

### Tea Time Talks Tea Spoils with Age

No tea is fit to drink after it is two years old. That is the age limit of tea quality and benefit. The best tea is the freshest.

"Salada" Tea owes much of its world-wide reputation to its sale fresh from the plantation. The leaves are fresh picked every week the year round; then dried, sorted and packed in air-tight lead packages. Every five weeks a new picking of "Salada" comes fresh from plantation to purchaser.

Bulk teas, carried year after year, lose their freshness.

Ask your grocer for "Salada" Tea or send for a five trial package which makes 25 cups of delicious tea. We will mail it to you without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

### T. LAMBERT, Merchant Tailor TROUSERS TALK

How many Trousers are nice enough when standing or walking, but when sitting down the strain at the knee is hard, causing them to bag too much, or they draw up from the bottom, or they have an unsightly bagginess at the crotch, or when bending they will strain at the fork so much that they soon wear out.

All well cut Trousers should hang well when standing, and have all the care necessary for bending and sitting postures so that the evil of baggy knees will be reduced to the minimum. We have a good selection of Trousers Cloths and ask you to try a pair of our cut.

Watertown's Low Death Rate. Watertown Standard.

Watertown is the healthiest city of approximately the same size in New York state. Watertown's average death rate per 1,000 population for the past five years, as shown by the statistics of the state department of health was only 16.2. No other city of a population between 20,000 and 25,000 had so low an average death rate as Watertown. Watertown's population is 26,730. The percentage of increase in ten years was 23.2.

### WILL COST BIG SUM THE CITY COUNCIL

TO PUT EIGHTY-FOOT SPAN IN CATARAQUI BRIDGE.

Estimates of the City Engineer—The City is Bound to Put in a Sixty-foot Span for Ontario Exploration Company.

It will cost a much larger sum of money to construct a new swing bridge span in the centre of Cataraqui bridge than the city council imagined. The city engineer has estimated that an eighty-foot swing bridge, including the pier and abutments, would cost \$23,171. A roller lift bridge would cost \$34,061.

When the council made an agreement two weeks ago with the Ontario Exploration company, it was thought that a sixty-foot span could be constructed for from \$4,000 to \$6,000. The company contributed \$4,000 towards the cost. Since then it has been deemed advisable in the interests of the city to make a wider span, so as to allow the largest lake vessels to pass through in order that some of them may winter in the lower harbor.

The report of the engineer will be considered by the finance committee of the council. According to the agreement with the company the new span must be put in the centre of the bridge at once, so as to be ready by the summer. The requirements of the company have first to be met.

#### H. S. FOLGER SELLS CAPRICE

To A. E. Knopf, New York, Owner of Milton Island.

Howard S. Folger has sold his fast and beautifully equipped gasoline yacht, Caprice, to A. E. Knopf, of New York, who owns and resides four months of the year on Milton Island. A boathouse is now being built at the island for the yacht. Mr. Knopf has secured one of the finest yachts on the river St. Lawrence, for the Caprice is a dandy little boat. It has run from Kingston to Clayton in less than an hour, and the distance is twenty-two miles.

#### Great Show at Orpheum.

A trunk mystery and hand-cuff breaking act is the head-line at the Orpheum. Hilda does some marvelous stunts. Her arms are fastened with four pairs of different kinds of hand cuffs, her ankles are shackled, and a pair of thumb screws are put on her fingers. She sits down on the stage, a cloth is thrown over her head and she takes all of them off in less than two minutes and throws them on the stage. The trunk mystery was presented in a new light. The lady is tied up in the trunk, which is padlocked and roped. The curtain is drawn. In half a minute the lady appears and in another half minute the trunk is opened and a man is inside it. "Billy" World, the contortionist, was good.

#### "The Prince of Pilsen."

Do you remember "The Message of the Violet," "The Song of the Sea Shell," and the other charming melodies of the best of the Pixley-Luders musical comedies? If so, probably you will want to hear them again; if, owing to your youth you have never had the pleasure, ask any older play patron. In all likelihood he will advise you to be sure to hear them, and the rest of the score of "The Prince of Pilsen," which will be seen at the Grand on Thursday, March 2nd.

#### Recruit Classes Started.

Two classes of 14th Regiment recruits were lined up for instruction at the Armouries last evening. The one class was under the instruction of Serjeant Maj. Stafford and the other under Staff Serjeant Skinner. The classes this year give promise of being larger than they have in some years, and are easily taught. After class, an indoor game of baseball was played between sergeants of the 11th and R.C. H.A.

#### Dr. Williamson's Purchase.

Dr. A. R. B. Williamson has purchased through the agency of J. S. McAnn, the large residence at the corner of King and William streets, owned by Mrs. Irwin, for \$5,000. G. Bearance, G. Rotting, T. Killen, Wm. Handley, and R. McLen, employees light plant, for increase in wages.

Residents of Garrett street, asking for an ace light.

This recommendation of the finance committee was adopted: That the application of the Kingston Poultry, Pigeon and Pet Stock Association for a rebate of \$40 on rent of Ontario hall for their annual show be granted.

The reports of the various committees, already published, were adopted. Contracts for water works, light plant and printing supplies were awarded for the year.

By-laws were passed establishing a garbage system and arranging with the Salvation Army for a children's shelter in connection with the barracks.

#### AFTER POOL ROOMS.

The Evangelical Alliance and the W.C.T.U. of this city declare to the city council that pool rooms are exerting a most pernicious influence upon many Kingston youths and young men. This influence could be greatly minimized if the operations of the pool rooms were restricted. They suggest:

(1.) Closing of pool rooms at 10 p.m.

(2.) Prohibiting boys under 18 years from frequenting them.

(3.) Withdrawal of license after a second conviction of allowing gambling on the premises.

#### WATERWORKS REPORT.

Showing Financial and Other Statistics for 1910

The report of the waterworks department for 1910 shows that the revenue for the year was: Revenue, \$40,563.59; running expenses, \$34,369.39; excess of revenue over running expenses, \$6,194.20. Expenditure on capital account, \$5,917.50.

### MISSION GATHERING

IN ST. GEORGE'S HALL ON MONDAY EVENING.

Two Hundred Anglican Men Attended a Banquet and Heard Interesting Addresses in Regard to Their Duty to Missions.

Two hundred men, representing the different Anglican churches of the city, gathered at a banquet in St. George's hall, last evening, at 6.30 o'clock, and sat down to well-filled tables waited upon by the ladies of the different congregations. At 7.15 Frederick Welch arose and expressed the gratitude of the assembly to the ladies for the able way in which they looked after the inner man. He said the Laymen's Missionary Movement was supposed to be confined to the men of the congregation, but this was not so. What of the ladies? It seemed to him that they had done the most to make the evening a success, for if they had not provided the dainty repast the chances were that there would not have been nearly so many present. Mr. Welch said that all should make an effort to make their lives count for more than they have been, for it was plainly seen that the men were leaving most of the church work to be done by the ladies. He wished to move a hearty vote of thanks to the ladies for the way in which they had looked after the tables and for the very efficient service which they had rendered.

Bishop Mills asked J. B. Walker, K.C., to second the vote, which he did in an able manner, saying that if the men of the church were half as active as the ladies the church would be far ahead today than it was. Bishop Mills said the duty of chairman devolved upon him on account of the absence of the president, Dr. B. V. Rogers, on account of a severe cold. He then called on the first speaker, R. W. Allin, secretary of the Anglican Laymen's Missionary association. Mr. Allin said that the attitude of the ordinary layman was undergoing a change at the present time. The speaker, who had uttered the remark that the ladies were doing most of the work of the churches, had spoken truly. He was glad to note, however, that the tendency for better attendance by the men at meetings of this sort was gradually on the upward move. He had addressed eight meetings similar to this one in the past two months and at this number of meetings there were over 1,200 men.

He went on to show that if there is life in the church it must expand. The church must be handled much in the same light as a business. Business must be either one of two things: It must be advancing or going back. It cannot stand still. Men in business realize that they must not only study their own sphere but they must absorb what other men are doing around them.

The speaker assured the gathering that business could not be put in its place and religion in another; they must both be worked together. Money cannot save souls, but souls cannot be saved without money. "Ye cannot serve God and mammon" the good book says, but ye can serve God with mammon. Men are looking at money in a very different light now than they used to. It is being regarded as a means of transmission by which energy formed by men in this world cannot be transmitted to other parts of the earth.

Tonching on giving in the distant future, he said that a great many were not giving, simply because they were not being asked. They say that "what is not worth asking for is not worth taking" and they apply this text to themselves. We must have bet-

ter methods in the church and the only means by which we can get them is by being in the forefront of the churches, which are marching along. What we need in the church to-day, are more men with spiritual power.

The other speaker was Rev. Canon Gould, M.D. He was for thirteen years in different parts of the east as a medical missionary, and his recital of his work there and the conditions which exist there was most interesting. His talk was principally concerning Mohammedanism and the effects which it has upon the country. Recital after recital showed that this religion had had a number of national, slaying effect on a number of nations. His remarks were vivid and were pronounced with an earnestness which reached the hearts of his hearers.

At the close of his address, a resolution was moved by R. J. Carson and seconded by Francis King that three members be appointed from each congregation to form a committee to help the cause of missions more extensively.

Dean Bidwell proposed a vote of thanks to the speakers for the excellent addresses they had delivered, and it was seconded by J. R. Forster, and was suitably responded to by both gentlemen. Bishop Mills pronounced the benediction, after the singing of the doxology.

#### Belleville to Have Artillery.

Belleville is to have a battery of field artillery. There is a battery at Deseronto and another at Gananoque. These three will form a brigade and Lieut.-Col. E. Walter Rathbun, of Deseronto, will be colonel.

Col. Rathbun has given his word that he will place a battery with headquarters at Belleville, in the field this year, and that the battery will go into camp this summer at Petawawa.

#### Lost Valuable Mare.

The animal which John Duggan, a Pittsburgh farmer, lost on Monday afternoon, when struck by an engine on the Kingston & Pembroke railway, was a valuable mare. Mr. Duggan says that he had not time to clear the tracks. He turned as quickly as he could, and one of the animals was able to clear the track all right, but the other was caught.

#### The Late Mrs. Robert Brown.

Mrs. Robert Brown, Deseronto, spending the winter with her sons at Belleville, died on Saturday after a week's illness of pneumonia. Besides her husband she leaves three sons, who reside at Sudbury and three daughters, namely: Mrs. Mont, Belleville; Mrs. Wales, Napanee, and Miss Ethel, Deseronto. The remains were taken to Deseronto for interment.

#### Suggestion for Kingston.

#### To Prevent the Grip.

Laxative Bromo Quinine removes the cause. There is only one "Bromo Quinine." Look for signature of E. W. Grove, 25c.

A quiet wedding took place at 1.30 on February 22nd, when Rev. T. Austin Smith united in marriage Miss Lenma M. Boulton, third youngest daughter of Mr. and Mrs. Thomas Boulton, Lilies, to Henry Elton King, youngest son of Mr. and Mrs. George King, New Dublin.

George Rosevear, Canifton, died, on Sunday. He was born May 8th, 1850, in Hungerford, but had spent all of his life in Canifton. He was a widower, a Methodist in religion and a conservative in politics. Six daughters survive.

### IT IS NOT IN THE BLOOD

Medicine Taken Internally Cannot Cure Eczema—it is Caused by Germs.

Eczema cannot be overcome by ordinary treatment and the old-fashioned way of dosing the system with drugs. Eczema is caused by a parasitic germ that borrows into the skin. It is generally a contagious disease. Until the parasite is completely destroyed and removed, eczema cannot be cured. Fully one-third of skin diseases are in the form of eczema.

We so thoroughly believe that Rexall Eczema Ointment will overcome eczema and allied skin ailments, that we unhesitatingly promise to promptly return the money paid for it should it in any way be unsatisfactory to the user.

Because of its remarkable cleansing, antiseptic, germicidal, soothing and healing influence, Rexall Eczema Ointment has a very pronounced value in the treatment of skin diseases, especially where the form of ailment is of the chronic, aggravating sort. We highly recommend it for the dry scaly form or the weeping type, where there is a constant flow of ill-smelling excretion.

Rexall Eczema Ointment is very prompt in relieving pimples, blotches, skin discolorations, ringworm, acne, nettle rash, tetter, hives, ulcers, insect bites, and for healing sores and wounds. It is a pleasant smelling, grayish-white ointment, and is very cleanly for use. Two sizes, 50c. and \$1. Sold only at our store—The Rexall store, G. W. Mahood.
