Idle Money

The term "idle" is very ap-
propriate as applied to money
that is not earning interest—
money that is hidden about the
house, or locked up in a de-
posit vault.

There should be no such
thing as idle money in the
general meaning of the term.

STOP SCRATCHING.

Just as Long as You Have Dandruff
Your Head Will Itch.

It's the little microbes that are
growing down into the hair roots. It
may take a long time for these per-
sons to get down to the vital part,
but when they do they will de-
stroy the life of the hair in a very
short time.

"I write in short that my head was
almost running me crazy and I saw
your advt. in the Times-Union. I
bought a bottle of Parisian Sage at
once and tried it, and in a week I
could see that my head was almost
well, and my hair was growing won-
derful, and I continued using Parisian
Sage, and now my hair is beautiful
and everybody admires it. My scalp
is always clean." Mrs. S. Dingle,
Jacksonville, Fla., Oct. 15, 1909.

Parisian Sage, the most delightful

hair restorer, is guaranteed by J. B.

McLeod, to stop falling hair, to cure

dandruff and all diseases of the scalp,

and money back. It is the most
reliable hair dressing in the world.

Ladies use it extensively because it
makes the hair beautiful, soft and
luxurious. We a bottle at J. B. Mc-
Leod's, or charges prepaid, from
Glebe Mfg. Co., Fort Erie, Ont. The
girl with the Auburn hair is on every
bottle.

QUEEN'S TRUSTEES

ACCEPT THE RESIGNATION OF
PROF. S. W. DYDE,

Who Goes to Alberta as Presbyterian
College Principal—Fellowship in
Colonial History Endowed by An-
drew Hayden, of Ottawa.

A meeting of the trustees of Queen's
University was held at four o'clock
on Wednesday, and again in the even-
ing after convocation.

The resignation of Mr. Dyde was ac-
cepted and the following resolution
adopted:

"That in accepting the resignation
of Prof. S. W. Dyde, this board de-
cides to record their high appreciation
of his services during the twenty years
of his occupancy of the chair of mental
philosophy. They recognize his high
ideal of duty, his interest in his stu-
dents, the excellence of his work in the
class room, and his wide sympathy
with all that is best in life. They ex-
press their entire hope that in his
new field as principal of the theo-
logical college in connection with the pro-
vincial university of Alberta, he may
meet with abundant success."

These appointments were made: W.
R. Greaves, M.A., lecturer in Eng-
lish, public speaking and reading; R.
A. Davis, M.A., lecturer in French; A.
K. Klugh, M.A., lecturer in botany
and animal biology; Rev. John Ball,
B.D., professor of church history and
history of dogma.

Andrew Hayden, LL.B., of Ottawa,
having advised that he would endow
a scholarship in colonial history, the
following resolution was passed:

"This board has received with much
gratification the munificent offer of
Andrew Hayden, LL.B., to found a
scholarship in connection with the de-
partment of colonial history in the
university, the members of the board
unanimously expressing their satisfaction
at receiving so timely and useful a
gift from one of its best graduates,
and hope so useful an example will be
followed by other friends of the uni-
versity."

The thanks of the board were con-
veyed to Edmund Morris, for forward-
ing three photographs of the Hon. O.
Morris, one of the founders of the
university.

The thanks of the board were con-
veyed to Miss Saunders, for her suc-
cessful efforts in securing valuable ac-
cessions to the library, especially do-
nations of British, Hansard and
French state papers.

It was decided to erect a tablet with
the crest of the university engraved on
it in the national memorial tower at
Halifax.

The resolution passed by the gen-
eral assembly was presented, and it
was decided to hold a special meeting
of the board on the 16th of Novem-
ber, to consider it.

STREET PAVING PETITION

Has so Far Been Better Signed Than
Before.

The board of works is to meet, this
afternoon, but whether the road paving
question will be again considered is
not known. The petition in the hands
of the city engineer has not been
completed. So far it shows more
signatures than the previous one, but it
is doubtful if the necessary two-
thirds of the property owners along
the blocks under consideration can be
got to attach their names to the doc-
ument, in order to allow the work to
be commenced with, without requiring
the city council to order it done on
its own initiative, which Ald. Carson
objects to.

The board of works wants to be
unanimous on the question, but it
will make a recommendation to coun-
cil.

FELL ON THE SIDEWALK.

Mrs. Elizabeth Bell Met With
Serious Accident.

Mrs. Elizabeth Bell, gone street, met
an unfortunate accident, Thursday
morning, and as a result, she is
now a patient at the General Hospital.
About 10:30 o'clock, while she was out
walking, she fell on the sidewalk at
the corner of Wellington and William
streets, and had both her thigh bone
fractured. She is doing as well as can
be expected. Her many friends were
grieved to hear of her mishap, but
hope that she will have a speedy re-
covery.

City Property Committee.

The city property committee was
called to meet on Wednesday after-
noon, but only Alds. Graham and Hoag
were present. There was no
business of importance for considera-
tion. The question of heating the
city buildings with waste steam from
the light, heat and power plant, is in
the hands of Ald. Elliott, who has
been requested to secure a report on
the question.

James Bell, son of W. C. Bell,
Ontario street, has left for Utica, N.Y.,
after a short visit to his father.
