LAME BACK
Cured by Booth's Kidney Pills.
If you suffer from backache like Mr. W. M. Ferguson, of Indian Head, Sask., don't wait until you are laid off work before you give the matter attention. He says: "I was compelled to quit work six months ago on account of a lame sore back, which had become so weak that I could scarcely get around. My limbs and feet were very much swollen, and I also had severe headaches occasionally. On learning of Booth's Kidney Pills, I procured a box and found them a fine remedy. The pains and aches have left my back, and it has been greatly strengthened. The swelling in my limbs and feet have also disappeared, and I have not had a headache since. I am very much pleased to recommend this remedy."
Booth's Kidney Pills are nature's specific for lame back, rheumatism, sciatica, lumbago, diabetes, and all kidney and bladder troubles. Sold by all druggists on the guarantee that if they do not relieve your money will be refunded. Postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by J. B. McLeod.

INDIGESTION WILL VANISH.

Dyspepsia, Gas, Sourness and Other Stomach Misery Go in Five Minutes.
Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50¢ case of Pope's Diapiesin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.
The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervous symptoms, dizziness or many other similar ones, if your appetite is sickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery. Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapiesin.
Monday in Brockville—Herbert Scott sold a valuable horse to Mr. Ivan Huston, Mallorytown, last week. Thomas Franklin sold a horse to Clark Guild, Mallorytown, last week. School is progressing favorably, under the able management of B. McElhie, Athens.

Mammoth Grain Elevator.
Ogdensburg, N.Y., Feb. 9.—Despite the blizzard, zero weather and the piercing cold winds sweeping the water front, the Joly, S. McCall company, of Chicago, and Montreal, started work on the erection of the new modern elevator for the Rutland Transit company, replacing the one destroyed by fire a few months ago. The new elevator will cost over \$225,000 and will have a capacity of over 500,000 bushels of grain. It will be built of cement and steel and will be circular in shape. The contract calls for the elevator being in operation by August 1st. The new structure will be about 175 feet high and will be equipped with the most modern machinery. The marine leg will have a capacity of 10,000 bushels an hour, the shipping leg 10,000, the lifting leg 20,000 and transfer leg 10,000 per hour. A passenger elevator will also be installed and a 150-horsepower motor placed in position as an auxiliary.

No Refreshments in Future.
Quebec, Feb. 9.—Mr. Teller, leader of the opposition, has given notice of a bill amending the Quebec election laws. By its election agents as well as candidates are forbidden to issue instructions or provide refreshments, etc., under \$200 penalty. It is intended to make the influencing of voters more difficult.
Mrs. Charles Bissell, North Augusta, died suddenly on Tuesday, aged thirty-three years.

DON'T LIKE KICKS.

Housewives are Confronted With Labor Problem.
Boston, Feb. 9.—Boston housewives found themselves confronted with a threatened strike by servant girls throughout the city, to-day. The chambermaids, cooks and laundresses are demanding higher wages, and the domestic protective union of Boston which is affiliated with the American Federation of Labor is to hold a mass meeting to-night.
The union already has a membership of 600, and is rapidly increasing. The leaders predict a general strike in the near future, unless working conditions are improved and pay increased.
More pay, shorter hours, more afternoons off, and more evenings out, no discrimination against policemen, elimination of the cause of housemaids' knee, and lighter vacuum cleaners are to be some of the demands of the union.

KAISER WILL VISIT ROME.
King George May Also Go After the Coronation.
Rome, Feb. 9.—The announcement that the German emperor will visit Rome as the guest of the Quirinal next March, on the occasion of the fiftieth anniversary of the proclamation of Rome as the capital of United Italy, has caused the report that other heads of states may come also during the celebration. Those mentioned more particularly are President Fallieres, of France, and King Haakon of Norway. King Peter of Serbia will arrive here February 15th, and it is thought not impossible that King George may visit Rome after the coronation.

A Whiskey Trick.
Halifax, N.S., Feb. 9.—An expensive trick has been practiced in connection with the liquor suit of Sydney vs. the Union Jack Club, of that city, which will cost someone \$1,000. Recently the inspector seized \$1,000 worth of liquor from the club, which later took process of replevin and secured the return of the liquor, the legal question being raised as to whether proceedings could be taken against a so-called club under the Nova Scotia temperance act. After two trials the case went against the club, and it was up to them to return the "goods." When the city got the "goods" back it was found that the entire lot consisted of nothing stronger than water. Every bottle had been emptied and refilled with the city's own brand. The city is secured, as it holds a receipt, and a bond from the sheriff is also held.

Cattle Breeders Not Agreed.
Toronto, Feb. 9.—Opinion seems to be divided among the stock breeders who are in convention here regarding the effect the proposed reciprocity agreement would have on the Canadian live stock market. The matter was discussed fully at the annual meeting of the Dominion Cattle Breeders' Association, but on account of the great difference of opinion no resolution was passed.
Reciprocity in Criminals.
London, Feb. 9.—Justice Grantham sentenced at Liverpool, Arthur Baker, an accountant, to five years for forgery. The prisoner had been sentenced to three years in Toronto and had been deported after serving one. Annot this, the judge said: "That is the sort of reciprocity Canada has for England, sending her criminals over here to be punished and in other matters seeking reciprocity with the United States."

British Trade Still Increasing.
London, Feb. 9.—The January statement of the board of trade shows increase of \$33,925,000 in imports and \$14,633,500 in exports. The imports of foodstuffs decreased \$5,000,000, but cotton from the United States, increased \$27,250,000 and from other points \$6,500,000. The increase in exports was chiefly in cotton textiles.

Goes on the Stage.
New York, Feb. 9.—Dr. Frederick A. Cook, who said he had reached the North Pole, will make his first appearance on the vaudeville stage at the Manhattan Opera House next week. He has engaged a moving picture to be made portraying his adventures and will go before the public to explain his claims.
