

Why I Lost

My Job

Reasons Why Thousands Like Me Cannot Satisfy Their Employers.

"I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. When their last pay envelope comes along, it is usually, "Your services no longer required." If the truth were known, the reason for their unceremonious removal would probably be that their usefulness was destroyed because of some mental worry, bodily ailment or general indisposition. These things, as we all know, are the most fruitful causes of failure in all walks of life. The battle of Waterloo was lost because of a headache. In this quick age our minds must be clear, rapid, active and free from outside influence or worry, or else we go down to failure with the throng of "floaters" who go from one place of employment to another, giving no satisfaction to others or to themselves, constantly growing older and less useful, with no ambition, no will power, and no hope.

Every man requires from every other man the best that is in him. But no man can use or get the best that is in himself until he is first free from all fretful indispositions and worries. That was my trouble. I was full of troubles. That's why I lost my job. My stomach in the first place was always out of order, and I was worrying about it and my mind grew cloudy, and slow. I made mistakes, and grew grouchy. That was the end.

There are thousands like me, going about with "quick lunch" faces, dyspeptic manners, and repulsive atmospheres. No employer wants such men's services.

Take my advice. A healthy stomach is half the battle, for it keeps your mind clear, and your face rosy. I have a healthy stomach now and hold a good position, and my employer is satisfied and so am I.

I started to take Stuart's Dyspepsia Tablets which I was told were good for the worst cases of indigestion and dyspepsia. The first two tablets made a wonderful difference in my condition.

One ingredient of Stuart's Dyspepsia Tablets digests 3,000 grains of food. The stomach doesn't have to work at all. The Tablets do all the work, no matter how heavy your meal.

Stuart's Dyspepsia Tablets cure brash, eruptions, burning sensations, bloating, irritations, loss of appetite, nausea, heartburn, lack of energy, loss of memory and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry them around with you wherever you go and take them regularly after meals. Then you will realize what it is to be freed from stomach torment, and have a clear mind, a quick memory, a happy disposition, comfort and rest. Get Stuart's Dyspepsia Tablets at any drug store for 50c. a package.

Send us your name and address to-day and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Glendower Notes.

Glendower, Feb. 4.—The Richardson company are making their barges longer, so they can carry more rock across the lake. Richard Wilson is home from Perth Road. Feed is quite plentiful in this vicinity. Hugh Campbell, Perth Road, is visiting his sister, Mrs. James Wilson, and friends, at Desert Lake. James Campbell, at James Wilson's. Beef cattle are very scarce in this vicinity.

The fool may also part with his friends as well as his money. Extravagance is one of the stations on the road to the poor house.

AWAY FROM ROME

TO PROTESTANTISM IS THE MOVEMENT TO-DAY.

Says Rev. Joseph Northey, of Belfast, Ireland—He Preached in St. Andrew's Church on the Decreasing Power of the Roman Church.

"There is a most remarkable movement to-day away from Rome to Protestantism, the religion of the Bible," declared Rev. Joseph Northey, deputy chaplain of the Orange order in Belfast, Ireland, who preached in St. Andrew's church to a large congregation on Sunday morning.

"Rome is ruling Ireland to-day, and I defy contradiction," Mr. Northey said. "Home rule would not be just a measure of local government as you think," he went on. "It would be Rome rule, and we Protestants in the north of Ireland refuse to be taken from under British rule and placed under the heel of an unscrupulous church, and, please God, we will not."

Mr. Northey took as his text, Isaiah, xxi, 11-12: "Watchman, what of the night? The watchman said he would refer to two dark clouds of the present day. One was the new theology, which had done so much harm in Britain, but, fortunately, there is less of it, although the evil results still are felt. The other dark cloud was Romanism, which he described as "that machine that has made more infidels and sceptics than any other movement, and stood in the way of the progress of the race." He said he hoped to stir up Protestants to a sense of their duty.

Mr. Northey said that Rome was doing all in its power to make it appear that Romanism was gaining in strength the world over, and was using both press and magazines for this purpose. But the facts are different. Four hundred years ago all was dark, and Rome was supreme. Now there are 120,000,000 Protestants in the world. Fifty years ago, the pope was king of Italy. To-day he is uncrowned and there is no one in Italy so unpopular as he. There is no country in Europe in which the Roman Catholic church is so disrespected as in Italy.

In Rome itself, the people laugh at it, though they tolerate it because some religion is better than none. France has lately arisen and thrown off Romanism. Spain stood up and told the Vatican that in regard to religious liberty, it must not interfere, and that Protestants should have the right to worship as they pleased. Portugal has overturned the throne, chiefly because of Rome. In South Germany, where the people are now required to register their religious beliefs, 70,000 have withdrawn in the past few years left the Church of Rome, and 55,000 of them have become Protestants.

"If anyone says that England is longing to bow the knee to Rome, he is not telling facts," said Mr. Northey. "Any growth in the Roman Catholic population there is due to the large numbers of orders coming in from European countries. In Ireland, at one time, there were 6,000,000 Roman Catholics; now there are only 3,250,000. In the United States, if the Catholics had increased in proportion to the total population, there would be 35,000,000 of them. The Catholic leaders claim that there are 25,000,000, but the fact is that there are not 15,000,000, and it is probable that the Catholic population of the United States is not more than 13,000,000, out of a total population of nearly 100,000,000.

Thus it is clear, Mr. Northey said, that Rome is not conquering. It would seem that the third and fourth generations of Roman Catholic families are leaving their church and turning to Protestantism. The facts are—

ANNOUNCEMENT MADE

ABOUT ARCHBISHOP GAUTHIER'S DEPARTURE.

Presentation in St. Mary's Cathedral on the 14th—His Grace Will Say His Last Mass on the Morning of the 15th.

Yesterday was the solemnization of the feast of the presentation of our Blessed Lord in the temple (Candlemas), and the ceremonies in St. Mary's cathedral were marked by special devotions, candles being blessed by his grace the archbishop, followed by a procession through the aisles of the church. At the offertory, N. E. O'Connor sang with feeling and splendid effect the "Ave Maria" of De Bross, a very sweet composition.

After the gospel, Rev. A. J. Hanley, the rector, ascended the pulpit, and in a few well-chosen words made the official announcement of Archbishop Gauthier's departure from the city on Wednesday, the 15th inst., at one o'clock p.m., by G.T.R. special train. The evening before, at 7:45 o'clock, shall take place the presentation of an address and gifts by clergy and laity, to which his grace will reply, and then will be given the solemn benediction of the blessed Sacrament.

Rev. Father Hanley made very feeling remarks about the departure of his grace, which found a ready response in the hearts of all present. In his grace, he said, had had a choice in the matter he never would have accepted his present charge. Ottawa, from its position, was, perhaps, the most important see in Canada, and Archbishop Gauthier would do there as he had done here, devote himself, unsparringly, to the welfare, spiritual and temporal, of his flock. The reverend rector's words were listened to with deep emotion, and he was sure Catholics and non-Catholics alike would regret the removal of the worthy prelate from their midst.

At eight o'clock Wednesday morning, 15th inst., his grace will say his last mass in the cathedral for the children and all who may wish to attend.

LADIES' MUSICAL CLUB.

A Fine Programme Was Given on Saturday.

A most delightful programme was given at the Kingston Ladies' Musical Club, in Convocation hall, Saturday afternoon. Miss MacLachlan, of Smyrna, Syria, who has been studying for the past year in Germany; was the visitor of the day, and rendered able assistance in the programme. Her piano solo was very much enjoyed. The various numbers provided an excellent entertainment.

In addition to Miss MacLachlan, those taking part were: Miss Eileen Wright, who gave piano solos; Miss Jean Craig, vocal solos; piano solos; Miss Mabel Macaulay; vocal solos; Miss Annie Tweedell; violin solos; Miss Christine Cochrane; vocal solos; Miss Waldron; piano solos, Miss Ardell Elder.

FUR COAT WAS STOLEN.

But Thief Threw It Away on the Street.

Early on Saturday evening some person purloined a fur coat at Leach's second-hand store on Brock street. The case was reported to the police and but a short time afterwards a man came into the police station with a fur coat which he stated he had picked up on Ontario street. An investigation was made and it was found that this coat was the one which had been stolen from Leach's store. After taking the coat out of the store, the thief evidently got cold feet, as the saying goes, and dropped the coat off on the street.

Blind Girl Rescued From Flames.

When it was learned that a blind girl was in the house at the time the flames enveloped the whole structure, a young man rushed into the building regardless of his own life and succeeded in rescuing the blind girl just as the building collapsed. Both were taken to the hospital.

Dr. Bruce Galloway Married.

A marriage that will be of interest to many Kingstonians took place on Tuesday last in New York, when Dr. Bruce Galloway, son of Lieut.-Col. Galloway, of Toronto, formerly of Kingston, and nephew of Henry S. Crumley, of this city, was united in marriage to Miss Ethel Gibson, of New York, formerly of Cataraqui. Upon leaving here, Miss Gibson went to Uffton Springs and from there to New York. It was while nursing in a hospital there with which Dr. Galloway was connected, that the young couple first met.

Will Not Rebuild.

It was stated to-day, that Capt. Patterson would not rebuild his schooner, Mary Ann Lyden, which was partially destroyed by fire a short time ago. As to whether he will purchase a new vessel is not known, as his plans have not yet been completed.

Sunday Weather.

Sunday was an ideal winter's day. It was real cold, but pleasant for walking and driving. At seven o'clock in the morning, the thermometer outside the police station registered five degrees below zero.

Appointed to Napanee.

Rev. W. E. Kidd, B.A., of Frankville, has been appointed as vicar of St. Mary Magdalene's, Napanee, by the bishop of Ontario.

David White, G.T.R. conductor, stepping from a Toronto express, at Brockville, fell heavily, sustaining a scalp wound and bruised side. The injuries were dressed at the hospital, where he is still a patient. White's home is in Toronto.

Grand carnival at Stadium rink, Tuesday night. High band, defeated Charles Hillis has purchased the harness business of E. J. Billings, in the Gallena block, Brockville.

System in gathering ideas leads to knowledge and power.

At eight o'clock Wednesday morning, 15th inst., his grace will say his last mass in the cathedral for the children and all who may wish to attend.

AT COOKE'S CHURCH.

A Special Service for the Young People.

At Cooke's church, Sunday evening, there was a special service for the young people. The programme carried out was the one prepared by the general committee on Young People's Societies, and proved a most interesting and profitable one. Rev. Dr. MacTavish delivered a most inspiring address on the subject, "A Call to Christian Loyalty." There was a large attendance, and the discourse was much enjoyed. The choir rendered an appropriate selection, entitled "Loyalty to Christ."

After the regular service, an informal reception was held for the students at Queen's. B. M. Stewart, president of the university Y.M.C.A., presided, gave an address, and addresses were also given by Mr. Campbell, of Queen's and Rev. Dr. MacTavish.

Spoke to Queen Street Club.

Dr. H. A. Bore, the general hospital, spoke to the Young Men's Club of Queen Street Methodist church at its regular session, Sunday afternoon. His subject was "Alcohol." He described graphically the ravages produced on both body and mind from constant indulgence in this poison. After the address, a hearty vote of thanks was moved to the speaker by George Birch, seconded by Morley Selver, and heartily endorsed by all members present. The club is making elaborate preparations for its fourth annual banquet to be held on Thursday evening. Prof. John Morrison, of Queen's, will speak on "Nationalism, True and False."

Bijou Theatre.

The Bijou Theatre drew the crowds of people all day on Saturday, to its full capacity. The new mirror screen makes the pictures lifelike and the natural colors, and daylight pictures are certainly attractive every afternoon and evening.

The Deaf Can Now Hear.

Mr. Tugendhoff has decided to remain here this week. Those afflicted with deafness or head noises should call upon him at the Windsor hotel, and see his invisible hearing device.

The members of the Iroquois Club have decided to hold another of their popular dances in the Orpheum Theatre. It will be held the latter part of the month.

Will Likely Play Battersca.

The management of the Stadium hockey team is trying to make arrangements with the Battersca hockey team to go out there some day this week and give the summer resort boys a friendly brush. The game will probably be played, Saturday afternoon.

Will Soon Arrange Game.

It is likely that the return game between the Dippers and Deseronto will be arranged for shortly. The manager of the Dippers, Stanley Trotter, is now able to be back at work again, after undergoing an operation in the general hospital, and it is expected that he will make arrangements soon to have the game played here, probably at the covered rink.

Portsmouth vs. Gananoque.

On Saturday next, a local aggregation called the Portsmouth team will journey down to Gananoque to have a friendly game with the "Beavers" there. The Beavers have acquired quite a reputation, having defeated the senior Canoe Club team, and the boys of the Limestone city will have to go some to get a "look in." They are preparing for a good struggle, and the game will be watched by a large crowd as was the last one in which a local team took part.

Tras a Great Game.

The local curlers will take off their hats to Skip Dr. Waugh, and the members of his team, who, in the local series, Friday night, won out from Skip Strachan, by a score of 7 to 5, in the best game of the season. Skip (Given) was scheduled to play, but as

THE SPORT REVIEW QUEEN'S II. AND MCGILL II. MEET HERE THIS EVENING In Intercollegiate Hockey Semi-Finals—Local Hockey Matches—A Great Curling Game—General Sport Notes. Railroaders Beat Bankers. A very interesting game of hockey was pulled off on Saturday night, at the Palace rink, when the Bankers and the Railroaders clashed. The game was a very good exhibition of hockey, and was fast all the way through, as the score, which stood 2 to 1, in favor of Railroaders, would indicate. Graton and Hanley starred for the winners, while Davidson brothers and Cook played good hockey for the losers. Railroaders—Goal, Welch; point, Rutherford; cover-point, G. Driver; rover, Graton; centre, Hanley; wings, S. Driver and Ward. Bankers—Goal, Beard; point, Davidson; cover-point, Reid; rover, Cook; centre, A. Davidson; wings, Crawford and Marshall. Point Road Ramblers Won. On Saturday afternoon the Point Road Ramblers and the Dufferin Grinders played another game of hockey in which the Point Road Ramblers were successful. The score stood 2 to 2 at half time. The Ramblers in the second half scored three to their opponents' one, making the score 5 to 2 in favor of the Ramblers. The ice was in excellent condition, and a large crowd witnessed the game. Point Road Ramblers (5)—Goal, James Bradden; point, Gordon Doyle; cover, Earl Doyle; rover, V. Moran; centre, John Fradden; wings, D. Fowler and V. Kingsley. Dufferin Grinders (3)—Goal, McAllister; point, Charles Smith; cover, Crawford; rover, McLeod; centre, Barkley; wings, Pete. Smith and Scott. "Billy" Campbell, of Barriefield, refereed. City League Executive. One of the most important meetings of the executive of the City Hockey League will be held this evening, when the officer which was made to the league here, by the City League of Montreal, to match the winners of the league here with the winners of the Montreal league in that place, will be considered. This is too good an offer to let slip, and the local executive will do what is right. The Montreal sports seem very anxious to have the thing go through as they have written twice. The offer has all but been accepted, and only the final arrangements are to be made. The game will be played for a cup, and the local team will have all their expenses paid. The management of the rink guarantee to have at least 1,500 fans present and the local team will get a good share of the receipts. It is not often that Kingston local league teams have offers like this extended to them. All Kinds of Sports. The Quebec hockey club has lost four games on its own ice. Haliburton will hold an ice racing meet, beginning February 15th. Marshall defeated Capablanca for the United States chess championship. Dr. Dean will take an All-Ontario cricket team to New York in July. The American Golfing Association will encourage competitors for women. Cleveland will build a magnificent stadium for the Olympic games of 1916. St. Michaels beat Stratford in the senior O.H.A. game in Toronto, Saturday night. Brantford leads the Western Ontario Professional Hockey League, with four wins and one loss. All interest in the N.H.A. race has faded, for Ottawa has the championship won by a mile. The Interprovincial hockey champions may have to go to Stratford to play for the Allan trophy. The proposition to allow a player four strikes has again been advanced in the major baseball leagues. "Jack" Towns, a brother of George, won the amateur championship of New

For the Ladies We have the most complete line of TOILET REQUISITES At this season of the year you need a lotion or cream for the hands and complexion. We have all the popular preparations.
