Pluck, Energy, Determination!

All good words and all three qualities are necessary in the man who is to advance in the world.

It takes pluck, energy and determination to earn and save money. It is hard work indeed to earn it, but much harder for most people to save it.

The man who would save money should have some good use to which to put it and there is nothing so good as putting it into a home.

You can pay for a home on the installment plan with the knowledge and satisfaction that with every payment you are that much better off financially—that much nearer independence.

P. H. SIMS HAS GONE

HIS CREDITORS ARE MAKING ANXIOUS ENQUIRIES.

He Came From Toronto To Run the Bijou—Contracted Debts and Has Left Without Paying Them.

The newest thing which set people talking yesterday was the disappearance of P. H. Sims, proprietor of the Bijou theatre, who came down here from Toronto a short time ago and opened up the amusement business again after different ones had failed in the same place, resolved to show the people that he could make it pay, even if others had failed before him. He came here well recommended, and ran hills at different places in the city. He advertised, and was drawing a good trade, but his house was not large enough to stand the expense attached to it. He opened accounts with different men, making repairs and renovating the house, and went away without paying them. Sometime during Saturday night or Sunday he left after first drawing all the money out of the bank. When the employees went to the bank on Monday morning to cash their cheques for last week's wages there was nothing to cover the account.

COMPLAINED TO THE MAYOR
About the "Mashers" Being Source of Nuisance.

Mayor Graham had a complaint to make to the police, to-day, on behalf of some citizens who live on Clergy street west. It is claimed that young men and young women who congregate in that neighborhood make it very disagreeable for the citizens who wish to have a good night's rest. It appears that the offenders have been asked several times to stop the nuisance, but that no action has been taken.

As a result, Police Constable Craig has been detailed to look into the matter, and he is out with a big stick after the offenders, and if they do not keep the peace there will be trouble. The nuisance complained of is a loud and boisterous laughter late at night, with continual running up and down the sidewalk.

VERY SIMPLE TO ENFORCE
The By-law Regarding the Closing of Pool Rooms.

The police do not anticipate any trouble at all in the enforcement of the pool room by-law. As far as they know, the pool rooms have always closed their doors at midnight. The hour hereafter will be eleven o'clock, and it will be very easy to find out those places that do not close at that hour.

The civic finance committee had fixed the age of persons to be admitted to poolrooms at eighteen and over, but the city solicitor wrote the council that a law was recently passed by the Ontario legislature fixing the age for persons to be permitted to frequent poolrooms at sixteen years and over, so the city council could not make the age eighteen years.

Error in Dates.
In the columns of this paper, last evening, it was announced that the Sunday School Amateur Athletic Association would meet Tuesday evening in the Y.M.C.A. This was a mistake, as it should have read Thursday evening.

Gone to Smith's Falls.
R. N. F. MacFarlane and William Randall, contractors, and William Newlands, architect, left at noon for Smith's Falls in connection with the erection of the new High school in that place, for which the former has the contract.

No Indoor Hockey.
There were to have been two games of indoor hockey at the Y.M.C.A. gymnasium, last evening, the first between Holland and Fleming, with the bankers a bye. Fleming did not turn up, so both games had to be called off.

A Problem for Whig Readers.
I was born on Good Friday, April 14th. This year is the first year since I was born that my birthday comes on Good Friday. What year was I born?—A.C.

Buses, carnations. 'Phone 36.
The publicity agent for the Hydro-Electric commission is working overtime. He published that Kingston has ordered 1,200 horse power from the commission. No one here knows that a single horse power has been ordered.

Order your corset now. Perfect fit and comfort, from \$3. Specialty made of abdominal supports, hygiene waists, etc.; shoulder braces, 50c. No city agent. Dutton's, 209 Princess street.
J. M. Hughes took out a permit, to-day, at the city engineer's office, for the erection of a brick dwelling on Clergy street west. The construction will be done by H. W. Watta, contractor.

"Kentucky lawn grass seed." Gibson's.
With the advent of spring the trees will begin to leave.
Even money—cannot make one thoroughly independent.

SOUR STOMACH
M-I-ONA Will Cure You.

The stomach supplies nourishing blood to the muscles, the nerves, and the skin. If it is not healthy, the food will ferment and undigested will pass along through the bowels, furnishing so little nutritious matter that the blood becomes impoverished, and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need M-I-ONA Tablets. They will relieve any distressed stomach condition almost immediately and are guaranteed to cure if used according to directions. Sold by all druggists for 50 cents a large box or postpaid from The B. T. Booth Co., Ltd., Fort Erie, Ont. Be sure you ask for M-I-ONA, the guaranteed remedy for indigestion and stomach trouble. Sold and guaranteed by J. B. McLeod.

SALVATION ARMY CONCERT.

In the Citadel, Monday Evening, by the Band.

The concert in the Salvation Army Citadel, last evening, by the army band, was very pleasing to the fair-sized audience which gathered. The concert is an annual affair, but this year it was given on Gen. William Booth's birthday. W. F. Nickle, M.P., presided. The programme consisted of vocal and instrumental music. A trombone solo was given by Deputy Bandmaster Grainger, which was much appreciated, while a euphonium solo by Bandman John Hughes was very pleasing. "The King's March," composed by Mr. Hughes, was also played by the band, and was very popular. Capt. Turner gave a characteristic solo, which was very laughable. The band was in charge of Bandmaster Christmas. Mr. Nickle spoke at the close and said he felt it an honor to have been the chairman at the gathering, and assured the army people of his continued interest in their welfare. A neat sum was realized from the concert.

A TALK ON PATIENCE.
All Things Come to Them Who Wait.

The Young Men's Bible class met as usual in the Y.M.C.A., last evening, for supper. About thirty sat down to the spread provided by the ladies. Robert Meek spoke for a short time on "Patience, Its Virtues." The talk was very interesting. He showed plainly that "all things come to them who wait." The most brilliant and witty men are often those who are possessed of very little patience. To accomplish anything of the worth while one must have patience. He illustrated his point by giving sketches of the lives of some great men who have left their mark in this world, and their success, as related by themselves and others who knew them intimately, was attributed to patience. This Bible class has become very popular among the young men who compose it and each Monday evening finds them out in full force to listen to the talks given.

KINGSTONIAN PROMOTED.
William J. Power, Duluth, Gets Well-Earned Appointment.

Word has been received in the city of a well-earned promotion to a Kingstonian, William J. Power, (son of the late Thomas Power, of this city, and a nephew of Edward Power, King street), general agent of the freight department of the Great Northern railway, at Duluth, has been appointed assistant general freight agent of the Lake Superior district, succeeding P. H. Bushman. Mr. Power's many friends in this city were pleased to hear of his advancement.

HAD HIS LEG FRACTURED.
John Brobner Met With a Serious Accident.

John Brobner, farmer, of Catarqui, is laid up at the general hospital as the result of a serious accident he met with, on Monday afternoon. He was engaged in putting in some pressed hay, at the military stables when he fell through a trap door. His right leg was fractured, and he also suffered a severe shaking up. At the hospital, this morning, it was stated that he was doing nicely.

Row on Princess Street.
A row at the corner of Princess and Barrie streets, last evening, between a young woman and two men was the cause of quite a lot of excitement for a short time and drew a large crowd.

The young lady, who was walking along the street, was accosted by a man, who asked permission to see her home. The permission was refused, at which the man grabbed her and a fistful encounter was the result. The young woman got the better of the scamp and was getting free when a drunk came along and interfered. He was sent sprawling in the road and a lady and gentleman who were passing along at the time escorted the young woman to her home.

The Late Michael Gallivan.
The last and rites over the remains of the late Michael Gallivan, the well-known carter, who passed away at his home on Raglan road, Sunday, were conducted this morning when a requiem mass was said at St. Mary's cathedral for the repose of his soul. The service was largely attended by friends. Deceased was one of the best known carters in this city. Death resulted from pneumonia, and came as a shock to his friends who did not know of his illness. He leaves a grown-up family.

The Governor's Statements.
Rev. Dr. Chambers, governor of Toronto jail, in a sermon on Sunday, declared the Toronto detectives and police made it impossible for ex-convicts, who desired to be honest, to hold positions there. He read an ex-convict's statement that the penitentiary is a place of horrors. He tells of being cast into the dungeon there, and given only a single crust of bread in twenty-four hours, left with only the cold stone floor to lie on, and mice running round him all night long.

In Trouble Again.
Frederick Maudsley, who was recently released from the penitentiary, after serving a three-year term, for holding up a man in London, is in trouble again. He has been arrested in London, in connection with the theft of a roll of bills, amounting to \$220, from a wholesale butcher named William S. McDougall.

Couldn't Find Fire Number.
That the number of the fire station in the telephone directory is not plain to anyone, was evinced last evening, in connection with the fire in Holland's henery. Residents of the house, which has a telephone in it, could not find the number of the fire station in the directory, because it was under corporation offices. Had the fire been a serious one, it might have made considerable headway before word could have been got to the fire department.

Travellers and the Y.M.C.A.
The suggestion made through the columns of the Whig about a week ago with reference to travellers using the Y.M.C.A. in the different cities, which they visit, may culminate in a movement which will bring about the desired end. Local Y.M.C.A. authorities confessed that they had never thought of it in that way, but would give it their consideration. They expressed themselves as being in sympathy with it and would do all in their power to carry the movement through. Other travellers to whom the idea has been mentioned have fallen in with the views of the traveller from whom the idea originated. It is altogether probable that the Commercial Travellers' Association and the heads of the Y.M.C.A. in Canada will get together and do something regarding the matter in the near future.

Was Given Eight Years

VALUABLE CHICKENS BURNED.
Fire Destroyed a Brooder on Nelson Street.
Fire in a brooder, last evening, at the home of James A. Holland, Nelson street, destroyed thirty pure bred chickens, the property of George Holland, a poultry farmer. The reason for the fire is assigned to the lamp by which the brooder was heated, exploding. The fire was noticed first by Mr. Holland, who was going from the stable to the house. His hands were badly burned in trying to extinguish the flames. The brooder was almost totally destroyed, while fifteen chickens that were in the brooder, with the thirty destroyed, were saved. It was indeed fortunate that the fire was discovered in time, for had it had five minutes longer, the hen house would have been in flames. The firemen were not called.

ENTIRE FAMILY DEPORTED.
Inspector Devlin Made a Trip to Peterborough.
Peter Devlin, immigrant agent, of this city, left at noon, for Peterboro, where he will deport an entire family, composed of the father, mother and four children, to the old country. The family have caused a great deal of trouble since they have been living in Peterboro, and the authorities considered it best to have the members deported. Inspector Devlin will leave Peterboro, for Montreal, with the members of the family, on Wednesday. Just recently, Inspector Devlin deported a man from the penitentiary.
