R. WALDRON

A DELIGHTFUL PLAY

"MADAME SHERRY" CHARMED A BIG AUDIENCE.

Nothing More Pleasing Has Been Seen Here—Frontenac Hockey Champions Occupied Boxes.

The desire to see it all over again possessed the large audience which witnessed the production of "Madame Sherry," a French vaudeville, in three acts, at the Grand last night. For genuine comedy, entrancing music, graceful and rhythmic dancing, this production leads anything seen here during this or any other season. Miss Marie Flynn, the Toronto girl, who takes the leading role, is a charming little comedienne, a graceful dancer, and a sweet singer. With Helen Mowlyn, Mortimer H. Waldon, Wilmer Bentley, Miss Dorothy Morton and Miss Audrey Maple, the production has a cast of stars. Everything about "Madame Sherry" is graceful. The production has a charm greater than even "The Merry Widow" and "Every Little Movement" excels that entrancing "Merry Widow Waltz." Miss Flynn was simply delightful in "Uncle Says I Mustn't So I Won't" and "I'm All Right." Helen Mowlyn tickled the audience with "You Can't Argue." The settings were elaborate and the augmented orchestra's work excellent. No play has pleased a local audience so well this season. The house was filled to capacity. The two lower boxes on the left were occupied by the Frontenac hockey team, junior O.H.A. champions, and draped with Frontenac colors.

"The Man of the Hour."
"Every woman will love this play. She will love every character in it, even to the men who are not as good as some of the others, and she will love every word they speak. And why? Because the men in the play talk like the husbands, brothers, fathers, sons and sweethearts of real life; because the women in the play are like the women we like to have around us at home; because what they all say, the men and women of "The Man of the Hour," is the speech of human things, and sounds like what we hear every day at home and in the street. In short, "The Man of the Hour" is bound to succeed wherever it is acted in the United States, because it shows American men and women of all classes as they really are."
The foregoing was written by Amy Leslie, the famous dramatic critic of the Chicago Daily News, the day following the Chicago production of "The Man of the Hour." It represents the most striking tribute ever paid to a play of American life written by an American author.

At the Grand on Saturday, March 18th, matinee and night.

Whiteside in "The Melting Pot."
Israel Zaagwill's masterpiece, "The Melting Pot," the dramatic sensation of the decade, comes to the Grand on Wednesday, March 22nd, with Walker Whiteside in the leading role, supported by the same cast as seen in New York and Chicago during the long runs of the play Zaagwill has seen a most prolific writer, among his best known works being "Children of the Ghetto," "The Maker of Lies," "The Mantle of Elijah," "The Gray Wig" and "Merely Mary Ann." Many plays in recent years have been hailed as the great American drama. They have been of the east, of the west, of the north and of the south, but it is said there has been no play produced which is so typical of America, its virility and its marvelous development, that has satisfied the public, and yet was the great American play.

Put An Extra Stomach To Work

Stuart's Dyspepsia Tablets Will Do The Work of Two or Three Stomachs—Affords Instant Relief.

FREE TRIAL PACKAGE.

When your food does not digest, when gases form, when you experience that uncomfortable feeling of fullness, when the breath is foul, the tongue coated and that sour taste is in the mouth—take a Stuart's Dyspepsia Tablet and watch how quickly every one of these symptoms disappear. All that was needed was to digest that lump of food in your stomach, and the glands, whose duty it is to supply the gastric juices, had simply given out from overwork. So when you took that little tablet you were supplying exactly what was necessary to complete the process of digestion that the stomach had begun but was unable to finish.

If you would continue to take a Stuart's Dyspepsia Tablet after each meal for awhile, your stomach would have a chance to rest up and get well and strong again.

Try just one box and you will never want to be without this wonderful little remedy for stomach troubles. Stuart's Dyspepsia Tablets contain an ingredient, one grain of which will digest 3,000 grains of food. They are so entirely harmless because they have absolutely no effect on the system one way or another except to do just the one thing—digest food.

40,000 physicians use and recommend this National Remedy. Every drug store everywhere sells and recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. A sample will be sent free if you will write F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

CARTERS ON NEW STAND.

Now Located at the Foot of Brock Street.

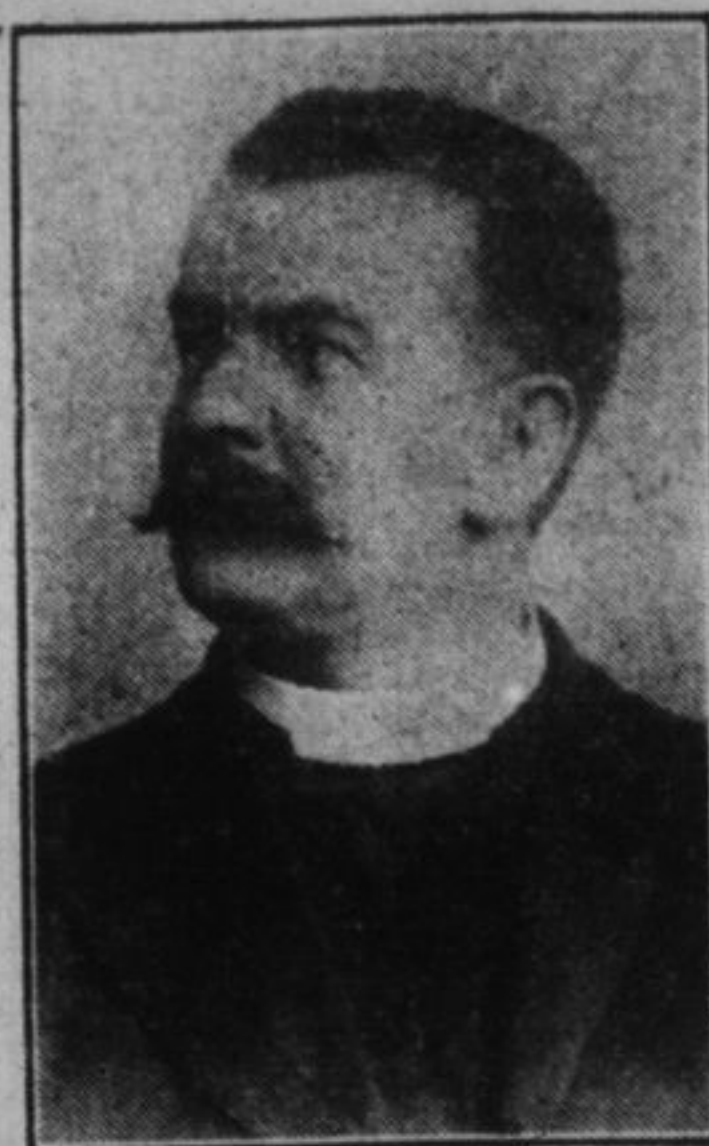

The question of the location of the cab stands will be brought to the attention of the city council by Mayor Graham. The carters were put off their old stand on Ontario street, in front of the city hall, one which has been in use by them for upwards of twenty years, and today they were given permission to make a stand of the south side of Brock street, below Ontario street, so they are now within very short distance of the old stand.

The old stand on Ontario street was only used by a few carters and they naturally feel hurt to have to move off now, after having the use of it for so long a time. The stand allotted for them on Queen street is an out of the way place, and is also a street on which there is a great deal of traffic, principally with farmers coming into the market.

It is the opinion of a great many that the carters might be allowed to remain on their old stand on Ontario street, as there is plenty of room for traffic, and citizens know they can be found there. Or perhaps arrangements could be made to allow them to use the south side of Brock street, the fact that the carters were put off their old stand yesterday caused a great deal of inconvenience to people looking for carters, as they could not find them.

TO MEET IN KINGSTON.

Rev. W. F. Fitzgerald Was Elected Grand Chaplain.

REV. W. F. FITZGERALD.

The grand lodge of Ontario East will meet at Kingston next March. The Smith's Falls meeting closed early on Friday morning, with the election of officers. Colonel John Hughes, Newtonville, was elected grand master. Rev. W. F. Fitzgerald, Kingston, was chosen grand chaplain.

Boost-Rinks Again.

This cold spell has caused the rink men to open their eyes and get busy again for the change in the weather will make good ice. The open rinks had about decided to close for the season but were bemoaning the fact that the season had been altogether too short, but now they will open up again. The covered rink too was to have closed last evening, but when the weatherman favored them with the cold spell they decided to hold on for a few days longer. Indications point to at least two weeks of cold weather yet, and if such is the case it will mean a big thing for the rink men. One week from to-day was the date upon which the covered rink closed last year. The season has been as long as usual this year, but started sooner.

To Be More Difficult.

The high school entrance examinations will be made more difficult than ever, according to a circular issued by the department of education recently. The desire of the department is according to the statement, to reduce the congestion of the high school caused by too many inadequately prepared pupils being sent to these schools. The number of successful students has decreased over 4,000 in four years.

The news will not be received very joyfully by the prospective entrance students.

To Manage River Hotel.

Henry Bissell, of Brandon, Vt., will again have charge of the hotel at Murray Hill Park, Thousand Islands. Mr. Brandon had charge the season before last and made a success of the enterprise. Last season Mr. Rogers, of New York managed the hotel at that point. Some parties for next season have already been booked at the Murray Hill hotel, and the outlook is bright for a successful season in that vicinity.

Not Appointed Yet.

The appointment of the members of the R.C.H.A., who are to represent this organization at the crowning of the king in June next, may not take place until a short time before they are to sail. The reason for this is the fact that a man who may be appointed now might become disqualified before the time to go, and a long delay would result while the necessary formalities were gone through with.

At Your Service.

We are at your service with the noblest stock of hats ever shown in Kingston. The makes represent the best hat factories in the world, while the styles are the newest known to fashion. See our derbies and soft hats at \$2, \$2.50, \$3, \$3.50, \$4. Campbell Bros., the leaders in men's hats.

Had His Heel Frozen.

A Kingston young man drove out into the country Wednesday night, and as a result he had his heel frozen. This is a great record for the weather man in March. Wednesday night was a very odd night for driving.

ABERNETHY'S

ROADS HANDED OVER

IN PITTSBURG TOWNSHIP IN THE YEAR 1874.

The City Then Owned the Phillipsville Road—Kingston Received \$200,000 Stock in the Cataract Bridge.

Documents in the city treasurer's office show that on Dec. 1st, 1871, an agreement was made between the township of Pittsburg, the city of Kingston, the Kingston, Pittsburg and Gananoque joint stock road company and the Cataract bridge company, whereby the city gave to the township of Pittsburg the Kingston-Phillipsville toll road in that township, and the road company gave it the toll road it owned in the same township, on condition that the township council abolished the tolls and kept the roads in repair thereafter.

Prior to that time, the city collected toll on the Phillipsville road. It was, therefore, in 1875 that Pittsburg township roads were freed of tolls. The roads were handed over to the township for the nominal sum of one dollar, so that it cost that township nothing for the roads as has been supposed. The agreement was signed by Mayor M. Sullivan for the city; Reeve Peter Graham, for the township, and John Broden as president of both the Kingston, Pittsburg and Gananoque road company and the Cataract bridge company. Another agreement was made whereby the bridge company abolished toll on the bridge for foot passengers. The toll for the driver of a vehicle, however, was never abolished, and it is still collected in the seven cents that is charged for a team of horses crossing the bridge.

On Feb. 20th, 1875, the Pittsburg council passed a by-law abolishing the tolls on the roads in that township and providing for the future maintenance of the roads. On Dec. 31st, 1874, the Cataract bridge company gave the city of Kingston \$200,000 stock in the company, that being the arrangement made in connection with the city handing over the Phillipsville road to the township of Pittsburg.

Show at Orpheum.

Manager Lynn has succeeded in getting a very fine bill at the Orpheum for the remainder of the week. The programme is varied and spicy and the pictures were very entertaining. Musical Stewart, in a refined musical act, did not fail to please anyone. He played an instrument resembling a violin which was made out of a cigar box. His imitations on a string puller though a hole in a tin can were very natural. The remainder of the act was of the highest type and merited the applause given it. Jones and Gilman, the refined colored singers and dancers, had something new in songs and characteristic dances. John Hogan, the bell boy, had a string of talk and songs, which kept the audience going all the time. The pictures were interesting.

A Coming Pianist.

Those who heard the concert given at the opening of the Collegiate Institute a week ago, says the Port Arthur News, were privileged to hear what a fine pianist Port Arthur possesses in the person of Miss Nellie George, of whom, if we are not mistaken, more will be heard later on as a public exponent of the divine art. Her playing led even the poorest critic to discern that there is great promise of this young lady becoming one of the foremost players in the dominion. At present Miss George is studying under Carl Berggren. Miss George was a former resident of Kingston.

It's From Campbell's.

That's all the man of fashion wants to know about the hat he selects. New derbies in the world's most celebrated makes, \$2, \$2.50, \$3, \$3.50, \$4. Campbell Bros., Kingston's hat store.

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of J. C. Watson

FOR THE SCHOOL CHILDREN.

They are Likely to be Given Medical Inspection.

A system whereby the school children will be given medical inspection will be out in force in Kingston if a good plan can be adopted. It has been given a trial in other places and, according to the reports, has been satisfactory.

The matter came before the board at its last meeting in a report submitted by the management committee. The committee stated that the matter had been given attention and that it had been decided to have the medical health officer, Dr. Williamson, Dr. Knight and Prof. Laird, of the faculty of education, confer with the committee, when the matter will be discussed. The result of this conference will likely be ready for the board at its next meeting.

It is hoped to outline a scheme whereby the pupils would receive the benefit of medical inspection at as small a cost as possible.
