REPLY OF S. W. GREER

OVER TROUBLE IN TOWNSHIP HOCKEY LEAGUE.

Takes Issue With R. J. Vair in Latter's Letter in the Press— Gives His Side of Affair at Game in Glenburnie.

Collins Bay, Ont., Feb. 27.—(To the Editor): It is with regret that I ask for space in your paper to refute the glaring misrepresentation that R. J. Vair, manager of the Glenburnie hockey team, would try and throw out to the public. The first false statement is when he says sixty Bath Road supporters came down and only about ten paid their admission fee. The Bath Road supporters did not only pay admission but they even charged the Bath Road hockey team's spare man admission, a small piece of business, on the start. I had thirteen in my sleigh, of whom eight were ladies, and I paid for six of that number. The rest paid their own way. Another rink manager appeared and collected fees the second time from some whom I had paid for. In regard to the man who wanted to fight when asked for his admission fee, if R. J. Vair can produce that man, and he is a Bath Road supporter, I will present R. J. Vair with \$10. I do not say that no one was so ungentlemanly as to do this, but it was not a Bath Road man; R. J. Vair says ex-Manager McIntyre is a gentleman, and ex-Manager McIntyre admits that whiskey was freely handed out even at the evening's entertainment. Ex-Manager McIntyre declines to say who dealt out the whiskey but surely such conduct at a public gathering should be prohibited. Next, he accuses me of interfering with Manager McIntyre. Mr. McIntyre asked me to accompany him to see R. J. Vair as he was going to hand him in the names of the Bath Road team, and to use Mr. McIntyre's own words, he said, Vair had bullied him so much that he could do nothing with him. Then, he charged me with being noisy and this is not so. He even had the nerve to come to the timekeepers, and interfere with their work when they failed to even undertake to referee the game. Not being able to succeed in either one of these acts, he felt sore. Now I am free to confess that I do think Mr. Vair was hardly responsible for what he said or did. He seemed to be in such a state of excitement all the time, and I do not wonder that when he came to himself that he tried to throw the blame on someone else. He says two of the players clashed. This is not so. The two boys and the writer's boy, and when R. J. Vair says the Bath Road player was the aggressor I know he does not grasp the meaning of the word aggressor. He says the Bath Road supporters crowded on the ice. The fact of the matter is the Bath Road supporters were largely made up of women and children, with only a few men. He also accuses me of saying to my son, "Strike him." That is not the truth. I used no such words nor any words to that effect. R. J. Vair was the first man to use a hockey stick. R. J. Vair was one of the four men who pulled Richard Cooper to the ground and trampled him under foot. R. J. Vair and his two boys were solely responsible for one of the most disgraceful affairs that ever occurred in the history of Kingston township hockey. I say shame on R. J. Vair, when he says the women were not roughly handled or insulted. I would ask him does he know what an insult to a lady is? One lady received a black eye, and as for Mrs. Greer she has not recovered from the shock yet, and right here I want to thank the respectable residents of Glenburnie for the aid they gave us. If it had not been for them it would have been much worse for the Bath Road people. Yes, we were cared for by Glenburnie people, but it was not at the hands of R. J. Vair nor his colleagues.

Now R. J. Vair's own words, that Bath Roaders fled and cut the ropes that the horses were tied with. Now why did they do all this? Because they were in danger of their lives, and as I have already stated, had it not been for the ready assistance of some of the respectable people of Glenburnie we know not where the end would have been.

Again, R. J. Vair accuses Bath Road of not having a straight Bath Road team, forgetting the fact all the time that their star player, D. McConnell, is a resident of Cataract. Is this the first trouble R. J. Vair has had since he became manager of that team? Oh no. I see he took his team off the ice eight minutes before the time was up while playing a friendly game at Battersea, also when they played at Battersea, also when they played at once wanted to fight and only through the efforts of a gentleman of that place and myself it was quelled.

In summing it all up the whole trouble is they cannot stand defeat. Now, Mr. Vair, prove your statements and be a gentleman. I have given you a chance.—S. W. GREER.

BOILING WITH INDIGNATION.
Because of Closing of Dublin Mansion House.

London, Feb. 28.—Ald. John J. Farrell has begun his year in office as lord mayor of Dublin, on a reduced salary of £1,600, instead of the £3,600, which was formerly paid. There is every indication that the new lord mayor's year in office will be a stormy one. In accordance with his threat to close the mansion house as a protest against the inadequate salary, he has already refused a number of organizations the customary permission to hold meetings there. As a result of this the Gaelic League Athletic carnival could not be held. Lord Mayor Farrell, in a letter to the officials of the league, regretted his refusal, said: "The enemies of Dublin have closed the Mansion house for twelve months, probably forever." The Gaelic League and other bodies are boiling with indignation.

MARDI GRAS AT QUEBEC.
Spectacular Event Promised for Tuesday Evening.

Quebec, Feb. 28.—Over ninety allegorical and other cars have now been entered for the grand Mardi Gras procession, to take place this evening, and the event promises to be one of the most spectacular ever seen in Quebec. There will be six bands of music in the procession and thousands of gaily-garbed masqueraders are expected to participate. Widespread interest is being taken in the event in outside localities, and it is stated that no less than three special trains will be run from Montreal. The Montagnard Snowshoe Club, of the latter city, are coming down in full force to form the procession, and all Quebec and Lewis clubs will be seen, most of them turning out with handsome cars.

EMIGRATION OF CHILDREN.
Italian Government to Pass a Prohibitory Law.

Rome, Feb. 28.—A special law will soon be passed to prohibit the emigration of children from Italy. Meantime so many children, especially girls, are leaving the country that the minister of foreign affairs has issued a provisional decree which forbids children under twelve to leave the country unaccompanied by their parents or guardians, or unless to join them abroad. Boys under fifteen and girls under eighteen will not be allowed to go unless accompanied by a member of their family.

CHILDREN'S SCALP SORES

Are Healed by Zam-Buk—Mothers Pleased.

Mothers are well aware how frequently children contract scalp sores, ringworm, etc., at school. Some little sufferers are sent to school with a sore of this nature. At play, the children change caps, and right there the infection is spread—the damage done. Some children are particularly liable to scalp sores, etc., and often these break out with annoying frequency. Such a case was that of the daughter of Mrs. Albert Goodie, of 485 Amherst street, Montreal. Mrs. Goodie says: "My little three-year-old daughter suffered frequently from scalp disease, and try as we would, we could not rid the little one of this. We tried everything we could think of, but failed to effect a cure, until we were advised to try Zam-Buk. This seemed entirely different to anything we had ever tried before, and from first applying it there was marked improvement. The sores became less inflamed, and less irritable. After a few days they ceased to trouble the child, and in less than a fortnight from first commencing with Zam-Buk, they were completely healed. In view of these facts I feel it my duty to let mothers know how beneficial Zam-Buk is."

There is no doubt that for scalp sores, ringworm, ulcers, abscesses, cold cracks, chapped hands, frost bite and similar sores, Zam-Buk is also a good remedy. It is just as good for wounds, cuts, burns and scalds. Rubbed well in over the affected part, it cures rheumatism, sciatica, etc., and rubbed into the chest it relieves the tightness and feeling of weight from first applying it had cold. All due to contracting a bad cold. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse imitations.

JESSE DAWBY AND THE PRETTY PILSEN PULLETS WITH "THE PRINCE OF PILSEN," AT THE GRAND, ON THURSDAY, MARCH 2ND.

FIRST NIGHT COUGHERS.

Laurence Irving Attempts to Stop Unpleasant Practice.

London, Feb. 25.—An inserted slip on every programme at the Kingsway theatre, on the first night that Laurence Irving and his company presented "The Lily," said: "The management begs to state that any one troubled with a first night cough will be supplied with jubes on application." The management now explains that there are a number of people who make a practice of coughing at first nights, with the object of wrecking the play. They say it is an organized conspiracy by out-of-work actors, actresses, minor dramatists, and other disappointed persons. Mr. Irving declares that the attachment is the most useful contrivance of its kind that has been patented, as it will add much to the efficiency of the big machines, now used extensively in the wheat belts throughout the western country. Buchanan made arrangements to sell his device while behind the bars. It is said he passed the worthless checks while under the influence of liquor.

IN A LEVEL POSITION.

A Fine Invention as to a Threshing Machine.

Spokane, Wash., Feb. 27.—Clinton Buchanan, who recently completed serving a term in the county jail at Walla Walla, Wash., following conviction on the charge of passing "no funds" checks, can, to-day, draw a good one for \$12,000, the amount he received from J. F. Kirner, of Spokane, and B. C. Holt, of Walla Walla, for a patent attachment to a side-hill combined threshing machine. The device is designed to keep the threshing apparatus of a combined harvester in a level position on any contour of land and tilt of header. Experts declare that the attachment is the most useful contrivance of its kind that has been patented, as it will add much to the efficiency of the big machines, now used extensively in the wheat belts throughout the western country. Buchanan made arrangements to sell his device while behind the bars. It is said he passed the worthless checks while under the influence of liquor.

There have been applied by the missionary, which have been taken account of, over 6,000 copies of biblical tracts in twenty-four languages, besides thousands of biblical books and tracts have been published for the work in five languages, some of them costing many hundreds of dollars. The donations of Kingston, last year, were \$31.50 gratefully acknowledged. The depots are at 202 King street East, Toronto, and 17 Eagle street, Rochester, N.Y.

LIVING AT HIGH TENSION.

To overdo in order to keep up with the parade is the tendency of the age. Living at such a high tension, is it any wonder that our nerve sanitariums and rest cures are filled with nervous, overworked, broken-down men and women. When one begins to get into this condition, there is only one cure—a complete rest, together with a wholesome diet and a good blood-making tonic and strength creator. There is nothing in this line that can possibly exceed the medicinal elements of the cod's liver combined with tonic iron. This simple combination is found in Vinol. It contains no oil or grease and agrees with everyone.

IT CERTAINLY IS RUSSIAN.

Nobility Congress Would Give Jews No Rights at All.

St. Petersburg, Feb. 28.—The "All Russian nobility" congress, now sitting here, has prepared a report charging the Jews with being the leaders in a "liberation" movement, and advocating their exclusion from state service in any capacity, even if they change their relation, together with deprivation of all electoral, legislative and administrative privileges.

To be of use to the community is a high and noble incentive. Adversity is a friendship tester. Successful leadership can never be obtained by force.

Mix two cups of granulated sugar with one cup of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 15 c. bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough. This recipe makes more and better cough syrup than you could buy ready-made for \$2.50. It keeps perfectly and tastes pleasant. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualcol which are so healing to the membranes. Other preparations will not work in this formula. This plan of making cough syrup with Pinex and Sugar Syrup (or strained honey) has proven so popular throughout the United States and Canada, that it is often imitated. But the old, successful formula has never been equalled. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.
