REQUIRE MORE LAND
FOR IRON SMELTER OPERATIONS IN KINGSTON.

Directors of Ontario Exploration Syndicate to Meet Civic Committee on Monday Evening—Have Gone Out to the Wilbur Mines.

Three directors of the Ontario Exploration Syndicate, which is developing the iron mines at Wilbur, in Frontenac county, had an interview on Friday afternoon with Ald. McCann, chairman of the civic industries committee, in regard to a request they recently made of the city council for land for shipping and smelting purposes, and for the deepening of the lower harbor and the widening of the Cataract bridge. The directors are: Dr. Albert Freeman, and W. J. Morton, New York; and J. B. Hanna, of Cleveland, Ohio, who left at noon, Saturday for the mines, and will return on Monday to meet the civic finance and industries committees in the evening.

The directors say that they are anxious to proceed with the erection of an immense pier at the city smelter site, a portion of which is to be granted to them. They want about two more acres of land, owners in the vicinity want too much for their property, and the company does not feel like paying what they ask. They are now requesting the city to grant them the additional land they require, and this matter will be discussed on Monday evening at a conference of civic and company representatives. It will be necessary to get the required land from the Lead Smelter company, but it is thought an arrangement can be made with the latter, whereby the Wilbur mines people will be served. As to the deepening of the harbor, this can be easily arranged, as the lower end of the harbor has sooner or later to receive attention, and it is likely that dredges will be at work there in the spring. Within the next couple of years, it is expected that a new Cataract bridge will be commenced, but in the meantime, if absolutely necessary, the draw bridge could be enlarged. The directors of the exploration syndicate offer to indemnify the city against any loss, should it not proceed with the pier and smelter.

TENDERED A GIFT.
Ald. McCann Given a Silver-mounted Cane.

There was a large attendance at the meeting of Companion Court Frontenac, I.O.F., last evening, when Ald. McCann, high treasurer, was presented with a beautiful silver-mounted cane, engraved. The presentation was made by Companion Murray, in a few well-chosen words, expressing their appreciation of the work of Mr. McCann and the interest he had taken in this, the banner court of Eastern Ontario.

Pro. McCann thanked the companions for the gift which he would prize very highly, and said it was always a pleasure to assist the companions in their good work. He was glad to see the harmony and good feeling which existed between the companions and the brethren of the subordinate courts. The meetings of the latter were made more interesting by the presence of the companions, and he hoped that the exchange of visits would continue.

The officers of the several city courts will have a joint installation on Monday, the 16th, at 8.30, in the court room, which will be open to friends of members, when it is expected the high chief ranger will preside.

MARRIED ON THURSDAY.
Miss Murray Becomes Bride of Dr. Lorenz.

On Thursday, Jan. 5th, a quiet wedding took place at the home of Dr. W. L. Goodwin, Alice street, when Margaret Kate, youngest daughter of the late Rev. William Murray, of Jamaica, was united in marriage to Dr. Charles F. Lorenz, of Cleveland, Ohio. The ceremony was performed by Rev. Dr. Macgillivray, of Chalmers church. The bride, who was given away by her brother-in-law, Dr. Goodwin, wore a brown broadcloth traveling suit, with mink toque and furs, and carried a bouquet of bridal roses and lilies of the valley. The bridesmaid, Miss Edith Goodwin, wore a becoming gown of ashes of roses, with black velvet hat, and carried pink roses. The groom was assisted by J. K. Robertson, of Perth. The bridal chorus, from "Lohengrin," and Mendelssohn's wedding march were beautifully played by little Miss Alice Goodwin, niece of the bride. After the wedding breakfast Dr. and Mrs. Lorenz left by the noon train for Toronto and points west.

LABOR IN THE WEST.
Report Says That Conditions Are Brisk.

According to the report given in labor circles, labor conditions are very brisk in the west. John Flett, organizer for the International Trades Union, has returned from an extended trip to the west, and he reports to the labor men that such is the case.

This information has been received with much delight by the men in local labor circles.

In his report, Mr. Flett says that western workers are more enthusiastic over labor unionism than even the people of the east, and one fact which goes to substantiate this is that while he was in the west, Mr. Flett had the pleasure of organizing thirty-five new unions.

Mr. Flett says that the labor demand is greater out in the west, although the wages are not so much higher, when the added cost of living is considered. He states that organized labor is making a movement to co-operate with the grain growers of the west.

Yesterday afternoon, the two lads taken in charge by the police, one being found guilty of forgery and the other of theft, were removed to the county jail. It is very seldom that the county jail has had such youthful prisoners. The magistrate remanded them until Monday, in order that he might have time to consider their case. It may be that they will each be given a term in a reformatory.

COLLEGIATE "AT HOME"
Was Held on Friday Evening and Was a Happy Event.

The students of the Kingston Collegiate Institute were "at home" to their friends in the institute building last evening, and the affair was one of unusual success from every standpoint. The patronesses were Mrs. W. S. Ellis, Mrs. E. O. Sitter, Mrs. W. R. Sills, Miss E. Henstridge, Miss A. Chown. The affair was in charge of E. O. Sitter, principal, who saw that everything passed off in good order.

The concert for those who did not care to dance was held in the second part of the building and the programme was as follows: Vocal solo, Miss Marie Dewey; piano solo, Miss Mamie Tierney; vocal solo, Miss Jessie Reid; piano solo, R. L. Chase; vocal solo, Harold Angrove; piano solo, Herbert Tremer; vocal solo, G. B. McCallum; quartette, Messrs. Mack, Armstrong, Harold and Harvey Angrove; vocal solo, A. Boscroft; duet, William Mack and Noble Armstrong. While the concert was going on in the main building, dancing was being indulged in in the new gymnasium. Music was furnished by McAuley's orchestra, which was very much enjoyed. Dancing started at 7.30, and continued until about midnight. Refreshments were served on the first floor of the building by Caterer Marshall Reid, who served the dainty repast in his usual able manner. The happy gathering broke up about twelve o'clock.

A NEW YEAR'S STORY.
The Portsmouth Philosopher Tells a New One.

The Portsmouth philosopher has started the new year well. All last year he was out with his witty sayings, but this year he has started in the story-telling line. He got off a new one, the other afternoon, while some of the residents of Hatter's Bay were talking about elections. Here is what he perpetrated:

He was walking down the street the other day, when he met a young colored chap, who was formerly in his employ.

"Good morning, Mr. —," said the colored gentleman.

"Good morning," replied our friend, the philosopher.

"Would you do me a favor," the colored man asked.

"I'm just out of money," replied the man from Hatter's Bay.

"Excuse me," was the reply of the colored man. "I did not mean money. I would like to get a bottle of medicine. I have lots of money now. I am in the mining business."

"What kind of mining?" the philosopher was moved to ask.

"Kalsomining," remarked the colored man, with a broad grin.

IN HOCKEY CIRCLES.
The Dippers Were Defeated at Deseronto.

The Dipper hockey club, of this city, was defeated at Deseronto, last evening. The Deseronto team consists of big husky men, and simply put the local boys to the boards or took them off their feet whenever they had the audacity to check them. The game there was played on an open air rink and that made a great deal of difference to the local boys. The score, 5 to 3, in favor of the Deseronto boys, showed the closeness of the game. "Lunker" Walsh, of Kingston, refereed in a manner quite satisfactory to all. It is expected that there will be a return game here some evening next week, when the local boys hope to put the Deseronto team in the background. The Deserontos have two Indians on its line-up and these copper-colored boys showed that they could play hockey as well as run. Secretaries Crawford and Manager Trotter accompanied the local team.

Granites Go to Gananoque.
The senior Granites will go down to Gananoque this evening to clash with the Gananoque Canoe Club in a game on the new open air rink there. The line-up for the Granites will be: Cook, goal; Hughes, point; Casterton, cover; Pound, rover; Muekler, center; Robinson and Shultz, wings.

Regiopols Practice.
The Regiopols had a practice at the Stadium rink last evening from seven o'clock to eight. The youngsters are acquiring lots of speed and are showing up well.

Basketball Default.
Teams captained by Holland and Pense were to have played in the finals in the Y.M.C.A. Basketball League last evening, but Holland was unable to get his team together, so the game was defaulted to Pense. Pense is now tied for the championship with the winners of the game next Monday evening between Gillespie and Boaprey.

Junior Frontenacs Played.
The Junior Frontenacs do not seem to be paying much attention to the edict which was issued by the club yesterday to the effect that they were not to play with any other team or in any other league except the O.H.A. A number of them played with the Dipper hockey club last night in Deseronto. While playing with these local teams they are liable to be disabled, owing to the rough play and this might put them out of business for the league games.

Juvenile Hockey Games.
In the juvenile hockey series, Saturday morning, the Midgets, of Kingston, defeated the Tuslers, of Portsmouth, by 6 to 1. Y.M.C.A. Boy Scouts defeated Y.M.C.A. junior team, 3 to 1. Both were lively games. B. R. Reilly was referee.

At the Palace rink on Saturday morning, the results of the two senior games in the senior juvenile series were: Thistles defeated Regiopols, 2 to 2, and Tecumseh defeated Y.M.C.A. "Johnny" Gratton refereed both games.

Betrothals in Germany.
In Germany an elaborate method of announcing the betrothal practically puts an end to all breach of promise cases. As soon as a couple become engaged the pair visit the town hall and declare their willingness to marry and sign, with witnesses, a series of documents which render a change of mind on the man's part practically out of the question. When either party wishes to withdraw from this agreement the pair again visit the town hall and additional documents are formally signed, witnessed, and sealed. The authorities then determine the question of compensation for injured feelings, etc.

Portsmouth Wants Wardenship.
Portsmouth is not satisfied with having a penitentiary warden; it thinks it should also have the Frontenac county warden, and nominates Beave Baiden for the job. It is thirty-seven years since Portsmouth gave the county warden. In 1872, the late William Mudie, the grandfather of W. B. Mudie, barrister, of this city, represented Portsmouth in the county council and was chosen warden after a service as councillor for seven years.

Garbage Collection.
The question of a garbage collection system is going to be a live one this year, and Ald. Toye has been asked to take the chairmanship of the committee, and may do so. This question is of far greater importance to the housewives than good roads and street lighting, and Ald. Toye would be the right man to handle the matter, as he has made a study of it in western cities.
