

GIVING UP BUSINESS

And Leaving Kingston

We have about completed arrangements to enter another line of business in the West, provided we can dispose of our present business, which we are now offering for sale at a rate on the dollar. As our stock is very large, we have decided to put on

A RETIRING SALE

And reduce it by several thousands of dollars, which will enable us to find a buyer for the entire business more quickly. As we wish to get away from here by the 1st of May, we know we shall have to put the knife in very deep and offer the public goods at prices that will force them to buy. After 25 years business dealings with the public in this district, we feel sure, that when we advertise a Sale, the people will believe us when we state that BARGAINS SUCH AS WERE NEVER OFFERED BEFORE ARE TO BE HAD DURING THIS
