**AT DAIRY SCHOOL**

L. A. ZUFELT NOW ACTING SUPERINTENDENT.

Class at the School Now Numbers Seventy-Five—One of the Largest in Years.

The appointment has just been announced of L. A. Zufelt, to be acting superintendent at the Dairy school. He takes the place of G. G. Puhlow, who recently resigned. Mr. Zufelt has been a member of the staff, being an instructor in butter making. He has made good in the business, and the appointment is looked upon as a good one. Mr. Puhlow, it will be remembered, had to give up this work, owing to press of his duties as chief instructor. It was desired to have him keep on in the work, but he found it impossible to do so, and now, in the appointment of Mr. Zufelt, he will be relieved of the school work. The salary of the acting superintendent has been fixed at \$1,490. He was recommended for the position by Mr. Puhlow. Mr. Zufelt has been connected with the school ever since it was opened.

**LATE JOHN HALLIGAN.**

The funeral took place Monday Morning.

The funeral of the late John Halligan took place Monday morning, from his late residence, 245 Brock street, to St. Mary's cathedral, and was very largely attended. At the cathedral, there was requiem mass for the repose of his soul, at which Rev. Father Halligan was celebrant, deacon and subdeacon, Rev. Father Hanley and Rev. Father McDonald. The visiting clergymen included Rev. Father Salmon, Morrisburg; Rev. Father Duffin, Rev. Father McDonagh, Rev. Father Kohoe, Gananoque; Rev. Father McDonald, Portsmouth. All the sanctuary boys were in attendance and the cathedral was well filled. Many of the members of the Knights of Columbus were in attendance. The cathedral was draped in black. The pallbearers were old friends of the deceased: Charles Smith, Z. Prevost, P. Devlin, Capt. Murray, William Dunnett and Alexander O'Brien. Thomas Ronan had charge of the funeral arrangements.

**ROUND-ROBIN WITHDRAWN.**

No Request Will be Made as to School By-law.

The round-robin of the Board of Education regarding the public school by-law will not go to the city council this evening, after all. Some of those who signed it have asked that their names be withdrawn, and the matter is so unsatisfactory, that the movers decided to drop it. The by-law will be allowed to go to the people as it is.

**Parole Commission Met.**

The Ontario parole commission held a session in Toronto on Saturday. The members present were Judge Teitel (chairman), Hamilton Cassels, K. C., D. M. McIntyre, K.C., of Kingston, Col. MacDonald, K.C., of Guelph, and Daniel Millar, of Toronto. The commission considered a large number of cases, and those recommended will be forwarded to the minister of justice by the secretary of the commission, Warden Gilmour. This is the third meeting held by the commission.

**A Simcoe Resident Dead.**

The funeral of the late Mrs. Sarah Whitmarsh, an aged resident of Simcoe Island, who died Saturday, took place from her late residence to the Anglican church on Wolfe Island, where service was conducted at one o'clock by Rev. Mr. Cox. Deceased was aged eighty-six years and was born in England. General debility was the cause of death.

**Testing Intake Pipe.**

It has been found that the trouble with the water works' intake pipe was not a broken valve, but merely something that had loosened. The outer part of the pipe was tested, this morning, and the inner part this afternoon. It is expected that this evening water will be pumped through the pipe.

**Lent in Ottawa.**

Owing to the amount of sickness in Ottawa during the typhoid outbreak, Archbishop Gauthier has announced that Roman Catholics will not be under the usual obligation to fast during the Lenten season.

**"For mechanics," 10c. hand cleaner.**

Silence is better than words if it is small talk and gossip you indulge in.

**"WHY BE SO THIN?"**

Thinness is Embarrassing, Unhealthy, and Not Natural—Formula Now Used Which Adds From One to Three Pounds a Week.

Every one ought to have some extra flesh on the bony structure of the body, both for the sake of health and self-esteem.

Most of the people are sensitive to the harsh, unfeeling criticisms which are constantly being hurled at them by the more fortunate, well-figured persons.

Every one pities a thin, bony horse, but horses don't know it—while thin people are both pitied and ridiculed. It ought not to be so, but it is.

A well rounded figure, be it man or woman, excites admiration; not only so the figure, but for the bright eyes, pink cheeks, red lips, and vigorous carriage which accompany a well-nourished body.

Strength, health, beauty and sound flesh abound, if the blood and nerves get enough nourishment out of the food eaten.

This prescription aids nature, helps absorption, digestion and assimilation, helps distribute the blood and nerve elements which make sound flesh. Get the ingredients and make it at home, and see how very fast you gain in weight.

In a half pint bottle, obtain three ounces of essence of pepsin, three ounces syrup rhubarb, then one ounce compound essence carmelum, shake and let stand two hours; then add one ounce lactose cadmoenum compound (not cadmoenum). Shake well and take a teaspoonful before meals and one after meals. Also drink plenty of water between meals and when retiring. Weigh yourself before beginning.

**SENTENCES HUSBAND.**

Deceases He Shall Stay Away From Her.

West Hammond, Ind., Feb. 27.—Mrs. Thomas Lickey, claiming her husband had hurled sundry breakfast dishes at her, caused his arrest today. Trial was held before Judge Frank Green, who, after hearing witnesses on both sides, called the wife to the bench and said:

"Now, Mrs. Lickey, you have heard the evidence on both sides. I want you to be the judge and you may impose any sentence on your husband in conformity with the law."

Mrs. Lickey wept softly and said:

"Here's where I go to jail until warm weather!"

Mr. Lickey wept softly and said:

"Tom, I sentence you to ten day's separation from me."

Judge Green gasped and exclaimed:

"Woman's vanity! Is that the worst punishment you can inflict on your husband?"

Mrs. Lickey said it was, and her husband told the judge he would take a ten day rest.

**THE PLAYS TO APPEAR**

At the Grand Opera House During This Week.

Charles A. Goettler's revision of the \$50,000 musical comedy, "A Stubborn Cinderella," will be the attraction at the Grand on Wednesday, March 1st. It proved to be one of the greatest musical comedies of last season. All the dramatic critics in New York, Chicago, Boston and Philadelphia were loud in their praise of this production. A large chorus is one of the features. There has been no production in recent years that has had a more magnificent display of costumes than has been seen in "A Stubborn Cinderella." The story is prettily told and has a complete, connected and laughable plot. There are twenty song numbers.

**Farmers are Favorable.**

Toronto Star.

If there was ever any doubt as to the attitude of the farming community towards the tariff agreement, it is dispelled by the investigations which a Star correspondent has been making in Eastern Ontario. He finds conservatives who are outspoken enough to speak the truth openly, others who oppose it only for party reasons. The argument of many of the farmers may be summarized in six words: "Two markets are better than one." And they add that the new market in which they are to be allowed to compete on an equal basis is one of the richest in the world.

**Game Awarded to Tecumsehs.**

Tecumsehs and K.C.I., senior juvenile hockey teams, played at the Palace rink, Saturday afternoon. The score at half time was 2 to 0, and the full time score was 2 to 3. K.C.I. would not play overtime so the game was awarded to Tecumsehs.

**The Final Games.**

A Toronto despatch says that the final junior games will probably be played as follows:—Thursday, March 2nd, in Preston or Orillia, and Monday, March 6th, in Kingston James T. Sutherland says no final decision has yet been made as to the play-off.

**Ladies Play Hockey.**

The ladies' hockey team at Queen's, in the game with Gananoque, at the covered rink, to-night, will be composed of the following: Misses Singleton, Young, Craig, Johnston, Brownlee, McDonald, Spore, Miss Jenkins.

**Glenburnie-Bath Road Game.**

The long-drawn-out argument concerning the result of the disputed game between the Bath Road Beavers and Glenburnie, will be brought to a close next Saturday afternoon, when the game will be played off at the Palace rink. Excitement will be at fever heat when these two teams clash, and every endeavor will be made to have peace maintained.

**Queen's Play in Boston.**

Queen's hockey team will leave tomorrow noon, for Boston, by way of Montreal, where they will put on an exhibition game, Wednesday evening against the Boston Hockey Club. It was rumored that the team was going to play Yale and Harvard, but this is not so and they will play only the one exhibition game. Those who will form the line-up are: Goal, Gilbert; point, Basil George; center, Trimble; centre, Doug rover, Craig; George; wings, McKinnon and Smith; Coach J. J. Hartly and Manager Marshall will accompany the team.

**Maple syrup, in bottles, 25c. at Gilbert's stores.**

At Queen's university, this afternoon, the presbytery's committee on superintendence of students intending to go to the mission fields, will meet with the candidates.

**Thoracograph is the name that has been given to a machine which has been invented to draw diagrams of a person's chest movements during respiration.**

1,000 Select Suitings to Choose From

Made to Measure only \$16 to \$30

SPRING HATS are in GEO. MILLS & CO

Wholesale and Retail Hats and Furs.

**DATES NOT YET FIXED**

FOR THE JUNIOR O.H.A. FINAL GAMES.

May be Decided To-morrow—A Suggestion Regarding the Formation of a Junior O.H.A. Team For Next Year.

No word has, as yet been received from the O.H.A., as to the final games, to be played by Frontenacs, To-night, Orillia and Preston will play off, in Preston, and it is likely that to-morrow, the O.H.A. will notify Kingston of the dates for the final games.

**No Practice To-night.**

There will be no practice for the Frontenacs, to-night, at the covered rink. It is hoped that the boys will indulge in some light skating, in order to keep them in trim for the next big battle.

**Junior O.H.A. Team Next Year.**

It has been suggested by officers of the Frontenac hockey club that as the new junior team will next year go into senior ranks, some provision should be made for players for a junior team next year. The suggestion is that the manager of each of the junior teams playing in the City league should send the names and positions of three of the best men on the team to some officer connected with the club, namely W. W. Gibson, James T. Sutherland, or David J. Dowsley. As there are ten teams in the league this will give the manager enough men to pick a junior team from next season. Next fall the players will be called together and tried out. Club officials are satisfied that there is enough material available to put a good junior team on the ice again next season and they think this is a good way of getting the best material possible. It is hoped that managers will act on this suggestion at once.

**Game Awarded to Tecumsehs.**

Tecumsehs and K.C.I., senior juvenile hockey teams, played at the Palace rink, Saturday afternoon. The score at half time was 2 to 0, and the full time score was 2 to 3. K.C.I. would not play overtime so the game was awarded to Tecumsehs.

**The Final Games.**

**Praise for Kingston Singer.**

Montreal Star.

Miss Mona Knight, who sang at the Matouf recital, in a Canadian girl who deserves to be heartily encouraged, for she has talent, a fine vocal organ, ambition, and a thoroughly devoted art. She sings modern music well, but she does not make the mistake of neglecting the great old masters. Her enunciation is admirable; she sings with a keen intellectual appreciation of the significance of words and music, and she is likely to make a name for herself, if she wisely eschews eccentric departures and adheres to strict art canons in her interpretative work.

The Klondike has produced \$150,000,000 in gold since 1858, and mining experts estimate that the amount yet to be mined is equal to that already produced.

We all of us think sometimes of that day when we shall find time to enjoy the simple life of the country.

In this age there is abroad less spirit of criticism and more a spirit of appreciation—the tendency is to praise rather than to blame.
