YEAR 77—NO. 249

KINGSTON, ONTARIO, WEDNESDAY, OCTOBER 26, 1910.

LAST EDITION

THE NEW MOVE

Is To Have Home Rule All Round.

A FEDERAL EMPIRE

MAY BE REALIZED—A WORKING POLICY.

Idea is Gaining Ground in England and Unionists, It is Said, May Acquiesce in the Programme.

London, Oct. 26.—The idea of home rule all around as the first step toward the realization of a federal empire appears likely to become a working policy.

The fact that the Times has just published a series of articles, advocating a compromise, urging that the situation is quite changed since the "bloody eighties," and that the unionists might now with dignity acquiesce in, although they could not initiate, a policy of home rule shows how unionist hostility towards home rule is waning.

It is reported that the writer of these articles is a close friend of A. J. Balfour, the leader of the opposition in the House of Commons, and Austin Chamberlain.

Additional speeches by the master of Elibank, chief liberal whip, who spoke at Belfast, a few nights ago, and other party leaders point to the probability that the conference on the veto power of the House of Lords will be converted into a table conference, for discussion of federal home rule. This plan would suit the desire of both liberals and conservatives and would postpone the general election until after the coronation.

GREAT WATERWAYS BY.

Humored Canadian Northern Will Take It Over.

Calgary, Alta., Oct. 26.—William Mackenzie came down from Edmonton and was asked regarding the Canadian Northern taking over the Alberta & Great Waterways railway, but he was not at all communicative. He would neither affirm nor deny. Asked for confirmation, he said: "Really, I don't know."

"If anybody connected with the C.N.R. would know about the matter, surely it would be you," suggested the reporter.

"Well, I have been away from home and headquarters a lot," Mr. Mackenzie stated, "and I cannot say about it."

"Is it possible that the A. & G. W. may be taken over by the C.N.R., though?" was the next question.

Mr. Mackenzie laughed good-humoredly, but would make no definite statement. Neither would he say when the C.N.R. proposed to come into Calgary and along what right-of-way they proposed to enter.

FASTEST IN WORLD.

But May be British Were Only Fooling.

Berlin, Oct. 26.—The newspapers here, publish, with expressions of pride, the official figures of the speed trials of the new armored cruiser Von der Tann. The vessel's average speed in six trials was 27.3 knots an hour over a six knot course, and at one time, the vessel reached a speed of 28.12 knots. It is pointed out that the speed of the British cruiser Invincible, was 26.65 knots an hour, and that, therefore the Von der Tann is the fastest cruiser in the world.

Did Not Give Full Speed.

London, Oct. 26.—Newspapers claim approval of the speed trial of Von der Tann, that the British battleship Invincible, invincible and inflexible, on her trial trips, exceeded twenty-eight knots, although the government announced the speed was 26.65.

GIRL MAY LOSE EYESIGHT.

Fears Complications as Result of Alcohol.

Greenacres, Ind., Oct. 26.—Edna Wallace, Milton, Ind., who tried to commit suicide Monday, because she was not chosen by the Prince of Wales, is still confined to her room. Her attending physician says that complications may arise which would threaten her sight. Miss Wallace drank wood alcohol and was discovered unconscious several hours later.

ELECTRIFIED HORSE.

Man Thrown Off, Shocked, as Animal Expired.

London, Pa., Oct. 26.—While Adam Light, formerly a member of the city board of health, was riding a horse when a broken telephone wire fell across a narrow valley street railway, he and wife were thrown off the back of the horse, killing it instantly. Mr. Light was badly shocked and thrown some distance, but escaped serious injury.

The Marquis de Massa, who was secretary to Napoleon III, is dead at Paris.

DAILY MEMORANDUM.

Cheese Board, 1.30 p.m., Thursday. The "Midnight Sons" Grand Opera House, 8.15 p.m. Limestone Lodge No. 31, A.O.U.W. meets Thursday evening, 8 o'clock. The Court Earl Roberts, L.O.P. meeting, with free entertainment. All persons invited. Address by Dr. James Bonar, master of the mill, Ottawa, in Convocation Hall at 8 p.m. Billingsley, Mrs. The Midland Hotel (London). The Aviation Club, meeting and sailing aeroplanes.

CHILD BURNED TO DEATH.

Little Girl Was Minding Her Baby Sister.

New York, Oct. 26.—A three-year-old girl, locked up in a Mott street tenement with her baby sister, set her dress afire while playing with matches. The screams of the children alarmed the women neighbors, but they were not strong enough to force the door, and the children could not open it. One woman finally crawled out along the fire escape and crawled through a window. She found the little girl ablaze, and she died before help could reach her. The baby was not burned.

Their father, Michael De Luca, is locked up in the Potchester jail charged with larceny. The mother is obliged to work, and their aged grandmother left the little ones to go in search of food.

BHINGS LABEL SUIT.

Toronto, Oct. 26.—H. A. Matsonville, private secretary of public works, who was discharged for giving out a letter written by Mr. Hanna to the minister of education, has brought an action for libel against the Orange Sentinel for that paper's comments on the case and for calling him the traitor.

DAMAGES FOR SLANDER.

Toronto, Oct. 26.—Isaac W. Striker and Joseph Houshach are farmers in Brighton township, Northumberland. On October 1st, 1909, according to Striker, Houshach addressed Striker in such a way that Striker alleged defamation of character and sued for \$1,000 damages.

VERY BUSY WOMAN.

WED FOUR MEN IN FOURTEEN MONTHS.

When Mrs. Hoskins Tired of One Husband, Got Another Through Marriage Agency.

Chicago, Oct. 25.—Mrs. Alice Hoskins, who was recently arrested in Bedford, Ohio, charged with bigamy, was brought back here on a fugitive warrant.

"Matrimonial agencies caused me all this trouble," she said. "I married four men in fourteen months. Now I am sorry for it. Any woman can get a man if she keeps on trying."

Mrs. Hoskins is forty-five years of age, not good looking, and is accompanied by a ten-year-old daughter. She admits five marriages. The police believe she has been the wife of a dozen men.

"I married through matrimonial agencies," she continued. "The managers used to advise us to give fictitious names, and if we didn't get any answers at first to change our description just as often as we liked."

"That's how I came to take so many names. You see the agency never got any fee from the women. Only the men who selected wives were made to pay, and naturally the agents wanted to have as many marriages as possible. That's why we got so many names."

Over a month ago, in Troy, Ohio, which was a widow, I made my first matrimonial agency marriage. I was married to James Bowes, but found that he had ten children. I couldn't live with him and as I had all my life membership to the matrimonial agency I left for Toledo last January and was married to J. W. Graham, of Toledo.

"I left him and July 3rd married James R. Young, of this city. He was too old, sixty-three. I went to Conway Springs, Kans., and married Hugh Hoskins in September. I ran away from him because I thought I had done wrong. I went to Enid, Okla., and decided to quit marrying. I was at work in an hotel when arrested."

Graham, the Toledo husband, and Young, the Chicago husband, are prosecuting.

WILL BE WIPED OUT.

AN ALASKAN ISLE RULED BY WOMEN.

Census Enumerator Tells of Race Dominated by Them and is Given to Race Suicide.

Seattle, Wash., Oct. 26.—A suffragist pamphlet has been discovered in a far off Alaskan isle. Here the wife and mother rule the household, according to L. L. Bayes, old time hunter and guide, who learned the facts while taking the census of the isle.

Nunivak Island, a low, marshy bit of land lying in Behring sea, between the mouths of the Yukon and the Kuskokwim rivers, is the home of the female rulers.

The population of the island is 170 souls. The men outnumber the women. Children are a rarity. The low birth rate is believed to be caused by the powerful control which the women have over all domestic matters. In the last ten years, according to the enumerator, there have been but twenty weddings and only seven children have been born in that time.

He predicts that in another ten years the last trace of the older generation of this and other native tribes in Alaska will be wiped out as the result of degeneration and race suicide, brought about by the predominating influence of the women.

IS NOT KNOWN

The Actual Loss Of Life And Property

BY THE WILD STORM

DAMAGE CAUSED BY ROCK AVALANCHE.

A Carbineer Braved the Storm in an Open Boat—It is Said 200 Persons are Missing, Many Being Washed Into the Sea—Granting Relief.

Rome, Oct. 26.—The loss of life and property, by the tide wave and hurricane, on the island of Ischia, and other places, cannot be accurately stated as yet.

The exact nature of the disturbance has not been determined, but it seems clear the bulk of the damage, at Ischia, was caused by avalanches of rocks, which had been loosened by torrential rains. It is not yet possible to reach the upper half of the village.

A carbineer, who braved the storm, succeeded in reaching Procida, opposite the island of Ischia, in an open boat. He found the telegraph wires were not working and signalled by semaphore to Cape Miseno for relief.

Fifteen bodies have been recovered at Ischia, and many persons were buried in the ruins of the town of Cetara, which was practically wiped off the map. Two hundred persons are missing, and it is reported they were washed into the sea.

A heavy sea and downpour of rain extinguished the torches used by the rescuers and made their work very difficult. The government has granted relief for the sufferers.

PITH OF THE NEWS.

The Very Hated Cull From All Over the World.

Free dental service will be given to the pupils of the Toronto schools.

The Kaiser is at Brussels on a visit to King Albert and Queen Elizabeth. The earnings of the Canadian Pacific railway for the third week in October show an increase of \$105,000.

Robert McInnes died at St. Michael's hospital, Toronto, of injuries alleged to have been received in a fight.

Arrangements have been made for a direct steamship service from South African ports to New York and Boston.

A. A. Ackland, deputy minister of labor, is reported to be enjoying a favorable progress as might be expected.

The French president and the members of his cabinet are being closely guarded because anarchists have threatened them with death.

On Tuesday Archbishop Bruchesi, of Montreal, celebrated his fifty-fifth birthday. He was born in Montreal and was made bishop in 1877.

Aubrey Derbyshire, night operator at Grand Trunk office, has resumed his duties, after spending a week at his home at Westport.

The London Daily Mail says the war office has bought two aeroplanes, the Farman and Paulhan types, respectively for military purposes.

Samuel Hulbert was convicted at Bracebridge assizes, of shooting at Joseph Purini, with intent, and sent to penitentiary for ten years.

It is reported that the Canadian Steamship company has definitely approved of plans for the construction of a new steamer of 50,000 gross tonnage.

An inquest will be held at Delhi, into the death of Henry Ryder, which resulted, it is said, from his being pushed down stairs during the police court trial.

Quite a large number of people have gone out to the Kingston and Pembroke railway, the past few days, on hunting trips. The district around Clarenceville is covered with hunters.

Archbishop Bruchesi, of Montreal, asked for a copy of W.C.T.U. rules, as he intended to encourage the establishment of such a body amongst the women of the Roman Catholic church.

The Grand Trunk Pacific has loaded 700,000 bushels of grain on the division between Winnipeg and the water front, and by the end of the present month it will have passed the first billion bushels, through its monster elevator at Fort William.

The remarks made by D. G. Laidlaw, at the Y.M.C.A. banquet Monday evening were inadvertently omitted. After Elmer Davis and W. F. Nickle had spoken, Mr. Laidlaw briefly commented on the remarks of the speakers, and also said that there was a great work to be done among the young men of Kingston.

WOMAN ATHLETE A MARVEL.
Can Throw Baseball 262 Feet 6 Inches.
Boston, Oct. 26.—Miss Margaret A. Graham, who, yesterday, threw a baseball 262 feet 6 inches, breaking the record for women by nearly fifty feet, is one of the most remarkable woman athletes in the world. She stands 5 feet 3 inches, in her stocking feet, tips the scales at 189 pounds, and is recognized the strongest woman in the universe.

CHILD SHOCKED TO DEATH.

Grappled Electric Light While Head Touched Iron Bed.

Toronto, Oct. 26.—While lying in his bed in his home at Grayhurst, ten-year-old John Young reached up and grasped the electric light bulb. In a flash his arm was burned to a cinder, and his skull, where it came in contact with his iron bed, completing the circuit, was burned through to the brain. His mother, Mrs. A. M. Young, has entered an action against the town to recover \$34,000 damages.

HAD NO KNIFE

In His Possession Since Last June.

WITNESSES LYING

SO SAID EDWARD JARDINE, THE SUSPECTED.

At the Goderich Murder Inquest—A Second Knife Produced, But Could Not be Identified—An Arrest Will Likely be Made.

Goderich, Oct. 26.—The nature of the evidence at the Anderson murder inquest, this morning, was the production of another knife, this being a unidirectional Roger knife, with one broken blade, found by S. Morningstar on his property which is very close to the scene of the crime. Mr. Morningstar, however, could not swear when the knife was found, whether it was before or after the night of the crime. This black-handed knife answered the description given by several witnesses yesterday of the knife seen in the possession of Edward Jardine during September, but when these witnesses were called this morning, none of them could positively identify the knife as his. Jardine declared the knife was not his, and that he hadn't a knife in his possession since June, and that the witnesses were lying when they said he carried such a knife. Drs. Gallow and Macklin were called, and the post-mortem report was read, and the name as given in the inquest. It is likely the inquest will be concluded this afternoon or to-night, when it is almost certain an arrest will be made.

After being out for half an hour, the jury returned a verdict that Lizzie Anderson came to her death by a sharp instrument in the hands of some person unknown, the evidence, however, pointing strongly to Edward Jardine.

Edward Jardine was arrested immediately after the verdict was given.

SLEW FIVE WOMEN.

Actuated by Motives of Vilest Type.

Cincinnati, Ohio, Oct. 26.—That a fiend actuated by the same motives as London's "Jack the Ripper" is responsible for the death of five women in this city, is the theory of the police today.

The latest victim is Mrs. Hurley W. Mackney, who was found murdered in her home on Canal bridge, Cunningham, last night. The woman's throat was cut from ear to ear, her skull crushed and her body badly bruised. She was slain by the axe with which the murderer had done the work.

The discovery was made by the woman's husband and a boarder, Charles Eckert, who were both taken in charge by the police and are being held pending an investigation.

The crime, in many ways, resembles that committed on Miss Anna Lloyd, Miss Luella Mueller, Miss Alma Steingewitz and Miss Mary McDonald, all of whom were killed within a few days of last night's crime.

WESTERN STORMS DO DAMAGE.

Along Coast of British Columbia and Alaska.

Vancouver, Oct. 26.—Fierce and destructive storms swept the north coast of British Columbia and Alaska. Strong winds and heavy rains are causing havoc in the vicinity of the terminus of the Grand Trunk Pacific.

Bridges are being swept away and telegraph and telephone lines are torn down by wind and landslides. So far as has been heard, no lives have been lost.

The storm has continued since last Wednesday, and the damage done in the vicinity of Prince Rupert.

Last Wednesday the Kyax bridge, one of the highest on the Grand Trunk Pacific railway, near Prince Rupert, was blown down and the track washed out for about two miles.

The telegraph lines of the government along the Skeena River suffered a great deal, a mass of poles and wires being taken away by landslides.

HOLLAND GIN.

A Great Cargo Has Landed at Montreal.

Montreal, Oct. 26.—Every autumn, shortly before the close of navigation in the St. Lawrence, it has been the custom to bring to this country a cargo of Holland gin. This year's cargo, now due, is the largest on record, consisting of 120,000 packages.

If each package contains twelve bottles, this will mean close to a million and a half bottles of these aromatic spirits for Canadian consumption. The duty collectable by the government on this importation, will reach \$720,000.

HIS THIRD TERM.

Olsen is to Return to the Penitentiary.

Ottawa, Oct. 26.—Kristian Olsen, alias Larsen, was today, sent to penitentiary for seven years for stealing a horse, cutter, robes, etc. Olsen has already served two sentences (twelve years at the Portsmouth hospital and one year at a third). His speciality is horse and cattle stealing.

The high court and county judges, at Toronto, object to the amendment of their statutes and appeals on their behalf were heard before the Divisional court. Judgment reserved.

"Bugs wants," Gibson's. Phone 230.

MARRIED IN BROOKLYN, N.Y.

Miss Lulu M. Rees Becomes Mrs. Peck.

A marriage of interest to many Kingstonians took place at the home of Dr. and Mrs. Archibald D. Smith, 97 Halsey street, Brooklyn, N.Y., on October 24th, when Mrs. Smith's sister, Miss Lulu Madelle Rees, was united in marriage, by Rev. Dr. J. D. Barret, to Ellery N. Peck, M.D., of Boonton, New Jersey. The drawing-room where the ceremony took place, was beautifully decorated with palms and cut flowers. The bride, unattended, was given away by her father, Frederick S. Rees, of this city. She wore a very becoming gown of ivory duchesse, with trimmings of lace, and carried a bouquet of roses and lilies of the valley. Only immediate relatives were present. Dr. and Mrs. Peck will reside in Boonton, N.J., where they will be at home after November 1st.

INDUSTRIAL ACCIDENTS.

Ottawa, Oct. 26.—During September, industrial accidents occurred to 272 individuals work people in Canada. Of these, 93 were fatal and 131 resulted in serious injuries. Agriculture headed the list, with 22 killed and 45 injured, and the railway service came second, with 15 killed and 13 injured.

Skating Rink for Williamsville.

According to the request of a large number of the young people of Williamsville, Francis H. Williams has at last decided to build a skating rink in that portion of the town. Those up there who wish to skate have a long distance to walk to the downtown rinks, and have promised to heartily support a rink if one is started. The rink will be built on Nelson street, near Mack, right in the heart of the suburbs. Although pressure of business will not allow Mr. Williams to look after the rink himself, a competent manager will be placed in charge. The rink will be electrically lighted and spacious dressing rooms will be built.

TO MAKE IT LARGE.

WOULD TEACH LESSON TO BOURASSA AND MONK.

No Fear of Liberal Majority in Drummond and Arthabaska Falling Below One Thousand.

Montreal, Oct. 26.—There is no more chance of reducing the government majority in Drummond and Arthabaska below the thousand mark than in discovering the Garden of Eden in the Niagara peninsula, or, say, Windsor Junction. The government forces have no fear of turning the county, but they are going in to make the majority as large as possible, just to show Mr. Bourassa and Mr. Monk a lesson, since F. D. Monk, M.P., declared that Canada would practically take no interest if a war were to break out between Great Britain and Germany.

And, indeed, it would be no surprise as the large English vote in Drummond goes solid against the national-ist pretensions and their candidate. It was in fact very foolish for any one to assert that less than a government majority of 1,000 would be shown by the administration. As a matter of fact, the liberal majority in the county is frequently below a thousand and above it. The main question will not lose fifty votes to the government, and this change will be more than offset by those who will vote against Bourassa and Monk.

Thanksgiving Night.

Frederic Villiers, the famous war correspondent, is to give the history, in brief, of the many campaigns he has been through, realistically illustrated by 120 snapshots and sketches taken on various battlefields, when he comes to the Grand Opera House, on Thanksgiving night. Mr. Villiers has a wonderful story to tell of the many fights he has described by pen and pencil during an active career, and his views of historic events in many lands are complete with interest. Mr. Villiers is also, in addition to his war talk, give a few personal reminiscences of the late King Edward.

WILL NOT DROP IT.

W. E. NICKLE PREPARED TO CONTINUE FIGHT.

Author of Last Measure Aiming to Regulate Size of Loan, Says He Will Introduce Additional Legislation if Necessary.

Toronto, Oct. 26.—If it be finally determined that the legal construction to be placed upon the bread sales act is along the lines outlined by Judge Morson in his recent decision, W. E. Nickle, M.P.E., the author of the measure, will take additional steps to secure the purpose of the legislation.

"If Judge Morson's line of argument is adopted," observed Mr. Nickle, when interviewed, "I am prepared to introduce, if necessary, legislation to give effect to the intention of the legislature, the securing of a standard loaf and the preventing of weight juggling."

"It seems to me," he added, "that the legislature has made this abundantly clear, but if legal astuteness is to rob the statute of its effect, it becomes necessary to introduce legislation by way of amendment that will secure adequate protection for the consumer."

WEATHER PROGNOSTICS.

Toronto, Ont., Oct. 26, 10 a.m.—On-lawa Valley and Upper St. Lawrence. Fresh northwest winds; fine; Thursday, cool and mostly cloudy; showery before night.
