EASTERN COMMAND MAY BE TRANSFERRED TO KINGSTON.

The New Arrangement Would Do Away With a District Office at Ottawa - Orders Issued From Here.

A special despatch to the Whig from Ottawa says: The Eastern Ontario military command may be moved from Ottawa back to Kingston. The question is at present under the consideration of the militia department.

Resolved to the Site. This resolution was passed by an unanimous vote of the directors of the Kingston Hosiery Co., limited, on March 13th, 1911.

Moved, seconded and resolved, by a unanimous vote of the directors of the Kingston Hosiery Co., limited, that we view with alarm the erection of a hospital for consumptives on the proposed site known as the general hospital site.

That we consider its erection and maintenance there would be a menace to the welfare of our business, as well as the health of this locality. That it does not appear right that our employees should be compelled to pass several times daily a place which may become objectionable.

"Lime juice" kills typhoid fever germs. Gibson's. The Kingston Dry Dock and Shipbuilding company has just begun the construction of the new vessel for the Montreal division of the department of marine. The vessel cost in the neighborhood of \$125,000 and will be delivered this season.

A VERY SAD SHOCK. The Death of a Daughter of Archdeacon Macmorine. A shock of deep grief went over the city on Tuesday morning, when the news was heard that Mrs. Frederick Ransom had died at six o'clock, having yielded up her own life in bringing a new life into the world.

The young mother, Frances Edith, the youngest of Archdeacon Macmorine's family, was always the beloved of many, her gentle merriment, her sweetness and her happy, child-like wisdom, endearing her unapeakably to those who knew her. In 1901 she married Frederick Ransom, an Englishman, and a graduate in science of Queen's University, who, some weeks ago, left to take up his chosen work in Arizona.

Mrs. Ransom leaves four little children, with whom she intended leaving early in May, to join her husband; two brothers, Rev. William Macmorine, of Antrim, Ont., Rev. Arthur Macmorine, who is in the North-West, and three sisters, Mrs. John Coleman, Merrickville, Mrs. Alexander Macphail, wife of Prof. Macphail, of Queen's, and Miss Mildred Macmorine, who is with her father in Georgia.

Marine Men Uneasy. The very mild weather of the past couple of days has caused the marine men to get very uneasy and they are now looking for a very early opening of navigation. A large number of the local vessels are being looked after, and put into shape for the season's work.

Epworth League Meeting. A pleasant evening was spent at the regular meeting of the Sydenham street Epworth League Monday night.

The subject of the evening was "Paul's Second Missionary Journey." Miss H. L. Chown had charge of the service.

GAME FOR CHARITY FRONTENACS AND ALL-STARS ARE TO PLAY.

On Wednesday Evening at the Covered Walk-The Gate Proceeds Will Go to General Hospital and Hotel Dieu.

To-morrow night's hockey game at the covered rink between the "All-Stars," picked from the best players in Ontario, and the champion Frontenacs will undoubtedly be the best game seen in Kingston in many seasons.

The ice here is holding in fine shape, so that a fast game is assured. The Frontenacs insisted that the proceeds, after expenses are paid, be equally divided between the general hospital and the Hotel Dieu. This is being done as a tribute to the way the Kingston public has supported the champions, who are desirous of showing their appreciation in some manner.

With such a worthy object in view, the rink should be crowded. Frontenacs arrived home last night, and will be in fine shape for the final game of the season, Harvey Sproule, of Toronto, will referee.

Ice Still Good. The ice is still holding good, at the curling rink, and the members will take advantage of it by playing of some of the games in the points competition.

Ottawa 7; Galt, 4. The Ottawa hockey team easily defeated Galt, champions of the Ontario Professional League, in the Stanley cup match at the Ottawa Arena, Monday night. At the finish the score was 7 to 4 for Ottawa.

Irish vs. Scotch. Weather permitting, there will be a great curling match at the local rink, on the evening of March 17th, St. Patrick's Day, when the Irish and the Scotch members of the club will clash. It promises to be the best game of the season, bar even the finals for the different trophies.

Y.M.C.A. Classes. During the absence of Mr. Brown, in Toronto, at a convention of physical directors, H. Warwick is taking the classes on the floor. A goodly number were out last night, and they were put through their work in a thorough manner by Mr. Warwick.

Change of All-Stars. It is understood that there will be a few changes in the line-up of the All-Star team, which plays here to-morrow night. Hoffman, of Peterboro, it is said, will hold down the position of cover-point. It is understood that another change or two will also be made. Whether these changes will make the team stronger, or whether it is being done to give as many as possible a chance to play on the team cannot be said, but it is safe to say that the "little champs" will give the All-Stars a closer run here than they did in Toronto.

Pleased Over Grant. The supporters of the Frontenac hockey team are more than pleased at the action of the city council, on Monday night, in giving a grant of \$50, to the fund for souvenirs for the members of the team which did so much to advertise the city. Without doubt the team did more to advertise the city than any other scheme put forward, and the city fathers were quick to look at it in this way. The subscription list for the support of the team is still on the rounds and a good sum is expected to be derived.

Arrangements for Montreal Game. A meeting of the Granite Hockey Club was held, last evening, for the purpose of considering the advisability of accepting the challenge to play Montreal, on Saturday evening. President Milne called up Cecil M. Hart secretary of the Montreal League and a long conversation was the result. Mr. Hart said the attendance would be about 2,000 and the Kingston team would get twenty per cent. of the gate after the rink people got their fifty per cent. Providing there would be an attendance of 2,000, at twenty-five cents each this would be \$500. The rink gets half of this \$250. The Kingston teams share twenty per cent of \$250 would be \$50. At this rate of going they would hardly get

NO PLACE FOR LAZY MAN In the Carrying Out of God's Work in the World. The young men's Bible study club, at the Y.M.C.A., met as usual Monday evening, for their weekly talk. There were thirty-six young men present, to hear the splendid talk by Rev. W. F. Fitzgerald. This class is becoming a strong institution.

Mr. Fitzgerald's talk was on "The results, under God, of legitimate ambitions," in which the speaker drew out many inspiring instances of men who were perhaps weak in some things, but who, when they consecrated their efforts in God's work, became a mighty power for good.

"God never chose the lazy man to do His work, but sought out the diligent man, the man who had leadership and individuality." It was not always the man with the fustian tongue who was given the great things to do in this life, but the man who was prepared to do the little things with a sincerity of heart and purpose.

This weekly class promises to be a great factor in the work of the Y.M.C.A. here, if such men as Mr. Fitzgerald and Robert Meek continue to be the leaders.

IN JUVENILE COURT. A Lad Was Up For Stealing a Revolver. Charged with the theft of a revolver from his employer a fourteen-year-old lad appeared before Magistrate Farrell, in the juvenile court, Tuesday morning. The boy lives on Upper William street, and pleaded guilty to the charge.

How many would take a boy back to his home after he had found out that he had committed a theft at his home? Not many, at any rate. However, this lad's employer has promised to give him another chance. He is to return to his employer, who is a farmer living near Kingston, and will have every chance to make good.

It appears that the lad stole the revolver while his employer was in the city and it was afterwards recovered by the police.

enough to pay their expenses, but as each was ready to make up the deficiency they finally agreed to play there. Mr. Milne asked the secretary if the Montreal League would pay the expenses of the Kingston team as their share of the receipts, but he said under the rules they could not do that. The game will have to be played under Quebec rules.

Another Toronto Opinion. Toronto Star: Controller Tommy Church was in his glory. In the midst of a crowd of Kingstonsians he kidded them all and wouldn't be downed. Eventually he was getting into trim for the next council meeting.

Sunday he took the Frontenacs in tow and showed them the sights. Introductions were so numerous that the players all got kinks in their arms. Tommy is sure the glad-hand kid.

Nothing like "Jim" Sutherland's megaphone solo has greeted local fans since "Jimmy" Murphy and "Teddy" Marriott sadly put their instruments away when their teams were put out of the running early in the season. Seated in the penalty box the silver-voiced easterner handed out a line of talk like this: "Come on, boys, get started. Go right in Hunt. Loosen up, Leo. Spread out now. Feed your centre. Boyer. Double tandem now. Go right in these boys. Shoot all the time."

The Frontenacs are the huskiest junior team seen here this season, and they have speed, stick-handling, and gameness with it. They should make a fine showing in senior ranks next year.

Won the Experts' Hearts. Toronto Telegram. Even on that mucky going they won their way into the hearts of the experts and critics by their really wonderful stick handling and grand combination that brought them down three and four abreast on the defence. It was hockey of the kind that is as close to the ideal as anything seen here in years; of the kind that made St. Michael's twice senior champions and marked them as a great machine.

They are a team, that Kingston lot of youngsters, playing as one beautifully smooth, running whole with each of the seven fitting in as closely and as evenly as the cogs of a wheel. That is all. They are big and strong and decidedly the browniest juniors seen here in years and every lad is an artist with his stick, and has speed to carry out his part of the play.

Whether in attack or defence their forwards are equally strong and clever and they never wander from their positions. As a result they sweep toward goal almost irresistibly and back up as tenaciously as wolves after their prey. More than that these boys have brains and use them, taking every advantage of the oft-man by throwing him up into the attack and having as a rule both centre and rover available in the mouth of goal for shots.

Popular prices prevail. Call early while the range is complete.
