

THE SPORT REVIEW

ANNUAL MEETING OF CANADIAN RUGBY UNION.

Will Not Join the A.A.U. of Canada—The Toronto News Says Dobson Caused Varsity's Hockey Defeat.

The twentieth annual meeting of the rugby football union was held Saturday afternoon in Toronto. A letter was read from President J. G. Mackay, of the A.A.U. of Canada, inviting the C.R.U. to join that society. Three unions, namely, Quebec, Ontario and Intercollegiate, are immediately interested in the proposal. The Intercollegiate was of the opinion that they were capable of looking after their end of football, but several clubs were already members of the amateur union.

It was moved that a letter be sent to the A.A.U. of Canada stating that the C.R.U. were not in a position to consider the application, but that a letter be sent to the various unions asking that they join.

In case of injury to players substitutes shall be allowed during one period of the game. No player once removed shall re-enter the game, unless by the consent of both captains.

The above amendment was carried and will be placed in the playing rules of the Canadian Rugby Union, and will be played by all unions.

The kick-out rule was made to read that "the ball shall move five yards in either direction, or may be scrimmaged on the twenty-five-yard line by the team kicking out the ball."

The amendment to consider a change in the scoring of a try was withdrawn.

Davy Tope's amendment regarding a drop goal—that the ball be brought to the forty-yard line instead of to half-way—was brought up for discussion. It was decided that the incoming executive bring this before the next annual meeting, and that the motion be sent to each union for a full discussion.

The election of officers resulted as follows: President—W. J. Sles, Toronto. Vice-president—John Davidson, Montreal. Secretary—Joseph Wright, Toronto.

Secretary-treasurer—H. C. Griffith, Toronto.

To Play Off Tie. Excitement among Kingston township people will be intense at the Stadium rink Friday night, when the Bath Road Beavers and Cataragui will play off the last Saturday's tie in the township league.

Frontenacs to Practice. J. T. Sutherland has called his junior Frontenac team to a practice at the covered rink, this evening. The locals are to meet Belleville here, on Wednesday evening. They are in good condition for the contest. All Frontenacs have to do is to win their two home games with Belleville and Picton, and the O.H.A. district championship is theirs. After that there may be some grueling contests as the

champions try for further honors with western teams. Entered a Protest. The Tecumseh Hockey team has entered a protest against Leo Doyle, a player on the Thistles, in the Juvenile Hockey series, on the ground that he is over age. The age limit for the senior juveniles is seventeen and under. The protest will be considered at a special meeting Tuesday afternoon.

Basketball Double Header. On Tuesday night, in the Y.M.C.A. gymnasium the second double-header basketball game will be put on in the Sunday school league, when Bethel will battle with Sylvanham street and St. James' and First Congregational will clash. The games have been very interesting and have been witnessed by large crowds so far.

Wolfe Island Won. The Kingston Business College hockey team went over to Wolfe Island Saturday, and the island aggregation walloped the boys from the city to the tune of 4 to 2. The game was a good exhibition of hockey, as the score would indicate, and the college boys have a lot of good things to say of the way they were treated by the Wolfe Island people.

R.C.H.A. Enters City League. The R.C.H.A. has entered a team in the City Hockey league in place of the Wellingtons, and the schedule will go on unchanged. The battery men had a team ready to enter the K.A.H.A., but that was not organized this year, but they thought they would have to be out of it entirely. The City League opening gives them the desired chance to stay in the game, and they promise to make things interesting for the other teams.

R.C.H.A. vs. Renfrew County. The R.C.H.A. hockey team will be put in harness pretty quickly for it is scheduled to play the Renfrew club at the Palace rink to-morrow night. This will be an interesting game for the Renfrew club are husky players and everyone knows the battery men do not slouch. Portsmouth and Wolfe Island also play in the evening. In the afternoon the Portsmouth juniors will tussle with K.C.I.

The Local O.H.A. Schedule. Picton play their return game with Belleville in the latter town to-night in the O.H.A. series. Belleville play their return game here with the junior Frontenacs on Wednesday evening. One thing which seems strange in the way the schedule is drawn up is the fact that Belleville and Picton play home and home games between the time the Frontenacs played their first and last game with Belleville. Frontenac will have plenty to do now until this group is finished. On the 20th they play Picton in their town and on the 25th play Picton here.

Dobson Beat Varsity. Toronto News. Varsity, despite their loss last night, at Queen's, promise to make things decidedly interesting as far as the championship is concerned in the intercollegiate union. No disgrace is attached to the defeat.

Queen's have always been a hard team to down on their own ice, and the Queen's Parkers, by compelling their overtime to appear, have secured a victory, making it clear that they are a septette that will take a lot of beating, not only in the college union but in the O.H.A. Queen's developed a surprise when they appeared with Dobson in uniform, as the latter declared some time ago that it was his intention to retire. If he had remained in seclusion it is good betting that the little bird of victory would have perched upon the blue and white banner.

Beavers and Cataragui Tied. One of the most interesting and stubbornly contested hockey games played in the township of Kingston on Saturday afternoon, before a large and evenly divided crowd of sympathizers. The players evidently stand well in the regards of the fair sex, as the ladies were out in large numbers to cheer on and encourage their respective heroes. To say that any one player starred would be an error, as each and every man played to the entire satisfaction of their fair rooters and male adherents.

The game was called at 2:30 o'clock, in a drizzling rain, but that did not deter nor daunt the hockey aspirants for the much-coveted trophy from giving as fast, clean and splendid an exhibition of junior hockey as was ever witnessed by admiring and appreciative supporters. In the first half, after a very spirited contest, in which both teams fought nobly, one to hold the prize which they now possess, the score stood 1 to 1, and in the last half, though spurred on by the presence and advice of the worthy member for Frontenac, who was a much-interested spectator, on the side line, failed to score, thus leaving a tie at full time, after playing ten minutes overtime and again failing to score, it was decided to play off the tie the following week, on some city rink, the respective managers agreeing to leave it to the president to name date and rink. "Billy" Campbell, of the Barrieffield Juniors, refereed in a manner which won golden opinions from both teams and their backers. He will also referee the play-off.

Beavers—Goal, Ryder; point, Graham; cover-point, Gravelle; centre, Ford; rover, Barry (captain); wings, McLean and Cliff. Cataragui—Goal, Simpson (captain); point, B. McConville; cover-point, A. Long; centre, Edwards; rover, H. Long; wings, Bennington and Cays.

A Midnight Hockey Game. The Midnight Sons and Morning Star hockey teams representing the Victor Hall Hockey Club, had a game on the Stadium rink, Saturday night. Owing to the lateness of the closing of some of the business houses, where some of the players are employed the game did not start until 10:30 o'clock. The boys fought valiantly for an hour, and at the end of that time the score was three all and at the end of twenty minutes overtime the score was four all. The teams, leaving the wrath of the Lord's Day Alliance, if they trespassed on the Sabbath, then quit, agreeing to finish the game this week. There were very few fatalities, considering the style of play indulged in.

"Homopathic" Brundage had one eye closed by being hit with a hockey stick. "Kinero" Kinmer received a nasty crack on the cheek, and another young man became seasick as the result of getting poked in the stomach. The Morning Stars had the better of the play, and if it had not been for the magnificent work of "Currey" Beard in goal, the Midnight Sons would have lost. "Mergenthaler" Wightman starred for the Midnight Sons, while "Kinero" Kinmer shone brilliantly for the Stars. Midnight Sons—"Currey" Beard, goal; "Invisible" Bell, point; "Topas" Jewell, cover; "Dulrah" Reid, centre; "Mergenthaler" Wightman, rover; "Catastrophe" Green, left wing; "Pedro" Farley, right wing. Morning Stars—"St. Nicholas" Johnston, goal; "Mordca" Brown, point; "Pierpont" Morgan, cover; "Kinero" Kinmer, centre; "Homoeopathic" Brundage, rover; "Nick" Carter, left wing; "Sea Gull" Singleton, right wing.

"Erisco" d'Eslerre refereed in a satisfactory manner and reproached the players repeatedly for loafing, the while cheering for the winning side.

GRAND OPERA HOUSE. May Robson in "The Rejuvenation of Aunt Mary." The merit of this comedy is in its simplicity and wholesome sweetness from the mirth-provoking character of "Aunt Mary." Even the plegmatic Englishmen of London crowded Terry's theatre for eight weeks, so great was the success of Miss Robson and her American company, which comes to the Grand on Thursday, January 14th. Aunt Mary's rejuvenation is effected through her nephew, "Jack," who is a college boy with astonishing proclivities for trouble, and worrying his aunt, who invariably extracts him from his difficulties. One incident is the beating of a cabman, which turns out expensive, and then a breach-of-promise-suit for \$15,000 worth of damaged affections, as a climax to the many disagreeable incidents in the career of "Jack." Aunt Mary has ceased to be patient; she disinherits her nephew; meanwhile "Jack" is having a gay time in New York, and has arranged a dinner in honor of the birthday of Betty, his sweetheart. In order to have Aunt Mary at the feast one of the party telegraphs her that "Jack" is down sick, in order to hasten her arrival so a reconciliation can be made between her and "Jack." Aunt Mary immediately packs up and takes the first train for New York. And then the fun begins.

After Runaway Girl. Chief of Police, Graham, of Niagara, was in the city, on Sunday. He was on his way over to Cape Vincent on the track of a young girl who is reported to have run away from her home in Niagara.

To Cure a Cold in One Day. Take Laxative Brown Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grace's signature on each box, 2c.

PREACHERS FOOLISH TO DISCOURAGE PEOPLE FROM MAKING MONEY.

Rev. Dr. Henderson, of Ottawa, Shows That There is a Close Relation Between Financial and Spiritual Things.

Queen Street Methodist church, last evening, was crowded to the doors to hear Rev. James Henderson, D.D., of Dominion church, Ottawa, who spoke on the financial side of missions, taking as text, Mark xii, 15: "Show me a penny." The preacher delivered a masterly address on money and the moral forces which it may command. He said there may be money where there are no missions, but there cannot be missions where there is no money. The speaker wished to be understood that he was not adverse to money making money, for money was the dominating force which controls the world. Every Christian has just as good a right to make money as the worldly man, but it is expected that a Christian will use his money for the advancement of the cause of Christ, while the worldly man uses his for his own exclusive benefit. Whenever a person gave money for a righteous cause, he was giving part of himself, for money represents brains, muscle, or brains of each individual. Money is storage battery charged, vibrating with all kinds of human potentiality. The using of money for a noble purpose raises a person from the lowest to the highest plane of human energy. The money-making powers are to be found among those who are Christians.

Canada is on the eve of the greatest financial boom ever known to the world, and the speaker declared that preachers were fools to try to discourage people from making money legitimately. What right has anyone to say that there is no relation between financial and spiritual things? The speaker made a strong appeal to those present for money with which to carry on the work of saving the unsaved. He showed many ways in which people were spending money foolishly and insidiously in pursuit of pleasure that would be the means of helping a great many in straitened circumstances.

Dr. Henderson regarded as one of the most eloquent preachers in the Methodist church at large, as an evangelist, his force and energy will do. When he had begun his life by working sixteen hours per day for 18c. He paid five cents a week for night school privileges and from these small beginnings began the ascension until today he stands high in Canadian clerical circles, a man of wide reading, rich experience and possessed of voice and manner that is both inspiring and impressive. He is not in rugged health at present, due chiefly to an unfortunate accident of some years ago. He is soon to retire from the ministry and seek rest and recuperation on the continent. On Sunday morning he preached a powerful sermon on "The Gospel of God." He noted the many other plans, evolution, culture, aestheticism and nature, which men have devised to supersede "Christianity, but all have failed, because they were outside of the spiritual and divine, Christ is the only way to redeem and regenerate mankind.

Students' Sermon at St. George's. "Christ's Appeal to the Individual," was the subject taken by Dean Bidwell, at St. George's cathedral, Sunday night, for the fourth of his special series of sermons to students. The text chosen was Matthew xvi, 25: "Whosoever will lose his life for My sake, shall find it." In this passage was found the appeal of Christ to the individual. In it was found the root of the whole question, it was very easy to talk of Christianity, but in this, it was made clear to the individual. There was the great personal decision. It was for us to say whether we would hear the call or turn away from it. There must be this personal decision. Paul said, "Believe in Jesus Christ and thou shalt be saved." This was the first step. We must first of all accept Him, who came to seek and to save.

The dean referred to Christ's power to the individual, and the way He deals with men. This might nominally be termed a Christian world, but it was not always so. In early days, men suffered for professing Christianity. Take away the living Christ, and we would be pulling down the superstructure which had accomplished so much for Christianity. Power to make a response to this appeal, we should have faith in Him, and this appeal was for the young man, starting out in life. We should all place our trust in Him.

Boy Scouts at Church. The Y.M.C.A. Boy Scouts, under Scoutmaster Law and Assistant Scoutmaster Brown, marched in a body to the First Congregational church, Sunday morning, where the Rev. E. LeRoy Rice, spoke to them.

Young Men's Club Officers. The annual election of officers of the Young Men's Club of Queen Street Methodist church took place in the classroom, Sunday afternoon, after the regular session of the club, with the following results: Honorary presidents, Mrs. Squire, Ottawa, and Rev. J. Selley; president, J. L. Towers; vice-president, A. O. Derbyshire; secretary-treasurer, R. J. McLeod; assistant secretary-treasurer, Morley Selley; chief usher, J. W. Bennett. The retiring president, Sheldon Joyce, made a neat speech after the election, thanking the boys for their co-operation and support which had been cheerfully given while he had been in office.

Aiding Their Sick Comrade. The men of the R.C.H.A. have come nobly forward to the aid of their former comrade in arms, Lawrence Perrin, Wellington street, who suffered such hardship in coming by foot from Toronto to Kingston, when he had no money to pay his way. They are now in the city, and they are seeing that his family does not want during his illness in hospital.

Free Cooking Lessons. Miss Jean MacPhee, head demonstrator for the Ogilvie Flour Mills Company, will be here from Jan. 18th to give her interesting lectures on bread and pastry making from Royal Household Flour. Everything will be served to all present. Everything free, beginning at 2:30 p.m. sharp. Bijou theatre.

First Baptist Church. At the First Baptist church, on Sunday, the choir rendered a fine programme of music. The choir is making great progress, under the charge of Sydney Salisbury, organist, and Arthur Singleton. The quartette rendered a fine selection, at the morning service.

To Rear a New Residence. J. M. Hughes, the well-known broom manufacturer, is making preparations to build a fine square house on the corner of University avenue and Clergy street west, across the street from the residence of George Young. It will likely be ready for occupancy in September.

Her Wrist Was Broken. Mrs. John Hewton, King street west, who met with an unfortunate fall last week, which led to the breaking of her wrist, is recovering nicely.

"Dry" Grippe Tablets at Gibson's.

ABOUT NINE BELOW ZERO. This is Fine Weather for Ice Sports and the Ice Map. The weather man got busy, last night, turned on the cold weather, and, as a result, he has made many people happy. The lovers of skating, curling, and ice yachting are smiling; the ice man is happy, and, needless to say, the coal dealer has no complaint, for the cold weather brings grist to his mill. At eight o'clock, this morning, the thermometer at Prof. Knight's observatory registered 8.5 degrees below zero. Some of the thermometers around the city went as low as ten and twelve degrees, during the night. It was pretty sharp enough, all right, but it is good healthy weather, and there should be no complaint.

A Fine Coffee Year. James Redden & Co., the well-known Princess street grocers, have just had a record coffee year. Last year they sold 1,000 pounds more coffee of their own roasting and grinding than they did in 1909. In other words the customers of the store purchased 7,450 pounds of the excellent blends this firm prepares. And this large amount is outside of the goods furnished in packages from other houses.

Redden & Co.'s customers undoubtedly appreciate the fine quality of the coffee they provide. The prices of the coffee are unchanged, even with an advanced cost of the raw material, and the goods provided are of the highest quality.

Given a Good Time. The Kingston deputation from Ancient Frontenac and Cataragui chapter, which conveyed the travelling triangle to Montreal, were given a royal time by the Royal Arch chapter of Quebec. At the banquet, on Friday night, when the triangle was handed over to the Quebec chapter, A. W. Winnett and Abraham Shaw were the speakers, and both excelled themselves. On Saturday noon the visiting brethren from Kingston were honored with a luncheon and altogether were given the most hospitable treatment possible by the distinguished Royal Arch Masons of Montreal.

Hard on Automobiles. This has been a very quiet winter as regards the running of automobiles by local people. Last winter, there was scarcely a week that they were not run; in fact the veteran Thomas McAuley ran his all winter, with the exception of two or three days. On account of the depth of snow this winter, the autos have not been able to run at all. One belonging to a local man was out Saturday, and, by the aid of chains, was able to get along nicely.

Col. Smith Gave the News. It was a letter received by Col. H. K. Smith, of Kingston, sergeant-at-arms of the Canadian house of commons, from a prominent military officer in London, who was once on the military staff at Rideau Hall, and who is now closely in touch with inner political circles at the metropolis, which gave the news on Friday last that the Duke of Connaught, uncle of King George, would be Canada's next governor-general and that he would arrive in Ottawa next autumn.

Kingston's New School. A lady, noting the Board of Education request for \$10,000 for a new school, sends the Whig a paper giving a description of a new high school being reared in Edmonton at a cost approximately of \$150,000 and for a public school to cost \$100,000. In the west things are projected and carried out in large plans. The Kingston school is a small thing compared with those of the west.

The Garbage Committee. Ald. Toye has called his civic garbage committee to meet on Wednesday afternoon when a system of garbage collection will be decided upon. Ald. Toye is bound that the city this year will have its garbage collected.

Came in for Shelter. Zero weather is not at all favorable for out door entertainers. Last night five men called at the police station and were given shelter from the cold. Early this morning they were given their talking tickets.

City Council This Evening. The city council will hold its first regular session of the year this evening. There is very little business to transact, as the committee had not met before them during last week.

Good Crossing on the Ice. The cold weather of yesterday and last night, has made the crossing over to the islands first class. All Sunday, the harbor was thronged with people driving, and also with skaters. It is estimated that on Sunday morning, fully five hundred people were out skating on the harbor.

The thermometer registered twenty degrees below zero at Sharkot Lake on Monday morning. "Dry" cough syrups at Gibson's.

When the Weather is Bad. Phone us your Drug Store wants. Your order will receive the same prompt and careful attention as though you came to our store in person. We deliver your goods promptly and guarantee satisfaction or cheerfully refund your money. Telephone 82. Prouse's Drug Store Branch Post Office.

Prevents decay and all sexual weakness averted at once. Phosphon will make you a new man. Five Cents per Box. Mailed to any address. The Scotch Drug Co., St. Catharines, Ont. For sale at Mahood's Drug Store. QUITE RIGHT AND PROPER. For Women to Appear in Church With Hats Off. In his sermon at Princess street Methodist church Sunday morning, the pastor, Rev. F. H. Sproule, touched on the question of whether it was right and proper for ladies to appear in the sanctuary with their heads uncovered. "Some people think," he said, "that it is necessary for them to wear hats in church simply because Paul commanded women not to appear in church with their heads uncovered. They are applying an injunction of ages ago to the condition of the present time, which is absurd and foolish. At the time that command was issued the depravity among the men of that period was so low that if a beautiful woman appeared in any public place with her face uncovered it excited their sensual passions to such an extent that assaults often followed. We have cases of this type in the south where negroes are the degraded ones. Comparing that age with this we find that the head covering in those days was not the mammoth and obstructive headgear which is every where seen now, but closely woven veils which covered the features completely."

A SCENE WITH MAY ROBSON IN "THE REJUVENATION OF AUNT MARY" AT THE GRAND ON THURSDAY, JAN. 10th.
