As a brine can be used on the face as well as the body, and it does small but it gets in the eyes.

LONGPRISON RECORD

LONDONER IN PEN. ONE HUNDRED AND TWELVE TIMES.

However, He is Deputy Sheriff Waterworth, and no Watch is Kept Upon Him—Has Many Trips to Kingston During his Sixteen Years' Experience—A Well-liked Official.

Can you beat this, for a remarkable record for trips to Kingston penitentiary? Perhaps there is someone who can do one better, but at any rate, it is a very good record.

Watterworth, the genial deputy sheriff at London, no particular watch is kept upon him, and he can go in and out of the penitentiary just as often as he sees fit.

The deputy does not boast of his record. Indeed, it is not a matter to boast about, it looks rather bad, of course, for his home town, to have to bring so many down to the penitentiary from there, but of course it must be understood, that people from all over Middlesex county are brought to London, and given their trial, so that every prisoner, registered from London, is not really from London.

The services of the deputy as a chaperon are now bespoken for another ride to Kingston, as on Saturday, a man named Frank Horsey, was given ten years, for holding up a police magistrate, at the point of a revolver.
