At Cedar Valley. Cedar Valley, Oct. 17.—Invitations are issued for an apple race at the Club House on Oct. 21st. Dancing and music will constitute part of the entertainment.

Household Economy. How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take two cups of granulated sugar, add one cup of warm water, and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (fifty cents' worth) in a 16 oz bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready-made for \$2.50. It keeps perfectly.

It is a splendid remedy, too, for hoarseness, asthma, chest pains, etc. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualic acid and all the healing pine elements. No other preparation will work in this formula.

This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully.

programme. Miss Maie Renaud has resumed her duties after her recent illness. W. A. Rogers and James Ralph spent the past few days in Perth. Concert at St. John's, Pittsburg. Dufferin, Oct. 19.—An appreciative audience greatly enjoyed the concert given in St. John's church, Pittsburg, last Monday evening, under the auspices of the Young Men's Club. The programme was of rare excellence and received merited attention and applause. Miss Helen Rochester, of Bellevue, was the reader. The Bethel male quartette, of Kingston, captured the audience with their first selection and each successive rendering strengthened their hold on their listeners' good-will. Their voices are good, their intonation is distinct, and their blending is pleasing and harmonious. Miss Reede received a warm welcome in her first solo and in each following song her increasing favor with her auditors. Miss Elder, of Kingston, in her skillful rendition of songs, made an excellent impression in her first appearance and is assured of a warm welcome whenever she again returns. W. Clare, whose singing is always enjoyed, had merited applause. The instrumental selections by Messrs. Reede and Coward were skillfully rendered and heartily received. Miss Elder showed herself to be an excellent accompanist. Rev. Mr. Reede, the pastor of the church, presided as chairman. The patronage of the public was large and the receipts net a handsome sum, which is appropriated by the Young Men's Club to the decorating of the church.

STRAY HUMOR.

By GEORGE O. BAKER.

OTHER KIND OF TEARS. Mr. Smithson—I went to see a performance of "Othello," last night and I don't believe I have a tear left in my system to-day.

EDUCATION WHICH COMES TOO LATE. "Marriage is an education." "Yes, you have to get married before you know enough not to."

VERY MUCH BUSINESS. Old Mr. Gotrov—Didn't you see that sign out there, "No admittance except on business?"

RELIEVES BAD STOMACHS. Your Out-of-Order Stomach Will Feel Fine in Five Minutes.

If your meals don't sit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brass or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, Sick Headache, Bloating, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diaprepain will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of indigestion. No matter if you call your trouble Catarrh of the Stomach, Nervousness, or Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use. Pape's Diaprepain will regulate any out-of-order Stomach within five minutes, and digest promptly, without any loss or discomfort, all of any kind of food you eat.

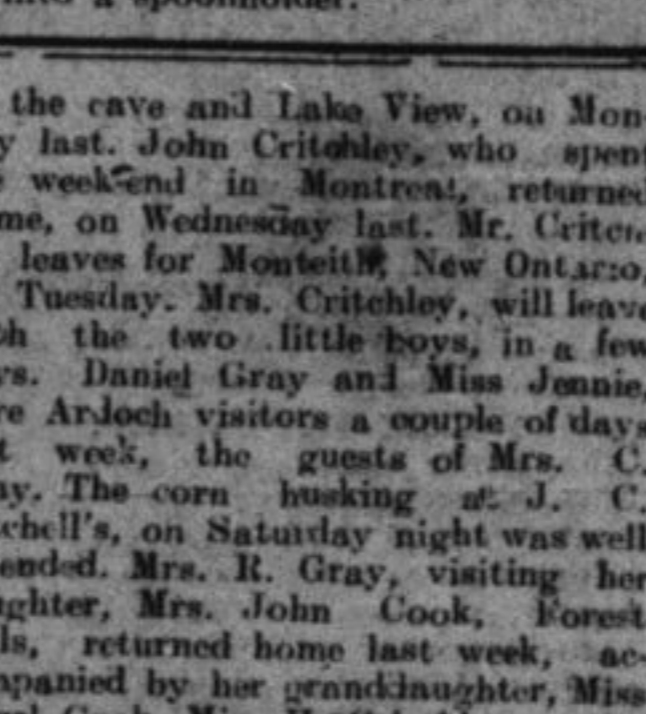

OFTEN THE CASE. "That old saying, 'Marry in haste, repent at leisure,' is a good one, isn't it?"

WHAT DID SHE MEAN. Miss Antique—Love is not blind. Miss Cautious—Then sometimes he must be cross-eyed.

A WONDERFUL ACT. "With your kind assistance," said the young man in the parlor scene, "I will now do my great transformation act."

Tidings From Myer's Cave. Myer's Cave, Oct. 15.—Farmers are almost through digging potatoes and report a better crop than at first anticipated. Corn was a bumper crop in this locality. Mr. and Mrs. Robert Milligan, of Deseronto, former acquaintances around the Cave and Lake View, on the 2nd inst. William Lunce left for Webbwood, on Thursday last, to work in the lumber woods. Mrs. S. Cuddy, of Hartwood, called on friends.

Tendency to Confusion. The Argonaut William Alden Smith says the evident desire of Col. Roosevelt to listen to the complaints of both insurgents and regulars places him in a different category from an Irish justice of the peace out in Michigan. In a trial the evidence was all in and the plaintiff's attorney had made a long and very eloquent argument, when the lawyer acting for the defence arose.

Workman's Invention. M. Trevel, a poor workman of Paris has constructed one of the smallest electric motors in the world. It weighs about one-quarter of an ounce, and will go into an ordinary thimble. The thickness of the wire of the bobbin is the thickness of one of the smallest of the members of the Academy of Sciences last month, driven by three and one-half volts. It runs quite smoothly, and produced a current of seven watts.

Complexion of Senate Has Changed. Ottawa, Oct. 20.—The painting and re-decoration of the senate chamber will be finished next week. The chamber was last painted twenty-five years ago, at the instance of Sir John A. Macdonald.
