The sum of \$910.05 was cleared on the tombola.
Miss Ida C. Ronan, secretary of the X-ray fund, presented the reverend mother superior of the Hotel Dieu hospital with a cheque for \$1,574.43 and \$7.75 in cash, a total of \$1,582.18, \$434.18 over the cost of the X-ray.
The orphanage, in which the drawing took place, was well filled with the members of the Ladies' Auxiliary and their friends were highly pleased with the smooth and satisfactory manner in which everything in connection with the tombola was managed.
A vote of thanks was moved by Thomas Ronan, to Rev. Father Mea, for his kindness in presiding. The motion was seconded by Mrs. D. O'Leary, and responded to by a standing vote.
A vote of thanks was also given to Mrs. Swift, Miss Ronan, the president and secretary, for their united and indefatigable effort in behalf of the cause.
Rev. Father Mea then gave a short address, speaking in glowing terms of the great good done by the self-sacrificing sisters, referring to the official reports from other hospitals in Canada, proving that practically \$9,000 a year was given in charity by the reverend sisters of the Hotel Dieu. This part of his address was received with particular attention. However lax the life entrusted to their care must be, they never fail to turn the mind to God, who is the beginning and the end of human life. It is impossible, he said, not to admire every member of the Ladies' Auxiliary, for their united desire to place the proceeds of their endeavors in the hands of the good sisters to use for the institution as they consider best.
Mrs. Lasher, Kingston, won the prize (a five o'clock tea set), for having sold the greatest number of tickets for the tombola. Master Adrain Grant, Wolfe Island, came second. Dr. Chown has kindly donated the fifty gallons he won in the drawing to the Hotel Dieu.
One of the best workers, and one deserving of a very large share of the credit for the success of various parts of the tombola, is Miss Susie Brien, Gales.

Aids to Navigation. The Dominion Marine Association's committee on aids to navigation has decided to request that the gas buoy near Lachine wharf, removed last season, should be replaced; that the Murray canal be lighted; that the entrance to the Murray canal at Brighton be improved; that a general system be adopted which will distinguish the top of port and starboard buoys, even at substantial distances, in doubtful lights; that the Niagara shoal gas and bell buoy be replaced; that men be provided to take lines at the entrances to all the St. Lawrence canals, and that day ranges be erected to lead down the centre of the Rapid du Plat near Morrisburg. The committee will press for the immediate construction of ranges at the outer entrance to Kingston harbor. It decided not to endorse the request for the dredging of the Wolfe Island canal.

Piles, fissures, etc., successfully treated without an operation. Write for free booklet and references. Dr. Hawke, 21 Wellesley street, Toronto.

PRESENTATIONS MADE BRITAIN'S BEST CHOIR

To Three Bethel Church Members Who Are Leaving.

A pleasant time was spent, last evening, in the school room of Bethel Congregational church, when the Y.P.S.C.E. gave a social evening, to which all members of the congregation were asked. This gathering was held as a farewell to three of their members, who are leaving the city, viz., Allan Haffner, who leaves on Monday for Ottawa to enter the civil service, and Ernest Kennedy and George Veale, who have secured positions away out west. Robert Treener, president of the society, occupied the chair and a very pleasing programme of vocal and instrumental music was rendered. Those who assisted in the programme were: Miss Winnifrid Woolgar, Messrs. Herbert, William and Robert Treener, and the Bethel male quartette, composed of Allan Haffner, Frederick Wilson, Frederick Haffner and William Thompson.

After this portion of the evening's entertainment, Messrs. Veale, Haffner and Kennedy were called to the front where four presentations were made to them, by the different branches of the church life, with which they were connected. The first presentation, a pair of gold signet cuff links and the pins, was made by Robert Treener to Allan Haffner and Ernest Kennedy, on behalf of their teacher and classmates. The second was made to all three young men on behalf of the Y.P.S.C.E. by Frederick Wilson, Messrs. Haffner and Veale receiving a travelling manure set, enclosed in a morocco case, while Ernest Kennedy received a silver-mounted shaving set. The third was made by Superintendent George Mills, on behalf of the Sunday school teachers, and the deacons of the church to their secretary, George Veale, and was a solid gold locket with his initials engraved thereon. The fourth presentation was made by Rev. A. P. Mershon, on behalf of the choir, to Allan Haffner for his faithfulness to that body. He received a solid gold locket like Mr. Veale. Replies were made by each of the young men who thanked the different bodies for their kind remembrance and words, saying that no matter how far the distance that separated them, thoughts of Bethel church would always bring to them recollections of pleasant associations, and Bethel people would always hold a warm place in their hearts. Refreshments were served at the close, bringing to a close a memorable night to this young people's society.

Coming to Kingston on Saturday, April 1st.

The splendid chorus of the Sheffield Musical Union, admitted to be the best choir in the British Isles, will give one concert in Kingston at Grant Hall, on April 1st. They will get a reception that will warm their hearts, and of which they will carry back to the old land pleasant memories. The Sheffield choir is making an empire tour. Leaving England on March 17th, 1911, they will visit Canada, Fiji Islands, Tasmania, New Zealand, Australia and South Africa, arriving back in England about the first of October.

The Sheffield choir, with its 200 mixed voices, produces a marked effect on its hearers, which is best illustrated by Sir Hubert Parry's remark, who exclaimed: "It is a miracle. I have never heard anything like it." Dr. Charles Harris, of Ottawa, who has arranged the world's tours, first heard them at Sheffield.

The undertaking of a world's tour involves such an outlay that no possible profit can result. This fact is appreciated by Dr. Harris, on whom financial responsibility rests, his one aim being that of mutual reciprocity, and a desire for a closer intercourse between Great Britain and the lovers of the best music all over the empire. There is no doubt that the public response to this consideration will be very great, and crowded houses will everywhere welcome the finest body of singers in the united kingdom.

Cobalt and Porcupine Stocks. Messrs. Cole & Smith, Lumsden Building, Toronto, members Dominion Stock Exchange, announce in our columns that they give special attention to developments at the new Goldfields at Porcupine. The firm also sold in stocks and bonds, bought and sold on all leading exchanges. Both members of the firm are practical, pushing young men, who have had a thorough training in the stock market and are well and favourably known throughout the west. The firm will be glad to answer all questions in regard to Cobalt or Porcupine stocks which may be addressed to them.
