Which Is It?

The Montreal Herald says: Kingston refuses to allow a man to appear on the streets dressed in a harem skirt for advertising purposes claiming it is illegal to allow a man to masquerade in a woman's clothing. Brooms are selling fifty cents per dozen higher in the United States than in Canada." Mr. Hughes had a fine trip.

LAYING ON OF HANDS

APOSTOLIC RITE ADMINISTERED TO THIRTY-SIX

In St. George's Cathedral on Palm Sunday—Address of Bishop of Ontario a Notable One.

The Bishop of Ontario administered the apostolic rite of confirmation at St. George's Cathedral after evening-song on Palm Sunday, when eighteen boys and young men, and an equal number of girls and women received the laying on of hands. His lordship addressed the candidates on Hebrews vi., 2 "The laying on of hands, which the writer of the epistle had grouped with repentance, faith, baptism and a belief in the resurrection, considering it, as well as the others, foundation stones of the Christian religion. That confirmation was an ordinance of God the bishop proved most clearly, and instanced the words of Calvin, the founder of Protestantism, to show that even outside the Catholic church its value and necessity in the Christian life were realized. He also spoke of Dr. Adam Clark, the famous Methodist and Biblical commentator, who, becoming convinced by a study of holy scripture of the Divine authority for the rite of confirmation, presented himself before a bishop at the age of eighty-four and received the laying on of hands.

During the offertory Mrs. W. Robertson, who is a true musician by nature and an artist by training, played a violin solo with organ accompaniment.

BOYS ENTERTAIN

KINGSTONIANS HAVE GATHERING AT CHICAGO.

The Meeting of Ex-Canadians at the Auditorium Was a Notable Event—Everybody Had Good Time.

The big meeting of the Kingston (Ontario) Old Boys' Association, held in the Auditorium hotel, Wednesday evening, April 5th, was one of the season's events in Canadian-American circles. A first class programme had been prepared for the entertainment of the wives and families of the members and other guests who formerly resided in the Limestone city. The large hall on the ninth floor was crowded to the doors with an enthusiastic and happy assembly. All were delighted at the opportunity of meeting again old friends and associates of their childhood days. Real tears of joy were shed during the handshaking and embracing of the old boys and girls.

President Robertson and Secretary Lynch, of the Belleville Old Boys' Association were among the speakers. Mr. Robertson made a splendid address and strongly advocated the formation of a Canadian Club in Chicago. It is estimated that there are nearly 100,000 Canadians living here. Such an association, it is believed, would in time become one of the foremost of its kind in this city.

Mr. Robertson also proposed getting an option on a suitable site for a Canadian Club building in a central location and this will be further discussed at the next meeting. Mr. Lynch referred to his boyhood days in Belleville and his visits to Kingston and the rivalry that formerly existed between the two towns and the lively times the Belleville Baseball Club would have when they played in the old Limestone city in the days of long ago.

The excellent programme included Prof. Franko, "the man with a hundred faces," who is very clever and was well received; Prof. Davis, slight-of-hand artist, was completely mystifying; Miss Mabel Botli, who has a brilliant future, sang to the delight of the gathering, as did Miss Alta Carroll, of Austin, who is not only beautiful, but very talented. The great "hit" of the evening was the singing of Miss Bertha James, of Antioch, Ill., a graduate of the Chicago Musical College, just recently returned from a concert tour of the west. Miss James was forced to respond to repeated encores. Miss Carroll and Miss James are shortly to appear on one of the big circuits in vanderbilt. Thomas Davis, of the Auditorium, who has a splendid tenor voice, also pleased immensely.

The association is to be congratulated on being able to present so choice a programme. A. E. Dean, the able secretary, deserves great praise for his tireless labors in behalf of meetings and concerts the success of which is due to his efforts.

The Old Boys' adjourned, to meet again May 1st. President James Reid presided and made an excellent speech of welcome.

Pluck, Energy, Determination!

All good words and all three qualities are necessary in the man who is to advance in the world.

It takes pluck, energy and determination to earn and save money. It is hard work indeed to earn it, but much harder for most people to save it.

The man who would save money should have some good use to which to put it and there is nothing so good as putting it into a home.

You can pay for a home on the installment plan with the knowledge and satisfaction that with every payment you are that much better off financially—that much nearer independence.
