FRATERNAL PRESCRIPTION FOR NERVOUS WRECKS.

(From "Medical Reports.").

Thousands of men, nervous wrecks, have found the following Traternal prescription" a blessing and a boon, such men lack aggressiveness, they are timid, nervous, easily discouraged, lacking in self esteem and confidence. They suffer from cold extremities, thin watery blood, nervousness, sleeplessness, frightful dreams, trembling hands and limbs, unsteady gait and an absolute inability to perform the ordinary natural and rational acts or duties such as any healthy normal man can. A vigorous man works, plays, eats and sleeps always with the keenest enjoyment. The greater his exertions are, the stronger

becomes his appetite and slum-The nervous man seems always tired and worn out. Retiring brings no relief. Sleep brings no refreshment, all because of an abnormal condition of the nervous system, brought about bywell, no matter what-the deaire is for relief and freedom with rich, red blood surging through the body supplying the sensitive nerves with all the power of sensation, so that sleep is refreshing, food is delicious,

work is play, and play is pleas-This treatment is thorough, simple and correct. The ingredients are used in filling various prescriptions and can be obtained of any well stocked druggist and mixed at home without embarrassment or questions. Obtain three ounces of syrup sarsaparilla compound in a six ounce bottle. To this add one ounce of compound fluid balmwort and let stand two hours. Then add one ounce of tincture cademene compound (not cardaand one ounce of compound essence cardiol. Only a few weeks treatment will astonish and rejuvenate, because the treatment is the right thing at the right time, and contains no deceptive opiates.
