

## THREE KINDS

### Of Roads to be Built This Year

## A FOUR-YEAR PLAN

#### FOR BUILDING IN RESIDENTIAL SECTIONS.

### Three Miles of Roads to be Built This Year—Experiment for Wellington Street—To Ask Tenders For Permanent Pavement.

This year three miles of new roads are to be constructed throughout the city. So the board of works decided, last night, after a long discussion. Some time ago, the city council adopted the principle of local improvement for all road construction. It remained for the board of works to name the roads to be built this year, and on motion of Ald. Toye, it decided to adopt the four-year plan, outlined two years ago by City Engineer Craig. This four-year plan will cover a large territory of the residential section, twelve miles of roadway being included. Each ward will get an equal share in the four years.

Most of the road construction in the residential section will be of macadam but, on the suggestion and motion of Ald. Fraser, the board decided to make an experiment with Bermuda asphalt or some other kind of similar top dressing, on Wellington street, from west to Brock street, and on the two intersecting blocks above and below Wellington street, from west to Brock. It was thought by Ald. Fraser that some kind of an asphalt top-dressed road should be tried to see its value. Such a road will cost about twice as much as ordinary macadam, but it may wear much longer.

Ald. Clugston raised the question of using this asphalt in the outlying sections of the city. He did not think it should be done, on account of the cost. The city engineer said that macadam roads would be quite sufficient on the side streets.

The question of permanent paving was also dealt with. At present the city council has passed a by-law, authorizing the construction of a permanent pavement on two blocks—Wellington street between Brock and Prince, and on Brock street, between Wellington and King. The city engineer pointed out that it would be possible to get tenders for a block pavement on these two pieces of roadway, because sheet paving companies would not tender on anything less than 10,000 square yards, whereas the two blocks above named covered only about 3,000 square yards. Ald. Bailey thought that the board should not make half a job out of permanent paving, as criticisms would be sure to follow. Why should the board not make other blocks to the same already decided upon, keeping away from the blocks that are traversed by the street railway tracks. This suggestion was concurred in by the other members of the board, and it was decided to include King street, between Brock and Clarence, and Clarence, between King and Ontario, and when tenders for the laying of permanent pavement on these four blocks.

It is expected to begin the macadam road construction by May 1st. The first streets to be done will be the main avenues leading from the city, such as Wellington street and other Union street.

### Is a Brockville George.

Ottawa, March 24.—"True I am a George, but a George of Brockville, where a fund is also being raised."

This is the characteristic reply sent by Hon. George P. Graham, minister of railways and canals, to a letter from Mayor Hopewell in connection with the proposed presentation to his majesty King George V. from all the Georges. The mayor has called a meeting on Friday night when it is hoped to put the scheme on a working basis.

### Can Copy Canada.

London, March 24.—Writing to the Standard, Allen Baker, M.P., says, regarding a letter stating home rule in Quebec proves the Catholics cannot be trusted to deal fairly with Protestants, says such a letter will be bitterly resented by Canadian subjects. The satisfactory relationship existing between Protestants and Catholics in the various provinces is an example which may be safely followed in Ireland.

### Lachute Postmaster Dead.

Lachute, Que., March 24.—H. M. Gall passed away, yesterday, never having fully recovered from a stroke of paralysis received some three months ago. Mr. Gall was postmaster of the town and one of Lachute's most highly respected townsmen. He was ex-mayor of the town, school commissioner and prominent in Masonic circles.

### A Carrier of Disease.

New York, March 24.—After October 1st it will be illegal to have a common drinking cup in any park, building, school or train in New York City. This is the result of an investigation ascertaining that this was the most potential carrier of disease known.

## SETTLED OUT OF COURT.

### And the Scandalous Living Public Not Given Taste.

London, March 24.—Scandal-loving English public was disappointed today when it was given out that the slender suit of beautiful Mrs. Atherton against her sister-in-law, Lady Dean Paul, was settled out of court. Mrs. Atherton has been prominently mentioned in two or three divorce cases and her name is associated with family skeletons high up in society. She came all the way from Egypt to prosecute the suit against her sister-in-law.

## PUT NO BAN

### On Entry of Negroes Into Canada

## COMMONS IN SUPPLY

### AND RECIPROcity IS ON THE SKELETON.

Papers Received Concerning Declaration of London—Immigration to Canada Increased Fifty-Seven Per Cent. Over Last Year. Special to the Whig.

Ottawa, March 24.—The question of the right of negroes to enter Canada as immigrants was again discussed in the House of Commons, yesterday. The matter was referred to by O. J. Wilcox, of North Essex. He wanted to know if it was the intention of the minister to exclude them, and in the course of his remarks he mentioned two or three specific cases. He thought they were being ruthlessly and indiscriminately excluded.

A. B. McCaig could assure him from a letter he had just received from the minister that he, the minister, had no intention of putting a ban on negroes.

Hon. Mr. Oliver replied that although there was a strong sentiment against the negro in some sections of Canada, yet it was not the intention of his department to exclude them, providing they fulfil the requirements of the emigration act, however, if they do not they must remain out. In respect to that special party that recently entered the west, the minister said that only one or two had been cleared and not the whole party.

Hon. Mr. Fisher, minister of agriculture, said that reference had been made to his department. He declared that there was no foundation for the statement that a colored man had been refused employment in the census department after he had successfully passed the required examination. The fact is that this colored man alluded to, had not passed the necessary examinations.

Just before going into committee of supply an attempt was made by J. B. Taylor, New Westminster, to read a resolution from his constituency protesting against reciprocity. The speaker, however, objected and said that a few days ago it had been agreed between Sir Wilfrid Laurier and Hon. Mr. Foster that matters of this kind had better wait until the house went into supply on next week, which was the special committee to consider the question of reciprocity.

R. L. Borden asked what is the difference between the ordinary committee of supply and that of ways and means.

Sir Wilfrid Laurier replied that as reciprocity was to be considered by the ways and means committee, it is only proper that we should adhere to the rules of the house by deferring this question until that committee sits.

The speaker finally sustained the objection, and as supply will be constantly before the house until the end of the month, there is little prospect of hearing anything further on reciprocity until the first week in April.

Mr. Monk—"When will the debate be resumed, or is it shelved for good?"

Sir Wilfrid Laurier—"As we are approaching the end of the fiscal year, we must vote supply, after that we will attend to reciprocity."

Mr. Blair, Peel, wanted to know what the conservative members were going to do with all the protests they were receiving daily from their constituents, if they could not bring them to the government's notice.

Sir Wilfrid Laurier—"Keep them. However, if there should be any petitions received, it will be quite proper to allow the presentation of such."

In reply to a question by Mr. Lennox, Sir Wilfrid Laurier stated that the government had received the documents connected with the declaration of London, the proposed international arrangement relating to the contraband, the rights of neutrals, etc., in naval warfare. The provisions of the declaration have been taken into consideration, but the government have made no representations on the subject to the imperial government.

Sir Wilfrid Laurier said: "As the whole subject of the declaration of London deals exclusively with questions of international law, the government of Canada not being a sovereign power did not think itself justified to make official representations on such matter, but the question may be discussed informally with the imperial government. The Australian government has protested against the provisions in the declaration and has given notice that it will raise the subject at the imperial conference."

For the ten months, April to January, of the current fiscal year, the number of immigrants who arrived in Canada was 260,657, as compared with 165,967 during the corresponding months of last fiscal year. The gain is 57 per cent. The number who arrived at ocean ports for the same period was 158,670 as against 81,695 for a like period of last fiscal year, an increase of 88 per cent. From the United States for the same ten months there were 102,917 immigrant arrivals; for the corresponding ten months of last fiscal year there were 50,962, the gain from this source being twenty-six per cent.

Presbyterians will spend \$267,000 on home missions during the coming year in Canada.

## TO HANG ON MAY 26TH.

### Montreal Italian Says He Will Embrace Death.

Montreal, March 24.—Francesco Grevola was, yesterday afternoon, found guilty of the murder of Giuseppe Chini and was immediately sentenced to be hanged by Justice Lavergne. Grevola knifed Chini near the Grand Trunk tracks, on Richmond street, on the 24th of April last. He was sentenced to be executed on Friday, May 26th.

When asked, by Judge Lavergne, if he had anything to say, Grevola asked: "Is there any alternative?" "No," "Then I will embrace death."

### HE SOUNDED THE CHARGE

That Sent the "600" Into the Jaws of Death.

Boston, March 24.—Isaac S. Dixon, one of the survivors of the Light Brigade at Balaklava, died, yesterday, at his home in Everett, Mass., of heart disease. Not only was Mr. Dixon a veteran of the Crimean war and survivor of the charge of the six hundred, but he was also a veteran of the civil war. He was seventy-two years old. He was born in England and entered the army at the age of fifteen, in 1853, and fought at Alma, Balaklava and Sebastopol, retiring from the army on July 14th, 1856. In the charge at Balaklava he received a wound in his right leg. He was regimental quartermaster of the 17th Lancers and sounded the bugle call which sent the regiment "into the jaws of death."

### PINNED ON BREAST

OF LIEUT.-COL. H. R. SMITH, OF KINGSTON.

The Order of St. Michael and St. George—An Interesting Ceremony Performed by Earl Grey at Rideau Hall.

Ottawa, March 24.—An interesting incident took place at Rideau Hall, on Wednesday evening. After the parliamentary dinner given by his excellency, at which the guests were the speakers of the senate and house of commons, and a number of senators and members, and Captain Chambers, gentleman usher of blackrod, the vice-regal host invited the guests to the ballroom. There Earl Grey, pinned on the breast of the sergeant-at-arms of the house of commons, Lieut.-Col. H. R. Smith, C.M.G., D.S.O., of Kingston, the order of St. Michael and St. George.

In doing so his excellency said that it gave him great pleasure to perform the ceremony, as Col. Smith had rendered invaluable services to him as well as to his predecessors in office for many years back.

### The Imperial Conference.

London, March 24.—The imperial conference will be held at the foreign office and will last four weeks. The premier will preside at the opening sessions and Hon. Mr. Harcourt subsequently. The government do not accept of outside social invitations, but there will be a foreign office party and several official banquets.

## 4 LIVES LOST

### By The Wreck of The Steamer Bruce

## THE CREW BEHAVED

### WITH TRADITIONAL BRITISH HEROISM.

### Passengers Landed in a Fearful Gale—Last Boat Overturned and Four of the Crew Lost Their Lives.

Halifax, N.S., March 24.—Four men were drowned out of 125 passengers and crew aboard the Beid Newfoundland steel steamer Bruce, which struck a rock and was wrecked at Port Nova, this morning, on its way to Louisbourg. This is the second time the Bruce has been wrecked near the same place. The passengers who were saved were landed in life boats at Nancy Cove.

Further information indicates that the crew worked with traditional British heroism, in rescuing their passengers in life boats. All the passengers, women first, were landed safely in a fearful gale, and cold and darkness of night. The four men lost were of the crew of the last boat, which was swept away and overturned.

### WALKED TWO MILES IN SLEEP.

Lanark Township Boy Makes Trip in Night Dress.

Perth, March 24.—Robbie Smith, the eight-year-old son of James Smith, Lanark township, got up in his sleep about 2:30 o'clock the other morning, placed a chair to the kitchen window and effected his exit from the house by breaking the window pane. He walked about two miles in his bare feet with only a nightgown on, and in this condition reached the home of John McKittrick, where he knocked at the door and was admitted. It was a case of combined somnambulism and nightmare. He had been ill with the grippe, and at the time he got up he fancied robbers were about the house, that he was alone, and it was up to him to get out of the way as quickly as possible. The crashing of glass awakened his father.

### TYPHOID FEARED.

Porcupine in Imminent Danger of Outbreak.

Toronto, March 24.—Tifft Porcupine is in imminent danger of an outbreak of typhoid is indicated by an examination of a number of samples of water received at government health headquarters. The local health officers at Porcupine secured samples from wells and various other sources from which Porcupine is getting its drinking water and every one of the samples examined showed color bacilli. So far no reports of typhoid have been received from the mining district but the authorities are nervous. Dr. McCullough, chief medical health officer, has sent the result of the examination to Porcupine together with a caution to the people to boil all the water.

### 20 Suicides, 51 Found Dead and 22 Drowned.

Toronto, March 24.—Police department statistics of last year show the following record of crime and misfortune. There were twenty-nine suicides. Fifty-one people found dead in bed. Twenty-two were drowned. Two persons were burned to death. Three were suffocated by illuminating gas. Three by coal gas and four more in some other way. Thirteen people were killed by street cars, while ten more were killed by railway train and eight by vehicles on the street. Other miscellaneous violent deaths totalled twenty-two, besides three murders.

### A BRIDEGROOM'S TRIAL.

Married in Belleville, He is Lodged in Cells.

Belleville, Ont., March 24.—Charles Teacher was arrested here during the night on a charge of stealing a gold watch and a razor from a companion he roomed with in Toronto. Teacher came to the city, on Wednesday of this week, and was married here that day to Miss Florence Fairman, of this city. Teacher and his wife are known in Kingston. He has been taken to Toronto for trial.

### Jail-Breaker Arrested.

Montreal, March 24.—Michael O'Rourke, also known as Bruce O'Rourke, James Moore, Mickey Irish and other aliases, who broke jail at Sherbrooke, while waiting trial in connection with the Danville Que. bank robbery, in which some \$15,000 was made away with by a gang of yeg-men, was arrested here by detectives. He was taken to Sherbrooke under guard by provincial detectives, and will be placed on trial for jail-breaking, as well as the original charge.

## MISTAKEN FOR ROOSEVELTS.

### Mrs. Clemens and Daughter Take Advantage of Blunder.

Santa Barbara, Cal., March 24.—Mrs. F. G. Clemens, Pottsville, Pa., as the result of mistaken identity, yesterday, received attentions intended for Mrs. Theodore Roosevelt. A clerk from the hotel here where Mrs. Roosevelt had engaged a suite, was assigned to go to Los Angeles to attend Mrs. Roosevelt and her daughter, Miss Ethel, on the trip north.

When the clerk greeted Mrs. Clemens as Mrs. Roosevelt, she immediately assumed the part in a spirit of fun, and during the hundred-mile journey the clerk was very attentive. The hotel management had arranged for a special carriage to meet the distinguished guests at the depot, and Mrs. Clemens and her two daughters rode into the hotel, while Mrs. Roosevelt and her daughter occupied the ordinary hotel bus.

Both Mrs. Roosevelt and Miss Ethel were very much amused when informed of the blunder.

### SEVEN OF ONE FAMILY

Die of Consumption in But Eleven Years.

Mitchell, Ont., March 24.—The death took place, yesterday, of Julia McGrath, the fifteen-year-old daughter of John McGrath, caused by consumption. This is the seventh member of the family that has fallen a victim to the white plague in the past eleven years. Mrs. McGrath and five children died in that period from the same cause.

### NEW PERILS ARISE

AS THE RESULT OF MIXED MARRIAGES.

### Irish Prelate Hold That Protestants Cannot Marry Catholics Unless Priest Officiates.

London, March 24.—The question of whether marriages between Protestants and Roman Catholics can be considered absolutely legal has now reached an acute stage, more especially in Ireland, where such cases are very numerous. The archbishop and bishops of Ireland, in a communication to the clergy, have asked them to call the attention of members of the Church of Ireland and all Protestants to the following points, which indicate dangers arising from the new marriage legislation of the Roman Catholic church:

(1) A promise of marriage by a Roman Catholic is not now binding unless it be in writing and signed by both parties and by the Roman Catholic parish priest or two witnesses.

(2) A promise of marriage, even if signed and witnessed, is not now binding unless the parties are willing to be married by a Roman Catholic priest and on the conditions which the Roman Catholic church lays down.

(3) A Roman Catholic cannot be validly married unless the ceremony be performed by a Roman Catholic priest and in accordance with the rules of the Roman Catholic church.

Thus, a Roman Catholic married to a Protestant by a Protestant clergyman or in a civil registrar's office is now told by the Roman Catholic church that the union is not marriage at all, and that the children are illegitimate. The archbishops and bishops earnestly warn their people of the dangers henceforth attending all marriages or promises of marriage between Protestants and Roman Catholics.

A debate on this subject was recently raised in the House of Lords by Lord Donoughmore, who characterized the papal decree known by its first two words "Ne temere," which refuses to recognize mixed marriages except upon certain conditions as "an attempt in the part of the vatican to alter the marriage law of Great Britain without the authority of parliament."

### CONFESSES TO BIG PLOT.

Lisbon, March 24.—Sergt. Lispero, of the 9th Regiment, who was arrested charged with treason, has confessed that a great monarchist plot against the republic has been formed. He says that the revision was to have started in the first week of April. The 9th Regiment of Chasseurs is the only one wholly faithful to the republican government, according to Lispero.
