

THE CHRISTMAS GLOBE.

Fourteenth Year in Present Form.

The product of Canadian brains and brawn.

What Lord Roberts said about last year's number:

"It is a remarkable production, and am pleased to know that it is the work of Canadians."

The Historical Pictures. Since starting to publish these historical pictures in connection with The Christmas Globe there have been so many requests for one of Governor Simcoe, the first Governor of Upper Canada—the man who did things—that it was decided to produce it this year, although considerably out of the natural sequence of events.

This is only one of three supplementary plates. There will be eight full pages in color, as well as fifty-two pages of pictures and stories.

On sale about December 1st. Price fifty cents each, from your dealer, or sixty cents if mailed direct from The Globe Office, Toronto.

Ask your newsdealer about it.

TAKEN THOUSAND ZUTOO TABLETS Cured 500 Headaches.

Mrs. (Dr.) Shurtliff, of Coticook, says: "Zutoo Tablets must have cured 500 of my headaches, for I have taken 1000 tablets. After trying every remedy within reach I discarded them all four years ago. Zutoo, which I have taken ever since, I find the tablets a harmless and efficient cure for all kinds of headaches."

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YORSE, 2 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

Pinafores Pleasing and Practical

The little girl of modern days, denied the dear privilege of a freshly ironed pinafore, misses half her inheritance. Most of us grown-ups remember the gala occasions when there being company in the drawing-room, we were summoned downstairs, our hair being first hastily and stealthily brushed and a fresh pinafore slipped on over our dark frock.

Nothing Shows the Dirt Less Than Brown Holland.

especially if they be towneled, know anything about pinafores. Their idea of an apron is connected with orphan asylums, and just as this badge of sweet feminine domesticity, the apron, has been banished from miladi's sanctum, so has it disappeared from the nursery. This summer at Newport a very important little girl—judging from a fashionable standpoint—wore the most bewitching little frocks over her inexpensive little frocks of gingham and chambray, and it is safe to say that dozens of little maidens, whose wardrobes are patterned by their watchful mammae, after the garments of this little pinafore-wearer, will shortly appear similarly adorned.

barred and striped patterns and fitted the slender little figure easily across the shoulders, while flaring prettily over the skirt, which showed an inch or two below the pinafore hem. The neck was cut in Dutch style and finished with a turned-down collar, with rounded corners at front and back, and the moderately full sleeve was gathered into buttoned cuffs just below the elbow. Collar, cuffs, the delightful pockets at the front of the pinafore and the ends of the long sash that tied at the back, were all trimmed with very narrow and very fine embroidery. A few of the pinafores were of handkerchief linen, with hand-embroidered scallops instead of machine embroidery trimming.

Could anything be more charmingly old-fashioned and little-girlish than these pretty pinafores? It is to be hoped that the good old fashion, revived as a fad by this particular mother, will spread over the land, and that every little maid may have her dainty aprons for school and play wear this season.

Kindergarten aprons with fascinating Kate Greenway figures printed on brown Holland and blue gaiters delight the small girls who don these ready-for-business affairs over dainty frocks. These aprons are also suitable for home wear and they are so easy to make and so useful in protecting pretty frocks during such strenuous employments as making sand pies, sweeping the garden or helping cook on baking day that every little girl ought to have half a dozen. Two of these gay kindergarten aprons are illustrated and the photographs show clearly the simple cut and substantial practical nature of these pinafores.

The overworked romper seems a poor substitute for the charming pinafore, though the romper is a jolly enough little garment on a roly-poly mite who crawls and creeps in preference to walking. But the romper line must really be drawn somewhere, and contemplating tall, lanky little girls of nine or ten, with their hair tied up in ribbons in semi-young ladified style, and thin, long legs protruding from romper trousers—no it is quite positive that this romper idea can be carried too far. The same little girl in a dark blue checked blanket material, the fringed edges adding a picturesque trimming along a turned-back rever on the double-breasted front, and on the deep monk's hood which hangs at the back, and a whole chain of worsted should be put in cord and tassels so that the girlish trim made will be heavy enough to keep the gown in place when the knot is loosely tied in front.

be twice as attractive and not a whit more hampered in her movements. Kate Greenway figures, teddy bears, flocks of snow-white geese and other pictures dear to the childish soul are now to be obtained on costing flannel for both gowns and pajamas. Creeping rugs and crib blankets for the baby may also be made of this entertaining fabric. Many mothers put the little girl, as well as her small brother, into cosy pajamas through the winter months, and these bibbed gowns are much safer on cold nights over the active little limbs which will kick off the coverlets, than the loose nightgown of even warm flannel. They are vastly prettier, too.

A Gaiter Pinafore With Kate Greenway Ornamentation.

than the ugly canton flannel night-drawers, haggardly buttoned across the back, with which our own youth was indelibly. The Kate Greenway printed flannels are good and warm for winter wear, but it scarcely pays to make up a hatgown out of ordinary outing flannel, which soon wears thin and cottony. Eiderdown is a splendid material for warm-as-toast hatgowns and the blanket gowns, though a bit more expensive at first cost, are delightfully warm and cosy and are quaint and cunning on the slender, childish figures. One successful mother has devised a "practical hatgown" for her little son out of an old shawl of blue and black checked blanket material, the fringed edges adding a picturesque trimming along a turned-back rever on the double-breasted front, and on the deep monk's hood which hangs at the back, and a whole chain of worsted should be put in cord and tassels so that the girlish trim made will be heavy enough to keep the gown in place when the knot is loosely tied in front.

PAINS OF RHEUMATISM.

Cured Through the Blood—Try Pink Pills.

Rheumatism will rack you just as long as there is acid in the blood to cause rheumatism. That's the whole trouble—acid in the blood. Cold, damp weather may start the pains going but it is not the cause. That is rooted in the blood and can only be cured through the blood. Years ago when medical science did not know as much about the complaint as today, rheumatic sufferers were given something to rub on the swollen tender joints. Some people who do not know any better still adhere to the old-fashioned way, but it does not cure their rheumatism—and never will.

When the acid is driven from the blood the rheumatism is gone—it's cured. The thing is to get the right medicine to drive the acid out. Dr. Williams' Pink Pills have cured more cases of rheumatism than any other disease except anemia. They do this because they enrich the blood supply, thus forcing up the system to a point where the rheumatic acid is expelled through the natural channels and the trouble disappears. They were intended to do this and they do it thoroughly. Mr. Henry O'Donoghue, Viscount, Sask., says: "About four years ago I came here from Scotland for the purpose of taking up land. Even at so recent a date as this the country was quite different from what it is to-day. Then the nearest shack to me was ten miles distant, and the nearest town much further away. In those days home-boarding was not all sunshine, and in the spring of 1907 I contracted a severe cold. I had never been sick in my life before, and paid no attention to the cold, and almost before I realized it I was down with an attack of pleurisy and as the pains of this trouble began to leave me those of rheumatism set in, and my sufferings were something terrible. Help was sent for, but it did me no good, nor did the medicine given me have any effect, and for five months I was confined to the house. Then one day I had an unexpected visit from my brother who came from Australia, and whom I had not seen for nine years. When he saw me he at once urged me to get Dr. Williams' Pink Pills, as he knew of a number of cases in which they had made marvelous cures in rheumatism. The result was he went to town and purchased six boxes, and before I had used the last box I was as healthy as any man in the province. For this I must thank the pills and my brother's advice, and I strongly recommend the Pills to other rheumatic sufferers."

Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

AT THE GRAND.

Blanche Ring Will Be There Tonight. Blanche Ring is announced as the attraction at the Grand Opera House tonight. The merry comedienne comes to Kingston in the musical play in which she has enjoyed a lengthy and prosperous run at the New York Herald Square Theatre, "The Yankee Girl." George V. Hobart's funny book and Silvio Hein's tuneful musical score have met with the hearty approval of theatregoers everywhere and Miss Ring's appearance here is a welcome one. Her list of songs include several which seem destined to out-rival in popularity even such Ring hits as "Rings On My Fingers" or "Yip-I-Addy." Her new numbers include "Nora Malone," "The Top of the Morning" and "The Wise Fisherman." The two older songs, however, Miss Ring finds it necessary to sing for encores, so vigorous is the demand for them.

The Glasgow Select Choir.

The Glasgow Select Choir, at present touring Canada and the United States, has made arrangements to visit Kingston, on Wednesday, November 9th, when it will give a concert in the Grand Opera House. The programme will consist chiefly of solos, duets, quartettes and choruses. This famous choir, which has twice been honored with a command to appear before royalty, is appearing for the first time on this side. The opportunity of listening to such singing as that of the Glasgow Select Choir should be appreciated by all lovers of national music and works of the great masters.

At Chaffey's Lock.

Chaffey's Locks, Nov. 4.—The steamer John Randall delivered a cargo of grain for the mill here, this week. The survey party for the C.N.R. will be here in a few days. The divers employed by the Rideau canal officials, in making repairs to the locks, J. W. Simmons and W. H. Fleming killed a fine deer on Wednesday last. It weighed when dressed, 170 pounds. This has been a good fall for duck shooting, the hunters meeting with good success. Miss Ethel Fleming has returned home, after spending a few days visiting relatives in Kingston and Brewer's Mills, Bailey O'Brien, Montreal, has returned home, after spending two weeks' duck hunting here.

Ask Yourself These Questions

And Find Out if You Have Kidney Disorders—Also Make This Test.

Have you pains in the back over the kidneys? Have you urinary disorders? Do you suffer from severe headaches, dizziness or defective eyesight? Is the skin dry and harsh? Are you failing in health and strength and suffering from rheumatic pains or swelling of the limbs? These are a few of the symptoms of kidney disease, and here is the test. If the urine after standing for twenty-four hours is cloudy, milky or has particles floating about in it, or if there is a sediment in the bottom of the vessel, your kidneys are diseased. There is no time to lose in beginning the use of Dr. Chase's Kidney and Liver Pills. Delay means the development of Bright's disease, and you do not want to trace any consequences with that. Dr. Chase's Kidney and Liver Pills will help you more quickly than any treatment you can obtain, and that is one reason why they are so successful and popular. Mr. W. H. Mosher, South Augusta, Greenville, Ont., writes: "I used Dr. Chase's Kidney and Liver Pills and firmly believe there is no medicine to equal them. I was troubled for years with kidney disease, and this treatment has cured me. When I began the use of these pills I could only walk from my bed to a chair. Now I can go to the field, and work like any other man. Dr. Chase's Kidney and Liver Pills are an excellent medicine." This statement is certified to by the Rev. E. H. East, Baptist minister, of Brockville, Ont. Dr. A. W. Chase's Kidney and Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto. The portrait and signature of A. W. Chase, M.D., the famous Receipt-Book author, are on every box. These are for your protection against imitations and substitutes.
