A RETIRING ANNUITY OF \$500 TO BE GIVEN REV. JOHN MACKIE, D.D.

By the Congregation of St. Andrew's Church—The Retirement of Dr. Mackie Very Deeply Regretted—Congregation to Meet Again Next Tuesday Evening.

The congregation of St. Andrew's Presbyterian church met on Tuesday evening to consider the communication of their minister, Rev. John Mackie, D.D., who announced his intention of retiring from the ministry shortly. A resolution expressing the deep regret of the congregation was passed and an annuity of \$500, during the remainder of his life, was voted to Dr. Mackie.

There was a large attendance of the congregation. The meeting was presided over by W. F. Nickle, R.C., M.P.P. This letter from Dr. Mackie was read:

"The Manse, Kingston, April 11th, 1911. To the members of St. Andrew's church: My dear friends: I have asked the kirk session and the board of management to call you to order to receive a communication from me with the nature of which I have acquainted them. You may be very sure that it is only after solemn consideration of the subject that I now make known to you my desire to retire from the pastorate of St. Andrew's and the active duties of the ministry.

"I spared to October 25th I shall have completed a service of twenty-six years and my work of eight years in Scotland is added you will have my record—thirty-four years active ministry. I shall also have reached, at that date, the age of sixty-six years and five months.

"The thought of rest occurring to me will, therefore, not be altogether surprising to you. I regret, however, to add that my medical adviser, Dr. Third, has found reasons why it would be well for me to take the step I now propose doing.

"The mere wish to reach a certain date may not amount to much and if it be found that an earlier date would be more conducive to the interests of the congregation, which I have and ever will have at heart, it will be equally suitable to me.

"My dear friends, I look back and see a very happy ministry, a very devoted and considerate congregation, so that to write this letter to you desiring to cease my life work, to sever my relationship, and henceforth be an unattached minister, has been painful to me, and I know and doubt not will be painful to you to hear.

"The Lord Himself direct us in all things.

"Believe me, my dear friends, very faithfully yours, J. Mackie."

The matter of Dr. Mackie's retirement had been considered last week by the kirk session and the board of managers, which adopted the following resolution, which will be presented to Dr. Mackie by John McIntyre, K. C., and W. F. Nickle, K.C.:

"To the Rev. John Mackie, D.D.—The members of session and the managers of St. Andrew's church would express their deep regret that you feel it necessary to resign the pastorate of this church. They recall with gratitude your great zeal and efficiency in the discharge of your duties as pastor during the long period of twenty-six years, and whether you shall choose your home in the old land or in Canada they shall always cherish remembrance of your active life spent in the service of your great Master.

"They earnestly pray that you may long continue to enjoy the rest you have justly won.

"The session and the board of managers would also wish to express their sincere appreciation of Mrs. Mackie's very valuable services, not merely in the congregation, but in the several charitable societies of Kingston, and their deep regret that they shall now be deprived of her prudent and cheering help."

The session and managers recommended to the congregation that an annuity of \$500 be given Dr. Mackie in recognition of his long and faithful service in St. Andrew's. The resolution to put this into effect was moved by W. T. Mimes and seconded by Rev. Principal Gordon, and was carried unanimously.

It was found impossible to do anything with regard to Dr. Mackie's resignation until the congregation had been called expressly for that purpose. It was, therefore, resolved to ask Dr. Mackie to call another meeting of the congregation from the pulpit on Sunday next, for the evening of Tuesday, the 18th, when the question of appointing a successor will be discussed.

Besides the retiring annuity which St. Andrew's church will give him, Dr. Mackie will receive also an annuity from the Presbyterian church of Canada on his retirement.

King's Birthday Favored

For the holding of the Annual Celebration.

There appears to be a general feeling, among the citizens, that the annual celebration should be held on the king's birthday, June 3rd, and not on Victoria day, May 24th. This matter will have to be decided at a meeting to be held on Friday evening, and it is hoped that there will be a very large attendance. One strong point in favor of having the celebration on June 3rd, is that the weather will be more favorable.

WHEN WILL THE ICE GO?

It Still Has Navigation Tied Up Here.

"When will the ice go? This question was asked a month ago, and it is being asked again, to-day. Just when the opening will be it is very difficult to say, and it is just as hard to make a guess.

The ice has been pretty well shaken up by the mild weather this week, and the crossing with teams is quite dangerous, but there is still too much ice for the boats to navigate.

The weather man predicts a rain storm on Thursday, and if the rain comes, it will probably mean the beginning of the end, so far as the ice in the harbor is concerned.

HAD A JOLLY TIME

At Farewell "Smoker" of the Masters and Mates.

The farewell "smoker" of the masters and mates, held on Tuesday evening, in their rooms on Clarence street, was a very jolly affair. Quite a number of guests were present, and they were royally entertained. When it comes to having a good night's entertainment, the masters and mates cannot be beaten. The programme was of an impromptu nature, consisting of songs and recitations. Refreshments were served, and the affair was brought to a close at a seasonable hour.

HEAD SPLIT OPEN.

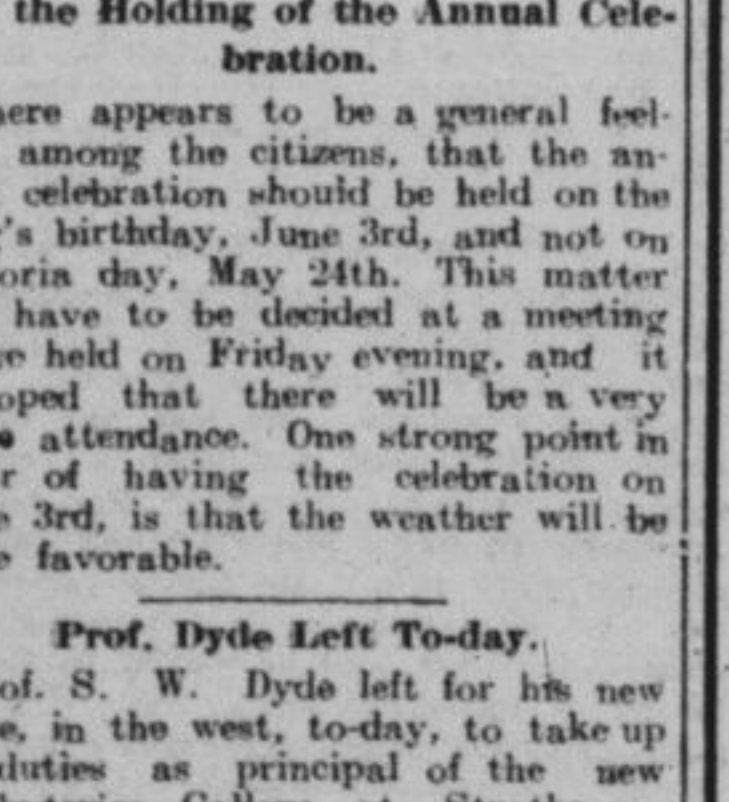

Thomas Kennedy Fell Off His Cart and Sustained Injuries.

While driving out of the yard of Booth & Co., this morning, at the foot of West street, Thomas Kennedy fell off his cart, and had his head split open. The force of the fall rendered him unconscious, and he was hurried to the Hotel Dieu, where it was found necessary to put three or four stitches in his scalp. The wound was quite a severe one, and it will be quite a few days before he will be able to work. After having the wound dressed, he was taken to his home, on Brock street, in a cab.

WORK WAS STARTED

OF OPENING SYDENHAM STREET TO BROCK STREET.

The Old Hotel Dieu Wall is Being Torn Down—A New Retaining Wall Will be Built—Block to be Graded, and Walks Will be Built.

This morning, work was started of opening Sydenham street, from Johnson to Brock streets. The land was purchased a year ago, from the sisters of the Hotel Dieu, but as the board of works had no money to open and grade the block, nothing had been done. In the city council meeting, on Monday evening, the aldermen expressed themselves as being in favor of opening the block this year, and Mayor Graham intimated that the Finance committee had granted the board of works an extra thousand dollars for the purpose of opening the block. In view of all this, Ald. Rigney, chairman of the board of works, instructed the city engineer to proceed at once with the opening and grading. Accordingly, this morning, men were set at work pulling down the old wall in front of the Hotel Dieu, so as to give the street a width of sixty-six feet. A great deal of filling-in will have to be done in order to bring the former Hotel Dieu land, purchased by the city, to the level of the present roadway. Street scrapings will be used for this purpose. Most of the stone taken from the old wall will be utilized in the construction of the necessary retaining wall for the east side of the street. By the middle of summer, the block between Brock and Johnson streets will be completed. The extension will not only be a great convenience to the people, but it will improve Sydenham street wonderfully.

Tarvia Representative Here.

An Ottawa representative of the Barton Tarvia company, of Boston, is here consulting with the city engineer as to using tarvia for the several blocks in the business section to be paved this season. Tarvia can be laid at very moderate cost, probably at between eighty cents and one dollar a square yard. It has been used in a good many cities, and found very satisfactory. The board of works has yet to decide on the kind of permanent pavement it will use.

Inspector Quite Capable.

The chief of police, when asked as to the enforcement of the liquor license law, said that he did not consider it the duty of the police to search out liquor violations unless asked for aid by the license inspectors. So long as there was an inspector he could not see the necessity of calling in the police to perform work that the inspector is attending to.

The board of health was called to meet on Thursday afternoon but a quorum of members did not attend. Those present were J. B. McLeod (chairman), A. Strachan and J. F. Knapp.

The deputation from the board of trade will be composed of Messrs. C. A. Macpherson, H. W. Richardson and Dr. E. Ryan, and from the city council, Aids. Elliott and Carson. Ald. Elliott may find it impossible to get away, and if such is the case, another city father will be secured to take his place.

Crushed by Waggon.

While loading a Shelden waggon at the Grand Trunk station, Tuesday morning, Frederick M. Clow, of the firm of M. Clow & Son, was nearly crushed to death. He was between the waggon and the platform, when the horses started to lunge at each other, and in doing so backed the heavy waggon. The waggon had just struck him when someone yelled at the horses and prevented them from crushing him to death.

Congregational Church Meeting.

A union meeting of all the Congregational churches of Canada will be held in the First Congregational church, Kingston, from June 6th to 12th. It is expected there will be 125 delegates from all parts of Canada assembled here. Dr. Garvie, principal of New College, London, will be one of the principal speakers.

Board of Trade Officers.

There was a meeting of the council of the board of trade, on Tuesday evening, but the only business transacted was the passing of accounts. A meeting of the board will be held on April 25th, when officers will be nominated for the ensuing year.

WHITE HEN CAUSED TROUBLE FOR NEIGHBORS.

Claimed That Hen Destroyed Nice Flower Bed on Sunday Last—Drunk Found Taking Out-door Treatment in Frontenac Park During Night.

Tuesday night was a fine night, all right, but it was not the sort of a night that a person would choose for sleeping out, however. At least, the ordinary citizen would not think of doing so.

But it was different with Thomas Wilson. Wilson is a strong, able-bodied man in good health. Yesterday, he indulged too freely, and when night came, he wandered into Frontenac Park, and, picking out a nice spot, he was soon in slumberland. Some people passing through the park in the wee sma' hours of the morning, noticed the man lying there, and sent in a call to the police station.

Constables Mullinger and McCarey answered the call, and when they reached the park, they found Wilson somewhat aroused from his slumbers, but he was unable to take care of himself, and the constables had to bring him to the police station, and he had the rest of his night's sleep in one of the cells.

When arraigned before the magistrate, the accused pleaded guilty, and was fined \$1 and costs, with the option of ten days in jail.

Trouble over a hen led two residents of York street, to the police court. One claimed that a white hen, belonging to the other, had paid a visit to his flower garden, on Sunday last, and in less time than it takes to tell it, picked all the plants to pieces. The plaintiff alleged that the white hen was the property of his neighbor, but there was no evidence to show that this was the case, so the magistrate adjourned the case for a day, in order to give the plaintiff a chance to give further evidence.

The accused said there were lots of hens in that neighborhood, but he did not think one of his hens had been guilty of such an act as had been related to the court.
