## T. LAMBERT, Merchant Tailor

SUIT SATISFACTION.

Having Clothes made to order is the only rational way of getting clothes. You all YOU and not the other fellow, and a tailor can give you just what your size calls for and a style and personality suited to yourself. Besides it is generally admitted that there is more satisfactory wear in properly tailored garments. The price need not be excessively high if you go to

## THE CITY COUNCIL

### ADOPTED ROAD CONSTRUCTION SYSTEM.

Made a Change in Building Construction By-law — Communications and Petitions Read.

The city council last evening passed the budget and adopted a road building system for the year. In attendance were: Mayor Graham and Aids. Armstrong, Elliott, Fair, Fraser, Hart, Harrison, Hoag, Kent, McCann, McCartney, Rigney, Ross, Shaw and Toye.

These communications were read: City solicitor, re negotiations with the Ontario Exploration Syndicate Co. Ltd.

Commandant of Royal Military College re the construction of a draw span in the Cataract bridge.

Roman Catholic separate school board, concerning picture school.

Kingston-Hosiey, company opposing site for tuberculosis hospital on general hospital grounds.

Secretary-treasurer school board re removal of trees.

George Ghetz, applying for permission to have a top corn stand on south side of Princess street, on Montreal street.

Frederick Milo, water works plumber, asking for an increase of salary.

D. Campbell re water tax at 238 Princess street.

James Latturey re purchase of lot on York street.

J. R. C. Dobbs, asking rebate of city hall rental on Humane Society concert.

Quarterly boards of Queen Street Methodist church and Brock Street Methodist church, regarding pool rooms.

City auditor, concerning grants to Kingston Poultry, Pigeon and Pet Stock Association, Frontenac Hockey Club, Victorian Order of Nurses, public library, Wolfe Island ferry and band concerts, stating that by-laws will be necessary to make them legal.

President of the Ontario Exploration Syndicate Co., Ltd., re negotiations with the city.

Hugh Douglas and others re sewer on Brock street.

T. O'Brien and others re permission for a carters' stand on the south side of Brock street.

W. H. Claxton, and others, for concrete walk on north side of William street, from Aberdeen to University.

Secretary board of health, presenting resolution of board, recommending William McCammon for garbage inspector.

City clerk, notifying council that the school by-law had been carried by 101 majority.

### Road Construction.

The following recommendations of the board of works, regarding road construction were adopted:

That a general scheme of construction and reconstruction of roadways under the terms of the local improvement act be undertaken by the city, in accordance with the schedule attached to a report of the city engineer dated February 15th, 1910.

That plans and specifications be prepared by the city engineer and tenders asked for the construction of asphaltic macadam in the following streets, viz: Wellington street, Brock to West.

Clarence street, King to Bagot.

Johnson street, King to Bagot.

William street, King to Bagot.

Earl street, King to Bagot.

Gore street, King to Bagot.

Union street, King to Bagot.

That plans and specifications be prepared by the city engineer and tenders asked for the construction of sheet or block pavements of a permanent type on a concrete base on King street from Clarence street to Brock street; on Clarence street, from Ontario to King street; on Brock, from King to Wellington street, and on Wellington from Brock to Princess street.

By-law No. 21, clause 7, be amended, by adding the following clause as subsection (d):—"The walls of dwelling-houses from top of the second floor joists up, also gables, pediments and sides of dormer windows may be covered with shingles on detached or semi-detached dwellings, provided that no portion of the roof of said dwelling-house is closer than two feet to the adjoining lot line. In all cases the shingles shall be laid on at least one thickness of asbestos paper, weighing not less than fourteen pounds per one hundred square feet."

The budget was passed as printed in Monday's Whig, the tax rate being fixed at twenty-two mills.

Ald. McCarthy tried to have a grant of \$100 to the Wolfe Island council for wharf expenses inserted in the budget, but his motion was defeated.

Ald. Hanley, on behalf of the committee arranging for souvenirs for the Frontenac hockey champions, invited the council to attend the presentation and the play in the Grand Opera House, next Friday evening. On behalf of the council, the mayor accepted the invitation.

The by-law granting \$40,000 for a new public school received its third reading.

By-laws were passed fixing the as-

essment and tax rate, and the street watering area.

This is the resolution passed by the council regarding the Mowat Memorial hospital site:

Moved by Ald. Fair, seconded by Ald. Kent, that whereas a petition has been signed by a large number of influential citizens, representing the professional, commercial and manufacturing interests of the city, objecting to the establishment of a consumptive sanatorium on the grounds of the general hospital, and for reasons which we think are well taken; now, therefore, be it resolved that this council memorialize the board of governors of the Kingston General Hospital that in deference to the petitioners, and the reasons they put forth, we are opposed to the hospital site, and believe a location outside the city limits will be preferable, and more satisfactory to all persons concerned in the project.

### ADVICE TO YOUNG MEN

To Acquire a Library of Good Books.

The weekly Young Men's Bible class met in the Y.M.C.A. parlors, last evening, and after partaking of supper prepared by the ladies of the association, listened to an instructive address by Robert Meek, whose subject was "Who Is My Neighbor?" He said the true definition of this question was found in the Bible. In fact, all important questions could be and were decided by consulting the Bible. He pointed out the ways of helping others, and described how some of the world's great men had worked out this question to their satisfaction. He summed up the whole thing by saying that our neighbor was anyone in the community whom we could help in any way.

Mr. Meek urged the young men present to collect a library of useful books as they could help to talk clearly on any subject. There were two kinds of books, those of knowledge and those of power. He advised them to acquire as many of each kind as they could.

### HELD MOCK PARLIAMENT.

Sydenham Street League Had Enjoyable Evening.

The regular meeting of the Epworth League of Sydenham Street Methodist church, on Monday evening, provided a most interesting time for the members.

At the opening nine graduates from the intermediate class were received in to the senior class by the pastor, Rev. T. W. Neal.

Afterwards the citizenship committee, a new committee appointed for Epworth League work, took charge of the meeting, and turned it into a mock parliament, in which there were several interesting debates taken part in by the members. The alien act and the reciprocity were among the questions discussed.

### QUARANTINE OF HOUSES.

A Change Has Been Made in the Regulations.

The medical health officer, when interviewed, to-day, regarding quarantine of house in which scarlet fever and diphtheria are known to exist, stated that the quarantine regulations of the provincial board of health were altered on April 10th last, and that now only the patient and those in actual attendance are under quarantine; the other members of the household are allowed to go out and attend to their regular duties except in cases where they are employed in the manufacture or handling of articles intended for human consumption. They are also excluded from school or college while the house is under quarantine.

### KEEP THE WALKS CLEAN.

Offenders Should be Summoned to the Court.

Now that the sidewalks have been cleared of the snow and ice, the old nuisance of expectorating on the walks will commence. Citizens who use tobacco should refrain from using the walks, and endeavor to make Kingston a clean city. Some time ago, the local police had several people summoned to the police court charged with expectorating on the walks, and they should make another crusade if there is trouble in this way.

It is against the by-law to commit such a nuisance, and this is something that the authorities in other places are endeavoring to stamp out.

### LOAFERS IN KINGSTON.

Many "Knights of the Road" Stopped Here.

During the past few days Kingston has been visited by quite a number of "knights of the road," and the Portsmouth philosopher remarks that this is a sure sign of spring. For several nights the police have given protection to several men who claim to be on the lookout for work, but who have been loafing around the city. At the present time there are two men in the jail on remand on a charge of vagrancy. Their record is being looked up.

The magistrate nowadays are very severe on tramps, as it is desired to rid the country of them.

### A Yukoner Gone Out West.

James Madden, who has spent the past three months visiting his parents, Mr. and Mrs. Patrick Madden, Brewer's Mills, was in the city, last week, en route to Metaskwin, near Edmonton, Alberta, where he has purchased a large ranch. He will also deal in real estate. James is another one of Canada's sons who has done well in the Yukon. His many friends wish him success in the great west. Mr. Madden spent a week during the winter in Kingston, the guest of his cousins, Henry P. Smith, architect, and John and L. W. Murphy, grocers. He also visited his sister, Mrs. R. J. Joyce, Sydenham.

### Citizenship Committee's Work.

The citizenship committee in connection with the Epworth League of Princess Street Methodist church had charge of the league last evening. The committee was organized with the purpose of giving the members some idea of government. Different phases of the work are taken up from time to time. Last evening, the making of the laws was the topic.

## REFUSED TO AMEND

THE BY-LAW RESPECTING POOL-ROOMS.

City Council Decided Upon No Action With Regard to Petitions for More Stringent Regulations.

The city council last evening decided to make no change in the by-law respecting pool rooms. Recently a number of petitions were received from the Evangelical Alliance, the W. C. T. U. and other bodies stating that it would be in the interests of the city's morals if the pool rooms were closed at ten o'clock. The petitioners also asked that boys under eighteen years of age be prohibited from frequenting pool rooms, and that proprietors lose their licenses if found guilty a second time of allowing gambling on their premises. By a vote of 13 to 7 the council refused to grant these requests.

The finance committee recommended that the requests contained in the various communications regarding pool rooms be not granted.

Ald. Shaw asked for an explanation. Ald. Rigney replied that nothing before the finance committee went to show that the statements were correct. The communications were wholly unsupported and the committee did not feel that it could take any action.

Ald. Hoag said that the clause should be withdrawn and the petitioners be given a chance to appear before the committee to state their reasons why the by-law regarding pool rooms should be changed. His understanding was that the clause was to be withdrawn. He moved, seconded by Ald. Shaw, that this be done.

Ald. Couper said it would only be fair to the petitioners to give them a chance to state their views.

Ald. Elliott held there was no evidence to show that the city's morals would be benefited by the closing of pool rooms at ten o'clock. If they were closed the young men would be driven somewhere else, possibly to bars. He was opposed to any change in the by-law other than closing the pool rooms at eleven o'clock on Saturday nights.

Ald. Hoag stated that some of the pool room proprietors were agreeable to closing at eleven o'clock each night and it had been suggested that this change be made in the by-law. The pool room proprietors should be

given a chance to state their views as well as others.

Ald. Rigney said that no arrangement was arrived at for the withdrawal of the clause in the finance committee's report. The committee was a unit in arriving at the decision stated in its report. However, if the petitioners wished to state their case they would be welcomed by the finance committee at any time. Let them give the finance committee any reasonable grounds why the morals of the city would be improved by changing the pool room by-law and the committee would only be too pleased to give consideration to what they might say.

Ald. Harrison said the whole thing was a plain business proposition. Neither side would suffer by a reconsideration of the matter.

Ald. Carson claimed that the committee was a unit upon the decision in the report and it was bad grace now to enter opposition.

Ald. Hoag denied that he was in favor of the clause, so that matter was settled.

Ald. Ross declared that if he had been opposed to the clause his opposition would have been made in committee and not after the clause had been presented to council. The finance report did not make the matter final, as another petition on the same question had yet to be considered.

The amendment of Ald. Hoag was lost on this division.

Yeas—Aids. Armstrong, Bailey, Couper, Clugston, Harrison, Hoag, Shaw—7.

Nays—Mayor Graham and Aids. Carson, Elliott, Fair, Fraser, Hanley, Hart, Kent, McCann, McCarthy, Rigney, Ross, Toye—13.

### THE GRAND ON FRIDAY.

"The Rosary" and Frontenac Souvenir Presentation.

The beautiful new play, "The Rosary," under the direction of Rowland and Clifford, will be presented at the Grand on Friday, March 31st, and the citizens' souvenirs to the Frontenac hockey team will be presented between acts. The mayor and aldermen will occupy the boxes.

This play is now running at the Garden Theatre, in New York, and recently closed a three months' engagement in Chicago.

What is the cause of marital unrest? Why is it that the percentage of divorce cases rises steadily every day in the United States? Why should it be that to-day or tomorrow you may meet your happily married friend, and in response to your question regarding his wife, he shakes his head and replies, "Divorced." Now comes a modern play, everywhere called "The Rosary," written by Edward E. Rose. It projects a quiet word into this turmoil of opinions, which many believe will revolutionize our ethics of marriage and divorce.

### Pastor Highly Regarded.

A fine Methodist church has been opened at Fort Rouge, Winnipeg. The pastor, Rev. Henry Irvine, spent his early life in Pittsburg township. Of him the Winnipeg Free Press says: "Mr. Irvine's work appears to be especially good advantage among the young people, and he is known as very successful in the development of Sunday school and adult Bible class work, bringing into effect the methods most approved by recent experience. He is a pleasing speaker and as a pastor he carries sunshine with him everywhere among his people. His family consists of wife, three daughters and two sons."

### World's Marvellous Choir.

When a big aggregation of 200 of the best vocalists that a country can produce is drilled in the performance of the work of the great composers by a choir-master of such genius as Dr. Henry Coward, the effect upon the hearers is nothing short of astounding. The splendid chorus of the Sheffield Musical Union, which Dr. Coward is bringing to Kingston, on April 1st, is declared by him to be absolutely the best chorus he has ever conducted in the whole of his professional career, and one gets a faint conception of what its performances are like by the remark of that eminent musician, Sir Hubert Parry, who said of the rendering of a certain composition by this choir, "It is a miracle. I have never heard anything like it."

### Novel Musical Act.

Swinging two handfuls of various colored electric lights and producing music from them, was the novel part of the act which Musical Seeler is giving at the Orpheum. The effect is very harmonious and distinctly a new feature of musical acts. His music on other instruments is well rendered. The Pattersons give several songs and their entrance to the stage as pigmies is very laughable. Several reels of pictures are very realistic.
