**BOWLERS AT MEETING**

PRIZES PRESENTED AT A FINE GATHERING.  
The Season Was a Grand Success in Every Way—Preparations Made for Games Next Year—Fine Gift for W. R. Sills, Secretary of the Club.

The bowling season with the members of Queen's Lawn Bowling Club, for 1910, is now past and over but there are pleasant recollections of the interesting matches played on the green, and these were referred to at the annual meeting of the club, which was held, on Tuesday evening, in the curling rink. D. Murray was in the chair, and there was a very good attendance of the members. Although a business meeting, it was a jolly gathering, as the bowlers are a jolly, good-natured "bunch," and it was just like a family gathering.

A very pleasant feature of the evening was the presentation of the prizes won during the season. The singles prize—a fine pair of bowls, donated by Mr. Murray, was won by G. E. Searle, and the rink prize was won by Dr. Watson's rink. Each member of this lucky rink was the recipient of a fine umbrella. The usual speech-making occurred when the presentations were made, and some timely remarks were made. W. R. Sills, the general secretary of the club, was not forgotten, when the presentation was being made. At this stage John M. Elliott appeared on the scene, and in his right hand he carried a fine travelling bag, and after making a neat little address, in which he told just how much the club valued their worthy secretary, he handed the bag over to Mr. Sills, amidst loud applause from the members. Mr. Sills, during the summer ably carried out the duties as secretary, and the members of the club took this opportunity of showing their regard for him.

Mr. Sills thanked the members, in a few well chosen remarks. The bag carries the initials of the owner, "W. R. S." so it will be useless for any person to attempt to steal it. The bag is made of the best class of leather, and indeed forms a present, of which the recipient has every reason to be proud. It is needless to speak of the success of the club, during the season. Although the game has only been in vogue a short time, it has "caught on" well, and the indications are that next year, it will be just like the Toronto fair, "bigger and grander," as the big posters say. However, it can truly be stated, that lawn bowling is getting to be some game, in the old Limestone City. The club is developing some fine players, and the interest is at fever heat. It is expected that a number of new members will be enrolled next year.

At their meeting last night, plans were discussed, for next season, but the officers were not elected. They will be selected at the first meeting of the season. Committees were appointed to attend to some important matters.

**Tenth Annual Meeting.**

The tenth annual meeting of the Kingston Curling Club was held at the Kingston Yacht Club on Tuesday morning, November 8th. Mrs. Walter Macne, the president, was in the chair. All the officers of last year were re-elected, namely, Mrs. W. Garrett, honorary president; Mrs. W. H. Macne, president; Miss Mabel Dalton, vice-president; Miss Mabel Lettice Tandy, secretary-treasurer. After general business was discussed the house and rink committees were chosen as follows: House committee, Mrs. W. R. Garrett, Mrs. Richard Hooper and Mrs. Hugh Macpherson.

Rink committee, Mrs. W. St. Pierre Hughes, Miss Jean Craig, Miss Marion Dodden and Miss Bea Birch. The new playing members elected were: Mrs. A. W. Winnett, the Misses Agnes and Mabel Richardson, Miss Marion Leslie, Miss Mamie Anglin and Miss Phyllis Knight. The associate members elected were Mrs. Ashby, Mrs. Charles Kirkpatrick, Mrs. C. A. Lowe and Mrs. Arthur Craig.

The ladies, who were chosen to skip the eight rinks during the winter were: Mrs. Richard Hooper, Mrs. W. St. Pierre Hughes, Miss Florence Cunningham, Miss Mabel Dalton, the Misses Ada and Bea Birch, Miss Bessie Smythe and Miss Lettice Tandy. It was decided to write to Montreal and offer to hold the bonspiel in Kingston next January.

**GONE TO MONTREAL**

MR. MCGILL TAKES KINGSTON GIRL AWAY WITH HIM.  
As His Bride—A Quiet House Wedding Deprives Her Home Town of Miss Margaret King—Many Good Wishes go With Her.

The home of Mr. and Mrs. J. George King, Alice street was the scene of a very pretty wedding, this morning, at half-past ten o'clock, when their daughter, Margaret King, was united in marriage to David McGill, of Montreal. Rev. T. W. Savary, vicar of St. James' church performed the ceremony. The bride, who was given away by her father, wore her traveling suit of dark green diagonal cloth, and blouse of cream crepe-de-chine, with front and collar of gold Turkish embroidery. She also wore a very becoming green velvet toque with touches of cloth of gold, and carried a shower bouquet of bridal roses and lilies-of-the-valley. Her only ornament was a pearl and turkoid necklace, the gift of the groom. The drawing room was effectively decorated for the occasion, with white and golden chrysanthemums and ferns, the fire place in front of which the ceremony took place being banked with flowers and evergreens. The wedding march was played by Miss Muriel King, sister of the bride. After the wedding breakfast Mr. and Mrs. McGill left for the west. On their return they will reside in Westmount. Among the beautiful presents received by the bride and groom were a handsome Crown Derby tea set, and a Limoges dinner set.

Mrs. George King, the mother of the bride was handsomely gowned in black silk, with cream-colored yoke and touch of heliotrope satin. Mrs. J. Grant McLellan, Brockville, sister of the groom, wore a blue shantung silk gown, trimmed with Persian chiffon and gossamer, blue panne velvet toque with plumes. Mrs. Francis King wore a handsome gown of black silk, with white lace yoke and ermine fur, black beaver hat with plumes. Mrs. E. H. Pense, Ottawa, sister of the bride, was becomingly gowned in violet silk, over white Duchesse silk, the bodice was trimmed with violet and gold embroidery, the yoke and cuffs were of rose point lace and the front panel was braided with rat tail braid and her ornaments were pearls and amethysts.

Miss Alice King wore mauve silk with mauve silk over dress, in which the bodice was trimmed with silver applique, and huckle fringe. Miss Muriel King wore a gown of old rose silk, with net and sequin trimming on bodice and skirt. Little Miss Margaret Pense, niece and namesake of the bride, looked very neat and dainty in a white embroidered orfanette frock with pink sash and ribbons.

**EVANGELISTIC SERVICES.**

Rev. H. D. Whitmore Spoke in Calgary on Conversion.

Last evening, Rev. H. Darcy Whitmore conducted the service at Calgary Congregational church, taking as his subject, "Conversion. The Need." Conversion is the foundation stone in the building of the Christian life. There must be a conscious acceptance of Christ. Without conversion and the new-birth (being born from above) there could not be the Kingdom of Heaven for any one. Why all truly converted persons it meant "old things were passed away, all things were become new." This new life in Christ Jesus was the only solution to the present day problems. It was because many did not experience this new life and therefore did not live it, made the problems more intense and gave the ungodly the excuse for their antagonistic attitude to the Christian life. If all the church members were converted people it would solve the problems of the church. They are hundreds in this city who do not know Christ as their personal Saviour. Conversion is not an old-fashioned idea. It is God's plan for man's salvation for all time, and for every age would be, the nearest most up-to-date necessity and personal experience. Rev. William Craig will conduct the service to-night, at eight o'clock, all are welcome.

**QUEEN'S AND MCGILL**

To Debate in Kingston on the First of December.

A Montreal despatch says: The first intercollegiate debate will take place this year between Queen's and McGill in Kingston, on Thursday, Dec. 1st. Messrs. A. K. Hughtson and H. McEwen represent McGill. The subject has not yet been chosen and Queen's have been asked to submit further topics. McGill has for the past two years debated first on their own floor. If they defeat Queen's in Kingston they must meet the winners of the Toronto-Ottawa debate for the championship of the intercollegiate union.

**To-night The Glasgow Choir.**

The world-famous Glasgow Select Choir has been so well known in the "old country" for the last thirty years, that it needs no word of commendation. We may enlighten our readers of the present generation, however, by the following extract from a Scottish contemporary (Dundee Advertiser): "Under the leadership of the conductor, the members showed the perfection of training and proved to demonstration the exceptional power of unaccompanied part-singing, to move the feelings of a mixed assemblage. Every shade of melody in the suggestive songs we brought out with vigor or tenderness, with humor or pathos, as the sentiment required; and the audience was moved to tears or laughter at the will of the piece. The Glasgow Select Choir has become almost a national institution." This celebrated choir's grand concert will be given in the Grand Opera House, to-night.

**A BIG Y. P. S. RALLY**

IN SYDENHAM STREET METHODIST LECTURE HALL.

The Affair Took the Form of a Banquet—Three Societies Had all Their Members Present and Received Banner Awards.

The quarterly rally of the Young People's Societies of Kingston was held in the Sunday school hall, of Sydenham street Methodist church last evening. The meeting took the form of a banquet, which is a new departure from the former order of things. Fully three hundred people, young and old sat down to the repast, at 6.45 o'clock. Each society furnished part of the refreshment. H. W. Newman, president of the union, in his opening remarks, paid special attention to the fact that this union was doing a great thing in bringing the denominations closer together than they had been. Judging from the large attendance, the speaker said that the interest in the work was not lagging and it seemed to him that the societies were entering into the spirit of the work with renewed vigor. Miss G. Mitchell and W. Mack sang "Rock of Ages."

**GENEROUS CONTRIBUTIONS.**

Are Asked for General Hospital Next Sunday.

Next Sunday, November 13th, is Hospital Sunday, in the city and county churches, and the governors hope for larger collections than were given last year, when the amount was, strange to say, \$166 less than in 1908. Last year the city churches contributed \$733.25, and the county \$1,980 came from the churches of the city and the county for this special annual collection, whereas the amount should not be less than \$2,000. Those who contribute are generally those who are giving to the hospital in many other ways. It is those who have contributed nothing in the past who should, especially in the county, remember that Hospital Sunday is on the 13th, and give whatever they can afford to this great charitable institution, which will always be in need, for it has no wealthy men to endow it. The larger its revenue, the more modern appliances it can purchase for the treatment of diseases. When it is pressed for funds, it is difficult to keep right abreast of the times, which, fortunately, and owing to the sacrifices of those who are wrapped up in hospital work, the Kingston General Hospital has been able to do.

**Can You Afford A Weak Link In the Life Chain?**  
If you are forced to admit that the Health Link is growing weaker, suppose you look carefully after the cause.  
Your own well-being and comfort may suggest determined effort to correct.  
Perhaps you will permit a suggestion based upon some wide experience.  
There is one particular thing which directly attacks the health of one in every three of the users.  
Its work is plain enough. Nerves, heart, stomach and other organs becoming more and more unbalanced, but the real cause is frequently unsuspected.  
To demonstrate the real facts as applied to yourself, and for your own satisfaction, it is suggested that coffee be absolutely discontinued for 10 days and observe the results.  
If you discover a stronger, better acting heart, steadier nerves and sounder sleep, it will be reasonably clear that your body is offering thanks for relief from the daily drug, caffeine—the base of coffee.  
When this destructive drug is discontinued, Nature starts to repair the damage.  
You will probably receive much benefit from simply leaving off coffee.  
Will greatly add to your comfort to have a good, hot-cup of well-made Postum each morning and Nature will repair much more rapidly, for Postum contains some elements from the wheat which Nature uses in rebuilding nerve tissue.
