The Quickest, Simplest

Easily and Cheaply Made at Home. Saves You \$2. This recipe makes 16 ounces of cough

syrup—enough to last a family a long

time. You couldn't buy as much or as good cough syrup for \$2.50. Simple as it is, it gives almost in-stant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the

appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix 2 cups of granulated sugar with with one cup of warm water and stir for 2 minutes. Put 2½ ounces of Pinex (50 cents' worth) in a 16 oz. bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

A guarantee of absolute satisfaction, or money promptly refunded, goes inex or will get it for you. If no

# Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match in the morning, when you get out of

bed, and you have heat while you dress. Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off.

The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temperary heat with an oil heater, and then turn it off. The

is invaluable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the font.

It has an automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

The burner body or gallery cannot become wedged, and can be quickly unscrewed for rewicking. Finished in japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the The Queen City Oil Company,
