

DRUG BILL HELD UP

QUESTION OF JAIL OFFICERS' RIGHT TO DRUGS.

Discussed by the County Council—Discrepancy Between Statute and Regulations—County Deputations Appointed.

For the past half century the jail officials and their families have been provided with medical attendance and necessary drugs at the expense of the county. Recently the provincial auditor refused to sanction an account of \$20 for drug supplies to the jail governor's house, on the ground that these constituted a perquisite that the statute did not allow.

Treasurer Purdy made an explanation and pointed out that there seemed to be a discrepancy between the statute and the jail regulations made by the inspector of prisons, and approved by the lieutenant-governor. The government auditor did not recognize the above regulations. Councillor Rankin stated that the county solicitor, W. F. Nickle, had advised against the payment of the account, on the ground that the county was not liable.

Governor Corbett was called and stated that for the past fifty years the county had paid for medical attendance and drugs for the families of the jailer and turnkey and the matron. Past jail physicians, Drs. Oliver, Sands and Edwards, had always passed these drug bills. Governor Corbett explained that the government auditor's objection was that the county and not the government should be charged with any of the amounts. The inspector of prisons had declared there was no conflict between the regulations and the statute and that the account was all right.

It was decided to refer the matter to Mr. Nickle and have him confer with the attorney-general regarding the discrepancy between the regulations and the statute.

Councillors Salmond and Donaldson moved that the following deputation wait upon the Ontario government regarding colonization roads and bridges: Councillors Salmond, Donaldson, Foley, Godkin, Kennedy, Thomson and Hamilton.

Councillor Rogers moved in amendment that only three members be sent. He claimed that too much money was being spent in deputations. During the past seven or eight years it had cost the county \$3,000 or \$4,000. This cost should be considerably reduced.

Warden Miller defended the large deputation. Each back township should be represented. Councillor Salmond said that a small deputation could not get so much as a large deputation. It paid to send a good-sized one. Councillor Rogers withdrew his amendment and the matter was carried. On motion of Councillors Stewart

and Taylor it was decided to delegate Councillors Rankin, Truscott and Taylor to the good roads' convention in Toronto in March.

The question of enlarging the Sydenham High School so as to accommodate the county pupils and answer to the requirements of the Ontario educational department, was then taken up. It was moved by Councillor Truscott, and seconded by Councillor Rankin that the sum of \$5,000 be provided for the enlargement of the school building, and that the work be started in the spring. The back township representatives were not satisfied with this, and asked that the motion be withdrawn for the present, or until it was seen if the Ontario legislature intended to pass legislation allowing county councils to give grants to other secondary schools.

On motion of Councillor Kennedy, it was decided to appoint a committee, consisting of Councillors Kennedy, Foley and Rankin to secure all information about the high school needs of the county, and to report at a special meeting of the council before the spring. This committee will present three plans to the council: 1. It will show what is needed at Sydenham; what it would cost to erect and maintain a continuation school at Sharbot Lake, and also what the front townships might have. The rear of the county will never be satisfied with Sydenham High School any more than the front townships, and it will be necessary for the council to deal with the whole secondary school question and see if the county can be divided into three school sections or not.

The council held its concluding session on Saturday morning. A by-law was passed, appointing Andrew Gray, of Kingston, as superintendent of roads.

These recommendations of the roads and bridges' committee were adopted. That Joseph Jones be given \$300 for repairs on Back Lake bridge; that Councillors Cronk and Kennedy visit the bridge when completed; that the county solicitor be consulted as to repairs on Stony Creek bridge between Frontenac and Lennox and Addington; that necessary repairs be made to Cross Lake bridge.

The finance committee recommended that the county's account remain with the Bank of Toronto during 1911. The recommendation was adopted. On motion of Councillors Rogers and Kennedy, the fees of Storrington and Kingston were given power to look after the Storrington road till it is placed in the good roads' system.

The name of Councillor Rogers was added to the deputation to attend the good roads' convention in Toronto. Councillor Hamilton explained why he was absent on Friday morning when the vote on the school question was taken. He was with a deputation from his township at the time, and arrived just too late to vote.

The council adjourned till the second Tuesday in June at 4 p.m. There was never a genuine answer too timid for the Lord to hear. Some people seem to be Christians on a limited capital of piety.

CHURCH SERVICES

THE FILLING OF THE PULPITS ON SUNDAY.

There will be interesting themes considered in the pulpits—the Gospel Message to All Peoples.

St. Andrew's—11 a.m., Rev. George Murray Ross, M.A., of Homan, China; 7 p.m., Rev. Dr. Mackie. Strangers and students welcome.

Morning anthem, "O Be Joyful"; evening anthem, "The Lost Chord," by the Glee Club, of Queen's University, solo, "Casting the Bar," Joseph Hodges.

COUNTY WILL DO NOTHING.

And Frontenac Pupils Must Leave the Collegiate.

Unless the new Board of Education, which meets next Wednesday evening for its inaugural meeting, decides otherwise, the non-resident pupils at the Collegiate Institute will have to go elsewhere next fall to continue their education. The county council has decided against making any grant to an outside high school or collegiate institute, which is equivalent to a refusal to meet the wishes of the front townships by giving a grant to the Kingston Collegiate Institute, in order that county pupils might remain there.

The Board of Education, last October, practically decided to refuse further admittance to non-resident pupils in order to create sufficient accommodation for the city pupils, and not have to add a wing to the building to meet the Ontario educational requirements, based on the present attendance. It was not an increased fee that the board wanted from the non-resident pupils, but a grant from the county towards the cost of a new wing. The board did not seek the grant. It only stated its terms when the parents of county pupils sought to have it retain their children in the institute. At board meetings, it was clearly stated that the city had nothing to do with the education of county pupils. Its duty was to the children of the ratepayers of Kingston.

At the county council meeting, when the matter was discussed, it was stated that there was little fear of the county pupils being turned out of the Collegiate Institute, as the city merchants would not stand for such a thing. Some of the councillors were inclined to look on the action of the Board of Education as a bluff, but others thought otherwise. None of the councillors are in favor of giving a grant to the collegiate on capital account. All that was suggested was to give a grant equal to the difference between the present fees charged county pupils and those equal to the actual cost of educating the non-residents.

TO ETERNAL REST.

An Aged Resident of Richmond Passes Away.

On January 13th, an aged resident of the township of Richmond, passed away, in the person of Mrs. Jane Kimmitt, aged eighty-eight years. She was born in county Tyrone, Ireland, and sailed to Canada with her parents, William and Elizabeth Dougan, in 1842. The following year she was united in marriage to Nathaniel Kimmitt, and settled on a farm in the township of Camden. After living there a few years they moved to the farm in Richmond, about one mile north-west of Roblin, where she lived until her death. Her husband predeceased her many years ago. Deceased was the mother of ten children, of which only two survive: Thomas, of Denver, Col., and Charles, on the homestead. The neighborhood in which she lived loses a kind and obliging neighbor and friend.

As Good as a Doctor.

That is what thousands of mothers say of Baby's Own Tablets. These tablets promptly and surely cure all the minor ills of babyhood and childhood, and what is more they are absolutely safe—they have never been known to harm the youngest baby—they never will harm anyone who sees a good thing for babies of all ages. Concern them, Mrs. William Higgins, Kara, Ont., writes: "I shall never be without Baby's Own Tablets in the house as long as my children are small. They are a wonderful medicine and are as good as having a doctor in the house. I gave them to my little boy for colic and they quickly cured him. I am always glad to recommend them to other mothers." The tablets are sold by medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Reeve Rogers Scored.

Reeve D. D. Rogers, of Pittsburg, scored on Reeve John Foley, of Howe Island, at the county council session on Friday afternoon. The latter was "rubbing it into" the representatives of the five big townships over receiving so much for good roads from the Ontario government. Reeve Rogers replied tartly that Reeve Foley should be the last to talk about what the large townships receive, for Pittsburg had for years been building roads for the benefit of Howe Islanders, who used the Pittsburg highways on which to travel to the city. Reeve Foley acknowledged that his constituents had certainly used the roads, and found them very good ones.

Piles Cured in 6 to 14 Days.

ESTIMATES TAKEN UP WARDEN'S DINNER

AT MEETING OF FIRE AND LIGHT COMMITTEE.

Additional Equipment Will be Asked For This Year—Tenders Awarded for Uniforms and Caps for Fire Fighters—Estimated Cost of What is Required.

The estimates were under consideration at the regular meeting of the fire and light committee, held Friday afternoon. Chief Armstrong presented a report of the requirements of the year, and they were gone over by the members. Ald. Givens, the chairman, presided at the meeting, and also present were Aids. Hoag, McCann and Hanley.

The committee opened tenders for the supply of suits and caps for the firemen. The lowest tender in each case was accepted. Livingston Bros. secured the contract for the suits, at \$12.25 each, and the contract for the supply of caps was given to George Mills & Co., at \$27.50.

Dr. W. J. Morgan made application to be appointed veterinary surgeon, for the fire department. No action was taken on the application.

A petition was received for a new light, on Nelson street, north of Princess street, to Concession street. No action was taken. Some time ago it was arranged to have a joint meeting between the fire and light committee and the light, heat and power committee, regarding the placing of new lights, but as yet it has not been held, and these applications for new lights will have to be taken up at this time.

In his report, the chief referred to the trip the firemen made to the wreck, at Collins Bay, and reported that as a result of this trip, repairs to the apparatus, amounting to \$12.26, had to be made. This account had been forwarded to the company.

The boiler of the Chatham engine was reported to have been leaking for some time, and that it could not be repaired. The chief recommended that the boiler be made by one of the men on the light, heat and power committee, regarding the placing of new lights, but as yet it has not been held, and these applications for new lights will have to be taken up at this time.

Considering it to be in the best interests of the department, the chief recommended the purchase of a platform scale of 1,200 pounds capacity. The scale will be purchased by the chairman and the chief.

The chief presented an estimate of the cost of the fire department, for the year 1911, also showing as far as possible, the expenditure for the same items, in 1910. These were carefully gone over, and checked by the committee.

The total estimate for this year's cost, without the new equipment recommended, will amount to \$12,621, while last year the amount was \$12,325. The new material asked for, coming under the heading of "new plant," will amount to about \$3,000. The new plant asked for by the chief, and which it was considered necessary to have for the department consisted of one ladder truck, estimated cost, \$1,400; sleigh for ladders, \$250; five hundred feet of hose, \$550; five alarm bells, \$100; one set of floor spritzing, \$40; one life net, \$120; half a dozen tarpaulins, \$89; snap collars, \$120; four harness hangers, \$48.

The members favored purchasing a life net, believing that lives could be saved in case a fire started in a factory or some other place where the stairways were cut off, and they also considered that money expended on tarpaulins which could be used to save goods, where there is a fire, would be money well spent.

The committee's appropriation last year was \$4,408, with salaries, \$9,922, total, \$13,500.

"The Fourth Estate."

"The Fourth Estate," which Lieber & Company are bringing to the Grand on Thursday, Feb. 2nd, is a play of the newspaper workers in their hours of hardest work. The city editor, the night editor, the political reporters, the artists, composers, stereotypers, office boys, and everybody else that has to do with a modern "plant" are part of this new drama by Joseph Medill Patterson and Harris Ford. The love story concerns a young man who is suddenly placed in the position of managing editor because the new owner of the paper adheres his onslaught upon certain mounded interests. When the new managing editor continues the campaign against the trust people, it is to discover that the father of the girl he loves is most guilty mixed up in the affair of the corporation, and then comes the fight—whether to abandon the fight against what his conscience tells him is wrong, or continue and lose his promised wife. The play has been the talk of New York and Chicago for eight months.

AT THE IROQUOIS HOTEL ON FRIDAY EVENING.

A Happy Time was Spent by a Company of Fifty—The Toasts Honored—The Speeches Were Interesting.

On Friday evening, in the Iroquois hotel, County Warden G. A. Miller, of the township of Kennebec, entertained about fifty of his friends to a sumptuous dinner. The guests included the county council and various other friends, among them being Mayor Graham, Dr. Edwards, M.P., W. F. Nickle, M.P., J. H. Metcalfe, ex-M.P., and D. M. McIntyre, K.C. The menu was tempting. The dinner started about 9.30. Reeve D. D. Rogers, of Pittsburg, acted as chairman, and called on Donald M. McIntyre, K.C., to propose a toast to "Canada."

Mr. McIntyre said that one of Canada's greatest possessions is her love of justice and a square deal to all. This had helped in the past few years to bring this land of ours so prominently before the public eye.

James H. Metcalfe, ex-M.P., responded in his usual bright, witty manner. The salient points of his address were that if we are to make Canada better in the future than it has been in the past, we must be careful how the future generations are trained. The speaker thought that there were a number of subjects in the schools at the present time that might be replaced by something that would be of greater interest than some of that were being taught.

James Halliday livened things up for a while by a song, which contained a few parodies on a number of men present.

When asked to propose the toast to "The Parliament," W. F. Nickle, M.P., made a stirring address, in the course of which he enumerated the number of great men that Kingston and the county of Frontenac had produced for the welfare of Canada, and said that there was no constituency that he would sooner represent in either house than that of Kingston or the county to which it belonged.

Dr. Edwards responded to this toast and said that the men seated in parliament were put there by the people, and if graft corrupted the political parties in the houses today, it was the fault of the people, and the sooner that they heeded this the better it would be. George Gillespie entertained with a song, which was much appreciated.

The toast to "The Corporation of the City of Kingston" was proposed by Mayor Graham and responded to by Ald. Elliott, the cheap power champion. Then followed toasts to "The County of Frontenac and the Councillors," proposed by Ald. Hoag and responded to by James H. Metcalfe, ex-M.P., on behalf of Warden Miller, and Councillors Foley, Rankin and Stewart; "Education," proposed by Dr. Bogart and responded to by Dr. Spankie; "The Ladies," proposed by George Gillespie and responded to by Councillor Kennedy. The happy gathering broke up in the small hours of the morning. R. R. F. Harvey played a piano selection in his usual brilliant style. The accompanists of the evening were Louis Marchand and Mr. Harvey.

Hope Lodge, Good Templars.

Hope of Kingston lodge, Good Templars, held their weekly session Wednesday evening. After routine business the officers for ensuing quarter were elected: C.T., Bro. Shipman; V.T., Sister M. Leighton, secretary; Bro. Morgan, financial secretary; Bro. Hill, jr., treasurer; Bro. Eastwell, ex-marshal; Bro. Brownhill, deputy marshal; Sister Mrs. Eastwell, P.C.T.; Bro. Jones, guard; Bro. Kingham, chaplain; Sister A. Eastwell. The officers were then installed by Bro. M. Morgan, deputy G.C.T., assisted by Bro. H. P. Norman, G.S.J.W.
