

REDUCED TO A SKELETON

DOCTOR SAID SHE WOULD DIE

"Fruit-a-lives" Saved Her Life

RIVERS & PIERRE, QUR., May 9th 1910

"I look upon my recovery as nothing short of a miracle. I was for eleven years constantly suffering from Chronic Dyspepsia, Indigestion and Constipation. The last two years of my illness, I was confined to my bed nearly all the time. I was so thin I weighed only 90 pounds, and I vomited everything I ate. Even water would not stay on my stomach. The doctors gave me up to die as the stomach trouble produced heart weakness and I was frequently unconscious. At this time, a lady friend strongly advised me to try "Fruit-a-lives" and how thankful I am that I did so. When I had taken one box, I was much better and after three boxes, I was practically well again and had gained 20 pounds. I have taken thirteen boxes in all and now weigh 150 pounds and am absolutely well—no pain—no indigestion—no constipation—my heart is sound and my complexion clear."

Cold Upsets The Kidneys

And Uric Acid Poisons Bring Pains and Aches to Back and Limbs.

DR. CHASE'S KIDNEY-LIVER PILLS.

You feel pains in the back, find the urine heavy and unduly colored, have indigestion and irregularity of the bowels and there may be rheumatic twinges. You wonder what has gone wrong until you recollect that you have been exposed to sudden changes of temperature, perhaps sitting in a draft or passing from a very warm room to be chilled by the out-door air. The kidneys are most susceptible to cold, and a sudden lowering of temperature throws an extra burden on them by closing the pores of the skin, which are ordinarily a great aid to the kidneys in removing poisons from the blood. The danger lies in not understanding the meaning of the symptoms given in the first paragraph. Once you know that the kidneys need assistance you can help them promptly by using Dr. Chase's Kidney-Liver Pills. Every day you put off treatment you are taking the risk of developing Bright's disease, dropsy or rheumatism. Because of the inactivity of the failing kidneys your system is being loaded with poisonous impurities, and that means pains and suffering. Get Dr. Chase's Kidney-Liver Pills to-day. One pill a dose; 25c. a box, all dealers or Edmanston, Bates & Co., Toronto.

CATARH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effectual Cure For It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling. There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition. The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarhal condition will have disappeared.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of Bismuth, Aspic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

The plan of dieting is simply another name for starvation, and the use of prepared foods and now fangled breakfast foods simply makes matters worse as any dyspeptic who has tried them knows. As Dr. Bennett says, the only reason I can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with poor digestion is because a medicine is advertised or is sold in drug stores or is protected by a trade mark it must be a humbug, whereas as a matter of truth any druggist who is observant knows that Stuart's Dyspepsia Tablets have cured more people of catarh of the stomach, indigestion, heartburn, heart trouble, nervous prostration and run down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined. Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

mother, left on Sunday for British Columbia. Thomas Murphy, Sr., of Stoco, who has been in a delicate state of health for some time, is now living in a very precarious condition. Peter Walsh, formerly of Stoco neighborhood, after an absence of sixteen years, in South Eastern Montana, has returned to revisit the scenes of his childhood. The new saw mill, in connection with the electric light plant, has begun active operations, and is now under full headway. The remains of the late Mrs. Christopher Cassidy, who died last week at the home of her daughter, Mrs. Adolphus Burgoyne, of Belleville, were placed in the vault at Stoco, on Thursday, 9th inst. With her demise another of the old residents of Hungerford, has passed away.

At St. George's Lake.
St. George's Lake, Feb. 14.—School was closed on Thursday on account of the heavy snow storm. A number of young people attended the hockey match at Sharbot Lake. I. Kennedy and family are leaving for the west next week. Miss Maggie Riley has been carried away to adorn the home of Roy Goodie, of Fernleigh. A host of good wishes go with them. J. Tryon is hauling logs to Sharbot Lake. H. Asseltine made a trip to Wagarville on Saturday. Rev. Mr. Stewart filled the pulpit in the Methodist church on Sunday. The remains of the infant children of T. Bador and J. DeRoche were laid to rest in Ontario cemetery on Friday. A number are on the sick list. Miss Jessie Leslie, spent Sunday at W. Mickle's. G. McKivor has returned home from Erinville. Visitors: Mr. and Mrs. W. Crawford, Toronto, at D. Sly's; G. Asseltine, Long Lake, at S. Asseltine's; Mrs. I. Kennedy at G. McKivor's.

Reports From Mallorytown.

Mallorytown, Feb. 13.—John Mallory is drawing hay to Brockville. F. Tackaberry is learning telegraphing. Many of the older people of the village have got the idea that skating is good exercise and in the evening they may be seen going to the rink. The service in the Methodist church is withdrawn because of the anniversary at Caintown next Sunday. Miss Lillie Quinsey and sister are patients at the Brockville general hospital. Edward Quinsey, while calling on neighbors last Thursday, had to walk home as his horse got loose and returned without him. The cluster of diamonds, valued at \$600, which was lost at the L.O.O.F. at home, was found by A. E. Jordan and returned to the owner. Born to Mr. and Mrs. S. Quinsey, on Saturday, a daughter. G. Guild is improving but unable to leave the house. Roy Miller is also improving. E. Purvis and Miss Kate, of the Eastern Hospital staff, were guests of their parents on Thursday. Revival services are to continue this week at the Stone church. Yonge Mills. Miss Ada Turkington, of Ivy Lea, was the guest of Miss Hattie Raphael and her family last week. William Guild, of Lee Valley, Algoma, is visiting friends in the district before returning to his home. Misses Ora Bell and Allene Polly are visiting Miss Mabel Mallory.

South Lanark Liberals.
Perth, Feb. 15.—The liberal association of South Lanark has reorganized for the year, with Dr. A. W. Dwyer, of Perth, as president. Dr. Dwyer was the unsuccessful opponent of Hon. John Haggart in 1904.

HE COOLLY SUICIDED

SUSPENDED HIMSELF FROM A STREET SIGN.

A Well-dressed Man Hung Himself in View of Many People, Twenty Feet Above the Sidewalk.

New York, Feb. 15.—The most spectacular suicide that New York has ever known took place at Washington avenue and Montgomery street, Brooklyn, yesterday, when a well-dressed man coolly climbed twenty feet above the pavement, drove a nail into a sign which hung over the street, placed one end of a rope about his neck and tied the other about the nail and then dropped. He was found dead shortly afterward by a policeman. The man had climbed up one of the poles supporting the sign. The dead man was about sixty years old, and there was nothing in his possession by which he could be identified.

ROUTE OF THE C.N.O.R.

The Line Will Commence at Rideau Junction.

According to the complete survey of the main line of the Canadian Northern Ontario rail, which is the name given to that portion of the C.N.R. transcontinental line running through the province of Ontario, it commences at Rideau Junction, on the Toronto-Ottawa branch, now under construction, and crossing the Ottawa river at Fitzroy Harbor, will continue along the Ottawa Valley on the Quebec side to Portage du Fort, where it returns to the Ontario side, and runs through Pembroke and Petawawa to North Bay. Continuing, it will pass up the Vermillion Valley and great clay belt of the Algoma district to Lake Nipigon, and thence to Port Arthur, where it connects with the C.N.R. proper. Taking the Ottawa Valley as its route, it will run in close proximity to the proposed Georgian Bay canal at many points. At first it was believed these two highways would work in opposition to each other, but upon further consideration of the industries and utilities served by each; the C.N.R. decided that far from interfering with one another, they will be complementary, and both necessary to the full development of the district through which they pass. The great basin drained by the Ottawa river possesses unlimited resources, which bid fair to make the Ottawa Valley one of the greatest fields of industrial activity on the continent. Two things are necessary for its development, cheap local and cheap and rapid transit facilities. The canal will supply the one, and the railway the other. The Canadian Northern Ontario railway, although exploiting a new country, will make five crossings of other roads, and in every case overhead. It will pass through regions rich in iron and marble, besides the coarser minerals, phosphate of lime, felspar, mica, and graphite, which all lie dormant for want of cheap transportation. Rich agricultural districts and large areas of timber, including first quality pine, tie timber, and that required for pulp development will be opened up. The country is unsurpassed for its aesthetic value, possessing innumerable streams and small lakes, which afford the sportsman another "hunter's paradise." The new line will leave Rideau Junction some six miles south-west from the point of entry into Ottawa, and will run directly west through the village of Bell's Corners, through the rich and comparatively undeveloped country in March and Thorbloton townships, unreserved by any existing roads, and cross the Ottawa at Fitzroy Harbor to the Quebec side of the river. By taking this route the company hopes to encourage manufacturing establishments at the magnificent water-power at Chat's Falls, such as have been promoted by inferior powers on the Mississippi at Carleton Place, Almonte, and Gallella, and on the Bonaventure at Rimfrev.

MOTHER HELD BABES

Little Fingers Imprisoned by Her Rigid Hand.
Mount Sterling, Ky., Feb. 15.—Mrs. J. M. Jones, of Bath county, was found dead in her chair, tightly clasping the hands of her two little children. She had been repairing the wall paper in her room, when she sat down to rest and expired. She held the hands of her children so tightly that they could not release themselves from the death grip.

THE WRONG DIAGNOSIS.

Prompt Use of Worthless Remedies.
Even an experienced physician will sometimes make a mistake in diagnosis, in which event his entire treatment is wasted and may even be injurious to the patient. The advocates of all other hair restoratives save Herpicide have wrongly diagnosed the cause of Dandruff and Falling Hair. They figure on a functional disease, whereas it is now known and generally accepted that hair loss is due to a parasitic germ which Newbro's Herpicide destroys. There is no substitute for Herpicide, accept none. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. 21 bottles guaranteed. James B. McLeod, druggist, special agent, Kingston, Ont.
