Surprising Proposals.

Montreal Herald. A most pithy and significant document is the proposed addition to the Presbyterian confession of faith, which is to be brought before the general assembly at its next meeting. The addition deals with social conditions.

The Hamilton Spectator's Grief.

Hamilton Herald. Once again the Hamilton Spectator has to disguise its grief over the fact that another Hamilton industry, quite undeterred by reciprocity, is about to enlarge its plant. This is the Canadian Westinghouse. It is to be inferred that the controlling minds of the Westinghouse, which are largely intelligent American minds, do not anticipate that reciprocity will be followed by any general collapse of industrial protection.

Hidden Skin Troubles

Have you on some part of your body a sore, or eruption, or ulcer, or eczema patch which, hidden from the gaze of others, yet causes you hours and hours of pain and inconvenience? Have you tried this, and that, and the other remedy in vain, and are you feeling disheartened and discouraged? If so read the following instances of Zam-Buk's healing power, and apply it to your case:

"I had an ulcerated leg for several years. The ulcers spread all round the limb, which was swollen to nearly twice its normal size. Several doctors treated me. One suggested amputation. None did me any good. Zam-Buk healed the sores!" So says Mrs. Gilmour, of Princess St., Kingston. Or, read this:—"My mother tried many things for abscesses and eruptions, but in vain. In Zam-Buk she found a complete cure." So says Miss A. Coggill, of Wapella (Sask.). Sufferers from these "Hidden Skin Troubles" of any nature should profit by such experiences as this. Zam-Buk is seen at its best when applied to cases which have defied ordinary treatment. Write for trial box, and test it at our expense.

ZAM-BUK AND A MIRACLE OF HEALING

Over and over again Zam-Buk has performed a miracle of healing when applied to sores and skin injuries which have refused to heal under any other form of treatment. Why not let it heal your trouble? Immediately Zam-Buk is applied to a sore or wound or diseased portion of flesh it commences its work in two directions. It attacks the exterior, and its antiseptic properties prevent any germs and bacilli from creating trouble. Then the boracic oxides and juices so finely purified and concentrated, penetrate the subsequent layers and stimulate the weakened or diseased cells to active, healthy operation. These cells then put forth their "Building" products and repair on the diseased or on a layer with fresh and healthy tissue. By degrees the whole diseased surface is thus replaced by new healthy skin. In this way Zam-Buk cures cuts, burns, bruises, ulcers, abscesses, itch, eczema, eruptions, pustules, scabby, salt rheum, blood-poison, and other forms of skin trouble. Zam-Buk also cures piles, various ulcers, etc. All druggists and stores sell at 50c per box, or from Zam-Buk Co., Toronto, for price, 6 boxes \$2.50.
