BEAT THE ALL-STARS

FRONTENACS WON BY 18 GOALS TO 5.

It Was a Runaway Game—The Frontenacs Were in Great Shape—Ice Was in Fine Condition.

With a dazzling vision of blue, and white uniforms before their eyes, the All-Star hockey team from Western Ontario bowed gracefully to the Frontenacs champions at the covered rink last night and submitted to the irony of defeat, going down almost out of sight, by the score of 18 to 5. It was a real scientific game played on one of the fastest sheets of ice that "Mike" Flannigan has delivered this season. This was a surprise to the fans for with the way the weather has been for the past two days, they were expecting to see the ice covered with water but that was not the intention of the weatherman, for he knew the Frontenacs wanted to beat that All-Star team here, and he ordered a cold wave for the occasion.

The Frontenacs treated their opponents to as nice an exhibition of stick-handling as they ever witnessed. The Kingston champions walked right through them for fair Kingston expected the team to beat the stars, sure enough, but they did not expect them to treat them in this manner. The All-stars saw the Kingston team in shape last evening with a good light to play by and their own sheet of ice to play on. The work put up by the Frontenacs was really wonderful, and it is not stretching the point one bit when it is said that they were never in better shape at any time during the season than they were last evening. The game was late in starting, the All-Stars not arriving until nearly 8.30 o'clock on account of the local train being delayed. As soon as Referee Harvey Sproule, of Toronto, got into uniform, the game began.

For about two minutes after the face-off, the play wavered from one end of the rink to the other and neither team was able to do anything. The stars bunched up a great deal and when a Frontenac man got the puck there were two men on him all the time. Frontenacs also checked with determination. About three minutes after the face-off, Frontenacs opened up and before the Stars knew where they were, five goals had been tallied in about three minutes. This completely dazed them and for the remainder of the game the team was disorganized. Their lack of team work showed up all the time, as compared with the faultless combination of the locals. With a lead of five goal Frontenacs had their opponents where they wanted them. The Stars first goal struck Hunt's skate and went in the net. The second one Williams watched going past him with no effort to stop it. At half time the score stood 9 to 4.

The second half was almost a shut out for the stars. They got only one goal, while the Frontenacs scored as many in this half as the first. Birkheart replaced Hefferman at point in the last half. The only goal which the stars obtained in the last half was made when the defense were away from their positions. Williams batted them right and left when they came his way, and Addison found that it was a bad policy to rush out of his goal to check the shots as the locals got onto that dodge and handed the puck over to some one else. Both teams stood the pace well and when they came off the ice were in apparently as good condition as when they went on.

For a while indications pointed that the score would be the same as it was with Orillia here, 16 to 5, but while the fans were expecting the going to sound time Frontenacs rushed two more in making it eighteen. Hunt was the pick of the local team if a choice was to be made. His work was the most spectacular that the fans have ever seen here. He played the game of his life. His terrible bearing capacity was run to the limit last evening and his speed coupled with accurate shooting distinguished him as the most effective man on the ice. He figured in the scoring of nearly all the goals. Brouse and Millan were on the wing showed big Bill that the size didn't count at all. It was agility. Leo's work was spectacular to a great degree and drew forth rounds

of applause from the spectators. He seems to have a string on the puck for he gets control of it at times in a remarkable way. Brouse played a stirring game. He was right on the job every minute and flouted his reputation a few points higher as a back checker. He seems to have found some apt pupils in this great art for the back checking of the opposing team was quite noticeable at times. Boyer had big Brown marking him and times without number he got the puck away from his opponent in a very neat way. He played one of the best games this year and scored one goal which the fans never expected him to get. McCammon's terrible reach was much in evidence and he again demonstrated that back checking had no effect on him. His rushes, too, were productive of good results and told on the scoring sheet more than once. "Scotty" has been seen to better advantage, although his playing last night was snappy. He scored as many as usual, but has made more brilliant rushes. Williams in goal had his usual board in front of him when it came to stopping the shots, although he let the second goal roll in easy. He was standing at one side of the net leaning on his stick and when the shot came he was not prepared for it and it slid in.

Frontenacs should not have so much to sneeze over for the team which was up against them was certainly a star aggregation. "Mock" McKenzie, the smallest man of the team, was probably the pick of the setpiece. In his position at centre he certainly got away with the real thing. Outside of him the visiting team was a great deal heavier than the local boys, and showed lots of speed all the way through. Crane, the rover, was a peach, and his work took well with the fans. He has plenty of speed and is a beautiful stick handler. He sure made the Frontenacs sit up and nail him whenever he started off with the disc. Hefferman at point, the well-known Peterboro player, whom everyone recognized, played a good game in the first half, but was replaced in the second by Birkheart, of Toronto. McBurnie, the big husky cover, certainly went some and when he got control of the puck and started down the ice the fans were reminded of Davidson and his individual rushes. His work was commented on by more than one. Addison in goal was not, in the opinion of the fans here, as good a man as Laird. He played a good game, however, but in the last half seemed to go up in the air. He has a habit which, perhaps, worked well on some teams, but it did not do with the Frontenacs. His dodge of rushing out of goal to stop shots was easily overcome by stick-handling and a number of times scores were made while he was out of the net. Brown and Hill on the wings were certainly classy players, but the way they were rounded by those two wing men, Boyer and Millan, was great. Birkheart did not play any better in the last half than Hefferman did in the first.

Frontenacs—Goal, Williams; point, Davidson; cover, McCammon; centre, Hunt; rover, Brouse; right wing, Millan; left wing, Boyer. All Stars—Goal, Addison (Simcoe); point, Hefferman (Peterboro); cover, McBurnie (Toronto Victorias); centre, McKenzie (T.C.C.); rover, Crane (Simcoe); right wing, Brown (T.A.A.C.); left wing, Hill (Broadviews). Harvey Sproule, of Toronto, made a very satisfactory referee.

For Piano.

ROYAL BAKING POWDER

Absolutely Pure

The official Government tests show Royal Baking Powder to be an absolutely pure and healthful grape cream of tartar baking powder, and care should be taken to prevent the substitution of any other brand in its place.

With no other agent can biscuit, cake and hot-breads be made so pure, healthful and delicious.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world. It makes pure, clean, healthful food.

FAMILY AROUSED

IN THE NICK OF TIME FOR A LIVELY BLAZE.

Home of William Kelly, Bagot Street, Caught Fire on Wednesday Evening—Ladies Passing Noticed Smoke Coming From the House.

Fire, which broke out about 8.26 o'clock, Wednesday night, at the home of William Kelly, 356 Bagot street, gave the firemen a lively time, and a boarder in the house, Thomas Walton, had a very narrow escape from being caught in the burning building. The total damage will be about \$175 on the building and contents.

Two ladies who were passing the house, noticed smoke issuing from it, and they at once gave the alarm. Mr. Kelly was at work at the rear of his home, which is a two-story frame dwelling, owned by Mrs. Young, University avenue. He did not hear the ladies rap on the front door, and the ladies were compelled to go around to the back door, to notify him. He at once investigated, and an alarm was sent in to the firemen. He had difficulty in getting the members of his own family out in safety, but a boarder, Thomas Walton, was asleep in one of the bedrooms, and it was some time before he could be aroused from his slumbers, and he was forced to leave clad only in his night clothes.

The firemen got at the trouble as speedily as possible. One line of hose was used from the hydrant, at the corner of Bagot and Ordnance street, and two chemical extinguishers were brought into service. The furniture was removed and thus a great deal of damage was saved. The damage to the building is estimated at about \$100 and to contents, about \$75. There was no insurance on the contents.

The cause of the fire is unknown. It started in one of the clothes closets, and was burning quite lively when it was discovered. The members of the family lost all their wearing apparel, but considered that they were very lucky, in escaping with their lives. Had the blaze not been discovered just that time, the people might have been caught in the house, and met a terrible death. The fire was a difficult one for the firemen to get at, but they made a good job of it.

NOT ENOUGH EQUIPMENT

For the Fire Requirements of Kingston.

Fire and Water Engineering, a New York journal, has an article on Kingston and its fire equipment, and makes this comment:—

"For a city with such important interests at stake, and so many manufacturing plants to protect, it may some day occur to the officials of Kingston, responsible for its government, that the fire department is poorly equipped to take care of big fires. The two engines which Kingston has are more than many other cities can boast of. A sad awakening, however, may occur at any time, when the finest buildings of poorly protected places become a heap of ashes. Better make proper provision before such a calamity occurs. Another engine company ought to be provided for Kingston, equipped with a steamer of the first class and men trained to bring out all of its good points. This is one of the best safeguards that can be adopted against a danger that is ever threatening cities not properly protected."

Loyal True Blue Banquet.

Last night Boyne, No. 16, L.T.B.A., held its annual banquet in the Orange hall. Mayor Graham occupied the chair. A short programme was given by the following: Mr. Peppet, piano solo; Miss Willoughby, solo; Mr. Kelly, comic recitation; Mrs. J. Evans, solo; William Murray, solo; Mayor Graham gave a loyal address and gave some worthy advice as to the best means of advancement of Protestantism. Owing to the death of the brother of Supreme Grand Master Cole, Belleville, he was unable to be present. Encores were the order of the evening. After a vote of thanks to the entertainers the assembly adjourned to an adjoining dining room where a sumptuous supper awaited all. Justice was done thereto. Three cheers were given in honor of Mayor Graham and was followed by the National Anthem. The proceeds go to the True Blues Home at Picton, Ont.

Concert at First Baptist.

A successful concert was given Tuesday evening by the mission band of the First Baptist Sunday school, the object being to raise money to pay the expenses of a boy whom they are educating in India. The choir was ably aided by C. Calvin, president of the branch. The programme was chairman's address; chorus by the band; recitation by Phyllis Salisbury; by Mary Clarke; recitation by Norman Frost; dialogue, "Mother Goose", by the primary children; recitation by Hilda Calvin; solo by Miss Weese; chorus, band; recitation by Ida Leronge; solo by Edna Singleton; reading by Martha Hughson; recitation by Isabel Leslie; chorus, missionary music; dialogue, "Crown Jewels", by seven little girls; recitation by Mildred Grant; dialogue, "Aunt Polly Joins the Mission Circle", by five girls.

Going West for Wife's Health.

C. M. Wrenshall, late manager of the Walkerville branch of the Home Bank, will leave for Regina and other points in the Canadian west, having been given a six months' leave of absence on account of Mrs. Wrenshall's ill health. Mr. Wrenshall is a former Kingstonian.

Sudden Change in Weather.

It was a very sudden change the weather man handed out to Kingstonians last night. It was a bitter, cold night, and at seven o'clock, this morning, the thermometer at the police station registered five degrees below below.
