WINNIPEG VICE REPORT

Judge Robson Reports Upon His Findings. Winnipeg, Jan. 15.—Judge Robson's muck-raked report on the Shearer charges was given to the public today, and the findings are as follows: (1) That the charges of vice in Winnipeg as appearing in the Toronto newspapers, are not true; (2) That since the adoption of the segregation policy, by the police, in 1909, there has been no attempt to restrict the extension of the district, and the number of houses in the district increased from twenty-nine to fifty; (3) That there has been a lot of illicit liquor selling; (4) That the above conditions were not brought about by any corruption of the police and that habitues do not pay for police protection.

QUEEN'S IN OVERTIME

DEFEATED VARSITY IN FAST GAME BY 4 TO 3.

The Game Was One of the Liveliest Ever Seen Here—At Full Time the Teams Were Tied—Grey George Scored Winning Goal.

The colors of Queen's College, are floating once again. At the covered rink, Friday evening, it was obviously demonstrated that Varsity is no longer invincible. With the inspiring Scotch slogan on the lips of every student, and a roar of enthusiasm pouring from the throats of 1,500 spectators, keyed to the top notch of excitement, Queen's went in with a splendid determination, and won the initial contest in the intercollegiate hockey series by defeating Toronto University 4 goals to 3.

It was seventy minutes of the most strenuous hockey ever seen on the local ice. From start to finish both teams travelled at a pace nothing short of the terrific. The ice was anything but satisfactory; in spots slushy, in places shelly, and generally pretty much punk. The action of the puck was decidedly sluggish and as a result the style of play resorted to was generally individual. In this style of play, Queen's easily outclassed their opponents, each player is an expert in handling the hokkey. The frequent catarysms of speed displayed by Trimble, Dobson and the Georges, justifies the describing of them as the aviators of the ice. Time after time these players, altogether, unaided, would carry the puck from one extremity of the enclosure to the other, their plans for a score alone being frustrated by Parker, the Varsity goal tender, who has in the opinion of the traditional cucumber, with the Presbyterian's scowling his citadel like so many Trojans, he would brush their shots aside like so many flies. Three times did the wingers of the blue and white enjoy a lead of one goal and as many times did the local students tie the score.

In the early stages of the game Queen's forward line did not seem to get going, while their opponents were working with the precision of clockwork. During the first eighteen minutes, Gilbert was working overtime. He saved shots which had every appearance of being sure counters. Finally McSloy, the speedy Varsity forward, sent a sizzler past the Varsity initial goal. The adverse situation seemed to stimulate the local lads, and the fond hopes of the spectators were realized when George brothers, by one of the few dazzling combination plays, carried the puck to the Varsity goal and Greg George had the honor of tying the score for the first time, Queen's, 1; Varsity, 1.

From this stage on until a few minutes before the conclusion of the period, Queen's had the better of the play, then they seemed to lag slightly, and McSloy, on a freak side shot, put his team again in the lead, Varsity, 2; Queen's, 1.

After eight minutes play in the second half, Basil George wormed the puck up the ice, and, after a scrimmage in front of Varsity goal, evaded matters for the second time, Queen's, 3; Varsity, 2.

With the locals playing six men against seven, Strome found the nets for a tally, Varsity, 3; Queen's, 2. Queen's were now commencing to show the benefits derived from consistent training and were travelling far faster than the Toronto seven. Greg George took a long shot and the score was even: Varsity, 3; Queen's, 3. The going three minutes later announced full time.

It was decided to play two extra five-minute periods. The first one was a hummer, after giving Parker about the busiest five minutes of his life. McKinnon and Greg George worked the puck up the ice and Greg, notched the winning goal, Queen's, 4; Varsity, 3. In the last period it was Queen's all the way. Every Varsity man was well marked and not once did the dashing forward line get a chance to work in harmony.

Varsity has a smoother working team than Queen's, but individually the Presbyterians are the choice. McSloy, Code, Armstrong and Frith are deserving of special mention.

With Dobson's absence and the uncertainty of the line-up, the Queen's attacking machine has not yet been perfected, but daily practice will soon remedy this discrepancy. McKinnon and Meikle, the two new men on the forward line, both made good in the early stages of the term. Meikle works right from start to finish, and is always right up on the line with the puck. He skates and checks well and will be a valuable man to the students this season. McKinnon, of course, is a find; he is light, but travels all the way and will prove himself a match faster man on faster ice. James Sutherland handled the game excellently in the early stages, anything that looked like boisterous play. The teams were:

Queen's—Goal, Gilbert; point, B. George; cover, Trimble; forwards, G. George, McKinnon, Meikle and Dobson.

Varsity—Goal, Parker; point, Code; cover, Frith; forwards, Armstrong, Campbell, Strome and McSloy.

Juvenile Hockey Games

In the juvenile hockey series at the Stadium rink, Saturday morning, Y.M.C.A. defeated the Scouts by the score of 5 to 0. The Y.M.C.A. were too much for the Scouts, and never gave them a chance to score. The Trollers shut the Wolves off with one goal, while they tallied four. Campbell, of Barrieldale, raffled the games. In the senior series at the Palace rink, K.C.I. and Y.M.C.A. battled, the former winning 4 to 0. Thistles beat the Tecumshs, 3 to 2. "Fergie" Doyle refereed the games.

Carling Executive Meeting

There was a meeting of the executive of the Carling Club, last night, when some matters were attended to. C. S. Smith was appointed vice-skip for Dr. Ross. E. R. Beckwith was appointed second player for A. B. Cunningham, and Elmer Davis was placed on R. D. Sutherland's rink.

Want Money Refunded

"Sportman" writes: "I noticed in your sporting columns during this week that the Wellington hockey club had become defunct, and would not enter a team in the city league. Might I ask if it the promoter's intention, now that he has no team, to refund the money he collected for the support of the Wellingtons. As a subscriber to clean, amateur sport I think we are entitled to have our money refunded to us."

HARDSHIPS IN SASKATCHEWAN

Roads Blocked by Heavy Snow—Supplies Short in Some Places.

Moosojaw, Sask., Jan. 14.—The first teams since Christmas to reach the city from Lenville and Deadrop, six to five miles south-west, arrived last evening. The six members of the party told a story of much hardship and suffering. They had made the journey in three days, which, considering the fact that they had to break through bad drifts in the hills, was fairly good time. They brought in two men who are badly frozen, one so badly that it is thought his feet may have to be amputated, and the dead body of a woman, who died south-west of Lake Johnston and was being brought to the city by her husband. He had made but slow progress on his melancholy trip, it having taken him five days to travel thirty-two miles, when he was picked up by the party. The men report much hardship among the settlers owing to the terrible cold and storms. One man is said to have carried a sack of flour six miles because he could not get a horse through. The party will take back with them four team loads of supplies.

A DOUBLE CURRENT

Hydro-Electric Loop Between London and St. Mary's Completed.

London, Ont., Jan. 14.—A long step toward the elimination of Hydro-Electric troubles in Western Ontario was taken, yesterday afternoon, in the completion of the "Loop" in the transmission line between St. Mary's and London. "At four minutes after one o'clock," Hon. Adam Beck announced, last night, "power was turned on giving a double circuit line through all the municipalities north and west of Dundas. This should obviate any further trouble in getting a continuous service to the municipalities in this district. The line from Niagara Falls to Dundas has a double circuit and this completes the whole line."

SAYS HE WILL FIGHT ON

Henri Bourassa Welcomed Back From His Visit to Rome.

Montreal, Jan. 14.—"I have come back to continue the fight I began some time ago for liberty, for justice for my race, for my country, and for equal rights to all," was the defiant message which Henri Bourassa flung into the faces of six hundred admirers who had gathered at the Windsor depot to welcome the idol back from Rome. Although the nationalist leader denied when he left Canada that he was going to the eternal city, he declared last evening that he received a great consolation from his sojourn at the seat of the Catholic world.
