Told in Twilight

The eighth annual science dance was held in Grant hall, on Friday evening, and it was a most successful dance from every point of view. At the entrance to Grant hall the guests were received by the patronesses, Mrs. F. O. Willhoff, Mrs. L. W. Gill, Mrs. Arthur L. Clarke, Mrs. W. L. Goodwin, and by Principal Gordon and Prof. W. L. Goodwin and the president of the engineering society. As the guests entered the hall their attention was attracted by a huge white air ship, which was supported high above the platform. This air ship, which was very cleverly built, was outlined in electric lights, the word "Science" in the centre of the ship being also outlined in lights. At the side of the platform just above the orchestra was an imitation clock with numbers from one to sixteen and a huge hand pointed out to the dancers the dance which was being played by the orchestra. The platform was arranged with easy chairs and cushions and afforded a comfortable sitting-out place for the dancers. The halls and class rooms were also arranged with cushions and chairs.

The German room was made especially attractive having, in addition to the other decorations, evergreen trees and branches. Mysterious looking instruments used by these men of science stood on exhibition in the centre of this room. There were sixteen dances on the programme and the music was supplied by a splendid orchestra. The name of each dance was quite in keeping with the studies of "Ye hosts of ye evening."

Supper was served in the reading room at quartette tables, which were daintily decorated with flowers. Some of the wearers of handsome gowns were: Mrs. F. O. Willhoff, grey silk, trimmed with burnt orange. Mrs. W. L. Goodwin, ashes of roses satin with steel trimmings. Mrs. Arthur F. Clarke, old rose satin with silver passementerie. Mrs. L. W. Gill, black satin, veiled in black lace, with jet trimmings and red roses.

Mrs. A. Macphail, white satin, pearl and bugle ornaments on bodice. Mrs. Stafford Kirkpatrick, black silk with over-dress of sparkling black sequins. Mrs. J. C. Gwillim, mauve satin with scarf of black and silver.

A few of the guests noticed were: Professor and Mrs. A. Macphail, Professor and Mrs. S. F. Kirkpatrick, Professor and Mrs. J. C. OFFICERS WERE ELECTED.

At Annual Meeting County Orange Lodge.

The annual meeting of the County Orange Lodge, of Frontenac, was held on Thursday, when officers were elected. James B. Kingston, the county master, was in the chair. These officers were elected:

County master, W. McNeilly, Sunbury; deputy, Ford Webster, Kingston; chaplain, W. McCann; financial secretary, A. Hutton, Pittsburg; recording secretary, H. Graham, Kingston; treasurer, E. Bennett, Kingston; director of ceremonies, M. Shannon, Glenburnie.

It is not definitely known yet, where the local orangemen will celebrate the Glorious Twelfth. Another meeting will be held later on, when this will be decided. Next year the big celebration will be held in this city, and the local Orangemen are putting forth every effort to make this event a "bummer." It was advertised at the gathering last year.

THE PEOPLE TO VOTE

On Question of Giving \$40,000 for a School.

The civic finance committee, on Friday evening, decided to recommend to the city council that the request of the Board of Education for \$40,000 for a new public school, be submitted to the vote of the electors next month. The committee did not feel like shouldering the responsibility of recommending a grant of such a large sum, in view of the fact that some of the Board of Education members claim that a smaller sum would be sufficient.

An Exciting Runaway.

A runaway which might have resulted in a number of lives lost, took place, on Princess street, this morning, just when the streets were thronged with people. The animal, a spirited mare, which was purchased recently by Daniel Zurbrigg, was standing in front of Laidlaw's dry goods store, and became frightened at a passing street car and bolted. The animal ran down Princess street to Wellington street, and there took the left sidewalk and ran as far as King street. There it encountered a farmer's rig and narrowly missed upsetting it as it tore past. The farmer's horses became frightened and dashed into a telegraph pole. The horse ran on out King street as far as it could be seen.

ON FIRE AND LIGHT

MATTERS TAKEN UP BY THE COMMITTEE.

Recommend That Dr. Nicholls be Retained as Veterinary Surgeon For Fire Department—Test to be Made of Chatham Engine—New Lamps Required.

There was but a small gist of business before the fire and light committee, on Friday afternoon. The chairman, Ald. Givens, presided, and the other members present were Alds. Fair, McCarthy, Hoag, McCann, Fraser and Hanley.

A request was received from T. Moncrief, for a light on Durham street. This request will be taken up later, when the location of the new lights is considered. There are a batch of requests for new lights to be taken up. At the last meeting of the committee, Dr. W. J. Morgan, applied for the position of veterinary surgeon for the fire department, and the committee reported to the council, that no action be taken. The council, however, referred the matter back to the committee. Dr. Nicholls has been acting in this capacity for the department, and at the last meeting Chief Armstrong reported that he was giving perfect satisfaction with the work.

Ald. Fair and McCarthy favored the appointment of Dr. Morgan, giving their opinion that the position should be passed around. Ald. McCann moved that Dr. Nicholls be retained at his old salary, and Ald. Fair moved in amendment that Dr. Morgan receive the appointment. Alds. Fair, McCarthy and Fraser supported the amendment, and the motion to retain Dr. Nicholls was carried.

The committee confirmed the action of the joint meeting, held recently, when the chairman of the fire and light committee, the chairman of the light, heat and power committee, with the city engineer, and the manager of the light plant, were appointed to look after the location of the new street lamps.

In regard to the proposed test, to be given the Chatham fire engine, the chairman reported that the services of Mr. Yellowley could not be secured for the test. It was decided to have the test made by Mr. Thompson, government inspector, or in case he could not act, to have the work done by some other competent engineer.

There was some discussion about new lights required. The fire chief drew the attention of the committee to the fact that a lamp at the corner of Brock and Barre streets. This corner was used a great deal by the department, in responding to alarms. Other members offered sites for new lights, but, of course, no action was taken, as the question of the location of the new lamps has yet to be considered.

IN SPORTING CIRCLES.

Queen's II. Beat McGill II in Montreal by 6 to 5.

In the intermediate intercollegiate hockey match in Montreal on Friday evening Queen's II defeated McGill II by 6 to 5. However, McGill wins the round by 18 to 13, as it took the game in Kingston last Monday by 13 to 7.

Curling Last Night.

The curling matches, Friday night, resulted as follows: Skip Sills defeated Skip Bell, 14 to 8; Skip S. S. Corbett defeated Skip Reid, 14 to 11; Skip Cunningham won from Skip MacFarland, 9 to 8; Skip Dalton defeated Skip Robertson 15 to 3.

Varsity Beat McGill.

Varsity defeated McGill in the senior intercollegiate hockey game at Montreal last evening, by 11 to 4, and ended any chance of a tie in this league. The Toronto team will have the championship this season, unless Queen's can beat it in Toronto next Friday night. As Queen's and McGill played two very close games, it would seem that Varsity has the best team of the three, taking the result of last night's game as a criterion.

Frontenacs Go to Oshawa.

Oshawa won its round in the junior O.H.A. intercollegiate hockey game at Oshawa last evening, by 11 to 4, and ended any chance of a tie in this league. The Toronto team will have the championship this season, unless Queen's can beat it in Toronto next Friday night. As Queen's and McGill played two very close games, it would seem that Varsity has the best team of the three, taking the result of last night's game as a criterion.

"Hummers" Won Out.

In a game of hockey, last night, the Dufferin Hummers defeated the Pine Hill Tigers, by a score of 11 to 1. The score at half time was 7 to 0. Reserve Greer gave entire satisfaction. The Hummers will play the Stadium Pats on Monday afternoon, on the Dufferin rink. Line-up of teams:

Dufferin Hummers—Goal, G. Scott; point, C. Smith; cover, G. Cowan; rover, W. McLeod; centre, A. Barclay; wings, T. Smith and E. McAllister.

Pine Hill Tigers—Goal, K. Weir; point, G. Woods; cover, W. Greenlee; rover, G. Greenlee; centre, R. Weir; wings, B. Germaine and B. Franklin.

The Kingston Old Boys' Association in Chicago has issued fine letter heads, the picture of Kingston filling a third of the sheet. The officers, James Reid, president, and A. E. Dean, secretary, are interesting 1,000 former residents and are hoping to run a special train from Chicago at the next old boys' gathering here. Marshall Reid has a copy of the first circular struck off by the Chicago association.

The Dean of Ontario has gone to Amherst Island to preach on behalf of the mission funds on Sunday. Somehow most of us are tinctured with a desire to get our virtues lined up and on dress parade. Don't ever get into such a foolish state of mind as to be thoroughly satisfied with yourself.

DISAGREE AS TO SITE

For the Mowat Memorial Tuberculosis Hospital.

The choosing of a site for the Mowat Memorial Tuberculosis Hospital is again to cause a debate. The question was discussed by the management committee of the general hospital board of governors, on Friday evening, and the majority of this committee are opposed to erecting the building on the hospital ground, as has been proposed. They did not consider that it would be a good thing. A year ago, this matter was given airing in the press by writers for and against the hospital site. It is understood that the medical board of the hospital is opposed to the site on the grounds. It is likely the question will come before the board of governors at its meeting on the first Monday in March.

On request of many people Rev. J. Northey delivered another lecture in St. Andrew's hall last evening, his subject being the humorous social life of the Irish. His lecture was punctuated with many witty remarks and was vigorously applauded.
