ST. ANDREW'S CHURCH

ANNUAL MEETING WAS HELD LAST EVENING.

The Revenue Totalled \$6,250—Communion Roll is Over 600—People of St. Andrew's Had a Prosperous Year.

The annual congregational meeting of St. Andrew's church was held, on Wednesday evening, in the church hall. There was a good attendance and a fine spirit pervaded all the proceedings. Rev. Dr. Mackie presided, and gave in the Kirk sessional report, dealing with the spiritual affairs of the church, showing a communion roll of over 600.

John McIntyre, K.C., gave a report of the board of management dealing with the temporal affairs of the church, which were in a highly satisfactory condition. All liabilities have been met and there is a surplus in hand. The revenue for the year amounted to \$6,250. In addition to this, the people of St. Andrew's gave to the building fund of the general hospital sanitarium, over \$1,000, not including \$400 last year; to the addition of the Orphan's Home, \$200, besides considerable subscriptions to the maintenance of the general hospital, for which \$146 was collected on hospital Sunday. Other useful city institutions received their share also.

Frank Ireland, William Gill and William McLean were elected members of the board of management for the coming year.

The reports from the various organizations of the church were then read. The report of the Sabbath school was given by J. M. Strange, in which appeared a large increase for the missions of the church and outside mission work. The choir report was given by Arthur Craig and showed things to be in a good state of affairs in that body. Mrs. W. J. Wells, in her report dealing with the work of the Women's Home Association, showed a most successful year's work. The Women's Foreign Missionary report was read by Rev. Dr. Torrance. The report of the Young Women's Guild, which was read by Miss Cannon, was of a very elaborate nature, dealing with the work in the different sections and showing how wide the ramifications of its operations. It may be said that this was the report of the evening and elicited applause. The juvenile guild report was given by J. M. Strange, and was of a very satisfactory nature.

MASTERS AND MATES.

The Officers Elected at the Annual Meeting.

There was a good attendance at the annual meeting of the Masters' and Mates' Association held on Wednesday evening, in their hall on Clarence street. The election of officers was the principal business and it created a great deal of interest, the contest being so keen that in many cases the ballot had to be used to get the vote. The following were elected:

Master, Capt. H. Esford; first officer, Capt. Gould; secretary and treasurer, Capt. Phillips; pilot, Capt. Norris; watchman, Capt. Mahoney; look-out, Capt. Charles Martin; trustees, Captains Doyle and Kirkwood; port secretary, G. H. Hunter.

There was some discussion over the fact that the parent body of the association in Toronto had gone out of existence, having been turned into a shipmates' association, the change made, and it is claimed, in order to drop out the mates. It was suggested that the association here make a change and turn the association into a club but it was finally decided to keep the association up along the old lines.

A Protest From Portsmouth.

Kingston, Jan. 19.—(To the Editor)—Some of the citizens assisted by the press are generous enough to bestow upon the penitentiary the name of "Portsmouth." Why should this institute be called either after Portsmouth or Kingston. The name Dominion, provincial, or Ontario could be applied. The publicity committee of the city council might consult the department of justice in regard to the matter.—JAMES HALLIDAY.

QUEEN'S TO TELL WHY

IT OPPOSES TORONTO MEDICAL COLLEGE REQUEST

To License Its Graduates Without Passing Ontario Medical Council—It Would be Unfair Discrimination.

Queen's Medical College authorities will likely go to Toronto, next week, and lay before the government their reasons for opposing the request of the Toronto Medical College to be allowed to license its graduates, and any who have passed since 1906, without taking the examinations prescribed by the Ontario Medical Council. It is not thought the people of Ontario would stand for any such a thing. So long as the council exists, and its examinations are higher in standard than any medical school in the province, so long should the graduates of all colleges pass the council before being licensed to practice. The standard of the medical profession should be maintained, and that, too, at the highest possible point. The government cannot give exclusive powers to one college and to give the privilege to all would not tend to the best qualifications being demanded from medical men practising in the province.

Forrest-Keith Marriage.

A quiet but pretty marriage was solemnized at Spring Valley, Alberta, when Grace, only daughter of Mr. and Mrs. S. Keith, formerly of Lake Opinicon, Ont., became the wife of Samuel A. Forrest. The bride was daintily attired in a gown of cream brocade cloth, trimmed in lace and satin and wore the customary bridal veil and orange blossoms. The bride was attended by her cousin, Miss Ada Viola Patrick, who wore a dress of blue voile trimmed in blue silk. The groom was assisted by Vincent S. Keith, brother of the bride. The ceremony was performed by Rev. L. R. McDonald, of Clive, Alta. The bride's only ornament was a gold watch and chain, a gift of the groom. The groom's gift to the bridesmaid was a pearl set brooch; to the groomsmen, a pearl set stick pin. A large number of handsome and useful presents were received from numerous friends of both parties, showing the popularity in which they were held. The happy couple will make their future home at Talbot, Alberta, and their friends join in wishing them a happy and prosperous journey through life.

A Penitentiary Matter.

In the house of commons, on Wednesday, Dr. Edwards, of Frontenac, called the attention of the government to the fact that convicts were being discharged from the Kingston penitentiary insufficiently clad and without any money. A man had been turned out the other day, in zero weather, without an overcoat.

Sir A. B. Aylesworth answered that he had written to the warden of the Kingston penitentiary about one of the cases mentioned, but that he had received no reply. The department of criminals was now under the justice department, but was a matter dealt with by the immigration officials.

Y.M.C.A. Debating Club.

The first debate will take place on Wednesday evening next, when Lyman McCallum will meet Henry Philp on the question, "Resolved, that the man of action is of more use to the world than the man of thought." Mr. McCallum will take the affirmative.

LADIES GREATLY INTERESTED

In Demonstration by Ogilvie Flour Company.

The ladies of Kingston are taking a great deal of interest in the demonstrations which are being conducted at the Bijou theatre, in the afternoons, by the Ogilvie Flour Mills Co., Ltd. The opening demonstration took place on Wednesday afternoon, and was largely attended.

The chief demonstrators, Miss MacPhee and Miss Ledy were on hand, and their work brought forth many warm compliments. Bread making was taken up, and the different points were clearly brought out. These demonstrations go to form a great education, in the line of cooking, and the company is deserving of great credit, for the interest they are taking in the welfare of the general public. These demonstrations will be continued until the 28th inst. A number of good things are on the programme, but the ladies who are wise will see to it that they do not miss one session. The company is here to give pointers, and it is indeed a good opportunity for the people of Kingston.

Owing to the fact that there are a number of ladies who cannot attend the meetings in the afternoon, the sales agent, O. C. Bissell, to-day made arrangements to give a special session on Friday night, when the programme will be of a very interesting nature. The demonstrations are being held at the Bijou theatre, and commence at 2:30 o'clock.

Assisted at Zion Church.

The Salvation Army band went up to Zion Presbyterian church Wednesday evening and assisted in the regular mid-week service, which was thrown open. The band gave several selections which were much appreciated. Rev. J. D. Boyd thanked the band for their kindness. Capt. Turner replied and said that they were only too pleased to come and hoped that Rev. Mr. Boyd would take his choir down to the Citadel at some future date.
