A Catholic priest named Faria has been arrested charged with treason in inciting the soldiers to mutiny to bring about the restoration of the monarchy.

Great Britain, Italy and other countries have made representations to Portugal relative to much of the property of religious orders which was seized by the government at the time of their expulsion. These powers claim that the real owners of the church properties are their subjects, and ask that restoration be made.

IN MEMORIAM. Memory of Mrs. George E. Cook, Parrott's Bay.

Parrott's Bay, Jan. 23.—Death has again visited our neighborhood and claimed one of our most respected residents, in the person of Mrs. George E. Cook. Although she had been ill for a long time her death was not so soon expected. Deceased suffered with anæmia, but bore her sufferings with Christian patience.

All that loving hands and medical skill could do was done, but God called her home. She leaves to mourn her loss her husband and two daughters, Mrs. Ed. Miller, of this place, and Mrs. Charles Litch, of Links Mills, who have the sympathy of the whole community in their sad bereavement.

The funeral, which was very largely attended, was held in Beulah church, conducted by the Rev. Mr. Snider, after which the remains were placed in C. O. O'Neil vault.

THE STORY WAS TRUE. Bourassa Admits Adhesion of Bishops to Naval Policy Sought.

Toronto World. Montreal, Jan. 25.—Le Devoir in a leader signed by its directors, Henri Bourassa, M.P.P., who only a few days ago was in immediate touch with the eminent head of the Vatican, declares that the story in the World, to the effect that an attempt to secure the adhesion of the Quebec bishops to the naval policy of the government, is true. The nationalist leader makes one mistake, however, when he asserts that the World correspondent obtained this important information from the post-master-general, for as a matter of fact, the World published the article on the 16th, and it will be remembered that Hon. Rodolphe Lemieux did not arrive in Montreal till that morning.

The World's information comes from even a higher authority than the post-master-general. As soon as the story saw the light, Le Devoir commented upon the same, designating it as hardly possible, but Mr. Bourassa, who must have smelt something of the kind in Rome, says this evening, over his own signature, "Whatever may be thought of the conclusion, and I will speak of that later on, this story, unreasonable though it may appear, is, however, true."

At the meeting of the Hastings County council, James Bryden, reeve of Deseronto, was elected warden for 1911. Mr. Bryden is an old and able member of the council. Capt. W. J. Stitt, Ogdensburg, N. Y., was appointed master of the steamer Senator Dethyshire for the coming season. George Bush, Edgemoor township, died on Sunday, aged sixty-five years.

TO VISIT THE SCENE OF THE RAILWAY TRAGEDY AT COLLINS' BAY.

It is Learned That the Railway Commission Will Visit It—Toronto Railway Opinions on the Accident.

Toronto Telegram. The Grand Trunk officials are determined to punish whoever is responsible for the wreck at Collins' Bay, yesterday, by which two men lost their lives.

There are two points that the officials will take up. "Did the despatcher at Kingston issue a wrong order? Or did the brakeman of the first freight train neglect to back and protect the rear end of his train, knowing that a second train was following?"

"The Collins Bay cut," said an old railroader, "is considered by railroad men to be the most dangerous place on the eastern division. It has been the scene of many an accident that the public heard nothing about. It is only when a horrible tragedy like that of yesterday occurs that the public learn of how bad a spot that thousands pass through during the year."

In the spring of 1910 a collision occurred between two freight trains at the same spot, and yet nothing has been done to protect the lives of those who passed in and out of it every day.

"There is scarcely a day passes that a train is not stalled on the grade and it is only a miracle that more tragedies have not occurred." Some of the officials are inclined to place the blame on the dead engineer for running too fast.

The bank is from twenty to thirty feet high and it is difficult to see very far ahead. It is learned in local railway circles that the government railway board would visit the scene of the tragedy and investigate the matter.

Miss Margaret Caldwell died Tuesday at her late home, Zion Hill, low township. Deceased was fifty-five years of age, was born at Zion Hill and had resided there all her life. An attack of pneumonia was the cause of death.
