pull him away from the bar, but he was having so much on his mind that he would not be hindered by the coat collar, and while trying to pull him away from the bar, choked him until his face grew purple. After a great deal of persuasion, he was induced to go home.
