

THE SPORT REVIEW

COLLEGIATES BEAT VARSITY III BY 3 TO 2.

But Lost the Round and Championship by One Point—No Score Was Made by Either Team in the First Half.

The junior intercollegiate cup will have to travel back to Toronto for the season of 1911, after having been won by the Kingston Collegiate building for the past two years, as the result of the final game here, last evening.

The Collegiate boys failed to overcome the lead which Varsity had over them and lost the round by one point. The score here was 3 to 2, in favor of the K.C.I. Varsity won in Toronto by 2 to 0, and it was fully expected by the supporters of the team here that the speedy Kingston lads would overcome the lead, which they could not do it. The game was witnessed by a comparatively large crowd, and although the ice was very soft and covered with water in places, it was quite fast. The condition of the ice did not seem to affect the teams much, for they went as hard as they could go all through the entire evening. Varsity have a heavier team than the Collegiate, and it is the opinion of many that if the ice had been hard the Collegiate would have won out. The forward line are all good checkers and good skaters, but the way that they went as hard would round them, was, as was to be expected, the Collegiate boys were about evenly matched, for the first few minutes and had Collegiate managed to edge their first goal in sooner the result might have been different.

For the first time here in a long while the first half of a game was played without a score, for neither team failed. Both teams were back-checking with a vengeance, and the goal-keepers on both sides had very little to do. In fact, all through the game they had hardly enough to keep their sticks hot. Back and forward went the puck and it seemed never to get further than the defence when the goal-keeper would come down and vainly endeavor to score.

A mighty cheer, which almost rent the roof, arose from the ranks of the Collegiate girls, who were endeavoring by means of their pennants to blind the Varsity men when Collegiate tallied for the first time. "Slitter" led the rush and the puck on a pass from the side about opposite goal. This was what the rosters wanted. To a casual observer, anything looked good as neither team scored, but the locals' supporters remembered that there were two goals to be overcome. The fans ground their teeth with dismay when a Varsity man came down the ice with a few minutes left and with no defence to pass rushed in on Slitter, intending to put in a short shot to be sure, and get it past him. Nothing daunted, "Ernie" skated out to meet him, and just as the blue and white man about to shoot he was nipped. Goodbye, the old Collegiate player, who lined up with the collegiate last year, scored the next for Varsity on a shot from the right side which rolled through between the goal-keeper's legs. A few minutes later, Reid got the puck near his goal, but lost it and McLaren

retained the Balance, \$167. But no charge will be laid, for the young man meant no harm. His father sent him \$200, of which \$80 was for tuition in a certain college, and the remainder for board and expenses for the necessary six or eight months. Before enrolling, however, the son looked around, and hearing of another college, requiring but one-half the fees and one-fourth the time, he investigated carefully, and decided on the 30-day Syl-lab-ic System of Short-hand at the Moon College, 282-286 Young street, Toronto. He started his course on September 1st, 1910, graduated after 28 days' study, and has already earned over four months' salary. The \$167, along with his present earnings, are on deposit in one of the city banks, and the father, of course, is reconciled.

shot for another goal. Stewart evened things up a few minutes later, making it two all on a pass from Walsh that got past Reid. "Lanker" scored the last one for the collegiates on an individual rush the entire length of the ice, which was as pretty a piece of work as one would wish to see. With the collegiates putting up a game fight than they had showed at any time during the evening, vainly endeavoring to secure another goal to tie the going, and as they grasped the hands of their opponents in a clasp of congratulation. Collegiate's whole line-up played in an airy good form. "Lanker" Walsh, if anything, was the star of the team. His brilliant rushes at the last stage of the game were pleasing to the eye. Reid, Lankush, Stewart and McNeil on the forward line worked well together and broke up the rush of their opponents. Varsity's line-up was well balanced and its combination on the forward line was effective at times. The team are all fast skaters and good dodgers, but the collegiate forwards rounded them nearly every time.

Collegiate's Goal, Slitter; point Elvie; rover, Walsh, centre, Stewart; rover, Reid, right wing, Lakush; left wing, McNeil. Varsity's Goal, Laird; point, Barley; rover, Smith; centre, Doyet; rover, McLaren; wings, Living and Goodacre. Referee, George Vanhorne.

"Back" Goodacre With Varsity. The many friends of "Back" Goodacre, who is attending Varsity, and was on the team last night, were delighted to see him again. It seemed unnatural for the Collegiate to be laying against him, who was captain last year, but they did. The Collegiate wore Queen's sweaters and stockings, to distinguish them from Varsity, as both teams wear the same colors.

Played on Three Teams. Laird, the goal-keeper for the Varsity juniors, who played here last evening, has played on three different teams this season. All season he played with the junior O.H.A. team. He figured in goal for the intermediate intercollegiate team, when they won the championship here from McGill the other evening, and now figures with the junior intercollegiate team in winning the championship. While this is allowed, we think it is pretty small sport on the part of Varsity. Collegiate played their regular team and why should not Toronto do the same.

Were Present to Watch Laird. Most of the Frontenac team were present at the game, last evening, to watch the performance of Laird, in goal, who will be on the all-star line-up, to-night, for the exhibition game in Toronto. Having observed his tactics pretty well they will be able to act accordingly.

Sporting Notes. Toronto Star: The all-star junior team will make the Frontenacs go to the limit at home, last evening, to watch the performance of Laird, in goal, who will be on the all-star line-up, to-night, for the exhibition game in Toronto. Having observed his tactics pretty well they will be able to act accordingly.

The Chicago Hockey Club has accepted a challenge from Berlin professionals to play in the Windy city on March 16th and 17th. The Frontenacs were the only team to repeat. St. Michael's College and Colingwood, last year, won the intermediate championships, failed to win their districts.

The Stanley cup match between the Ottawa and Port Arthur, the winners of the western series, will be played at the Arena on Thursday instead of Wednesday of next week. Toronto Mail and Empire: The addition of "Ken" Williams to the local rugby talent is no mean acquisition. With the coming of Williams the fans will immediately figure out that he is filled for the Argos, and as these same people are counting on Binkley and Gail, a great kicking trio is rounded out in Williams.

Strong Insurance Company. In this issue will be found the 34th annual statement of the Rimouski Fire Insurance Company. This company has until recently confined their business principally to the lower provinces which accounts for their not being so well known in the west. Their strong financial position and past experience, however, is gaining for them a liberal patronage in this district. The company is represented here, by Ald. McCann.

The Georges and Marys. Every George and Mary in Kingston can contribute towards a fund for a special presentation to their majesties at the coronation. At the suggestion of Earl Grey and others, Canadians whose first names are George can contribute from five cents to five dollars, and now a scheme is suggested by the Imperial Daughters of the Empire of which Lady Sybil Grey is honorary treasurer, towards which those whose first names are Mary, May, Marion, Marian, Maria or Marie can contribute also.

Piles Cured in 6 to 14 Days. Your druggist will refund money if Pazo Ointment fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

Opticians Deny It. A Toronto despatch says: The opticians vigorously refute the statement of W. F. Nickle, M.P.P., Kingston, that they want a close corporation.

You do something for yourself and the other fellow when you make an enemy a friend. The man who does business nowadays as his father did is never crowded with business. Everything in caps. Geo. Mills & Co. All men are born free and equal—but some deteriorate until they find themselves in the legislature.
