Brock, Cor. King St.

CREAMERY BURNED

FIRE AT CAPE VINCENT MONDAY NIGHT.

Large Quantity Milk was to Have Been Supplied From This District—Origin of Fire is Unknown—Fitted Out With New Machinery.

Fire, which started from some unknown cause, completely destroyed the new creamery of The F. Vallain company, at Cape Vincent, N.Y., on Tuesday night. The fire broke out about eleven o'clock, and all that was left of the structure was one wall.

The fire was a very unfortunate one, as it came just before the time for the opening of the season, as arrangements had been made for the creamery to open on April 1st, and upon that day 11,000 quarts of cream would have been delivered at the factory.

Quite a number from the Kingston district intended sending over cream, and the cans for the conveyance of the cream to the Cape had been received here. W. E. Harkness is the general manager of the concern.

The building destroyed was an old structure, but had been remodelled to suit all the requirements for a creamery, and had been fitted out with new machinery. It was situated near Seabell's shingle factory near the water front.

Left for the West.

Dr. J. B. Hutton left, at noon, on Wednesday, for Weyburn, Sask., where he takes up a civil practice and the C.P.R. surgery for that division. Dr. Hutton graduated from Queen's in 1909, and was for a time house surgeon in the Kingston general hospital, where he made himself very popular. Later he went to Wilbur, Ont., where he looked after the medical requirements of the employees of the Ontario Exploration company. Dr. Hutton is a son of J. O. Hutton, the well-known insurance and real estate broker, and his hosts of friends here wish him all success in the west.

Lenten Talks.

Rev. T. W. Savary, M.A., of St. James' church, spoke to the men of St. Luke's church, last evening, on the subject, "What is a Christian." He gave a very forceful description of what he thought a Christian should be and his remarks were followed very closely by the gathering. Next Tuesday evening, Rev. J. O. Crisp, Portsmouth, will speak on "Duty."

As Quickly As Water Dissolves Sugar

About the Time It Takes For a Stuart's Dyspepsia Tablet to Work on the Food and Bring Relief.

TRIAL PACKAGE SENT FREE.

There is no long wait between the time you take a Stuart's Dyspepsia Tablet and the feeling of relief it will bring to an overloaded stomach. It gets busy in a jiffy and quickly sets things to rights in that tired and disordered stomach. It goes right at the work of digesting the food it finds lodged there and in no time at all has formed on the mucous membrane, the coating on the tongue disappears and you are no longer conscious that you even have a stomach.

That is one of the chief recommendations of Stuart's Dyspepsia Tablets—that they don't take forever to accomplish the purpose for which you need them. It is just as if you put an extra stomach or two to work when yours needed help. You can't continually overload your stomach and expect it to always smile. It is going to get rebellious and sulky after awhile and refuse to go on being driven to do double work. You must rest it occasionally—not by starving and thereby weakening yourself physically—but by using a Stuart's Dyspepsia Tablet to do the work of digesting your food.

These tablets contain all the active elements of the natural stomach juices and will alone and unaided digest food just the same as the gastric juices. And nothing could be more harmless than these tablets. They do not cure the system in any way—do not effect any ailment except as they digest food. Use them freely.

Stuart's Dyspepsia Tablets are sold by all druggists everywhere. Price, 50c. per box. A trial package will be sent if you will write F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

FINE BANQUET HELD

GATHERING OF KINGSTON LIFE UNDERWRITERS.

William McBride, of Winnipeg, President of Life Underwriters' Association of Canada, Guest of Honor—Several Addresses Delivered and Happy Time Spent.

The life underwriters of Kingston held a banquet in King's cafe on Tuesday evening when they had as their guest of honor William McBride, of Winnipeg, president of the Life Underwriters' association of Canada. The event was a most enjoyable one for all who were present. A fine menu was served, after which addresses were delivered. In addition to Mr. McBride the association had as guests J. R. Reid, of Ottawa, ex-president of the Life Underwriters' association of Canada; Mr. Burrows, Belleville, ex-president of the Bay of Quinte Life Underwriters' association; W. F. Nickle, M.P.P., R. J. Hooper, of the Daily Standard, and L. A. Guild, of the British Whig.

The members present were George Bateman, J. O. Hutton, J. B. Cook, J. K. Carroll, H. C. Rolph, T. J. Lockhart, A. Hrouse, George Gillespie, W. Fick, William McFedridge and J. Coultas.

J. W. Corbett, president of the Kingston association, was the chairman of the evening and ably carried out his duties, delivering an appropriate address before calling on the other speakers.

Addresses were given by J. R. Reid and Mr. Burrows, and the latter also rendered a fine song. William McFedridge gave two recitations, "One from Robert Service's selections," "The Yukon." The other selection was one of Kipling's. Both were rendered in good style and well merited the hearty applause.

Mr. McBride spoke at some length on the work and the aims of the association, basing his remarks on the word "Duty." Pointing out the duty of the members to their company, to the policy holders and to themselves. His address was listened to with a great deal of interest.

George Bateman, who is regarded as the father of the local association, in a fitting manner proposed the toast to "Our Government," and this brought an able response from W. F. Nickle.

During the course of his remarks Mr. Nickle explained that the tendency of the legislation of to-day was towards bettering the condition of the common people, to do away with the depths of degradation on the one hand and the great amassing of wealth on the other. He spoke of the importance of the life legislation, as affecting the health of children.

Some of the members of the association followed with short addresses, after which the affair was brought to a very happy close.

FIRST CONGREGATIONAL TEA.

Attended by a Large Crowd Last Evening.

The Ladies Aid of the First Congregational church gave a most delightful church tea last evening in the parlors of the church. Tables were very tastefully decorated and an excellent supper was served to about 150 people. After the supper the gathering repaired to the lecture hall where a varied programme of music and song was listened to. The pastor, Rev. E. Leroy Rice, occupied the chair. Instrumental selections and solos were given by Miss Ardelle Elder, banjo selections by R. L. Chase, vocal selections by Miss E. Singleton, Harold A. Grove and Miss Myrtle King. Readings from Canadian authors were given by several young people of the church. Miss Bessie Rogers acted as accompanist.

Out With a Big Stick.

Caretaker Phillips is out with a big stick after people who deliberately drive over the walk at the park corner, West and Bagot streets. Notices have been erected at a cost to the city of \$9 but still there are a great many who pay no heed whatever to them. The caretaker has caused to be cautioned many offenders but from now on he will summon to the police court all guilty parties. A word to the wise should be sufficient. Every Kingstonian should put forth every effort to keep the city park in the best of condition.

City Fathers at Theatre.

The city fathers will attend the production of "The Rosary," at the Grand, Friday night, and be present for the presentations to be made to the Frontenacs, the champions of Canada in the junior amateur hockey ranks. Mayor Graham, to-day, had notices issued to the members of the council to meet in the corridor of the theatre at eight o'clock and to check in their march in a body, and take their places in the box which has been reserved for them. The rules of order will be suspended for the evening, and the city "daddies" will have a good time.

Boys Will be Boys.

Boys will be boys. Smashing windows is great fun for them. Some mischievous lads made a window in Louise school a target for their practice and as a result there was a great smash in glass. The guilty parties are unknown and the board of education will thus have to pay the bill. During the course of a year quite a sum of money has to be spent in glass for the windows.

To Call a Meeting.

There will be a meeting of the congregation of the Presbyterian church at Sunbury, on Monday afternoon next, at 2:30 o'clock, when it is expected that a call will be issued to a minister Rev. Dr. MacTavish, of this city, will moderate for the call.

George Mills & Co.

126 and 128 PRINCESS ST.

MEETING OF PATRONS

OF THE LOCAL DAIRY SCHOOL CREAMERY.

During the Past Season the Patrons Received \$20,435.35—The Creamery is to be Contingued This Season.

A meeting of the patrons of the dairy school creamery was held, on Tuesday, G. G. Publow presiding. The latter gave a statement of last year's business and presented the auditors' report, as follows:

"We, the auditors of the Eastern Dairy School for season 1910, beg to submit the following statements, and wish to highly commend the staff for the efficient manner they have conducted the school as a 'model creamery,' and also wish to express our approval of the readiness of the books which we found strictly correct."

"Milk received, 1,978,163 pounds, butter manufactured, 90,651 pounds; amount received by patrons, \$20,435.35; cost of manufacture, \$2,719.53; average received per hundred pounds milk for season, \$1.03 1-3; average price per pound for butter, 25.54 cents." (Signed) Michael Fowler and R. M. Van Loven. The auditors were paid the sum of \$5.49 for services rendered.

Superintendent Zuleff read a communication from Mr. Putnam, saying that in view of the extra expense contemplated to properly equip and maintain the school for the summer months, it would be necessary to increase the charge for manufacturing the butter from three cents to three and a half cents per pound. After the matter had been thoroughly discussed, it was decided that the patrons pay the department three and a half cents a pound of butter for manufacturing purposes for the season 1911. Mr. Zuleff was appointed salesman, secretary and treasurer for the ensuing season. Messrs. Michael Fowler and R. M. Van Loven were re-appointed auditors.

CHATHAM FIRE ENGINE

Was Used to Pump Out a Vessel To-day.

For the second time this winter, the Chatham fire engine was called upon to pump out a vessel. The Chatham has been doing excellent work, both in fighting fires, and rendering first aid to sinking vessels.

Yesterday afternoon the sloop Pilot, owned by that veteran mariner, Capt. Mahoney, commenced taking water, as a result of the jam of ice in Richardson slip, where she has been all winter. The vessel was stripped of all her fittings, and an attempt was made to save her, but to-day the Chatham engine had to be called into service. Fireman Hall was in charge of the engine, and he had with him Fireman Craig and Way.

Just a few weeks ago the Chatham engine was used to pump out the sloop Granger, owned by Capt. "Bert" Stansbury.

WAS HEAVILY FINED.

Member of "Prohibited List" Taxed \$30 and Costs.

Magistrate Farrell is dealing very severely with members of the "prohibited list" these days, who are found guilty of being drunk.

In the police court, Wednesday morning, Osborne Paynter, living on Bagot street, was fined \$30 and costs or two months in jail. He was gathered in during the night, by Constable Craig, on a charge of being drunk. He admitted being drunk, but when the magistrate asked him where he had secured his liquor, he replied, "In Belleville." He was not cross-questioned about it, but immediately the court imposed the fine mentioned.

The magistrate reprimanded the accused for his conduct, as he had before him a report from the police, which showed that a constable had been sent to his home twice in order to keep peace.

"Dust proof," "moth proof," and "germ proof" bags for furs. Sold at Gibson's.

There has been no complaint yet registered over the increase in the tax rate. The increase is chiefly on account of educational demands.

We Publicly Apologize

If we have in any of our ads. said one word to offend your local school. We do not intend any offence. They are, for the greater part, doing good work. Their systems are usually good and their methods often even superior to many larger schools. We must, however, repeat and emphasize every statement ever made regarding our 30-day Syl-la-bic Short-hand, even though we do have to answer to the courts for it. 2,000 satisfied graduates stand ready if required to testify that with from 20 to 40 days at Moon College, 282-286 Yonge St., Toronto, they hold good positions.

It is likely that tenders will be asked for the post office addition within a few days.

W. G. Ferguson, Kingston, attended a banquet in Belleville of the insurance men of that city.

Captain and Mrs. Prideaux are leaving Ottawa on Thursday for their home in Kingston.

"Carborundum razor straps." The best for Gillett blades. Sold in Kingston at Gibson's.

There was a meeting of the masons' union on Tuesday night but only routine business was disposed of.

The steamer Rideau Queen will be taken to Picton as soon as navigation opens, and will be given an overhauling there.

"Buy moth camphor," Gibson's.

The board of works appropriation a year ago was about \$1,500 more than it now is, instead of only \$760 as stated yesterday.

Spectators will be admitted to the gallery at Grant Hall on Thursday, at 8.15 o'clock, to hear the addresses at the Dyde banquet.

A. H. Blackley, Kingston, was a pall-bearer at the funeral of the late J. B. King, grand secretary of the I. O. O. F. of Ontario.

"Carborundum razor straps." The best for Gillett blades. Sold in Kingston at Gibson's.

Mrs. William Hartly, "Outburn," will go up to Toronto on Friday to spend a few days with her parents, Hon. J. K. and Mrs. Kerr, "Rathnally."

Quite a large number of scarlet fever cases have been received at the general hospital within the past few weeks. A number of the patients have been discharged.

As soon as the ice breaks up in the harbor the steamer Wolfe Islander will come over to the Kingston foundry marine railway and have false sides added, so as to acquire more carrying capacity.

Prefoot, Brock street, has received all his spring and summer goods for his order clothing department, also in ready-made clothing and gent's furnishings department. They are all well assorted with new goods.

The engagement is announced in Toronto of Mr. Ray Nordheimer, son of Mr. and Mrs. Nordheimer, of "Glendyde," to Miss Edna Caroline Reid, daughter of Mr. and Mrs. George P. Reid. Both are well-known here, as Mr. Nordheimer is an ex-cadet of the Royal Military College, and Miss Reid has visited in Kingston, as the guest of Miss Mona Knight, Alice street.

Death of Miss Mabel Whitney.

There passed away on Wednesday morning, after a lingering illness, a bright young life, in the person of Miss Mabel Whitney, daughter of the late Thompson Whitney, Pembroke street, formerly reeve of the township of Pittsburgh. The youngest of the family, she was always beloved by many, her gentle merriment, her sweetness and her childlike wisdom making her ever popular with those who knew her. She bore her long sufferings with patience. Miss Whitney leaves to mourn her a sorrowing mother, and one sister, Mrs. William Hyland, of Cusheband, and three brothers, John, at home, and Benjamin and Albert, of Row Island, Alberta. The deceased was formerly a resident of Pittsburgh, being born at Whitmont, eighteen years ago. She was a Presbyterian, and a regular attendant of Cooke's church. The funeral will be held from her mother's residence, 27 Pembroke street, at Catarqui cemetery, on Friday afternoon.

"D.D.D." disinfectant. Gibson's. Occasionally those who say but little talk too much.
