A SEVERE TROUNCING

GIVEN TO BELLEVILLE BY THE FRONTENACS.

The Score Was 24 to 2 in Favor of the Kingston Team—Sutherland's Seven Were in Great Form and Operated Like Clockwork.

With their defenses broken through time after time, and their individual rushes checked before they got anywhere near Frontenacs' goal, it is no wonder that the Belleville O.H.A. team went down to ignominious defeat before the fastest and trickiest junior hockey team in Canada, at the covered rink, Wednesday evening. The game was a fine exhibition of the sport on the part of the Frontenacs, but the Belleville team showed a lack of coaching. The score was 24 to 2.

The game started at 8.30 o'clock, with George Vanhorn in charge of the whistle. In three minutes from the time the puck was scratched off, it had found its way into the Belleville nets, by the aid of Bert Hunt's stick, on a nice shot from the side. Scarcely more than two minutes elapsed from the time one goal was scored until another one was landed. Shortly after the first goal was notched, Davidson and Millan worked their combination, and Davidson shot with fatal effect. Brouse scored the third goal, on a nice short rush from the side to the centre. Hunt again figured on the scoring question. It was here that McCammon commenced to figure in the scoring line. On a great rush, almost the length of the ice, he bored through the Belleville defence, and tickled the nets with the puck. Millan then touched the nets for his first goal, receiving a long pass from the side, and getting it past the Belleville goal tender's stick.

Brouse again came out, and on a starting rush down the centre, failed. Let's see, how many does that make? Oh yes, seven, doesn't it? And the Belleville boys have not been heard from yet. On the next scratch-off Davidson was sent to the bench for indulging in something that was not hockey. Here Belleville came on the stage, and A. Moore, on a lone rush half the length of the ice, managed to get one in as a surprise to Marchand.

In the next bit of play McCammon took a short rest on the penalty bench, but the rest did him good, and he played stronger than ever. Hunt obtained control of the puck and on a rush from left side to centre, he bored through the defence and touched Wardrobe for another goal. Millan was brought to time for a violation, and was given a chance to get his wind on the bench.

Hunt came on in the next scratch-off and checked his opponent as he was about to shoot, made a rush the entire length of the ice and hung another goal on his belt. The next score was the result of a nice bit of combination work on the part of Hunt and Brouse, which did the hearts of the Frontenacs supporters good, as this was the first time a score had been made on a combination. Combination play had been tried before, but had been broken up. Millan and Brouse scored on a combination play, Brouse passing to Millan. Brouse scored next, on a pass from Millan. Half time score: 13 to 1.

The Second Half.

Belleville started off well in the second half, but were carried off their feet by the magnificent team work of the Frontenacs players. Hunt scored three goals in the last half, Brouse two, Brouse three, and Millan two. It would be too wearisome to give the play in detail, as it was a repetition of the play in the first half. Belleville notched their second goal about fifteen minutes after half time. Moore passing to Bowen, who scored. Belleville will need an entirely new team before they can hope to stand a ghost of a chance of defeating the Frontenacs. They are good skaters and good stick-handlers, but they lack combination. Their defence was weak and easily bored through by the Frontenacs. The players did not seem to know their positions well enough, and skated in bunches, frequently checking their own men. Connolly, at point, who is given credit for being a fast player, did not distinguish himself much, doing a great deal of loafing. Wardrobe, in goal, is a good man, and played a good game. He was worked hard from start to finish, but the play being centred around his goal. He stopped dozens of shots from all sides and to him must be given the credit of not having the score piled higher. Moore brothers played a good game, but none of the Belleville boys distinguished themselves greatly.

Frontenacs played a game which had the good to see. Although they had a score piled up 13 to 1 in the first half, they took no chances, but dug right in and tallied eleven more. Marchand did not get a chance to distinguish himself, having hardly enough work to do to keep warm. All the other players distinguished themselves one way or another, and showed the effects of good management and good training. They worked together like clockwork, and their combination work was marvellous. "Scotty" Davidson and "Bill" McCammon, the husky defence line, worked magnificently together, and their individual rushes were commented upon by all. Millan, the speedy wing man, played almost a faultless game. More credit must not be given one man than another. Each deserves special mention. Boyer, at right wing, was not worked at times the way he should have been, although when he did obtain control of the rubber, he gave a good account of himself. Hunt and Brouse were the stars of the evening, if there were any. Their combination work was spectacular in a great many respects. It was a delight to see those two youngsters go down the ice, passing the puck from one to the other till at last it found a place in the nets. Time after time this was done with fatal results to Belleville.

Frontenacs set a terrific pace at the beginning of the game and kept it the entire evening. Belleville set an equal pace at the staff, and were right on the job when the whistle blew for full time. Their men have the staying powers, but not the science of the game.

Davidson: cover-point, McCammon; centre, Hunt; rover, Brouse; wings, Millan and Boyer. Belleville—Goal, Wardrobe; point, Connolly; cover-point, Tutte; rover, A. Moore; centre, Wallace; wings, Bowen and E. Moore. Referee—George Vanhorn, Kingston.

Notes on the Game.

Good-bye old Belleville, farewell to you, as you saw your finish last night. You, honestly now Frontenacs, wouldn't you be ashamed to come back to Kingston if you had a score like that piled up against you.

Belleville beat Picton in both their games. What kind of a chance will the bunch from the "Canning Town" stand against the Frontenacs? And the Toronto Star had give the Frontenacs more than a workout here last night! Think again, Louis!

Marchand was repeatedly requested to let a few goals pass him to give the Belleville boys courage, but he steadfastly refused.

Davidson and McCammon are a whole team. With a forward line like the Frontenacs have "Jim" Sutherland has two teams in one.

Belleville might stand a show if they had a coach such as "Jim" Sutherland.

Some class to "Van" as a referee. He never let an offside slip past him. The game was probably one of the cleanest ever seen here. During the entire evening there were but four men on the bench and three of them were Frontenacs. Bowen was the only Belleville man who was given a rest.

It was not until the second half that the Belleville supporters could get a "well started" and then all it was, was "one-two, one-two."

After the game the R.M.C. had a workout on the rink. They are showing lots of speed and have plenty of tricks at their command.

Tecumsehs Won From Thistles. Tecumsehs and Thistles played their protested game at the Palace rink, Wednesday afternoon, the former winning by the score of 2 to 1.

Bath Road Feeling Okay. The Bath Road Beavers had a practice on the Stadium rink last evening from eight to nine o'clock in preparation for their game next Saturday with Glenburnie. They are in good shape now and are looking forward to a victory over the boys from the glen when they meet.

Portsmouth Won in the Dark. The Tuslers of Portsmouth and the junior Stadiums had a friendly game at the Stadium rink Wednesday afternoon. The Stadiums had the better of it until about the last five minutes. The score was three to one then and when it commenced to get dark the Portsmouth bunch, who are used to playing on the bay without any lights, got the better of the game and when time sounded they had it over the Stadiums six to three.

The Rooters' Club. People at the match no doubt could not account for the silence of the Rooters' Club. Members of the club stated this morning that this was due to a misunderstanding between the members of the club and the rink management over seats in the gallery. The members of the club say that arrangements had been made so that the club could have seats together in the gallery but that when they got to the rink they found that seats had been sold all over the gallery, and that, therefore, it would be impossible for them to get together in order to see their programme.

Owing to the fact that great interest had been taken to get the programme in shape the members were very sorry that the crowd should have been deprived of this part of the programme, which no doubt was a great drawing card. It was stated that a large attendance. It was stated that the 14th regiment band had also volunteered to play for the rooters. At half time James T. Sutherland made

Roller and Rogers will wrestle in Toronto, on Jan. 25th.

Packey McFarland knocked out Jack Goodman at Philadelphia.

King Cole, the Chicago pitcher, has gone upon the vaudeville stage.

The Wanderer-Renewal hockey game will likely be replayed in Ottawa.

Langford will be permitted to box at Philadelphia. He was barred for several years.

Doc Gilbert of Belleville fractured two of his ribs in a collision with Fletcher of Trenton.

Prince Albert will challenge for the Allan Cup, as champions of the Saskatchewan hockey league.

Abe Attell is in poor form. Billy Allen will have, on Monday next, the chance of his lifetime to win the featherweight belt.

Every French Canadian hockey enthusiast in Ottawa will turn out on Saturday night to greet "Newsy" Laidlaw's fast team.

Marshall, the Belleville junior point player, is only seventeen years old, but he is over 6 feet tall. He looks thin enough to break in half, but he is as tough as whalebone.

Toronto Star: The solid East will back Kingston Frontenacs against anything junior wearing skates. They are no more afraid of "Varsity" Dutch, Peterboro Grinders, the Preston Duffers, or the Woodstock Home Brews than they are of a chocolate éclair.

Hughie Jennings says his Tigers will surely win the American baseball league championship of 1911. He says it was Mack's wonderful pitching staff that won the laurels for the Philadelphia this year. Jennings looks for Bender, Plank and Coombs to crack this year.

Ship Carpenters Busy. The shipcarpenters are getting busy these days. Yesterday a staff of men were put on the steamers Keyport and Key West, laid up near Crawford's slip. A good deal of repair work is also being carried out at the M. T. Co.'s yards.

New Intake Pipe is Here. The pipe to replace the inner 200 feet of the waterworks intake pipe arrived here yesterday. It was made in Germany. It is likely that it will be in position inside of three weeks.

Years of Satisfaction. You'll find that the only bicycle tire which will continuously satisfy you is the Dunlop Detachable. It has been conducting a "satisfaction" campaign since 1888.

Regiopolis Beat Midnight Sons. In an overtime hockey match, played at the Palace rink last night, the star team from Regiopolis College came out victors with a one goal margin over the Midnight Sons. Considering the fact that the latter team had only two practices previous to this match its showing was remarkable. The game was rather strenuous and several members of each team were knocked out. Ryan, Kennedy and Little played very effective hockey for the winners, while for the losers, Collier, McLean and Stuart were the stars.

Regiopolis—Goal, Cook; point, Castleton; cover-point, Yellow; rover, Little; centre, Slaven, right wing, Ryan; left wing, Kennedy. Midnight Sons—Goal, O'Mara; point, Collier; cover-point, McLean; rover, O'Mara; centre, Stuart; right wing, McLean; left wing, McCrossin. Referee—J. George Holmes.

Sharbot Lake Beat Verona. Sharbot Lake and Verona played a hockey game Wednesday at Sharbot Lake, the former winning by 7 to 1. The game was watched by a large crowd. Sharbot Lake had the better of the play all through. At half time the score stood 3 to 1. The play was centred chiefly around Verona's nets, the latter team only breaking away once in which they scored their only goal. Williamson, Butler and Forrester starred for the Sharbot Lake team, their combination work being excellent. Forrester showed great speed and accuracy in shooting. Tronsdale brothers were the pick of the Verona team, but their lack of a good combination was a drawback, thus they were not able to break through the stonewall defence of the Sharbot Lake boys.

Sharbot Lake—Goal, Roberts; point, Baill; cover, Leggett; rover, Forrester; centre, Butterill; wings, Williamson and Carey. Verona—Goal, Webber; point, Asseltine; cover, Bauder; rover, E. Tronsdale; centre, Bertram; wings, Barrett and K. Tronsdale. The officials were: Referee, H. B. Roberts; timekeeper, S. H. Deyo.

Notes on Sport. Roller and Rogers will wrestle in Toronto, on Jan. 25th.

Sold by all druggists or mailed in plain pack on receipt of price. New pamphlet "The Wood Medicine Co." Toronto, Ont.

found that the owners of the houses could not be taxed for the collection of the garbage of the people living in their houses.

Ald. Hoag advocated getting information from other places regarding the system used and it was decided that the chairman, Ald. Bailey and Medical Health Officer Dr. Williamson visit Brantford and Guelph to secure the necessary information and report on what could be done in this city.

After this motion had been carried Ald. Hoag informed the members of his committee about the offer, which had been made to him for the city for the collection of garbage. The offer, he said, came from a well-known and reliable firm in the city, a firm having a farm just outside the city limits. This firm, he said, was prepared to collect the garbage of the city, to make a contract for five years for the same, and to be under the control of any person or department appointed by the council to look after the work. The firm would construct its own vehicles along the line laid down by the committee, make the necessary collections and give the city just as good a service as any other city of its size.

The firm was also ready to give a bond of \$500 to carry out their contract. The firm would take garbage only, no ashes or tin cans. They would remove the garbage beyond the city limits and dispose of it.

The members of the committee were more than pleased with the offer. The members were agreed that the amount of cost for the collection should be provided for by the finance committee.

To Show Up Well. George Caverhill, of Montreal, director of the Richelieu & Ontario Navigation company, says the Richelieu stock not only returns six and a quarter per cent, but has enormous equities behind the securities. Mr. Caverhill believes Richelieu has a future just as good as that of the Canadian Pacific.

WHAT ARE YOU DOING For the Old People? It may be your father, your mother, your grandfather or your grandmother who is very dear to you, but it is sad to see them lose their interest in life because their strength is fast ebbing away and they seem doomed to the weak, feeble and decrepit condition of the aged.

Now is the time for you to come to their assistance. Call at our store and get a bottle of Vinol, our delicious cod liver and scum tonic, without oil, and see what a change it will make in your dear ones.

A case is recorded in Litchfield, Ill., of a man seventy-two years of age, who seemed to be getting old and feeble, suffered from indigestion and nervous trouble. His druggist asked him to try Vinol at his store. He did and says he is better and feels younger than he has for fifteen years.

We wish every feeble aged person would try a bottle of Vinol with the understanding that their money will be returned if it does not give perfect satisfaction. D. W. Mahood, corner Princess and Bagot streets, Kingston.
