Ice in Toronto.

Toronto people say they will have ce there for the next three weeks fit to play hockey on. Kingston people lit will not last more than another week. The March sun goes for the open air rinks and, although it does not affect the covered rink much yet, the weather is not cold enough to freeze sufficiently.

What is Predicted.

The Toronto News says: Frontenacs of Kingston did all that was expected of them in the junior series. They were only beaten once during the season, winning eleven games all told. Orillia was the team that succeeded in treaking the champions' string, but they were severely punished for their audacity in the return game at Kingston. J. T. Championship Game To-morrow.

Friday night will ring down the urtain on junior intercollegiate hockey when Collegiates and 'Varsity III will meet here in the final game to decide the championship. The two teams played in Toronto last Friday evening 0. They will go on the ice here morrow night with a lend of goals which the Collegiates, if they do not have any hard luck they way they did last week, should easily overcome They are a faster team all through than the Toronto University boys and there is no apparent reason why the: should not win.

Something for Sutherland. While all this talk is going on about

purchasing trophies for the team, we beg to offer a word of advice. Who on the Frontenac team is any worthy of some expression of gratitude on the peoples' part for the way they have acted in this matter than James say a word against giving the team team and a large share of their success is due to his untiring efforts their behalf. Give the team trophies city buy the old bridge. Second, let by all means, but do not forget the a survey and plans be made at once

## Household Remedy

Taken in the Spring for Years.

Ralph Rust, Willis, Mich., writes: "Hood's Sarsaparilla has been a household remedy in our home as long as I can remember. I have taken it in the spring for several years. It has no equal for cleansing the blood and expelling the humors that accumulate during the winter. Being a farmer and exposed to bad weather, my system is often affected, and I often take Hood's Sarsaparilla with good results." Remember there is no real substitute for Hood's Sarsaparilla.
