Don't Neglect Insurance

Don't put off taking out a fire insurance policy. Don't say "I'll get insured next month." Do it now! The fire risk is great in this country; much greater, owing to careless methods of building and inadequate fire protection, than it is in most European countries.

HELD A CONFERENCE

REGARDING THE WATER SUPPLY FOR THE CITY.

While New Intake Pipe is Being Laid—Members Queen's Medical Faculty Met Board of Health and Water Commissioners—Committee Still Open for Suggestions.

The following were present at the conference: From waterworks committee, Ald. Carson, (chairman) Armstrong, Hanley and Ross; board of health, Alds. Bailey, (chairman); J. B. McLeod, A. Strachan, Messrs. Taylor and Knapp and Mayor Graham. Also Superintendent Hewitt of the waterworks department, John Donnelly and consulting engineer R. Carr-Harris.

Mayor Graham was moved to the chair, and afterwards explained the reason for the calling of the meeting, pointing out that Ald. Carson, the chairman of the waterworks committee, had received a letter from the medical faculty, asking for a conference with the waterworks committee and the board of health.

The question was then raised as to whether the committee had a consulting engineer, and Ald. Carson then introduced Mr. Carr-Harris.

Dr. Eberington stated that the presbytery has a right to take a vote on the question of church union, at the meeting called for January 19th. A local member of the presbytery, speaking to the Whig, to-day, gave it as his opinion, that the secretary was wrong on this point.

There were to have been some matches in the series for the ladies at the rink, this morning, but owing to the poor ice, they had to be postponed.

HOCKEY AND CURLING.

Frontenac Hockey Executive Changes Its Orders.

The Frontenac executive held a short session to-day when it was decided that in order to give the managers of City League teams an opportunity to look for other players, the rule which was recently passed, requesting the Frontenacs not to play with City League games, would be suspended during this present week, but will be thoroughly enforced after that period.

Consequently after this week Frontenac players must play O. H. A. games only and get in shape for the big struggles that are bound to follow rapidly. Belleville will be here on Wednesday next, and the boys will have to go some to hold them down.

Nothing has been heard from either Waterdown or Cape Vincent, N.Y., regarding the proposed basketball games with Moore's garage of this city.

There will have to be something done shortly in the City League schedule with regard to the dropping out of the Wellingtons. The schedule will either have to be drawn up again unless some other team can be found to fill its place.

As a result of the soft weather, only one game was played in the local series, at the curling rink, on Wednesday. This game was played in the afternoon, when Skip Goodwin defeated Skip Sills, by a good score.

There were to have been some matches in the series for the ladies at the rink, this morning, but owing to the poor ice, they had to be postponed.

Re Vote on Church Union. The secretary of the Kingston presbytery, as it is reported, states that the presbytery has a right to take a vote on the question of church union, at the meeting called for January 19th.

There will be a meeting of the license commissioners, to-night, for the purpose of transferring the license of the Grimason hotel, Princess street, now conducted by the Marshall estate, to Messrs. Patrick Driscoll and John Mulville.
