************* MAN'S MISERY

> PROMPTLY BANISHED. (From "Man's Maladies.")

A certain sort of misery which causes a man to become abject in manner, timid, suspicious and be readily banished by a syste-matic nerve treatment which can be followed out in the privacy of home and restoration of a normal, or natural condition

A man feels and knows when he is not getting out of life all that it holds, and this knowledge makes the misery which occur makes the misery which occurs with such symptoms as unsteady gait, weak voice, downcast eyes, cold extremities, loss of flesh, loss of self control, lack of self esteem, pains in the back and back part of head, shooting pains, heart palpitation, nervousness, sleeplessness, hollow eyes, sunken cheeks, coloriess lips, dizziness and trembling.

The requirement to overcome

The requirement to overcome these dreadful symptoms is a restoration of power and strength to the nervous system which has been poorly nourished or abused by thoughtless cating, drinking or social duties, perhaps superinduced by overwork. Keen, strong, sensitive nerves which carry every sensation or emotion to the brain centers of consciousness can and should be the possession of every living individual. Let this prescription be used and the results will surely reward the efforts. Obtain of any good druggist, three ounces of syrup sarsaparilia compound, in a six ounce bottle. Add one ounce of compound Add one ounce of compound fluid balmwort, shake and let stand for two hours, then add stand for two hours, then add one ounce of tineture cadomene compound (not cardamom) and one ounce of compound essence cardiol. Mix. Shake well and take a teaspoonful after each meal and one when retiring. The three last named ingredients are specially prepared and powerful concentrations, much used in various prescriptions, but contain no opiates to harm the system.

A rich yet mild, brew like REGAL Lager, in good for the nerves, heart and stomach. Your physician knows this, and will tell you that REGAL is a stimulant that cannot harm you. Try It.

Cawrence ANALYSIS OF Sugar THE STANDARD OF PURITY

Laboratory of Provincial Government Analyst.

MONTREAL, 22nd February, 1909.

I HEREBY CERTIFY that I have drawn by my own hand ten samples of the St. Lawrence Sugar Refining Co's EXTRA STANDARD GRANULATED SUGAR, indiscriminately taken from four lots of about 150 barrels each and six lots of about 450 bags each. I have analyzed same and find them uniformly to contain 99-99/100 to 100 per cent of pure cane sugar, with no impurities whatever. (Signed) MILTON L. HERSEY, M.Sc. LL.D.
