BLOOD BAD IN THE WINTER

Indoor Life, Too Little Exercise, Breathing Impure Air, Eating Artificial Foods.

Is it any wonder that the system becomes poisoned with impure waste matter in the winter time, when you think of the artificial life we lead? With doors and windows tight shut we breathe the same air over and over again until it is incapable of purifying the blood. In vain effort to cast the poisons out of the system the liver and kidneys are worked over time until they too are played out. Then comes the pain in the back, the headaches, the attacks of constipation and indigestion. The quickest and most certain way to overcome this condition is by the use of Dr. Chase's Kidney-Liver Pills. They act directly on the liver and kidneys, awaken them to renew energy in filtering poisons from the bowels and remove the cause of indigestion, backache and other body pains. You are not experimenting when you use Dr. Chase's Kidney-Liver Pills. They are unique in their combined action on the liver and kidneys and for this reason stand without a rival as a means of purifying the blood and cleansing the filtering and digestive systems. One pill a dose, 25c, a box at all dealers, or Edman, Bates & Co., Toronto.
