SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness, and yet the human hair is equally as soft and glossy when healthy, and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that sap the vitality of the hair at its root. Newbro's Herpolde is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpolde.

Sold by leading druggists. Send 10c in stamp for sample to The Herpolde Co., Detroit, Mich. 51 bottle guarantee. Jas. B. McLeod, druggist, special agent, Kingston, Ont.

**LETTERS TO THE EDITOR.**  
Why There Is so Much Profane Language Used.

Halifax, Nov. 28.—(To the Editor) Owing to the extensive use of profane and blasphemous language having become so common recently amongst people in all walks of life, many people have been trying to solve the problem, and this should be in our advanced stages of civilization. Some time ago I received an explanation coming from Prof. Thomas R. Lumsden, which is as follows:

"Profanity is a brain test. The brain is in correspondence with the general laws governing humanity. To a very great extent the practice of swearing is especially characteristic of a rude and imperfect civilization. With the advance of culture, profligacy declines. It declines not so much because men become peculiarly sensitive to its viciousness, but they do to its ineffectiveness. The growth of man both in the individual and in the community gives greater worth. Much must always be allowed in the case of particular persons for the influence of early training and association. Exceptions are, however, too numerous to lay down any positive rule; still, it is safe to say, in general, that a man's intellectual development is largely determined by the extent of his indulgence in profanity."

I fully endorse the professor's remarks as to profanity being a brain test, and that it can show a mental weakness amongst those who allow themselves to fall into the habit, but I beg to differ with him as to the possibility of its diminishing with modern culture and education, which has fully been demonstrated.

In the past, there is no time in one's history where the opportunity was greater for education and culture, and where we should be at the height of perfection in this respect. And if this should be the mark of the decrease of profanity, it should be a lost chord in our present age, but on the other hand there is no period of our advanced civilization or could there be, even in the dark ages, where the use of profanity and bad language has existed to any greater extent than at the present time, and as to its being checked among the youths in their early training, this seems to be impossible under the present conditions, where it has become permeated amongst the parents, even in their own homes, and where the children cannot avoid learning it before they leave the cradle. What is needed is to start in our schools and colleges an education of clean speech, and respect for reverence, which is fast being driven out by blasphemous and filthy language, and to assist this the laws of the land that exist throughout the country, and which were made to protect us against blasphemy and other forms of low language, should be vigorously enforced.—GEORGE WRIGHT.

WAS THIS A JOKE?

Man Marched Part Way to Wedding in Barrel.

Denver, Colo., Dec. 1.—Stripped of all but his underwear and hose, and fastened into a barrel, with his head and feet only visible, John R. Lawhead was marched along an arched street, and the police arrested him. While this was going on Lawhead's fiance, Fila Bent, was waiting for him to appear and be married. When released, and dressed Lawhead found his infatuated in tears and it took some time to restore her confidence in him. Then they were married.

BREACH OF PROMISE.

Girl Alleges Man Took Life to Avoid Matrimony.

Louisville, Ky., Dec. 1.—The suit filed against the estate of J. O. Spies by Miss Louise Osterman for breach of promise, alleging that he had committed suicide three days prior to their wedding rather than marry her, may cause the death of Mrs. Elizabeth Spies, the aged mother of the dead man. As a result of the shock she is under the care of a physician. Mrs. Spies is seventy-five years of age.

One-seventh World's Output.

Cobalt, Nov. 30.—That Cobalt is still the greatest mining camp in the world is due to the fact that it now produces one-seventh of the total world's output of silver. For the year 1910 this means upwards of \$12,000,000. The total dividends paid in the last six years on Cobalt stocks were \$17,249,512, and it is estimated that another million will be paid by January 1st next.

All Kinds of Sports.

Ottawa rugby club claims Lajoie and Lawson for 1911.

Georges Hackenschmidt made quick work of Roy O'More, the Irish giant, at Hamilton.

Who will collect the gate receipts, the players or the management? That is the question that is troubling eastern pro-hockey circles.

There will not likely be any Stanley cup games this year, as there is only one real pro. hockey league in the country.

Toronto St. Michael's hockey team plays Harvard at Boston Christmas and New York A.C., at New York. A game in Montreal is also likely.

Toronto Star: No doubt about it, "Channer" Elliott performed the wisestfeat of his career when he turned down offers to join the Tiger coaching staff.

The Minneapolis Baseball Club of the American Association has announced the purchase of Pitcher Rube Waddell from the St. Louis American League Club. Waddell played with Newark this year, but was returned to St. Louis at the end of the season.

"Bartling" Nelson battled once too often, and as a consequence he had the melancholy experience of seeing his lightweight championship vanish into thin air, and his name written on the pension roll of the "has-beens."

Holmer, of Quebec, and Queen, of Alexandria Bay, representing the United States, won the international relay race at New York. Meadows and Wood quit in the second mile, and Shashly and Wood (England) dropped out in the fourteenth.

In the United States they are gradually adopting the Canadian style of game. Harvard and Michigan have been the only teams to break away from the old mode of play under the new rules to any extent, but their success will drive the others to it.

It is estimated that nearly \$50,000

has been spent on the game.

FREE PACKAGE COUPON.

Pyramid Drug Company,

263 Pyramid Bldg., Marshall,

Mich. Kindly send me a sample of

Pyramid Pile Cure, at once, by

mail. FREE in plain wrapper.

Name \_\_\_\_\_

Street \_\_\_\_\_

**THE SPORT REVIEW**

QUEEN'S WILL HAVE GOOD

RUGBY COACH NEXT FALL.

Presbyterians Have the Material, But Lack the Tactics—What the Varsity Hockey Club Demands.

It has practically been decided by the rugby executive of Queen's that a capable coach must be secured for next season. Queen's had a championship team this season, a fourteen that was fully the equal of Varsity, individually, and in some respects better, but they lacked the proper training, that Queen's was not far from Varsity's form, was proven in the last game of the intercollegiate schedule here on November 12th, when the Toronto team just managed to win by two points.

Detroit's new artificial ice rink will be 213 feet long and 90 wide, the largest rink in America. The parallel lines of pipe, if extended, would reach 40,000 feet. A grand stand will be erected, work having started last week. The rink will be opened early in December.

Toronto Globes: The University of Toronto did not have as strong an attack this year as last. This season they made 152 points to forty against them, while last fall the collegians scored 223 to 42. The defence work was thus almost equal, with the offence much stronger in results last year.

ATTACK ON TOLSTOI'S FRIEND.

Breaking Up Home and Causing Tolstoi's Death.

St. Petersburg, Nov. 30.—Count Leo Tolstoi publishes a bitter denunciation of Count Tschertkoff, the intimate friend and literary agent of the late Count Tolstoi.

The son declares that Tschertkoff was the worst enemy that his father had in all educated Russia and the civilized world, and that he was directly guilty of the tragedy of Yasnaya Poliana.

"The malign influence of Tschertkoff," writes Count Leo, "caused the premature death of my father, his continual suffering, and the separation from his family."

But for his literary agent, the son adds, his father would have lived for many years peacefully at Yasnaya Poliana with the family who loved him and whom he loved so devotedly. The arrival of Tschertkoff was the beginning of the end.

McGill vs. Queen's: The malice of the Varsity's rugby executive will likely meet before the end of the week to appoint representatives to the annual meeting of the Intercollegiate Rugby Union to decide the coach question.

McGill vs. Varsity, at Kingston, is to be held in Toronto on the 10th. Prof. J. F. Macdonald, of Queen's, is the president of this union.

It will likely take up the coach question as well. This matter has already been broached, and the executive has come to the conclusion that it must get a coach if Queen's is not to continue finishing second and third in the union schedule.

Varsity's Hockey Demands.

The principal amendment of the present intercollegiate hockey constitution demanded by Varsity is the addition of a clause which shall specifically provide for all possible contingencies in the case of a simple or three-cornered tie.

A—In the event of a three-cornered tie between the three clubs of the eastern section a bye shall be drawn by the executive within forty-eight hours of the declaration of the tie.

B—The time and place of every possible game or games resulting from such a tie (simple or three-cornered) shall be thus definitely fixed:

—(a) McGill vs. Varsity, at Kingston, unless otherwise mutually agreed upon.

(b) McGill vs. Queen's, at Ottawa, unless otherwise mutually agreed upon.

(c) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(d) McGill vs. Queen's, at Ottawa, unless otherwise mutually agreed upon.

(e) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(f) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(g) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(h) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(i) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(j) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(k) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(l) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(m) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(n) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(o) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(p) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(q) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(r) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(s) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(t) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(u) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.

(v) McGill vs. Queen's, at Peterborough, unless otherwise mutually agreed upon.

(w) Queen's vs. Varsity, at Peterborough, unless otherwise mutually agreed upon.
