DISTURBED HUSBAND

BY TELEPHONING HIM ALL HOURS OF NIGHT.

A Kansas City Man Arrested—He Loved the Other Fellow's Wife, and Sought to Worry Her Husband.

Kansas City, Mo., Nov. 18.—H. W. Porter, of No. 4,303 East Fifteenth street, a timber and sheet metal worker, is hopelessly in love. His love is especially hopeless, since the woman he loves is married to another, and moreover, loves her husband. Simple love is responsible for many strange and unaccountable actions, but here love is productive of even stranger, as Porter has proved.

Seven years ago Porter, then twenty years old, loved Mary Clemons, who lived near his home, in Jackson avenue. His work required that he leave the city, and while away he received word that Mary had married Gilbert A. Sharp, now a foreman of the Western Union Telegraph company. Porter did not come back at once. He went to Cedar Rapids, Iowa; then to New York and finally to Philadelphia. "All this time I stayed away from Kansas City because I loved the girl," Porter said. "I did not want to bother her in any way, so I did not come home. And nobody can say I ever bothered her," he added. "Even her husband will say that."

But Porter did bother the husband. Since Porter returned to Kansas City, about a year ago, Sharp never has been sure of an hour's sound sleep. At first Sharp considered it a joke, but it grew tiresome, and recently, by asking the telephone central to ring back immediately after a call, he found the telephone from which the person who called was talking. "Then Porter was arrested on a charge of disturbing the peace and confessed that he was the nocturnal disturber."

"I didn't have anything against Sharp personally—that is, I don't know him at all, and every one says he is a nice fellow. I guess there must be something to him or he would not have held his job for so long with the Western Union and have such a good one. But then I wanted to—oh, I don't know why I did it! I can't explain," Porter said. "I feel like having a public. Sharp said, after Porter was locked up, 'I will get a good night's sleep.' Mrs. Sharp had nothing to say about the case."

Rothsay, Nov. 19.—Much speculation was caused a few days ago when the Marchioness of Bute stated a notice asking the every woman of that name living in and belonging to the Island of Bute and Cumbray whose first name is Mary should send her full name and address to her.

No indication as to the purpose of the request was made, but there was a ready response. The names of the women were sent in. There was much gossip as to the intention of the marchioness, but during to-day and yesterday a circular in the following terms has been received by each of the "Marys" from Lady Bute: "Queen Mary's Coronation Gift—Preliminary Notice."

On the occasion of her coronation it is proposed that the Marys of the British Empire should offer a gift to Queen Mary either in the form of a personal ornament or in the form of a sum of money to be placed at the Queen's disposal. As it is intended to give all Marys who wish to do so an opportunity to join, any sum can be given from 1d to 1000. The gift will be limited to those who bear as their first name the name of Mary, Maria, May, or Marion.
