THE CITY COUNCIL

CARSTAND QUESTION GOES BACK TO BOARD OF WORKS.

H. J. Goodearle Makes a Claim Against the City—Stuart and Albert Streets to be Re-numbered—Other Business Done.

The city council had a brief session last evening, as there was very little business before it. In attendance were: Mayor Couper, Alds. Armstrong, Bailey, Carson, Chown, Clugston, Elliott, Graham, Givens, Hart, Harrison, McCann, Kent, McCartney, Robertson.

These communications were read and most of them referred to committees: W. G. Anglin, president Y.M.C.A., asking for remission of taxes for last year.

George Rishbridge, re income tax.

A. B. Van Slyck, asking for a rebate of statute labor tax.

Secretary W.A.T.U., asking council to make a grant to the Campbellton, N.B., fire sufferers.

Mary Cunningham, asking removal of tree from her premises on Earl street.

H. J. Goodearle, asking council to pay \$14 for additional excavation in connection with the removal of his house on Upper William street.

J. Marshall, submitting resignation as representative on the school board. Accepted.

A. R. B. Williamson, medical health officer, and D. M. Melavre, city solicitor, re removal of garbage.

Dougald Campbell for a water works extension on Alfred street.

Ernest R. Beckwith and others for water works extension on Aberdeen street.

A. W. Craig, and others for water works extension on Couper street.

D. Murray and others, for water works extension on Union street.

W. C. McDonald re light on corner Bagot and Earl streets.

The Finance Report.

These recommendations of the finance committee were adopted:

That \$4,800 for sanitary improvements in Central and Sydenham schools; the heating of Central school and the laying of a new cement walk around Victoria school building, and \$400 for the cost of construction of a concrete walk around Central school building be placed to the credit of the Board of Education, and that the by-law be passed to issue debentures for this amount.

On the communication of Jane Buel, secretary Young Women's Christian Association, asking for exemption from taxes; that the request be granted.

On the communication from the Infants' Home, asking exemption from local improvement taxes, that the request be granted.

That this council is in favor of the resolution adopted by the town of Berlin re bonded interest assessments, and that a copy of this resolution be sent to the attorney-general of Ontario.

Cab Stand Question.

The chief recommendations made by the board of works were:

On the petition of H. Boyd and others, and E. Eves and others, asking permission to change the positions of their back stands to stands other than those already authorized by by-law, that no action be taken, the present back stands being, in the opinion of the committee, sufficient.

On the report of the city engineer re numbering of the houses on Stuart street, and Albert street, that the houses on these streets be re-numbered in accordance with the surveys of the city engineer, and the lots on file in his office, and that the city solicitor be instructed to prepare the necessary by-laws therefor.

There was a discussion regarding the cab stand question, and the point was raised by Ald. Graham that the city could not prevent cabs standing their cabs in front of a building that had rented. It was finally decided to refer the matter back to the board for further consideration.

Ald. Carson reported that the work of testing the water works intake pipe was proceeding as well as could be.

By-laws were passed for the re-numbering of Stuart and Albert streets, and for the raising of debentures of \$4,800 for improvements to Central and Sydenham schools.

In connection with the communication of H. J. Goodearle, Alds. Graham and Elliott declared that Mr. Goodearle had been badly treated by the board of works, and they hoped that full justice would be done to him. The mayor referred the matter to the board.

The garbage collection question goes to the finance committee for consideration.

14TH RIFLE MATCHES

Take Place at Ranges on Monday Next.

The annual Thanksgiving day rifle matches of the 14th regiment will be held, on Monday next at the Barrickfield ranges. Besides the matches exclusively for members of the regiment, which will take place in the morning, there will be a match at 2:30, 5:00 and 8:00 p.m. open to any member of the permanent or active militia, civilian rifle clubs or Queen's university or Royal Military College.

There will be a team match shot concurrently with the open match which will be open to teams of six men, from any of the above mentioned organizations, for which suitable trophies will be given the winning team.

The matches open only to members of the regiment will be one at 2:30 yards and one at 500 yards, and a team match open to teams of four men, from the various companies of the regiment, for a prize presented by Lieut.-Col. Cunningham.

In addition there will be extra series matches at each range, morning and afternoon, and aggregate extra series prizes as well.

The aggregate of the five ranges, both morning and afternoon will determine the regimental championship.

Those members of the regiment, who take part in the Dominion Rifle matches at Ottawa, will not participate in the morning matches. Entries will be received at the armories on Friday, and Saturday evening next.

Wise Words.

A physician, of Portland, Oregon, has views about food. He says: "I have always believed that the duty of the physician does not cease with treating the sick, but that we owe it to humanity to teach them how to protect their health, especially by hygienic and dietetic laws."

"With such a feeling as my duty I take great pleasure in saying to the public that in my own experience and also from personal observation I have found no food to equal Grape-Nuts, and that I find there is almost no limit to the great benefit this food will bring when used in all cases of sickness and convalescence."

"It is my experience that no physical condition forbids the use of Grape-Nuts. To persons in health there is nothing so nourishing and acceptable to the stomach, especially at breakfast, to start the machinery of the human system on the day's work."

"In cases of indigestion I know that a complete breakfast can be made of Grape-Nuts and cream and I think it is not advisable to overload the stomach at the morning meal. I also know the great value of Grape-Nuts when the stomach is too weak to digest other food."

"This is written after an experience of more than twenty years, treating all manner of chronic and acute diseases, and this letter is written voluntarily on my part without any request for it."

AT THE POLICE COURT.

Cornelius McMahon Was Only Offender Tuesday Morning.

It was so dark in the police court room, Tuesday morning, that the electric lights had to be turned on. The session, however, was a very brief one. Cornelius McMahon was the only offender, with old charge, that of drunkenness, was again the cause of his presence. Yesterday afternoon, he had to be gathered in by the police. As usual, he had a story.

"I have not been before you for a long time," he said to the court, "and since I was let up I made up my mind that I will have to cut it a right out, but you can just do what you like with me."

And the magistrate did. He said that the fine would be \$10 and costs, with the option of three months.

HARD ON THE MARKET.

Only Two Rigs on Square Tuesday Morning.

This is the kind of weather that goes hard on the market. Tuesday morning, there were only two rigs on the market square, and a few farmers were in the market house.

The farmer who comes in on a day like this, is certainly a hero," remarked Saturday, the weather man was also hard on the market. If the weather is good on Thursday, there should be a good demand for the produce.

ABERNETHY'S

A CAMPAIGN OPENED TO INCREASE THE MEMBERSHIP OF THE Y.M.C.A.

A Banquet Held on Monday Evening—The Association Wants its Membership Raised by 500 This Week.

The membership campaign of the Y.M.C.A., by which it is hoped to raise the membership of the local institution by an increase of 500 before next Saturday night, was successfully launched Monday evening at the building. The ladies' auxiliary entertained about seventy-five guests, comprising directors, senior and intermediate members of the association, and a banquet of the parlors at 6:30 o'clock. The well-cooked and well-served repast was thoroughly enjoyed. While the banquet was in progress the Y.M.C.A. orchestra, under the leadership of "Bert" McAuley, favored the assembly with several numbers, which were heartily applauded. Louis Marchand played two instrumental selections between the speeches.

After the banquet Dr. W. G. Anglin, president of the association, in a few well-chosen words, congratulated those present on the excellent turnout and also complimented the ladies on their cooking. He then called on Mr. Trimble to explain the reason of the meeting.

Mr. Trimble explained that the meeting was called for the purpose of organizing a campaign to increase the membership by 500 members by Saturday night. The campaign had been divided into two sections. Roy Ward had taken charge of one section and the leader for the other side was to be chosen then and there. It was unanimously decided that William Beaumont be the leader for the other section.

Elmer Davis, an ex-director, was called upon to say a few words. He compared Kingston with Brantford, a city of the same size. The institution at Brantford has a membership of over 1,000, whereas the membership here does not exceed 200. Therefore this campaign. Last week plainly showed that there is plenty of material fit to be used. It can be used if brought into the Y.M.C. A. He urged every boy to do his best to bring as large a number of boys as possible into the institution this week.

W. F. Nickle, M.P.P., was also present and spoke to the boys on the subject of good citizenship. He said the old adage said "It is easier to run away from temptation than to resist it." He said of a true man was one who would face temptation and conquer it. He urged the boys to be true citizens of Canada, to do their share in public life and not shirk duty the right thing by their country, against me in the right to know that you were with me in the wrong."

A short-story that should be read and pondered by most husbands is "The Education of a Husband," which Svetozar Tomoforoff contributes to the Red Book Magazine for November.

GRAND OPERA HOUSE.

Marks Company Opens a Five Nights' Engagement.

The return engagement of the ever-popular Marks Bros' company took place at the Grand Opera House last evening. They were greeted by one of the largest audiences that has been present for many a day, every seat being occupied. Ernie Marks presents a high-class comedy. The piece presented was the rural comedy drama, "For His Sister's Sake." The scene of the play is laid in New York City and the state of Maine. It is the old story of an innocent country girl who hopes to make her way in the world as a typewriter. While in the city she meets with an adventurer, who wins her confidence and love by means of a mock marriage, and being tired of her abandoned her. She returns to home and informs her brother and sister of her position. Her brother holds a mortgage on the farm, and strives to take the farm from the family, but is foiled in his scheme by her brother, who repays the mortgage and returns the farm to the family. Ernie Marks lost none of his old-time vigor in his role of "Jim Mayne." Agnes Kayne as "Kate Mayne" gave a clever portrayal of her part. Kitty Marks, who is a favorite in Kingston, received a big ovation. She took her part well. Blanche Phelps, "Lucetta Mayne," showed herself to be a capable elocutionist. "Molly Middlesex," Lida Gardner, as the cantankerous aunt, amused the audience. H. W. Chamberlain, as "Richard Bradley," made a good villain. The specialties were up-to-date. The singing of "Jack" Marks, (a little tot) was applauded again and again. Other fine songs and dances were given by George Marks, Sully and Brooks, Lulu Gardner, and a touching recitation by E. A. Brooks. This evening "The Emerald Isle," will be the bill.

"The Midnight Sons."

Low Fields' mammoth spectacular musical production which ran for 36 weeks at the Broadway Theatre, New York, will be the offering at the Grand, on Wednesday, Oct. 26th, when this marvellous play of music, vaudeville, comedy and drama, will be cast of over 100 people, special vaudeville company of dancers and singers, English pony ballet, Pullman train in motion, and realistic theatre scene with an audience of 500 people, makes its first visit to this city. This engagement, it is expected will strike a spark in local theatricals.

Some idea of the enormity of the production may be gained from the fact that the weekly payroll of the "extra" people averages nearly \$100,000. These people are used in the marvellous theatre scene which shows the interior of an opera house with its tiers of boxes, or extra seats, balcony and gallery. Every member of the cast, and there are over 100 people, takes part in this scene, but it is necessary to engage outside "help" to properly give the illusion.

Another scene which never fails to rivet attention and invariably calls for comment, is that showing a Pullman train in motion with a bright early on the rear platform waving good-bye to the audience. This scenic material and is used exclusively by "The Midnight Sons."

There are thirty musical numbers, Raymond Hubbell having written the score.

CONVOCAION HALL

THE OPENING OF THE THEOLOGICAL FACULTY.

A Good Sized Audience Listened to Address Delivered by President Falconer, of Toronto University—His Subject Was "Pastal."

President Falconer, the eminent head of Toronto University, delivered an address, at the public meeting, held in Convocation Hall, on Monday evening, in connection with the opening of the Theological Faculty and Theological Alumni, of Queen's University. There was a very good attendance, the chair being occupied by Principal Gordon.

Dr. Falconer is both a scholar and preacher, a fine speaker, and his address, which lasted a little over an hour, was listened to very attentively and with keen interest. He spoke on "Pastal," and dealt with the subject, in an interesting manner.

After devotional exercises, the speaker of the evening, was introduced by Principal Gordon. He said that it gave him very much pleasure to welcome Dr. Falconer, the president of Toronto University, Queen's Alumni not only welcomed him as one who occupied a prominent and useful position, but as one who had already shown his sympathy towards Queen's University, on previous visits.

Dr. Falconer, before taking up his subject, said that it afforded him great pleasure to visit Queen's and renew his acquaintance with Principal Gordon. The latter was an old friend of his, and he knew his worth. He well knew what Principal Gordon had accomplished for the university. He was also very glad to have the opportunity of being present, to take a share in the conference, about which he had been informed, for many years.

Dr. Falconer's subject was "Pastal," particularly as a religious thinker, and whom he termed "a saint of the modern world." Dr. Falconer dealt with Pastal's view of religion as set forth especially in his book called "His Thoughts." He outlined his view of human nature and his view of the solution of the mystery of human nature. His pessimism and yet his optimism as finding its solution in faith. At the close of the address, on motion of Mr. Wallace, president of Queen's Alumni, seconded by Prof. Morrison, a vote of thanks was tendered to Dr. Falconer, and the meeting closed with the doxology.

The speaker at this evening's session of the conference in Convocation hall will be Dr. Andrew Macphail, of McGill University, who will give an address on "The New Theology." It is his first visit here. Dr. Macphail is well-known as an able journalist and also a university teacher. Several articles by him have recently appeared in the Whig.

Joseph Daverson was the victim of a shooting affray. He was employed on the construction work of the Trent Valley canal. Another Italian shot him. He is in Belleville hospital.
