The witness who so testified was James T. Parker, of the firm of Parker & Graf, members of the New York Produce Exchange. Mr. Parket contended that a continuation of the 54c. per bushel rate would result in New York losing all of its export grain business. As a matter of fact, he asserted, it has already been lost, and he maintained that a rate of four cents per bushel in effect between May 15th and November 15th is needed in order to encourage the movement way of this port.

Mr. MacIntosh says:- "At the hospital I was kept masked night and day for five days. At the end of that time the burns were still very bad and the doctors

would not hear of my returning to work. I knew if I could only get some Zam-Buk for the burns I would be back at work in quick time, because I had previously used the balm and knew what it would do.

At last I left the hospital and went straight to a local store and bought some Zam-Buk. At the hotel I applied a Zam-Buk dressing and this cooled the burning pains and gave me quick relief. I kept on with the Zam-Buk treatment and returned to work. Within just one week after first commencing with the Zam-Buk treatment I might have defied anybody to detect where the burns had been, so splendidly did Zam-Buk heal the injury."
