### THE HERALD'S FORECAST.

It sees a Big Victory for the Democrats.

New York, Nov. 7.—The New York Herald (Independent), after hearing from unbiased experts in every state of the union, predicts the election of 217 democrats and 174 republicans, reversing the present standing. It calls Dix (democrat) in New York state by 50,000, and a close fight for the rest of the ticket; Woodrow Wilson to capture New Jersey; republicans to lose New York, Delaware and Oklahoma; democrats to lose Colorado, Nevada.

Democrats are called to make their biggest gains in New York, Illinois, Iowa, Kansas, Missouri, North Carolina, Pennsylvania, West Virginia.

The correspondents were instructed to ascertain just how deeply the national issue which influenced the elections in Maine, Massachusetts and New Hampshire will cut into the election. Failure to discover any great sentiment over the issue which marked the New England elections and the declarations of experienced politicians that the voters who may be "nursing a grievance" remain silent, put an element of uncertainty into all calculations. The impression prevails that the high cost of living and the tariff will be found to have been a "burning" issue in the campaigns throughout the country.

### FIRES AT WELLAND

TWO OF THEM, ONE AFTER THE OTHER.

A High Wind Made a Fine Blaze at the Welland Planing Mills—The Loss is Over \$15,000, With Small Insurance.

Welland, Ont., Nov. 7.—A frame residence, occupied by Charles Schraan, and owned by H. U. Robbins, was partly destroyed by fire, early this morning, the contents being saved. Scarcely had the firemen left the building when the Welland planing mills, owned and operated by J. M. Cutler, were found to be on fire. A high wind was blowing and the whole building was soon a mass of flames. The fire men, by hard work, saved the large stock of lumber in the yards and Lambert's planing mill and boiler yard, just opposite, and also other buildings close by. Mr. Cutler's loss will be about \$15,000 with only \$3,500 insurance. The cause of the fire is unknown.

Three Houses Burned. Port Colborne, Ont., Nov. 7.—The dwelling houses of Frank Vashindera, Mrs. Boat and Mrs. Doan, in Cainsville, were totally destroyed by fire, about midnight, Sunday night. It is thought a defective light in one of the houses caused the fire.

### HANGING POSTPONED.

Crippen's Execution Will Not Occur Till Nov. 23.

London, Nov. 7.—The execution of Dr. Crippen has been postponed until Nov. 23rd. This announcement was made because of sensational cablegrams which came from the United States stating the belief that Belle Elmore Crippen still lives and that she had been recently seen either in or near Chicago. Barristers Newton and Alfred Tobin, who had apparently abandoned hope for Crippen, when the appeal was dismissed, Saturday, renewed their efforts, to-day, with redoubled vigour. They held a conference with the judges in chambers this morning. It is stated sufficient time will be given for a full investigation of all reports that Belle Elmore Crippen is still alive.

### A Silly Yarn.

Chicago, Nov. 7.—Police here take little stock in the story, emanating from Philadelphia, that Belle Elmore Crippen, for whose murder Dr. Harvey Hawley Crippen was condemned to hang in London, is in Chicago. The police here have not taken up the investigation so far and likely will not do so.

### HOPES FOR RECIPROCITY.

Mayor of Boston Considers it Beneficial.

Boston, Mass., Nov. 7.—Mayor Fitzgerald has discovered that the population of metropolitan Boston would be increased half a million if there was reciprocity with Canada, and he announced his discovery at a democratic smoke talk at the Brookline Y.M.C.A. Academy. The mayor said, in the same breath: "It is hard to realize how much benefit New England will derive from reciprocity with Canada, and in order to avail ourselves of the benefits that are sure to follow such a course, we are going to elect our candidate for governor, Eugene N. Posa."

### WRIGHT DENIES STORY.

Neither He Nor Wife Slandered Regina.

Regina, Sask., Nov. 7.—Word was received, last night, from Gordon Wright of London, Ont., denying that either himself or his wife had made any charge against Regina as having a segregation area.

Mr. Wright states that both himself and his wife have been misrepresented by St. Thomas and London newspapers, and regarding an alleged interview of himself by a London advertiser; he had placed the matter in the hands of his solicitor, and failing an apology by the newspaper, would at once enter proceedings against it.

If the board of works don't hurry up the Princess street roadway, will be frozen hard before the repair work is completed. The stone supply has been coming painfully slow. At the rate it has been delivered this fall it would take about twenty-five years to macadamize the streets.

### AT FIRST BAPTIST CHURCH.

Rev. D. Laing Enters Twenty-second Year of Pastorate.

Sunday was a day of much interest, to the congregation of the First Baptist church. The pastor entered upon the twenty-second year of his pastorate, and at the morning service made brief reference to some items of interest connected with the work of the church, during the past twenty-one years. Fitting reference was made to the perfect harmony which has ever prevailed in the congregation. During the early years of the pastorate the work was opened on Union street. Two church buildings have been erected, and three hundred have been received into the membership of the First church. There are now two churches and two Sunday schools, where there was but one of each twenty-one years ago. The baptismal membership has more than doubled, and the value of the church property held has more than trebled.

A service of praise was conducted by the pastor in the evening at which two young men, Queen's, gave short gospel addresses. There was good attendance, and the service was very much enjoyed.

### STEAMER WASAGA UNLUCKY.

Ran Aground on Her Last Trip to This Port.

The steamer Wasaga, burned on Lake Huron, had considerable trouble, on the occasion of her last trip to Kingston. She ran aground near Swift's wharf, and the steamer Donnelly had to work at her for a day. Previous to this she was in the government dry dock several days. She was looked upon by marine men as an unlucky vessel. She was known in marine circles as the "Brooklyn Bridge."

The schooner Ford River cleared this afternoon for Charlotte with fishbar.

### The Late Thomas Orser.

Thomas Orser, a well-known resident of the city, passed away at the general hospital, Sunday, after an illness extending over a period of two years. Up till two years ago, when he was stricken, he was in the employment of James Reid, undertakers, where he was always regarded as an industrious workman. He was an active member of the Sons of England lodge, and his flag is flying at half mast in his memory. He leaves a wife and two children. The Sons of England lodge will turn out in full force at the funeral which will be held from the residence of deceased's sister, Mrs. Marshall, corner of Wellington and Queen streets, to-morrow afternoon. Deceased was thirty-seven years of age.

### May be Three Charges.

As a result of evidence given in a case, at police court, to-day, it is likely that three charges will be laid, under the liquor act. The proprietor of a hotel is likely to be charged, as two men avow that the liquor was secured at his hotel. One of the men who drank some of the liquor, is a member of the "prohibited list," and the man who pleaded guilty to securing the liquor could be summoned for having secured liquor for a member of the "prohibited list."

Rev. A. J. Fidler, sr., died Monday morning at his home in Parkdale. He was one of the oldest rectors of the Anglican church. Rev. A. J. Fidler, of St. Clements, Eggleston, is a son.

Montreal, Nov. 7.—Archbishop Bruchesi having made the charge, in a sermon, yesterday, that the police were aware that the sale of liquor was going on after the legal hour for closing of saloons, Chief Campaign, to-day, made a statement to the effect that the police did not ignore illegal selling when they saw it going on, and that he was doing the best he could to enforce the law with the number of men placed at his disposal. As the result of the dangers of

roadhouses, apropos of the Michaud murder mystery, the chief has ordered police captains to make a report on such places.

On the Boy Scout Movement in Canada.

Ottawa, Nov. 7.—A report has been received from Lieut.-Gen. Sir B. Baden-Powell, the distinguished head of the Boy Scout movement, relating to his Canadian visit, and it tells what he saw. He tells of visiting fifteen scouting centres; endorses Canadian Clubs as patriotic associations with branches in almost every city; says that though there is not in Canada the need for scouting as an educative influence that there is in England, but that it still exists; and adds:

"The racial difference between French-Canadians and those of British descent, and the influx of foreigners of all kinds, call for some practical welding of the whole in spirit for forging the rising nation."

In view of the proximate formation of a Canadian navy and of the exceptional facilities for instruction afforded by the great lakes and rivers, I am confident that the call of the country in sounding the call of the sea to the boys and in teaching them the elements of seamanship."

### SUES ILL-DRESSED WIFE.

Her Unfashionable Garb Embarrassed Him.

Stirling, Ill., Nov. 7.—James Conkling, of Eureka county, Saturday, filed a petition for divorce, in which he sets forth that his wife refuses to dress like other women in the neighborhood, and that the style of attire adopted by her causes him much embarrassment.

He alleges that she has refused to buy a new dress for two years. He states that he had frequently urged her to dress more fashionably and in keeping with the season's styles, but that his wife maintained that it was too costly.

He also says that she has deserted him.

### TO REPLACE RENFREW.

Eastern Hockey Unsettled—May be New Union.

Montreal, Que., Nov. 7.—Quebec will try to-day to acquire the hockey franchise of the Canadian Club, which is owned by Mr. O'Brien, of Renfrew. At the same time, there is talk of a new union, and it looks as if there would be a very pleasant time before things are in an entirely settled state.

The magnates do not seem to be in the least worried about the stand which the players are taking in regard to the salary question, for the reason that the people want to see good and well-conducted hockey, and will be satisfied if they see that.

### Reached Home Safe.

Report from Millhaven, to-day, state that the two brothers, named Steele, who were missing, and who it was feared had been drowned in the sale of good and well-conducted hockey, they were caught in the storm, and had to take shelter on one of the islands.

### A MURDERER PUT UP A GOOD CLUE.

Colored Man Shot—The Finger Prints Have Been Identified by the Chicago Police.

Ottawa, Nov. 7.—At 1,837 West 10th street, Chicago, on September 19th last, Charles Miller, colored, was shot and killed. The man who shot him put his hand on a beam over head, leaving an imprint of four fingers, three of which were very clear, the left, index and middle. The Chicago police photographed these and found the record exactly compared with one they had of the fingers of Thomas Jennings, of Chicago, who had served two sentences.

Inspector Foster, finger print expert, in connection with the dominion police, Ottawa, and probably the greatest authority on this continent on this question, has just given important evidence at a Chicago trial. Foster considers the finger prints the same. Jennings' trial is to start this week.

### An Honorable Figure.

Toronto Star. Sir Wilfrid Laurier, on this day after the defeat in Drummond and Athabaska, occupies an honorable position, and one that ought to win the sympathy of all patriotic Canadians. For fourteen years he has borne the brunt of the battle for unity. Imperial questions have in his time arisen in such numbers and importance as they never arose before. Imperial ideas have made greater progress under him than under previous Canadian leaders.

During all this time he has met with the opposition of the forces represented by Bourassa in Quebec, while he has met with scant sympathy in those provinces where imperial sentiment was strong. He has done his duty. He has faced the problems squarely. He has fought the battle of a united Canada. In defeat he is a more commanding figure than those who have won over him a temporary victory.

### Conservatives Supplied Fund.

Toronto Star. It has been a matter of wonder to the liberals all through the campaign as to where the nationalists were getting the funds necessary to conduct their campaign in Drummond and Athabaska. It costs money to pay fifty or sixty speakers per day, not to speak of the huge livery bills, hotel, and railway transportation. It is being freely stated, to-day, that conservative parties were well opened to various nationalist support, and that \$5,000 in one lump came down from Montreal. There has been a certain amount of corruption cry from the nationalists, but most of these stories will require substantiation. The issue was a clear cut one, and it did not need money to persuade the electors to go to the polls.

### C.L.C. Best Queen's II.

Queen's II and C.L.B. soccer teams played an association football game at the athletic grounds, Saturday afternoon. The game was put on at 1:30, before the big game between Queen's and Varsity. After a very hard battle, Queen's was defeated by 1 to 0. The grounds were very slippery, and this made it very difficult for the players to do justice to themselves. However, Queen's had to submit to the irony of defeat.

### Probate of a Will.

### Got Away With \$2,000.

Toledo, Ohio, Nov. 7.—Cracksmen blew the safe of the Home Savings Bank, at Mattamoras, Ohio, twenty-two miles west of Toledo, early this morning, and got away with \$2,000.
