### COUNCIL OF WOMEN

**DESIRES THE CURFEW BELL RE-ESTABLISHED.**

**Its Members Deplore the Fact That Children Roam the Streets at Night—It Also Favors an Institution for the Feeble Minded.**

The local council of the National Council of Women held its meeting in the court room of the city buildings, Wednesday afternoon. Those present were Mrs. Hugh Fraser, Miss Strange, Miss Roman, Mrs. Oberdorfer, Miss Maehar, Miss Muckleston, Mrs. Robin, Mrs. Swift, Mrs. Jordan, Mrs. Hugh Fraser, occupied the chair. The treasurer, Mrs. A. A. Jordan reported that the total receipts for the year were \$75.58 and the expenses were \$71.87, leaving a balance in the treasury of \$3.71. The letter from the Countess of Aberdeen expressing her regret at the death of the late Lady Edgar was read by Miss Muckleston, and was as follows:

"My Dear Lady Taylor:—Will you allow me to ask you to convey to the Canadian National Council of Women my most profound sympathy in the great loss they have sustained in the death of Lady Edgar. The news came to Lord Aberdeen and myself as a great shock, as we have so recently had the pleasure of entertaining her in the best of health and as I had only received a letter from her two days before. Lady Edgar united in a very remarkable degree those qualities of head and heart which go so far to constitute a leader, and those qualities were very strongly brought out last year during our International meetings and impressed our over-sea visitors. Her loss will be felt widely outside her large circle of friends and fellow workers, and I know what it will mean to you personally, dear Lady Taylor. Lord Aberdeen desires to associate himself with this expression of sorrow and sympathy with our dear Canadian friends. Our loss is her gain and it is a joy to think how swift was her passage home to ever affectionately label Aberdeen."

The question of the curfew bell which has been before the council before was brought up again by Miss Maehar. She said this question was before nearly every organization which met at the present time. It was a question that should not be dealt with lightly. Young people under age were on the streets at night after nine o'clock in the summer and eight o'clock in winter. Rev. E. W. Halpenny, who was here last week, spoke very strongly on this subject, and also did J. J. Kelso of the Children's Aid Society. The Children's Aid Society and the Y.W.C.A. are both ready to send petitions to the city council to have a curfew time for the children of the city to be on the street. It was decided after some discussion to drop the name of the curfew bell as this would undoubtedly kill the petition when it went before the council. Mrs. Oberdorfer said that she positively knew that the curfew bell was of no use, as she had known of cases where the children had hidden until after the bell had rung, and then had come out from their hiding places and rooms around the town. It was decided to hold an executive meeting during the second week of December for the purpose of dealing with the nomination of office bearers. The question of homes for feeble-minded people was also brought up and discussed quite freely. It was decided that the best thing to do was to be undulating in the efforts to establish a home for these people. It was shown that the number of feeble-minded people was increasing every year. This government had said that it could not endeavor to do anything in the way of help as it was handicapped for funds. Mrs. Oberdorfer and Miss Maehar, delegates from the local council to the recent conference held at Halifax, gave brief reports of the proceedings, there and discussed some of the subjects which were brought up. The lecture given by Prof. Sinclair Laird, of Queen's, at the residence of Mrs. Gill, Stuart street last Monday afternoon, was commented upon as containing some very helpful suggestions concerning medical inspection among the school children. "Face Chamois," Gibson's.

### CITY AND VICINITY.

Have Gone to Toronto.

W. W. Gibson and H. Aggrove left yesterday, on a trip to Toronto and Buffalo. They will return the end of the week.

Another for the Pen.

George Marsten, hailing from Woodstock, is one of the latest additions, at the penitentiary. He was given two years on three charges of burglary.

Which One?

Nobody has yet made a definite assertion as to the man who will be mayor for 1911. One vague guess is that next year's mayor will be one of these men: Couper, Graham, McCann, Rigney, McKay, Toye. Which one?

Nearing Christmas.

Just six weeks to Christmas now. The different stores are very busy these days, arranging the Yuletide goods. From now until the end of the year it will mean a rush for the clerks.

Fall on Two Holidays.

The civic nominations will take place on Monday, December 26th, which will be observed as a holiday on account of Christmas falling this year on a Sunday. The elections will be on Monday, January 2nd, also a holiday.

Left for London.

Dr. and Mrs. Ernest MacCallum, who have been visiting at Rev. D. MacCallum's, Alfred street, have left for Montreal. They expect to sail on the steamer Corsican for Liverpool, on Friday, and will spend the winter in London.

Shipments of Deer.

Several deer arrived in the city the past couple of days, from the hunting grounds. The railway companies have had a great deal to handle, but the rush is over. Several local butchers had the pleasure of carving up a deer for the hunter to distribute to his friends.

Collector Bump Died Suddenly.

Deputy Customs Collector Duane Bump, in charge of the Charlotte, N.Y. office, died suddenly, Tuesday, of acute indigestion. He was well known to vesselmen, and once ran across Capt. Simmons, of the schooner Accia for floating the same kind of fish in the harbor on July 4th.

Last of Work on Streets.

Work on the streets is about completed for this year. The last concrete walk has been laid, and men are at work at the last of the patching to be done on the Princess street roadway, spreading stone between Clergy and Barrie streets. The city's main business thoroughfare presents a greatly improved appearance, and will stand general traffic until it is decided to pave it.

"For His Children's Sake."

"For His Children's Sake," would be a proper heading for one case which Magistrate Farrell, had before him, in police court, yesterday. Reference was made in the Whig, to the man being allowed out on suspended sentence. He had been convicted of theft, but the fact that his wife was sick, in a hospital, and there was no person to look after his children led the magistrate to give him a chance.

City Property Committee.

There was no quorum for the city property committee meeting, yesterday afternoon. This committee's business for the year practically ended when the proposal to heat the north wing of the city buildings was shelved till next year, or until a report was secured as to the chance of securing enough waste steam from the light, heat and power plant to heat the whole city buildings.

Held an "At Home."

The Daughters of Rebeccah held a most enjoyable "At Home," at their rooms, in the Y.M.C.A. building, Wednesday evening. About one hundred and fifty people were present, and spent a most enjoyable time. There was dancing and card playing, and supper was also served. The ladies having charge of the affair are deserving of much praise for the way in which the arrangements were carried out.

**Royal Baking Powder**  
MAKES THE PERFECT  
**Hot Biscuit**  
Also Rolls and Muffins, Crusts and Cakes

Colored Spats, - - - 75c., \$1.00, \$1.25

We also carry a large range of Leggins for women and children at all prices.

## ABERNETHY'S

### MUCH DAMAGE DONE

**TO THE STEAMER BELLEVILLE IN RECENT ACCIDENT.**

She is in Dry Dock Here for Repairs—Several Plates Were Stove in and Ten Frames Rendered Useless.

After coaling at Swift's wharf, yesterday, the steamer Belleville went into the Kingston dry dock to ascertain the damage done to her when she ran aground near Deseronto last week. After the dock was drained and investigations were made it was found that the damage was more than at first thought. She struck on the right side of the hull about in the middle of the boat. Three or four plates were stove in and ten frames were rendered useless. She struck hard, and but for the fact that the pumps were kept working day and night, she would not have been able to make Kingston. It will take some time to repair her as a great number of rivets will have to be cut. If the plates were the only things damaged the work of repairing the hull would not be so difficult, but as it is the frames will all have to be removed. This will mean that she will probably be laid up for the remainder of the season. Work is being rushed as fast as possible on her, the men working until far into the night. The Belleville has been unfortunate this fall. About a month ago she ran aground near the Three Sisters Islands in a fog, and was on for a day and a night. She was released and put into the dry dock but the damage was slight, only a couple of plates being bent.

Marine Paragraphs.

The steamer Scout was in port, again, to-day. The steamer McKinstry passed down on Thursday morning. The steamer Rosedale passed up on Thursday morning.

The tug, Conson, of the M.T. Co., arrived from Montreal, with two barges and cleared for Oswego, with the barge Hamilton, to load coal. The steamer Dundee arrived from Fort William, and is discharging a cargo of oats, at Richardson's elevator. The cargo will be placed in the barge Burnah, from Garden Island, and will clear for Montreal. At Swift's wharf: Steamer Rosedale called on her way up and discharged considerable freight, steamer Dundee due to pass up today, steamer City of Montreal called on her way down this morning, steamer Aletha down and up to-day.

ECLIPSE OF THE MOON.

It Was Viewed by Many Citizens Wednesday Night.

There was a total eclipse of the moon, on Wednesday night, and it was viewed by a large number of citizens. The first contacts were very distinct and clear. The moon entered the shadow of the earth at 6 o'clock and the total eclipse was an hour later. When it passed out of the shadow, at 7:47 o'clock, it was very cloudy and the city light department had to turn on all the lights.

A New Chemical.

Dr. Alfred Stocker, of Rock Island, N.Y., is one of the first doctors to experiment with the new chemical known as typho-bacterin. He administered a quantity to a young man who had been seriously ill since September 16th and whose case had been pronounced hopeless. The chemical worked miraculously, the malignancy of fever abated, further doses completed the work and the patient is now getting well. The case and the cure have attracted wide attention.

At the Police Court.

Three tipplers came before the magistrate, in the police court, Thursday morning. Two were fined \$1 and costs, each, and the other was given his liberty, because of the fact that he had not been before the court in several years.

Arranged for a Tea.

There was a meeting of the Ladies' Auxiliary of the Hotel Dieu, on Wednesday afternoon, when arrangements were made for the holding of a tea at the home of Mrs. Peter Devlin, William street. The ladies have a large consignment of home-made goods on their hands for sale.

Has Gone to Ottawa.

Mrs. F. Fillion, of Laurier avenue west, has returned to Ottawa from Kingston, where she spent some time with her mother, Mrs. J. Chown, Deacon street.

Was a Success.

Ald. T. F. Harrison spoke at the meeting, last night, in the Y.M.C.A. building. There was a good attendance and all entered into the spirit of the meeting and helped to make it a success.

### THE ROAD RACE.

There Will be a Lively Time on Saturday.

Should the weather continue as at present the roads will be in excellent condition for the race, Saturday afternoon. The ground is frozen on the surface and should there be no rain, the runners will be able to make good time. Kerr should be able to break the record, established for the five miles. Those who are in a position to know are undecided in their opinion as to which one will win the race. Some are looking to Adams, the fleet Y.M.C.A. runner, to carry off the honors the way he did at the last race while others say that Kerr is sure to win. Kerr says he ran his hardest at the intercollegiate race, but those who watched him say he did not. Those who are interested in road races are anxiously awaiting the result as, they say, whoever wins will only do by a margin.

May Have a League.

There is strong talk of a hockey league among the members of the Y.M.C.A. this winter. If things materialize the way they are planned, it will be brought about. A senior, intermediate and junior league will be formed to play the greatest of Canadian sports. At the present time there are in the neighborhood of 500 members and from this number a strong league could be formed. The members are anxiously awaiting developments, as they are all eager to see the thing go through.

WILL NOT SPEAK.

Chief is Away and Not Anxious to Talk.

Chief Armstrong, formerly of Port Arthur, now of Kingston, is alleged to have been crowded out of his job at the former place, because he was not a drinker. "I am away from Port Arthur now, and do not care to discuss the matter." This was the statement given to the Whig, this morning, by Chief Armstrong, when asked about the report. The chief knew nothing about the affair until he received a copy of a Port Arthur paper, this morning, which had a report of a sermon delivered by a Methodist minister of that place, in which it was alleged that he had been forced to leave the town because he was not a drinker. The chief had no desire to enter into the controversy whatever.

HELD A FINE "SMOKER."

Pleasant Evening at Court Stanley, C.O.F.

The "smoker" held on Wednesday evening, by the members of Court Stanley, Canadian Order of Foresters, was a most enjoyable event. It was the second of a series of such affairs, which will be held during the winter season. It was a euchre party, as well as a "smoker," and several tables were filled with players, and the games created a great deal of interest. It is probable that the lodge will, in the near future, secure some euchre games with other lodges.

Funeral of a Child.

The funeral of Helen, the only child of Mr. and Mrs. R. Graham, Albert street, took place on Thursday morning from the family residence. The little girl, eleven years of age, succumbed to typhoid fever on Tuesday last. The circumstances surrounding the death of the only remaining child of Mr. and Mrs. Graham are particularly sad, as they suffered the loss of a younger child a little over a year ago. The service was conducted at the house by Rev. Mr. Neal.

St. Paul's High Tea.

The high tea given by the ladies of St. Paul's church was held in the school room of the church last evening. This affair is looked forward to as an event well worth attending. The tea was a success all the way through. From six o'clock till after eight o'clock the room was packed by those who patiently waited their turn at the tables. A good sum was realized from the enterprise.

Has Gone to Ottawa.

Mrs. F. Fillion, of Laurier avenue west, has returned to Ottawa from Kingston, where she spent some time with her mother, Mrs. J. Chown, Deacon street.

Was a Success.

Ald. T. F. Harrison spoke at the meeting, last night, in the Y.M.C.A. building. There was a good attendance and all entered into the spirit of the meeting and helped to make it a success.

### AFTER NEW SCHOOL

**AN EIGHT ROOM BUILDING NEAR VICTORIA PARK.**

Inspector Stuart Reported Need of More Accommodation—Board Will Not Ask for What It Wants, But What It Can Get Along With.

The board of education will have a special meeting on Friday night, to consider the recommendations of a joint committee—management and property—as to a new school. Inspector Stuart, in a carefully prepared report, showed the need of accommodation, more necessary than ever in view of the board of health's demand for sanitary improvements. The report will be published later, showing just what kind of schools are being utilized. The inspector reported twelve rooms as required, but the committee agreed that right would meet the urgent demand and a school of this size is recommended to be built in the vicinity of Victoria Park, in Rideau ward. The plan of a school somewhat like Frontenac school is suggested. The board is to be asked to authorize the engagement of an architect to make an estimate and when this is done the city council will be asked to provide needed funds. Members of the board were agreed that Victoria Park, the north-westerly part above Frontenac street, would make a fine site. The council will be asked for it, thus saving the purchase of a site. In 1904 the same site was proposed for a normal school.

WARDEN THOMSON'S LOSS.

Barns, Hay and Poultry Burned on Wednesday Afternoon.

Warden Jerome Thomson was called from the county council session, on Wednesday afternoon, to proceed to Sharbot Lake, where his farm buildings near there had suffered by fire. Two barns, 100 tons of hay and about 100 turkeys and other poultry, were consumed. The loss is about \$4,000, and the insurance is only \$1,000. The warden went out on the late afternoon train.

Window Fell on Her Hand.

An elderly lady who cleans the office of James Swift and Co., at the foot of Johnson street, was the victim of an unfortunate accident yesterday afternoon. She was engaged in cleaning one of the large windows at the rear of the office, when she lost her hold and the window fell on her hand, bruising some of her fingers considerably. Herbert Dick and Herbert Hare, purser of the Athol, rushed to her assistance and liberated her. As soon as her hand was released, the fingers began to swell and it was found necessary to cut the two rings on her hand to prevent stoppage of circulation. The injured hand was then dressed and the woman went home.

New Church at Verona.

The new Methodist church at Verona is nearing completion, and will be opened with a special service and a supper on November 29th. Arrangements are being made for a special excursion, and it is expected that quite a number from this city will attend.

The largest and best variety of dinner sets, shown in Canada. See them at Robertson Bros.
