Real Estate Is Active

We are in receipt of many inquiries regarding medium-priced lots in good neighborhoods, for building purposes, also for small improved properties.

Our prediction is that more persons will build and buy homes in Kingston this year than in any previous one in the city's history.

ASSISTANT SUPERINTENDENT.

A New Position for Capt. E. A. Booth.

A despatch from Toronto, this morning, stated that Capt. E. A. Booth, of the steamer Kingston, of the R. & O. line, had been appointed as an assistant to the superintendent, with headquarters at Toronto.

Capt. Booth is at his home, in this city, and when interviewed by the Whig, stated that he had received notification of his appointment. He pointed out, however, that the new position would only occupy his attention during the winter months, and that he would be in command of the steamer Kingston, as usual, during the months the vessel is in commission.

This will necessitate his removal to Toronto, and while his many friends regret that he will be obliged to take up his residence in the Queen City, they will be glad to learn of his advancement.

Capt. Booth has been with the R. & O. company for twelve years, and is one of the company's best men. Up till a year ago he was in command of the steamer Toronto.

The C.O.C.F. Installation. The installation of the officers-elect for 1911 of Council Nos. 20 and 217, C.O.C.F., will take place this evening. The installing officers will be Dr. J. H. Bell, grand medical examiner, W. F. Campbell, grand organizer, and W. F. Montague, grand recorder, all of Hamilton. After council meeting the grand officers will be given a supper at King's restaurant.

For the Third Time. For his third time, a Kingstonian was today placed on Inspector Wright's "prohibited list." This goes to show that some people believe that the list renders good service, even though some are of the opinion that it does not work out well.

Hotel Transfer. The board of license commissioners met last night, when the license of the Grimsom hotel was transferred from the Marshall estate, to Messrs. Driscoll and Mulville. This was the only business before the commissioners.

Fifteen Years In One Family

No Better Recommendation For the Medicinal Virtue of Warner's Safe Cure Could be Asked Than This.

"I wish to say that your remedies have been used in our family for about fifteen years. We are never without a bottle of Warner's Safe Cure in our house and it has saved us many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys, and liver. Florence E. Schmidt, R. F. D. No. 1, Dunkirk, O."

There is no case of kidney, liver, or bladder trouble that Warner's Safe Cure will not relieve almost immediately, and if you have pains in the back or other symptoms of kidney disease, you should lose no time in getting a bottle of Warner's Safe Cure and begin taking it as prescribed.

Warner's Safe Cure is made from the fresh juices of plants and medicinal roots, gathered at the proper season in various quarters of the globe. Made skillfully in pharmacy and chemistry compound. It is pleasant to the taste and agreeable to the most sensitive stomach. It is put up in 50c and \$1.00 sizes and sold by all druggists.

Warner's Safe Pills, purely vegetable sugar coated, absolutely free from injurious substances, a perfect laxative, for indigestion, biliousness, torpid liver and constipation. They do not grip or leave any bad after effects. 25 cents a package.

To convince every sufferer from disease of the kidneys and liver that WARNER'S SAFE CURE will absolutely cure, a sample bottle and a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, postpaid, to any one who will write WARNER'S SAFE CURE CO., Toronto, Ont., and mention having seen this liberal offer in the Kingston British Whig. The genuineness of this offer is fully guaranteed by the publisher.

HON. FRANK OLIVER

SPOKE AT QUEEN'S WESTERN STUDENTS' DINNER.

Now is the Time, He Said, That the West Needs Help—He Made an Appeal to Western Men Whose Heart Was in the West.

Seventy sturdy students members of the Queen's University Western Association sat down to their second annual banquet, in King's Cafe, Thursday evening. An able executive was responsible for the splendid success of the function, which was declared by all as being the best yet. The tables were sumptuously spread and artistically arranged. With President Wallace at the head of honor, sat Hon. Frank Oliver, minister of the interior, Principal Gordon, Prof. Dyke, Rev. A. Gordon, Prof. W. C. Baker and Dean J. C. Connell.

The toast to the king was ably offered by the president, J. F. MacLeod, proposed the health of "The West," to which proposal Prof. Dyke replied fittingly. "An official of the C.P.R.," said the speaker, "claims that the West is wheat mad." This spirit we could perhaps best define as materialism, but I wish to point out that it is a phase of our life everywhere. We all have our materialism. The people of Ontario are mineral mad as much as the westerners are wheat mad. Whatever allegations may be made against the man from the

best possible equipment for the fight that you are to take up. "The attractions of the west are not the prairies, nor the blue sky, nor the abundant sunshine, but the sense of opportunity, this is the difference between the west and the east. Here we feel the lack of opportunity; there we feel the abundance of it. The attraction does not exist because of the climate or the soil, but because the west is in the process of development. It will not last for ever, now is the time we need the help of the best men in Canada. I appeal especially for our own men whose heart is there, who form a part of the west, a part of Canada and a part of the empire."

G. N. Urie entertainingly introduced toast to "The University," to which Principal Gordon replied, and was listened to with intense interest. "The Association" was offered by Prof. W. C. Baker, and replied to by Dean Connell. "Sister Institutions," by Mr. McLeod, and responded to by representatives from McGill and Varsity.

DR. MacGILLIVRAY SPOKE At the Revival Service on Thursday Evening.

The keen frost following suddenly the wet, slushy spell of Wednesday, made treacherous walking last night. Notwithstanding there was a fair attendance in Queen Street Methodist church for the revival service. Rev. Dr. Macgillivray was the speaker. Rev. Dr. Byckman and Mr. Jones conducted the devotional exercises, and Rev. Mr. Neal had charge of the after-meeting.

Dr. Macgillivray took I Corinthians 1:30 for basis of address. For a lost world what was needed? Christ from God, made for men wisdom and righteousness and sanctification and redemption. What a wonder that sentence was, with its great outraging vistas, covering all time and all human interests. There was wisdom to be found in Christ to answer all the deepest questions of the human spirit, knowledge of fullest, freest, fairest character. There was righteousness, the ideal morality, the highest, the lifting and consistency, bathed from base to summit in the sunlight of God. There was sanctification, the progressive development of spiritual-mindedness from strength to strength and from character to character. Not a narrow technical thing that could be compressed within a definition or a day, but something seeking to be narrow as the divine righteousness and broad and pure as the redemption, a spiritual renovation, the rescue of the stricken heart from sin for noble service, and happiness here, and for the inheritance of the saints in light, by the faith that is in Christ Jesus. These four wonderful ideas, like four great torches burn at the corners of all human needs and all divine bestowments. There is nothing else by which sinful men can be saved, and there is enough for every man, enough for all, enough for ever more.

This evening, Mr. Rice will speak, and close the series of services.

Entertained the Choir. On Thursday evening, at their home, "Edgehill," King street west, Dr. and Mrs. A. P. Chown entertained eight members of the choir of St. Stephen's Methodist church. The first part of the evening was spent in frolicsome down the natural slide in front of the house, after which all repaired to the house where supper was indulged in. After the supper a concert was given by members of the choir. A very pleasant evening was spent and the choristers trooped home at a late hour voting the genial doctor and his wife the best of entertainers.

CASE OF YOUNG MAN. Stated He Has Been Given Every Assistance. In regard to the case of the young man, who was in the police court, for vagrancy, to which reference was made in the Whig, it is stated that his relatives have been doing all that was possible to help him, but that he refuses to help himself. The young man has a pitiable story, but it is alleged that although he has been ill, he is in a position to care for himself, that he has been given a great deal of financial assistance, but that he will not strive to get along, and that his relatives are, therefore, unable to help him. His love for strong drink, it is claimed, is one great trouble, while another is that he is not at all fond of work. His case, it is claimed, may look bad to a person who does not know the circumstances, but that when it is known just what has been done to help the young man to get along, his relative cannot be blamed. The young man has a union card, and it is stated that he has been going the rounds seeking help from members of the unions. It has been decided to have the young man examined as to his condition. He will probably be placed in an institution.
