

ADOPTS PLAN

For Better Secondary Education in County.

TO ASK GOVERNMENT

TO PERMIT A CONTINUATION SCHOOL

To be Established at Sharbot Lake—Sydenham High School to be Enlarged—Arrangement Sought for Front Township Pupils.

The county council has at last decided upon a secondary educational policy to meet the needs of Frontenac. It has placed itself on record as in favor of a continuation school at Sharbot Lake, to meet the needs of the north townships, and in favor of enlarging Sydenham high school in order to meet the needs of the centre and front of the county.

By a vote of 12 to 5, the council decided to try and make arrangements, under section 15 of the high school act, for receiving of Frontenac pupils by surrounding high schools and collegiate institutes.

Year—Councillors Salmond, Kennedy, Godkin, Calvin, Foley, Hamilton, Rankin, Reid, Thomson, Rogers, Bailein, Donaldson—12.

Nays—Warden Miller and Councillors Truscott, Cronk, Stewart, Taylor—5.

Councillor Donaldson moved, seconded by Councillor Thomson, that the government be memorialized to permit the establishment of a continuation school in Frontenac, and that, if the government approved of the plan, \$5,000 be granted for the enlargement of Sydenham high school and \$5,000 for the erection of a continuation school at Sharbot Lake.

Councillors Hamilton and Calvin thought that before any amounts of money are mentioned, that estimates of the cost of the proposed erections, and also plans, be secured. Councillor Kennedy advocated leaving the matter over till the June session. In the meantime, plans and estimates could be secured.

Councillor Donaldson changed his resolution to read that the grants were not to exceed \$5,000 for each of the schools.

Councillor Foley thought that \$5,000 was far too much for a continuation school building. Pittsburg had erected a little brick school building, two years ago, for \$700.

Councillor Thomson pointed out that the continuation school was not for one township, but for six townships.

Councillor Hamilton moved, seconded by Councillor Rankin, that the Ontario government be memorialized to permit the establishment of a continuation school at Sharbot Lake, and that plans be submitted for ratification; also that plans and estimates be submitted for the enlargement of the Sydenham high school, and that the council consider the plans and estimates at its June session. This amendment to Councillor Donaldson's motion was adopted.

VICTORIA'S STATUE LIKED.

Royal Family Satisfied With Likeness Reproduced.

London, March 10.—There is to be a very imposing function in the month of May, when King George will unveil the national memorial to Queen Victoria, opposite Buckingham Palace, which has been in process of erection for eight years.

Already the statue of the queen, which is the "clou" of the whole structure, is in position. It represents Queen Victoria seated, and is said to be an excellent likeness. Several of the royal family, including the Duke of Connaught, have mounted the scaffolding that still hides the memorial, and have expressed themselves much pleased with the statue.

The opening ceremony will be performed in full state, all the royal family, who are in England at the time being present, as well as the German emperor, who has signified his wish to be present at the ceremony, and for whose sake mainly the date, May 16th, is being set.

BANNS ARE ANNULLED

CHILD-WIFE OF CLAYTON MAN GIVEN HER FREEDOM.

Married "Just for Fun"—As Soon as Ceremony Was Performed the Saucy Young Bride Had a Change of Heart.

Ogdensburg, N.Y., March 10.—Sally Powell Larabee of this city, who was married to Walter Larabee of Clayton took place at Prescott in September, had her marriage annulled. The case came before Justice C. C. Van Kirk at Saratoga Springs. Application was made on the ground of infancy, the bride being but seventeen years of age at the time of the ceremony.

Miss Powell, who was a popular and pretty young stenographer in the employ of the Texas Oil company, accompanied Larabee to Prescott, and, in a spirit of fun, accepted his proposal of marriage. He at once proposed a license and secured a minister. Five minutes after the ceremony the bride arrived at the conclusion that she had made a mistake and asked her husband to go his way and say nothing of the ceremony.

The secret leaked out a few days later, and when the girl's family sought to bring about a harmonious understanding, the bride ran away from the house at three o'clock in the morning. She induced a man to row her to Prescott, but as she was unable to start an early morning train out of that place her relatives caught up with her and induced her to return. Larabee agreed to make no further claims on his bride and the annulment of the marriage followed.

Charged With Grafting. Winnipeg, March 10.—In the Manitoba House, Hon. Colin Campbell, attorney-general, was charged by T. H. Johnson (Winnipeg West) with grafting. It is alleged Campbell had been using criminal labor to his own benefit and produced an affidavit of a former turnkey of the provincial jail, to the effect that Campbell had had squads of prisoners doing chores at his private residence, cutting wood, shovelling snow, beating carpets, etc.

An investigation was asked for, but no steps were taken.

DID NOT KNOW

That Negroes Were Shut Out of Navy

GERMAN SURPRISED

WOULD HAVE VOTED FOR THE AMENDMENT.

Mr. Armstrong, of the Royal Commission, a Private Citizen, and Entitled to His Opinions—Was Not Holding Back Information.

Special to the Whig. Ottawa, March 10.—In the House of Commons, yesterday, William Manly German stated that he was taken by surprise at the early hour that a vote was taken Wednesday night on R. L. Borden's amendment for delay in the discussion of reciprocity. Had he been present he said he would have voted for the amendment.

Dr. Daniels, St. John, queried Mr. Borden over an item which appeared in the newspapers stating that negroes were to be excluded from serving in the Canadian navy, whether or not they passed satisfactory examinations.

The minister replied that he had no knowledge of the matter and was not prepared to answer. He was too busy to read newspapers, he added.

Col. Sam. Hughes asked the prime minister if he thought Mr. Armstrong of the royal commission on technical education and industrial training in public schools, was sincere in his statement, made recently in the west, that British songs should not be sung in public schools throughout Canada, and only some of the Canadian songs be allowed sung, if so had he been properly caterchized by the government for so doing.

The premier replied that Mr. Armstrong was a private citizen and the government had no right to interfere. E. M. McDonald said he knew Mr. Armstrong very well and had asked him about the statement. Mr. Armstrong denied that he had ever uttered or made any such remark.

Mr. Blain, Peel, wanted to know upon whose recommendation the census enumerators were appointed.

Mr. Fisher, minister of agriculture, said they were appointed on recommendations to the minister, which were suitable to him.

Dr. Reid, Grenville, said that he was now thoroughly convinced that Mr. Fielding was holding back information in connection with the reciprocity agreement, which parliament and the country should have. It is quite evident, he declared that the minister of finance is trying to blindfold the people in this matter. He threatened to block the progress of the house until such information was forthcoming.

Mr. Fielding replied that he was only too willing to bring down any information he had, and which he was doing from time to time as he received it.

H. H. Miller, South Grey, resumed his speech on reciprocity, and in a very forcible manner attacked what he termed as military back arguments against it made by the opposition. He strongly urged its becoming law as soon as possible.

A. S. Goodvee, Kootenay, B.C., followed and in a vigorous terms denounced the agreement as an unjust and unsafe policy for the government to adopt.

HAMMOND'S MILITARY AIDE. He Will go to the Coronation of the King.

Washington, March 10.—Major-General Frederick D. Grant, at present commanding the department of the east, has been selected as military aide on the staff of John Hays Hammond, the special United States ambassador to represent President Taft at the coronation of King George V.

Lucky's Baldwin's Will. Los Angeles, March 10.—At the conclusion of the arguments in the Baldwin will case Judge Rives announced that as the evidence adduced "fell far short of making out a case for the plaintiff," he would instruct the jury to return a verdict in favor of the defence.

This ends the contest brought by Miss Anita Baldwin Turnbull, the 17-year-old Boston girl, for a daughter's share in the \$11,000,000 estate left by E. J. (Lucky) Baldwin.

Will Not Sell Church. Montreal, March 10.—St. James' Methodist church property will not be sold, notwithstanding the reports of tempting offers. At a meeting of the joint boards of the church, it was unanimously decided that although they could dispose of the present property at a figure that would enable them to build a suitable church elsewhere, the most aggressive work could be done in their present building. It is said that an informal letter mentioned tentatively \$1,500,000 as a basic price.

No "One Man, One Vote." Halifax, N.S., March 10.—Five ocean steamers to arrive in Halifax this week will land 3,190 passengers who will become settlers in Canada. The whole are destined for the North-West. The Sicilian will have 143, the Virginian, 1,440, the Canada, 1,103, and the Sardinian, from Havre, with 254; and the Voltourne from Rotterdam with 139. The Royal George sailed Wednesday for Bristol with 200 passengers.

Delagates to the Orange Grand lodge pledged themselves to vote only for candidates who will abolish bilingual schools.

INFANTILE PARALYSIS.

Cure Not Far Distant, Says Physician.

Albany, N.Y., March 10.—"We have already discovered how to prevent infantile paralysis. The achievement of a cure I may conservatively say is now not far distant, provided obstructive measures are not thrown in the paths of men who are working for the solution of this and other great problems," said Dr. Simon Flexner, of the Rockefeller Institute, who, together with other representatives of the State Medical Society, came to Albany to appear at a joint hearing before the senate judiciary and the assembly health committees in opposition to the bill proposing various regulative measures in connection with the practice of animal experimentation.

MAJOR-GENERAL WOOD. Chief of the staff of the United States army, who will direct the forces now gathering on the Mexican border from Washington.

COUNTS FOUGHT A DUEL.

One Pinked in Scalp; Then Kissed and Embraced.

Florence, March 10.—Count Di Bruno and Count Bastoni fought a duel with swords in the garden of a suburban villa on the outskirts of the city. The encounter was the result of revelations made by Count Bastoni concerning Lieut. Paterno, who recently murdered the beautiful Countess Trigona Visconti Sant'Elia, and who was a close friend of Count Di Bruno. At the second assault Bastoni was wounded in the scalp, whereupon the antagonists announced that their honor was appeased and the men kissed and embraced.

A SANE REVISION

OF THE UNITED STATES TARIFF IS PROMISED.

Ratify Trade Agreement—Then Schedule Involving Necessities of Life Will Get Attention—Extra Session Programme.

Washington, March 10.—Responsible leaders in the senate and house have made it plain that it is not the purpose of the democratic party in the extra session to "run amuck" on the tariff question.

Senator Owen, the new leader of the progressive democracy in the upper house, Senators Bacon and Overman, conservatives, and Chaap Clark, who is to be speaker, have declared that sanity and common sense will be the rule of action of their party.

They predict that republicans who are expecting to see the democratic party split on the tariff rock, will find it emerge from the sixty-second congress united and stronger than ever.

According to the programme these representative men have talked over the reciprocity agreement is to be ratified and those schedules that involve monopoly-controlled products and the necessities of life will be revised. The remainder of the schedules will be left for the regular session.

There will be no wholesale revision and no upsetting of business generally. While the reciprocity agreement is under way in the senate the house committee will work out its scheme of revision regarding wool and cotton, woolen and cotton goods, flour, dressed meats and other necessities of life and probably agricultural implements. The larger is not to be overlooked.

Whatever action the democrats may take it will compensate the farmer for the free admission of agricultural products from Canada and remove from his shoulders the burden of carrying the entire load of tariff taxation. In return for free farm products from Canada the farmer is to be given either free or at greatly reduced rates the articles he consumes and the implements with which he raises his crops.

The general business interests will not suffer, unless it be the agricultural implement trust, and with this kind of a programme before them the responsible leaders believe that the extra session can be limited to about three months.

Settlers for Canada. Halifax, N.S., March 10.—Five ocean steamers to arrive in Halifax this week will land 3,190 passengers who will become settlers in Canada. The whole are destined for the North-West. The Sicilian will have 143, the Virginian, 1,440, the Canada, 1,103, and the Sardinian, from Havre, with 254; and the Voltourne from Rotterdam with 139. The Royal George sailed Wednesday for Bristol with 200 passengers.

Delagates to the Orange Grand lodge pledged themselves to vote only for candidates who will abolish bilingual schools.

THREAT MADE

To Throw Nationalist Members Bodily Out.

A STORMY SESSION

IN THE BRITISH COMMONS LAST NIGHT.

The Unionists Became Irritated at Nationalist Obstruction—Sir Wilfrid Laurier Praised by British Press.

London, March 10.—One of the stormiest sessions of the commons for years, ended at ten o'clock this morning, after nineteen hours' continuous session on the discussion of the land clauses of the budget bill. Nationalist members proved obstreperous, and got beyond the control of Hon. Winston Churchill, who was government leader in the absence of Premier Asquith. On one occasion, a unionist member arose and said, with the chairman's permission, the opposition would get up and throw every nationalist member bodily out of the chamber. This caused a united stand by the nationalists, who rose up and looked like assaulting some of the unionists. Rioting looked imminent, and the sergeant-at-arms and the police were prepared for action, but eventually Mr. Churchill and the chairman obtained order by brilliant strategic rulings and advice. The government's clause went through without notable amendment.

Sir Wilfrid Laurier received high compliments from both the unionist and radical press, yesterday, for his speech, of which full reports are now published, but the unionist press, in view of the premier's reiterated offer of a mutual preference what will now become of the repeated assertions of Premier Asquith and Winston Churchill, on British platforms that Canada's offer is a myth, and also that the reciprocity agreement marked the obsequies of the cause of imperial preference which Mr. Asquith labelled as the greatest political imposture of modern times.

"BROWN DOG" STATUE GOES. Was Erected to Commemorate Suffering of Dog.

London, March 10.—The borough council of Hatteras sold the family dog which Mr. Asquith labelled as the greatest political imposture of modern times.

The statue was erected several years ago to commemorate the sufferings of a little dog used for months in vivisection experiments in a London hospital.

It was the cause of scores of demonstrations on the part of medical students and finally was removed by order of the borough council. The donor of the statue, however, recently brought suit to compel the council to restore it.

HASN'T HAD CENT. Nor Worn Hat Nor Left Farm in That Time.

Bridgport, Conn., March 10.—To prevent his father selling the family real estate valued at \$100,000, Wm. H. Thorpe has brought suit to have a conservator appointed for his mother whose consent is necessary to the sale. The son alleges that for almost forty years his mother has not left the family farm, and that during all that time she has never spent a cent or worn a woman's hat. Though their farm is within a block of an electric line, Mrs. Thorpe has never seen a trolley car.

CORDON AROUND PEACE. Said Tons of Powder Are Yet Unexploded.

Pleasant Prairie, Wis., March 10.—Fire, which developed from the explosion of the powder works, practically destroying the whole town, is still burning. Sheriff's officers have formed cordon a mile square round the site of the town so that nobody can approach. There is still thought to be tons of powder unexploded.

Accused of Bigamy. London, Ont., March 10.—William Herbert King, aged thirty, a pool marker, pleaded not guilty, this morning, to a charge of bigamy laid by Mabel Nicholls, aged twenty, who he married in St. Thomas, on October 21st last. His legal wife and child live in Toronto. He was remanded for a week.

Charged With Forgery. Smith's Falls, March 10.—Alfred J. Wentworth was arrested here by Chief Swett, charged with attempting to issue two forged cheques bearing the signature of J. S. L. McNeely, barrister, of Carlton Place, in the Union Bank, at that place, yesterday. The cheques were for \$500 and \$150 respectively.

SUICIDE FELL FIVE STOREYS.

Thrilling Way They Take Their Lives in New York.

New York, March 10.—Standing on the edge of the roof of a Broome street tenement, house, yesterday, an unidentified man sent two revolver bullets into his head. His body crashed to the street five storeys below, and ambulance surgeons who examined it said death from the bullet wounds must have been instantaneous.

That the suicide has intended to make sure of dying if his revolver failed him was indicated by the finding on the roof of a bottle filled with a powerful acid. In a memorandum book in his clothing was written an incoherent note addressed to "My brother-in-law," telling of the writer's ill-health and poverty and asking that his body be cremated. The note was unsigned.

ON HIS WAY TO KINGSTON. A Negro Perished From Cold at Farnham Que.

Sherbrooke, Que., March 10.—Just as an emigrant train pulled into Farnham, from Halifax, a negro, who had been riding blind baggage, rolled on to the track. It was found that he was so badly frozen that he died shortly afterwards. He said he was going to Kingston. His name is unknown.

SELL CRYSTAL PALACE. Order Made for Disposal of Famous Building.

London, March 10.—Judge Eady has issued an order for the sale of the Crystal Palace where the famous exhibition of 1851 was held, but gave to the defendants leave to appeal.

Blind Men Broke Into Riot. Philadelphia, Pa., March 10.—A serious case of Blind Men's Buff occurred, yesterday, when one hundred and thirty-five blind men swung brooms on each other's heads in a riot on the third floor of the Pennsylvania Working Home for Blind Men. Two men were knocked unconscious and were taken to the hospital and it required ten policemen, summoned by a telephone call from the superintendent of the Home, to subdue them.

An Indian's Strange Death. Yuma, Ariz., March 10.—With the wrists tied to the tail of a wild horse, the body of a Papago Indian was found, yesterday, by a detachment of the First United States Cavalry, at the edge of the Gila River, near Mesa. In order to secure the body it was necessary to shoot the horse. It is believed that the young Indian had been condemned to die in this manner because of having violated some law of the tribe.

Workmen Were Killed. New York, March 10.—In all five bodies of workmen have been recovered from under the masses of concrete of a building which collapsed last night. Faulty cement mixing was the cause.

CANADA'S RAILWAYS

HON. G. P. GRAHAM TO GIVE BUDGET SPEECH.

The Railway Mileage in Canada is Now 24,731—The Immense Amount of Capital Invested.

Ottawa, March 10.—It is expected that Hon. G. P. Graham will deliver the railways and canals budget speech in the house this afternoon. Some of the figures show the progress the dominion is making in this line. The railway mileage in Canada this year has risen to 24,731, an increase over last year of 63 miles. Under construction, including the Transcontinental, are 4,500 miles. The capital invested is now one billion and 410 million dollars, an increase over last year of 101 millions. The total expenditure on G.T.P. to date has been ninety-four millions and the estimated amount for its completion is fifty millions.

WHAT IS NEXT MOVE? United States Has Backing of European Powers.

San Antonio, Texas, March 10.—The United States army is nearly all here now, and everybody is asking what its next move to be. It is generally understood that Uncle Sam has the full concurrence of all European powers in making this move. Dixie is alive and active, 'tis said, to-day.

Depends on Keely Mine. Toronto, March 10.—In the case of the Farmers' Bank against a local firm, for the amount of a cheque, to-day, ex-Manager Travers, who was a witness, said he depended on the Keely mine to keep the bank afloat, and he still thought the mine was a great asset. Judge Winchester remarked that it was hard to tell whether the mine was worth five hundred thousand dollars or five cents.

St. Catharine's Tickled. St. Catharines, March 10.—This city is quite tickled with the Dr. Jessop, its member in the legislature, which tried to push through a bill giving it power to grab all the gas wells in the vicinity, including those which supply this city. This would have put the St. Catharines gas supply in the power of a rival city.

Albany Murder Trial. Albany, N.Y., March 10.—Mrs. Melber's sat apparently undiscovered while her relatives gave evidence against her in the murder trial, to-day, testifying that the shoes found on the little body in the swamp were the same as she herself put on the lad. She continues to deny former confession.
