AN EXCITING RUNAWAY. Visitors Had Narrow Escape From Being Injured.

J. B. Heintzelman, of Cape Vincent, was in the city, Thursday, on business. He figured in an exciting runaway accident, in the afternoon, and had a very narrow escape from being injured. While driving around the corner of Brock and King streets, the sleigh caught in the street car track, and Mr. Heintzelman, and a friend who was with him, were thrown out on the road. The horse ran down Brock street, and went on the railway tracks, and ran for some distance, afterwards coming in contact with a pile of iron, which brought the animal to a standstill. The man escaped in jury, but the horse was hurt. G. W. Bell, V.S., was called, and by its prompt arrival and assistance, the animal was saved from bleeding to

death, from injuries it received. WANT WAGES INCREASED. Request of Engineers and Firemen

on K. & P. Railway. The engineers and firemen on the Kingston & Pembroke railway, have made a request for an increase wages, and the request is being taken up by the company. The men make the demand for an increase, on account of an increase in the cost of living. It is expected that

a suitable agreement will be reached. Saturday Special at Best's.

While they last, several hundred packages, of useful household articles will be given away, one to each customer, making a purchase of 25c., or many lives.
