

When the Stomach Stops

Working Properly Because There is Wind in It, Use Stuart's Dyspepsia Tablets to Set It Going Again.

A Trial Package Free.

The doctors call it flatulency, but unprofessional folks know it as "wind on the stomach," and most distressing state of things it is. It is a serious condition of this great motor organ. Always annoying and painful in the extreme, at times often leading to bad and fatal results. The stomach is embarrassed and hampered with wind, cannot take care of its food properly and indigestion follows, and this has a train too appalling to enumerate. The entire system is implicated—made an active or passive laborer in this trouble and life soon becomes a questionable boon.

All this is explained in doctor books how indigestion causes gases by fermentation and fermentation in which process some essential fluids are destroyed—burnt up—wasted by chemical action, followed by defective nutrition and the distribution through the alimentary tract of chemically wrong elements and as consequence the stomach and entire system is starved. Plenty of food, you see, but spoilt in preparation and worse than worthless. A deranged stomach is the epitome of it; nothing too bad to emanate from it, but the gas it generates is probably its worst primary effect and the only way to do away with this trouble. It attacks the gas-making foods and render them harmless. Flatulency or wind on the stomach simply cannot exist where these powerful and wonderworking little tablets are in evidence.

They were made for this very purpose to attack gas making foods and convert them into proper nutriment. This is their province and office. A whole book could be written about them and then not all told that might be told with profit to sufferers from this painful disease, dyspepsia. It would mention the years of patient and expensive experiment in effort to arrive at this result—of failures innumerable and at last success. It would make mention of the different stomach correctives that enter into this tablet and make it faithfully represent all.

Stuart's Dyspepsia Tablets are not alone intended for the sick, but well folks as well; for the person who craves heavy foods and wants to eat heartily and run no risk of bad effects they act like a charm and make eating and digestion a delight and pleasure. They keep the stomach active and energetic and able and willing to do extra work without special labor or effort. Don't forget this. Well people are often neglected, but the Stuart Dyspepsia Tablets have them in mind. A free trial package will be sent any one who wants to know just what they are, how they look and taste, before beginning treatment with them. After this go to the drug store for them; everywhere, here or at home, they are 50 cents a box and by 2¢. If you at home you will save time and postage. Your doctor will prescribe them; they say there are 40,000 doctors using them, but when you know what is the matter with yourself, why go to the expense of a prescription? For free trial package address F. A. Stuart Co., 150 Stuart Building, Marshall, Michigan.

BRAND CONGRATULATED.
Legislation to Restrict Sale of Revolvers.
Paris, Jan. 20.—Premier Briand, today, received hundreds of telegrams from home and abroad, congratulating him upon his escape from death when an insane Afghan fired upon him in the chamber of deputies.
M. Mirman, who was hit in the leg by one of the two bullets that did any damage, is recovering satisfactorily.
Many of the deputies think that the assault will hasten the proposed legislation to restrict the sale of revolvers. These weapons are now sold practically without question.

AT MARCH MEETING

PRESBYTERY WILL DISCUSS CHURCH UNION.

Question Was Not Opened at Meeting Held on Wednesday Afternoon—An Hon. Discussion Over Calling of the Meeting—Other Business Before the Presbytery.

That the presbytery, while believing in the moderator's right to good faith, in calling the special meeting, it is inexpedient to discuss the said issue, the assembly's remit on church union, in view of the presbytery's decision in September, to adjourn the discussion to the March meeting, but will now proceed to the transaction of other urgent business. After a discussion, which lasted for an hour, the members of the Kingston presbytery, which met in Chalmers church, on Wednesday afternoon, passed the above resolution. It was not passed unanimously, however, although there was a good majority. The vote was not counted, a showing of hands being sufficient.

The resolution was moved by Rev. A. H. Drum, Belleville and seconded by Prof. Robert Laird. Rev. J. R. Smith, moderator, of Burnbrae, presided, and the other members present were: Rev. W. T. Wilkins, clerk, of Trenton; Rev. Robert Laird, Prof. Robert Laird, Prof. Alexander Laird, Prof. Ross, Prof. Jordan, Rev. Dr. MacTavish, Rev. Dr. Mackie, Rev. James Binnie, Tweed; Rev. A. H. Drum, Belleville; Rev. Henry Gracey, Ganongue; Rev. Mr. Reede, Gandier, Newburgh; Rev. Mr. Cameron, Pittsburg; Rev. Mr. Ferguson, Me. Donald, Napanee; Rev. Mr. Shaver, Pictou; Rev. Wallace, Rev. Mr. Beckstedt, Lamsdowne; Prof. Scott, Prof. Hall, Rev. A. P. Mershon, (of the Philadelphia Presbytery) and Messrs. McLean, of Pittsburgh; Prof. Mathieson, John McIntyre, K.C., D. A. Mitchell, Ganongue, Shields, Lamsdowne; Russell, Belleville; Guthrie, Ruck Lake; Prof. Morrison, William Glazie, Shannonsville, Alexander, Napanee and George Moore, Pittsburg.

After the devotional exercises, the clerk, Rev. Mr. Wilkins, pointed out the reasons for having called the meeting, and having placed on the order paper, the question of church union. He also stated that he had received a number of protests against the calling of the meeting for the discussion of the question of church union, the ground being taken that at the meeting held in September, it had been agreed to allow the matter to stand over until the meeting to be held in March.

He referred to the fact that five members of the presbytery had made the request that the question be taken up at the meeting. Whether or not he agreed with these men, on the matter of having the question discussed at this meeting, he must give them aid. The moderator, he said, was not to blame for the summons issued for the meeting. He had given the summons. He admitted that it might have been done in a way somewhat out of order at the meeting for the discussion of the matter, but he had done nothing irregular in what he had done.

Some of the members asked for the minutes of the last meeting to be read, and also asked if they were to be sustained by the presbytery. Rev. Dr. Mackie said that the question of the minutes was not before the presbytery. It was the action of the chair, in calling the meeting, for the discussion of this question, which had to be considered.

"Do we, as a presbytery sustain the action of the moderator, in issuing the notice for the meeting?" he asked. Continuing, Dr. Mackie stated that as one who had protested against the taking up of the question of church union, at this session, he wished to explain why he had taken objection. He was glad the moderator was present, as he was not at the meeting held in Belleville. To go on with the question, would mean the setting aside of a decision arrived at, at the Belleville meeting.

At Belleville, the members stopped in the middle of a debate and decided to adjourn until the March meeting. "I hold that no moderator can set aside the decision of the presbytery," said Dr. Mackie, "and make his own

arrangements. I do not think such a thing as that would be sustained in any presbytery. If an appeal were made to the synod, I certainly believe that it would not be sustained. No person has power to set aside a decision, fix other dates, and mix up the business."

Dr. Mackie said that it had been reported that certain members of presbytery had asked the moderator to call the meeting for the discussion of this question, but apparently no reason had been given. Summing up the whole matter, Dr. Mackie said that he regretted to have to say but that he believed the action of the moderator was irregular. If this were allowed, the moderator would practically become a usurper of the rights of the presbytery. Had the moderator all the power or members of the presbytery?

Dr. Mackie asked that the protests be read, but Prof. Robert Laird asked the moderator for the grounds on which he had called the meeting. The moderator explained about the request coming from the five members of presbytery, that the question be taken up at this meeting. He was of the opinion that it would give an opportunity to discuss the question, and that good would result. He had no motive other than that of promoting good. At the March meeting there was always a large gist of business to be taken up, and he was under the impression that this important question of church union might not receive the attention it should. The best interests of the church had been considered. He wished to meet with the request of the people, as far as possible. At this meeting there was a larger attendance than usual, and it would be a very good time to discuss the matter.

Prof. Jordan remarked that the whole question was that of a technical tangle. All were agreed on this, but could the members proceed to rescind the resolution passed in September? "No, no," said several of the members. It was not considered wise to do so, even if presbytery had the power.

Prof. Jordan said that it was a mistake in procedure, which anyone might have fallen into. It was a pity the members could not agree on the matter.

Rev. Mr. Drum then moved the resolution as already given, and which was finally passed. He said that as one who had protested, he wished to make this motion.

Prof. Robert Laird, who seconded the motion, remarked that while some believed that a mistake had been made there was room for expressions of opinion along this line. He believed that the men sending in the request were in the wrong. He believed that the March meeting would be the best time to take the matter up. There was a good attendance at the meeting today, but the attendance at the March meeting would be much larger.

Dr. MacTavish pointed out that very little could come out in a continued discussion on the matter. He agreed with the remarks of Dr. Mackie, in that there had been an irregularity, but he did not think that the presbytery should waste time in discussing procedure, he would move that the presbytery condone the irregularity, and proceed to business.

Rev. J. D. Boyd said he would second a motion of this character. Rev. Mr. Beckstedt and Rev. Mr. Gracey favored going on with the discussion on the question. The latter stated that had he been asked to sign a request for the matter to be taken up at the meeting he would have done so. He looked upon it as a case where the members were being given a good opportunity to discuss the matter.

Rev. Mr. Binnie agreed with Rev. Mr. Gracey. As he had been partly responsible in the matter he wished to make a few remarks. A prominent layman, in Madoc, desired to have the matter taken up at this meeting and he had suggested that they get up a requisition and send it to the moderator. This was done and the speaker was very much surprised to see in the newspapers that there had been warm protests as a result. The moderator said that he was not ignorant of the fact that there had been an irregularity.

Rev. Dr. MacTavish said that the moderator and five members could not change the matter. Some members went away from the last meeting.

with the understanding that the question would not be taken up until the March meeting and they, perhaps, had made arrangements to attend that meeting and not the one today. On this account it would not be fair to open discussion today.

Dr. Mackie stated that he knew of one member who was absent from the meeting because he expected the meeting to take the matter up at the March meeting. This member was engaged in opening a new church today and the reason he was not present was because he had made his arrangements according to the decision of the last meeting of the presbytery.

The motion of Rev. Mr. Drum was then read and carried and the members proceeded with other business.

Other Business.
Rev. A. P. Mershon, pastor of Bethel church, who is a member of the Philadelphia presbytery, was introduced by Rev. Dr. MacTavish and greeted by the moderator and members. The presbytery sustained the call given to Rev. F. S. Dowling, of Bradford, from the Church of the Redeemer, at Deseronto. Members of the congregation were present and said the call was a unanimous one and on motion of Dr. MacTavish the call was sustained and arrangements made for the induction of the new minister a week from Tuesday.

A committee composed of Rev. J. D. Boyd and Prof. Mathieson was appointed to look after the matter of the James Robertson Memorial Fund. The late James Robertson, as is well known, was superintendent of missions and through his work much was accomplished in the fields in the North-West. It is proposed to raise the sum of \$20,000 for a lecture series on missions. The Kingston Presbytery has been asked to provide \$250. The memorial will be commended to all the church sessions.

The moderator and secretary were appointed to act for the presbytery in regard to a claim for insurance in the burning of the mission on the Indian Reserve, near Deseronto. The case was in the courts recently, owing to the fact that one of the trustees of the mission made a claim for the money. He was non-suited, however, and now, the company is about to make a settlement.

Rev. Mr. Binnie asked that Matawatchan, Pollard and Clyde Forks territory be transferred to Lunenburg and Renfrew and the presbytery agreed.

Rev. Mr. Binnie pointed out that these places practically belonged to the other district and that it was impossible for him to look after them and do justice to his home work.

The following committee was appointed to look after the revision of the Book of Praise, with a view to making addition for the young people: Rev. Mr. Binnie (convener), Prof. Scott, Prof. Dyde, Rev. Dr. MacTavish, Prof. McLymont and W. G. Craig.

The moderator drew attention to the making additions for the young people's societies were not making the progress they should and urged that more effort be put forth. Dr. MacTavish suggested that the members set aside Sunday, Feb. 5th, as young people's day in their churches. An hour could not be better spent than in taking up this work. "Christian Loyalty" was the subject set aside for that day.

Prof. W. Dyde, who has accepted the principalship of the new theological college, at Stratheona, made application to the presbytery to be taken on trial for a license to preach.

He pointed out that he had been a member of the presbytery for nearly twenty years and was in his final year of theology when he was appointed to a chair in the university as professor of philosophy. The application was left with the committee on the examination of students to be reported on at the March meeting.

Rev. Dr. MacTavish made an appeal for financial aid on behalf of evangelization and social and moral reform, referring to the good work along these lines. The presbytery now stands adjourned until March 1st, at 10 a.m.

FIRE AT VERONA.
Postmaster Craig Had His Hands Burned as Result.
Verona, Jan. 18.—Monday, about 2 p.m., a fire broke out in the upper part of the residence of James Craig, postmaster, but with remarkable presence of mind, Mr. Craig succeeded, with some blankets, in extinguishing and subduing flames, before they had time to do any great damage. Mr. Craig had both hands badly burned. Dr. Genge was called in to dress his wounds. It will be some time before he will be able to use his left hand.

James Goodberry has leased the property of Lorenza Goodberry, north of Verona, and a good indication of felicity is showing. Mr. Goodberry has several men employed on the property; and about fifteen or twenty tons have been brought to surface. Miss Phillips, of Harrowsmith, is the senior teacher for the term 1911. Miss Genge will teach the junior department.

Reeve Stewart, of Harrowsmith, purchased from Louis Vaness, Verona, a matched span of black ponies, paying \$400.

Charles Moore has Dr. Genge's new house nearly completed and ready for occupancy. "Charley" deserves to be congratulated on his splendid workmanship done on the interior.

The winter road is now available for travel and teams are beginning to haul wood down in the village. The hockey team went to Sharbot Lake, today, to have a friendly return game with the boys there. T. Quinn, of Crocyden, spent Sunday with T. Rider. Miss Elliott, of Perth, spending a week here—the guest of her sister, Mrs. C. Laidlaw, returned home today.

H. B. Mulford, Brookville, died on Thursday, aged forty-six years. He was a son of the late W. M. Mulford and had been an invalid for a year.

W. B. Reynolds has been elected chairman of the Brookville public school board.

The races will be held at Belleville on Tuesday and Wednesday next. Mrs. John North, Westport, died on Wednesday, aged sixty-nine.

In a way, good nature seems to be contagious.

A Wreck in 1892 Well and Strong Now

owing to the wonderful curative value of WARNER'S SAFE CURE For the Kidneys, Liver, Bladder and Blood

So writes Mr. J. B. Adams, 21 N. 57th St., Philadelphia, Pa.: "In the early part of 1892 I was a wreck, and I found I was running into Bright's Disease. I began to take Warner's Safe Cure. I had a terribly hard time and was not able to work much of the time for three years. I must have taken over one hundred and fifty bottles by the time I could work at all steadily, but your remedy saved my life—I am positive of that. Since then when I take cold or feel badly I use Warner's Safe Cure with excellent results."

Warner's Safe Cure has been before the public for many years and has to its credit the cure of thousands of cases of Bright's Disease. An army of men and women of all ages, are to-day a living who would be in their graves had they not taken Warner's Safe Cure.

When the kidneys are disorganized, and their structure, including the little delicate tubules, are breaking down, when the face is puffed with a pale, marble-like appearance, and the whole body is dropping, Warner's Safe Cure will remedy the trouble and bring health where death would be inevitable. Warner's Safe Cure is put up in 50 cent and \$1.00 sizes and sold by druggists everywhere.

Constipation and Biliousness
When the bowels do not move freely, it shows that the liver is inactive, and the bile, instead of being eliminated by the intestines is taken up by the blood. In consequence the internal organs are deranged and you have a bilious attack. After frequent attacks the skin becomes sallow and rough. You are troubled with headache, constipation, coated tongue, bad breath, sour stomach, loss of appetite, pains in the side and you feel out of sorts, and should take Warner's Safe Pills purely vegetable, sugar coated, absolutely free from opiates, a perfect laxative. They do not gripe or leave any bad after effects. Use a box.

Sample Bottle and Box of Pills Free

To convince every sufferer from diseases of the kidneys and liver, that WARNER'S SAFE CURE will absolutely cure, a sample bottle and a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, by mail, to any one who will write WARNER'S SAFE CURE CO., Toronto, Ont., and mention having seen this liberal offer in the Kingston British Whig.

The genuineness of this offer, is fully guaranteed by the publisher.

For Breakfast Try "Sunkist" Oranges

Luscious Tree-Ripened Fruit
It is not sufficient to know that oranges are the most healthful of all fruits. It is quite as important to know the kind of oranges that are the most healthful and most palatable. The very finest California oranges are now packed under the label "Sunkist." Please serve "Sunkist" oranges at breakfast tomorrow and learn the superiority of tree-ripened, seedless, fibreless oranges over the commonplace kind. Don't fail to save the wrappers. There is so much "meat" and nourishment in "Sunkist" oranges and so little waste that, in addition to their extra fine flavor and goodness, they are really the most economical oranges to buy. You can get them by the box and half box.

Get This Valuable Orange Spoon
Save 12 "Sunkist" orange wrappers and send them to us, with 12 cents to pay charges, packing, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful design and highest quality. Being saving wrappers today. If you desire more than one, send 12 "Sunkist" wrappers and 12 cents for each additional spoon. In returning, please send cash when the amount is less than 20 cents; on amounts above 20 cents, we prefer postal note, money order, express order or bank draft. We will be glad to send you complete list of valuable premiums. Write to: "Sunkist" and "Red Bull" wrappers for premiums.
